OFFICIAL PROPOSALS

Bids: Aug. 29.

State Road Work

Hartford, Conn.

SEALED PROPOSALS will be received by the State Highway Commissioner, 12 Washington Street, Hartford, Connecticut, until 2 P.M., daylight saving time, on Tuesday, August 29th, for the following sections of State work, in accordance with plans and specifications on file in the office of the State Highway Commissioner and at the following places:

TOWN OF COLCHESTER: About 5,83[illegible] lin.ft. of 7 in. trap rock macadam on the North Westchseter Road. Plans and specifications at the Town Clerk's office and at the office of A. W. Bushell, Division Engineer, Thayer Building, Norwich, Conn.

TOWN OF DERBY: About 1,700 lin.ft. of Plain Cement Concrete pavement on Water St. NOTE: Portland cement for the above work will be furnished by the State. Plans and specifications at the City Clerk's office and at the office of E. C. Welden, Division Engineer, Chamber of Commerce Bldg., New Haven, Conn.

TOWN OF NAUGATUCK: About 1,600 lin.ft. of 3 in. Sheet Asphalt over 6 in. Concrete Base on Main Street. NOTE: Portland Cement for the above work will be furnished by the State. Plans and specifications at the office of E. C. Welden, Division Engineer, Chamber of Commerce Bldg., New Haven, Conn.

TOWN OF SPRAGUE: About 7,552 lin.ft. of 7 in. Waterbound macadam (alternate bids on either local stone or trap rock) on the Hanover and Baltic-No. Franklin Road. Plans and specifications with R. J. Jodoin, First Selectman, and at the office of A. W. Bushell, Division Engineer, Thayer Building, Norwich, Conn.

TOWN OF SEYMOUR: About 1,600 lin.ft. of Vitrified Brick over 6 in. Concrete Base and Plain Cement Concrete pavement on South Main Street. NOTE: Vitrified brick and Portland cement for the above work will be furnished by the State. Plans and specifications at the Selectmen's office and at the office of E. C. Welden, Division Engineer, Chamber of Commerce Bldg., New Haven, Conn.

All bids must be accompanied by a surety company bond or certified check not less than one-third of the cost of the work. The State Highway Commissioner reserves the right to reject any and all bids.

Dated at Hartford, Connecticut, Aug. 15th, 1922.

C. J. BENNETT,
State Highway Commissioner,
12 Washington St., Hartford, Conn.

Bids: Sept. 18.

Road Work

Charleston, Miss.

Approximating Quantities—

Grading	115,000 Cu.Yds.
Gravel Surfacing	33,000 Cu.Yds.
Bituminous Material	130,000 Sq.Yds.

Information, Plans and Specifications may be secured from
ELLIOTT & HARMAN ENGINEERING CO., Bank of Commerce and Trust Co. Bldg., Memphis, Tenn.

OFFICIAL PROPOSALS

Bids: Sept. 6.

Cast Iron Main Sewer

Rye, N. Y.

Sealed proposals will be publicly opened by the Trustees of the Village of Rye, N. Y., at the Village Municipal Hall, at 8.15 p.m., September 6, 1922.

Said proposals to cover the construction (both materials and labor) of a cast-iron main sewer according to plans and specifications filed with the Village Clerk.

Copies of the plans and specifications may be obtained from him, or from the engineer, G. Everett Hill, 45 Seventh Avenue, New York City, upon payment of $15, of which amount $10 will be refunded upon return of all papers, in good condition, on or before September 10th, 1922.

Approximately the work consists of:

About 2,000 feet of 16-inch and about 1,540 feet of 18-inch cast-iron pipe (with manholes and fittings) laid partly on piles and partly on concrete piers.

Each bid must be accompanied by a certified check for $5,000, as a guarantee that the bidder, if his bid be accepted, will enter into contract and execute the required bond.

Each bid must be made on blank forms to be obtained from the Village Clerk or the Engineer.

The Village reserves the right to reject any or all bids.

The Board of Village Trustees.
WILLIAM H. SELZER,
Village Clerk.
G. EVERETT HILL, Engineer,
45 Seventh Ave., New York.

Bids: Aug. 29.

River Park Trunk sewer District No. 1. Estimated cost $70,000.00.

Complete drawings and specifications of said work are now on file in the office of the Department of Public Works in the City Hall, of South Bend, Indiana. The board reserves the right to reject any or all bids.

BOARD OF PUBLIC WORKS.
L. B. SLAUGHTER,
L. P. HARDY,
ALBERT F. HONER.
VERONICA C. SWEENEY,
Clerk Board.

Bids: Sept. 7.

Sewerage Pumping Station

Philadelphia, Pa.

Sealed proposals will be received at Room 216, City Hall, until 12 o'clock noon on Thursday, September 7, 1922 and opened at that time in Room 216, City Hall, for Southwest Sewage Pumping Station—40th Ward Lowland Drainage:

Contract No. 1—Sub-Structure and Superstructure.
Contract No. 2—Mechanical Equipment.
Contract No. 3—Electrical Equipment.
Contract No. 4—Plumbing System.
Contract No. 5—Heating and Ventilating Systems.

Inquire at Room 416, City Hall.

FRANK H. CAVEN,
Director.

OFFICIAL PROPOSALS

Bids: Sept. 9.

Storm Relief Trunk Sewers and Lateral Relief Sewers

Lima, Ohio.

Sealed proposals for the construction of Relief Trunk Sewers, Contracts No. 9 and 11, will be received at the office of the City Manager, Lima, Ohio, until 12 o'clock noon, Central Standard Time, Sept. 9th, 1922, and then will be publicly opened and read. The City reserves fifteen (15) days thereafter in which to act on the bids.

The work included under these contracts consists of construction, with all appurtenances, of Relief Trunk Sewers as mentioned above, a general summary of quantities follows:

Contract No. 9.

Total length of Sewer about 12,500 lineal feet, varying in size from 15 to 78 inches, all of Circular Section.

Contract No. 11.

Total length of Sewer about 27,000 lineal feet, varying in size from 12 to 78 inches, for Circular Sections, also two rectangular Sections 6 by 8 feet, and 8 by 9 feet, and a total length of 2,750 lineal feet, with all necessary appurtenances, special structures and manholes.

Copy of Plans, form of proposal, contract, bond and specifications, may be inspected at any of the following offices: Fuller & McClintock, 319 Summit Cherry Building, Toledo, Ohio, Fuller & McClintock, 170 Broadway, New York City; and B. F. Darling, Supervising Engineer, City Hall, Lima, Ohio.

Copies of plans and specifications with form of proposal, contract and bonds, may be obtained at the office of the Supervising Engineer, City Hall, Lima, Ohio. The following charge will be made for each set of plans and specifications:

Contract No. 9—Six Dollars ($6.00).
Contract No. 11—Seven Dollars ($7.00).

No charge will be made for proposal blanks, the above mentioned charge for Plans and Specifications, is a sale and not a deposit, no refund will be made, nor will plans and specifications be delivered unless the order is accompanied by a remittance.

The City Manager reserves the right to reject any or all bids, to waive any informalities in the bids and to accept any bid which is deemed most favorable to the interest of the City of Lima, Ohio.

C. A. BINGHAM,
City Manager.
B. F. DARLING,
Supervising Engineer.
Dated: August 19th, 1922.

Bids: Oct. 10.

Steam Turbine and Accessories

New Orleans, La.

Specifications and blank forms of proposals may be obtained at Room 303, No. 526 Carondelet Street, New Orleans.

The right is reserved to reject any or all bids.

A. G. MOFFAT,
Secretary.
GEO. G. EARL,
General Superintendent.
Aug. 10th, 1922.

Bids: Aug. 28.

Paving

Waterloo, N. Y.

For paving Stark Street from William Street north to North Street, North Street from Stark Street east to Taylor Street, Center Street from North Street south to the south line of the Catholic Church property, Swift Street from Main Street north to North Street, Church Street from Main Street north to Mechanic Street, William Street from the east line of the Episcopal Church property west to the west side of the entrance to Waterloo Hospital and also from Park Street to Stark Street, Race Street from Huff Street west to west side of lane at Traphagen's Coal Yard, Fayette Street from South Street north to Race Street, Huff Street from Race Street south to South Street, Park Street from Main Street north to William Street in the Village of Waterloo, N. Y., with bituminous macadam, penetration method.

Sealed proposals for the above mentioned work, endorsed "Proposals for Paving" will be received at the office of the Board of Trustees, Waterloo, N. Y., until 12 o'clock M. of August 28th, 1922.

The following estimate of quantities is to be considered only as approximate and bidders are required to form their own judgment of the quantities and character of the work by personal examination of the specifications and drawings relating to it, or such other means as they may prefer. Bidders must not assert any misunderstanding in regard to anything relating to the work.

The Contractors shall have no claim against the Village by reason of any variation between the quantities of the approximate estimate and the quantities of the work as done, nor on account of any misunderstanding or misconception of the nature and character of the work.

The several bids will be computed, tested and canvassed by the quantities and qualities mentioned in the following estimate:

21,700 square yards Bituminous Macadam Pavement (Penetration Method).

Each bid must be made out on the forms of proposals furnished by the Board of Trustees, and must be enclosed in a sealed envelope, addressed to the Board of Trustees, Waterloo, N. Y.

The price for which bidders will agree to execute and perform each class of work to be written in ink in both words and figures in the forms of bid, and all bids will be considered informal which do not contain prices set opposite each and all of the items which are called for in printed forms for bids, or which are otherwise not in conformity with this notice. Bids that contain any omissions, erasures, alterations, additions or items not called for in the itemized "Notice to Contractors," or that contain irregularities of any kind, will be rejected as informal. No bid will be allowed to be withdrawn for any reason whatever, after it has been deposited with the Board of Trustees.

Bidders are requested to state in their bids, under oath, their names and places of residence, the names of all persons interested with them in said bids, also that the bid is made without any connection with any person making another bid for the same contract, and that the bid is in all respects fair and without collusion or fraud.

Contractors will be paid monthly, approximate estimates, 90 per cent, of the amount due for work at that time done.

The person or persons whose bid shall be accepted, will be required to attend at the office of the Board of Trustees with the sureties offered by him or them, and execute the contract and bond within ten days from the date of the service of a notice to that effect, delivered to him in person or mailed to the address given in the bid. In case of failure or neglect to do so he or they will be deemed to have abandoned the contract.

A certified check payable to the order of the Village Treasurer of the Village of Waterloo, N. Y., will be required in the amount of $1,500.00 (Fifteen Hundred Dollars) to accompany each bid.

All deposits except that of the bidder whose bid shall have been accepted, will be returned to the person or persons making the same, within three days after the contract is awarded. If the successful bidder whose bid shall have been accepted, shall refuse or neglect to execute the contract within ten days after the notice that it has been awarded to him or them the amount of the deposit by him or them will be forfeited to and be retained by the Village of Waterloo, N. Y., as liquidated damages for such neglect or refusal; but if he or they shall execute the contract and bond within the time aforesaid, the amount of his or their deposit will be returned to him or them.

A bond in the sum of at least 50 per cent. of the contract price conditioned for the faithful performance of all parts of the contract with sureties to be approved by the Board of Trustees will be required.

The Board of Trustees reserves the right to reject all bids not deemed for the best interest of the Village and adjacent and contiguous property owners.

Plans may be seen at the office of the Board of Trustees, and specifications, forms of proposal, contract, etc., obtained from the Village Clerk.

The Contractor is required to furnish the Engineer, previous to the time fixed for receiving bids, samples of the bituminous material proposed to be used.

By order of the Board of Trustees of the Village of Waterloo, N. Y.

ADELBERT R. MOORE,
Village Clerk.

THIS ADVERTISING COSTS LITTLE

The cost of giving contracts NATIONAL publicity through the Official Proposal Columns of *Engineering News-Record* is only 40 cents a line an insertion. Figured on a circulation basis, the cost per line per thousand readers (1 1/3 cents) is extremely small, compared with the cost of other forms of publicity and the possibility of large waste distribution through publications of limited or general circulations. A single lower bid may save the cost of the advertising many times over.

Bids: Aug. 30.

Highway and Street Paving

Little Rock, Ark.

Sealed bids will be received until ten a.m. of Wednesday August 30th, 1922 at the auditorium of the Board of Commerce, Little Rock, Arkansas, by the Board of Commissioners of Pulaski Road Improvement District Number Ten, for the construction of approximately forty miles of streets and roads. The principal items of construction are as follows:

422,000	sq.yd. Asphalt Surface.
244,000	sq.yd. Five inch Concrete Base.
38,000	tons Broken Stone, additional macadam foundation.
3,100	cu.yd. Concrete in culverts and bridges.
202,000	cu.yd. Excavation.
34,000	lin.ft. Concrete Curb.
185,000	lin.ft. Concrete Road Header.
79,000	Roadway ft. Concrete Road Header.

All proposals or bids must be accompanied by either a certified check drawn on a responsible bank or trust company, or, by a bidders bond made by a surety company authorized to do business in the State of Arkansas. The certified check or bidders bond must be payable to H. S. Turner, Secretary of the Board of Commissioners of Pulaski Road Improvement District Number Ten, for a sum not less than five per cent of the aggregate of the proposals made.

Plans and specifications, as well as additional information, may be secured from the Engineer.

The successful bidder will be required to furnish satisfactory surety construction bond in a sum equaling the amount of the contracts awarded him.

The right is reserved to accept or reject any and all proposals, and to waive informalities.

ROY L. THOMPSON,
Chairman.

H. S .TURNER,
Secretary,
216 Gazette Bldg.,
Little Rock, Ark.

D. A. MACCREA,
Chief Engineer,
215 Gazette Bldg.,
Little Rock, Ark.

Bids: Aug. 29.

State Road Work

Baltimore, Md.

Sealed proposals for building eight sections of State Highway, as follows:

Bids: Sept. 9.

Concrete Reservoir and Laying of Pipe

Voorheesville, N. Y.

Notice is hereby given that sealed proposals will be received by the Board of Trustees of the Village of Voorheesville, N. Y., at their office in the "Hose House," in the village of Voorheesville, N. Y., until three (3:00) o'clock P.M. (daylight saving time), on the ninth (9th) day of September, 1922, for the construction of a concrete reservoir and hauling and laying of about three and one-half (3½) miles of eight (8 in.) inch Class "B" cast iron water pipe and appurtenances.

All proposals must be made upon printed forms, to be obtained from the engineer; and the unit prices written in words and figures, and accompanied by cash or a certified check, made payable to the Village of Voorheesville, N. Y., for one thousand ($1,000.00), Dollars.

All proposals must be enclosed in a sealed envelope, directed to the Board of Trustees, Village of Voorheesville, N. Y., and endorsed upon the outside of the envelope "Proposal for Water System."

The Board of Trustees reserves the right to reject any or all proposals.

By order of the Board of Trustees of the Village of Voorheesville, New York.

GILBERT H. DARING,
Village Clerk,
Voorheesville, N. Y.

W. W. CHADSEY,
Civil and Sanitary Engineer,
434 State Street,
Schenectady, N. Y.

Bids: Sept. 5.

High School

Smyrna, Del.

Public notice is hereby given that the Board of Education, of the Smyrna Special School District and Delaware School Auxiliary Assocaition will meet at the office of the Delaware School Auxiliary Association, duPont Building, Wilmington, Delaware, on Sept. 5th, 1922, at the hour of 11 o'clock, Daylight Saving Time, and then and there will receive and open sealed proposals for furnishing labor and material to erect and complete a new High School Building for the Town of Smyrna, Kent County, State of Delaware.

The work for which bids or proposals are hereby invited will consist of semi-fireproof building constructed of brick and concrete walls, with timber and reinforced concrete floor and roof construction. The size of building is approximately 150 ft. x 80 ft. The building will be one and two stories high and contain about 14 Instruction Rooms and Auditorium.

Bids will be received for the erection complete of the entire building under one contract, or for the following divisions separately:

1—For the General Construction, which includes all masonry, carpentry, steel and iron, roofing, painting, and all work kindred thereto.

2—For Plumbing and Gas Fitting, and all work kindred thereto.

3—For Heating and Ventilating and all work kindred thereto.

4—For Electrical Work and all work kindred thereto.

The Board of Education and Delaware School Auxiliary Association reserve the right to accept or reject any or all proposals and to waive informalities at their discretion.

All bids must be in sealed envelopes addressed to the Board of Education of the Smyrna Special School District, care of Delaware School Auxiliary Association, du Pont Building, Wilmington, Delaware, endorsed "Proposals for (Naming the branch of work covered by bid)," with the name of the bidder.

No bid will be considered unless accompanied by a certified check to the order of the Board of Education of the Smyrna Special School District to the amount of 2% of the amount of the bid or a bid bond of like amount, binding the bidder to execute the contract if awarded him. The terms of the proposal with surety required are fixed by the specifications.

Copies of the plans, specifications will be on file in the office of the Delaware School Auxiliary Association, du Pont Building, Wilmington, Delaware, and at the Smyrna High School, Smyrna, Delaware, for the purpose of examination and estimating.

There will be a limited number of copies of the plans and specifications which will be loaned to the prospective bidders on deposit of a certified check to the order of Delaware School Auxiliary Association in the sum of $25.00. If plans and specifications are returned on or before the submission of estimates, the check will be returned, but should the plans and specifications be not returned, the deposit may become forfeited. Applications for the plans and specifications should be made to the Delaware School of Auxiliary Association, Room 8124 duPont Building, Wilmington, Delaware.

THE BOARD OF EDUCATION OF THE SMYRNA SPECIAL SCHOOL DISTRICT, SMYRNA, DEL.
W. O. HOFFECKER, President.
DELAWARE SCHOOL AUXILIARY ASSOCIATION.
DR. JOS. H. ODELL, President.

Make Plans Accessible to Distant Bidders

Plans and specifications for inspection by distant bidders may be filed at any of *Engineering News-Record* offices (without charge). Or a sufficient supply may be deposited at such of our offices as seem desirable, subject to your usual requirements in the matter of deposits, etc. (We assume full responsibility for return of plans or deposits). Therefore, Contractors in all parts of the country can bid with equal convenience on contracts advertised in *Engineering News-Record*.

Bids: Sept. 6.

Canal Water Power Development

Albany, N. Y.

Y.; at the office of the Assistant Superintendent of Public Works for the Western Division, at Rochester, N. Y.; at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bonds, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time, in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposit of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the State for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provde suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner, if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.

Bids: Sept. 5.

School Building

Teaneck, N. J.

SEALED PROPOSALS will be received by the Board of Education of the Township of Teaneck in Bergen County, N. J. on September 5th, 1922, at 8 P. M. at School No. 3, for (a) General Construction, (b) Heating and Ventilating, (c) Plumbing and (d) Electrical Work for the new school building to be known as School No. 4 on West Englewood Avenue and Essex Lane, Teaneck, N. J.

All to be in strict accordance with the plans and specifications prepared for same by C. V. R. Bogert, architect, 167 Main Street, Hackensack, N. J., to whom all applications for plans and specifications and other information must be made. No proposal will be considered that is not submitted upon the blank forms as prepared by and to be obtained from the Architect with the proper envelope in which same is to be inclosed. All bids must adhere strictly to the plans and specifications and no alternate bid will be received or considered except as called for on the authorized form.

Each proposal must be accompanied by a certified check in the amount of Two Thousand ($2,000) Dollars for General Construction, Five Hundred ($500) Dollars for Heating and Ventilating, Two Hundred ($200) Dollars for Plumbing and Two Hundred ($200) Dollars for Electrical Work, drawn to the order of the Board of Education as a guarantee that the bidder whose proposal is accepted will enter into a contract with the Board of Education and furnish a satisfactory bond for the faithful performance of the work.

Copies of the plans and specifications may be seen at the office of the Architect, or a set may be borrowed from the Architect for the personal use of the contractor for estimating by depositing with the Architect the sum of Twenty-five Dollars, which will be refunded upon the return of said plans and specifications.

The Board of Education of the Township of Teaneck reserves the right to accept or reject any or all proposals submitted, if deemed for the best interests of the Board to do so.

Dated Teaneck, N. J. August 1st, 1922.

P. A. SPENCER,
President.

J. H. RANGES, District Clerk,
West Englewood, N. J.

OFFICIAL PROPOSALS

Bids: Sept. 5.

Repairs to Dam No. 537

Beacon, N. Y.

Sealed proposals will be received by the City Council at its office No. 525 Main Street, Beacon, N. Y., on or before eight (8) o'clock P. M., Daylight Saving Time, Tuesday, September Fifth (5th), 1922, for repairs to Dam No. 537, South Mountain, Mt. Beacon Reservoir, Beacon, N. Y., which proposals will be opened by the Mayor or presiding officer on that day and time or on such subsequent day as the council may adjourn for that purpose.

No proposal shall be considered unless accompanied by the written consent of two sureties, conditioned that if the proposal be accepted, they will execute and deliver a bond with the bidder in a penalty to be fixed by the council conditioned for the construction of the work at the price and upon the terms proposed, according to the plans and specifications therefor, within such reasonable time as the council may limit, and subject to the supervision and approval of the commissioner of public works as the specifications shall provide.

Prospective bidders are requested to visit the site of the proposed work in order to satisfy themselves as to the scope and hazards of the work.

Plans and specifications, form of proposal, bond and contract may be obtained at the office of the city, No. 525 Main Street, Beacon, New York, or at the office of George W. Krieger, Jr., Consulting Engineer, Poughkeepsie, N. Y. upon the deposit of $15.00, which amount will be refunded upon the return of the plans and specifications in good condition.

Quantities of work to be done are approximately as follows:

PROPOSAL TO THE
CITY COUNCIL OF THE CITY OF
BEACON, DUTCHESS COUNTY, N. Y.

Quantity	Unit of Measure	Item
900	Cubic Yds.	Concrete 1:2:4
3,400	Pounds	Reinforcing bars 1½ in.
3,700	Pounds	Reinforcing bars 1 in.
5,200	Pounds	Reinforcing bars ½ in.
1,100	Lin. Ft.	Drains, Wrought Iron Pipe, 4 in. or smaller
250	Lin. Ft.	2 in. holes drilled in rock
80	Lin. Ft.	1½ in. holes drilled in rock
1,000	Lin. Ft.	1½ in. holes in old masonry
350	Cubic Yds.	Rock Excavation

SEPARATE BID FOR UPSTREAM WORK
(This work may or may not be required)

6,000	Gunite
3,900	Triangular wire mesh 0.65 lb. sq.ft.

The proposal shall be accompanied by a certified check drawn upon an incorporated State or National Bank or Trust Company in good credit, within this State, payable to the order of the City of Beacon for five per cent of the amount of the bid. The successful bidder will be required to give a satisfactory bond for the faithful performance of the agreement in amount equal to fifty per cent of the value of the contract.

The City Council of the City of Beacon reserves the right to reject any or all bids.

By order of the City Council of the City of Beacon.

MARCUS G. MAC LAUGHLIN,
Commissioner of Public Works.

Bids: Sept. 5.

Storm Sewer

Plainfield, N. J.

Bids will be received by the Common Council of the City of Plainfield, N. J., at the City Hall on Tuesday, September 5, 1922, at 8:30 p.m. (daylight saving time) for constructing about 1,000 lin.ft. of 7 ft. — 0 in. x 2 ft. — 5 in. reinforced concrete storm sewer and appurtenances.

Amount of certified check, $1,000.00.

Amount of surety company bond, 100% of contract price.

Common Council reserves the right to reject any or all bids or to waive defects in bids.

Plans and specifications may be obtained from City Engineer.

ALEXANDER W. VARS,
City Engineer.

Dated August 17, 1922.

OFFICIAL PROPOSALS

Bids: Aug. 30.

Concrete Arch and Girder Bridge

Richland (Pulaski), N. Y.

Sealed proposals will be received at the office of the Town Clerk of the Town of Richland, in the Village of Pulaski, Oswego County, New York, until Wednesday, the 30th day of August, 1922, at 1:00 P.M., for the building of a reinforced concrete arch and girder bridge across the Salmon River in the said Town.

Plans and specifications may be seen at the office of

1. Mr. C. A. Jewell, Town Clerk, Pulaski, N. Y.
2. Concrete-Steel Engineering Co., Park Row Bldg., New York.

Copies of the plans and specifications, including form of proposal, may be obtained from the Concrete-Steel Engineering Co. upon making a deposit of $20.00, which will be refunded upon the return of the plans and specifications in good order.

Each proposal must be accompanied by an unconditional certified check on a national bank for 5% of the contract price, made payable to the order of the "Supervisor of the Town of Richland" as evidence of good faith, and to be forfeited to the Town as liquidated damages in case of failure on the part of the bidder to enter into contract for the execution of the work and to furnish a satisfactory surety bond as hereinafter stipulated. Bidders' certified checks will be returned after consideration of the bids, and the check of the successful bidder will be returned as soon as the contract is signed.

The successful bidder will be required to furnish a bond acceptable to the Town of Richland in a sum equal to 50% of the amount of the contract.

The blank form of proposal attached to the specifications shall be used in making out the bid.

The party or parties to whom the contract may be awarded will be required to execute the contract with surety within ten days from the date of service of notice to that effect, and in case of failure or neglect to do so, he or they will be considered as having abandoned it.

Envelopes containing proposal must have endorsed thereon:

"Proposal for Pulaski Bridge."

The right is reserved by the Town to accept any proposal, or to reject any or all proposals.

TOWN OF RICHLAND.
By JOHN BUSH,
Town Superintendent.

Bids: Sept. 8.

Bridge

Vicksburg, Miss.

Sealed alternate bids will be received by the Board of Supervisors of Warren County, Miss., at the office of the Chancery Clerk, until 12 o'clock noon, Friday, September 8, 1922, and at that time publicly opened for a bridge over Big Black River at Baldwin's Ferry, 12 miles from Vicksburg, Miss., on the Baldwin's Ferry Highway, between Vicksburg and Raymond.

The principal items of work are as follows, approximately:

346.20	Cu.Yds.	Class "A" Concrete.
9,730.	Lbs.	Reinforcing Steel.
128,000	Lbs.	Structural Steel.
717.8	Sq.Yds.	Asphalt Paving.
307	Lin.Ft.	Gas Pipe Railing.
183,940	Ft. B.M.	Creosoted Lumber.
10,310	Ft. B.M.	Untreated Lumber
6,950	Lin.Ft.	Creosoted Piling.
1,200	Lin.Ft.	Untreated Piling.

and for all materials in connection with said work.

Plans and specifications are on file in the office of the Chancery Clerk, Vicksburg, Miss., and the office of Warren County Dept. of Highways. On receipt of check for $5.00, contractors will be furnished with a set of plans and Bidder's Blank.

Any additional information may be secured from H. R. Rhodes, Warren County Highway Engineer, Vicksburg, Miss. The right to reject any or all bids is reserved.

Cash or certified check for $2,500.00 made payable to the Board of Supervisors of Warren County, must accompany each bid as evidence of good faith and as a guarantee that if awarded the contract, the bidder will execute the contract and give bond as required.

By order of the Board of Supervisors.

J. G. SHERARD,
Chancery Clerk.

OFFICIAL PROPOSALS

Bids: Sept. 5.

Two Steel Swing Drawbridges

Fort Lauderdale, Fla.

Sealed proposals for the construction of two steel highway swing drawbridges will be received by the Board of County Commissioners of Broward County, Florida, until 11:00 A.M., September 5, A. D. 1922, and then publicly opened.

Bridge No. 1, is proposed across the Florida Intra-Coastal Canal on the line of the Pompano Beach Road, near Pompano, Florida.

Bridge No. 2 is proposed across the same waterway on the line of the Dania Beach Road, near Dania, Florida.

Specifications for materials and general requirements for superstructures, location and profile of the crossings, and detailed specifications for the abutments, are on file and may be examined at the office of the Clerk of the Board. A complete set of said specifications for both bridges will be furnished prospective bidders by the Engineer, for $5.00 to cover cost of preparation. This amount will not be returned.

Bidders shall submit with their proposal general plans, stress sheets and typical details of the superstructure, and details of the center piers of the bridges covered by their proposal, subject to the requirements of the specifications furnished by the Engineer.

All bids shall be submitted upon blank forms which may be obtained free of charge from the Engineer.

Each proposal shall be accompanied by a certified check for $500.00 on each bridge payable to the Chairman of the Board of County Commissioners, as evidence of good faith, and check of the successful bidder will be retained by the said Board as liquidated damages for the cost and expense incurred should the said bidder fail to enter into contract for the work with satisfactory bond as specified, within fifteen days after the acceptance of his proposal.

Any contract awarded under the terms of this advertisement will be subject to granting of permit by the War Department of the United States.

The right is reserved to separate or combine bids; to waive informalities in bids and to reject any and all bids.

BOARD OF COUNTY COMMISSIONERS OF BROWARD COUNTY, FLORIDA.
H. G. WHEELER, Chairman.
FRANK A. BRYAN, Clerk.

Dated at Fort Lauderdale, Florida, this tenth day of August, A. D. 1922.

H. C. DAVIS, Engineer.

Bids: Aug. 29.

Drainage and Ditch Improvement Re-Advertised

Wooster, Ohio.

Notice is hereby given that sealed proposals for the construction of the JOINT WAYNE-HOLMES COUNTY DITCH IMPROVEMENT will be received up until twelve o'clock noon, Eastern Standard Time, on Tuesday, Aug. 29, 1922, at the office of the Secretary of the Joint Board of County Commissioners of Wayne and Holmes Counties at the Court House at Wooster, Ohio.

The work to be done consists of the draining and dredging of Killbuck Creek in Wayne and Holmes Counties, in all, the distance of One Hundred and Fifty-Six Thousand (156,000) feet.

The yardage of earth to be moved is estimated at about 1,780,000 cubic yards, consisting principally of dipper dredge work. The date of completion will be eighteen months from the date of awarding of contract.

A certified check in the amount of $10,000.00 payable to the Joint Board of County Commissioners of Wayne and Holmes Counties, Ohio, must accompany each proposal. Checks of unsuccessful bidders will be returned within ten days of the awarding of the contract.

The said board reserves the right to reject any or all bids. Plans, specifications and proposals are on file at the Secretary's office at the Court House, Wooster, Ohio, or same will be mailed upon application when same is accompanied by a deposit of $20.00, which will be refunded if plans are returned in good condition.

By order of the Joint Board of County Commissioners of Wayne and Holmes Counties.

CHAS. F. SCHOPF,
Secretary.

OFFICIAL PROPOSALS

Bids: Sept. 5.

State Highway Work

Trenton, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the State Highway Commission of New Jersey for the construction of the following:

Route No. 7, Section No. 1, Corlies Avenue, Neptune Township, Monmouth County, estimated amount of Warrenite Bitulithic surface on a Portland cement concrete foundation is 18,765 square yards.

Bids will be received at the office of the State Highway Commission at the Broad Street Bank Building, Trenton, New Jersey, on Tuesday, September 5th, 1922, at 11 A. M. STANDARD TIME, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to the State Highway Department, 9th floor, Broad Street Bank Building, Trenton, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1922 specifications, same to be inclosed in sealed special addressed envelopes bearing the name and address of bidder and the name and section of the route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the State of New Jersey for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500,00 or more than $20,000.00, and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelope will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this state, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Sept. 7.

Concrete Bridge Construction

New Braunfels, Texas.

Sealed proposals for constructing a reinforced concrete highway bridge across the Comal River on San Antonio Street in the City of New Braunfels, Texas, and addressed to the Hon. F. G. Blumberg, Mayor, will be received at the office of the City Clerk, until 3 p.m., Thursday, September 7th, 1922.

The structure consists of a 20 ft. wide roadway with two 5 ft. sidewalks 410 ft. long. The roadway is 43 ft. high above river level, and is carried by five arch spans of two ribs each and by two girder spans of 30 ft. each. The foundation conditions are unusually simple.

The Contractor is required to maintain traffic over existing bridge necessitating the moving of one timber approach trestle 142 ft. long. Five car siding space is available for use of Contractors within one block of west end of bridge. Water will be furnished free by the City.

Instructions, proposal blanks, specifications and detailed plans may be seen at the office of A. D. Nuhn, City Clerk, New Braunfels, Texas, and may be obtained from the Terrell Bartlett Engineers, Calcasieu Bldg., San Antonio, Texas, upon payment of $15.00, which will be refunded only to bona-fide bidders.

Proposals must be accompanied by a certified or cashier's check in the sum of not less than 5% of the amount bid. Bidders must fulfill conditions specified in the "Instruction to Bidders." The City reserves the right to reject any or all bids.

F. G. BLUMBERG, Mayor.

OFFICIAL PROPOSALS

Bids: Sept. 8.

Highway Route No. 16
Section No. 4

Somerville, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the County of Somerset for the following: The construction of State Highway Route No. 16, Section No. 4, from Pluckamin to Somerville, consisting of 67,749 Square Yards "Surface Type C," one course Reinforced Cement Concrete Pavement, with Drains and Appurtenances.

Work is to be performed under County Reimbursement Act, Chapter 183, laws of 1918, and amended by Chapter 317, laws of 1920.

Bids will be received at the Court House at Somerville, on

FRIDAY, SEPTEMBER 8th, 1922,

at 11:00 a.m., Daylight Saving Time (10 A.M. Eastern Standard Time).

Drawings, specifications and form of contract and bond for the proposed work are on file in the office of H. C. Van Emburgh, County Engineer, at the Court House, Somerville, and in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of ten dollars ($10.00) upon application to H. C. Van Emburgh, County Engineer. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications, enclosed in sealed envelopes, addressed to the Board of Chosen Freeholders of the County of Somerset, and bearing the name and address of the bidder and the name and section of the route on the outside. Bids must be accompanied by a certified check drawn to the order of Edwin Garretson, County Treasurer, for not less than ten per cent (10 per cent) of amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form will be furnished on application to H. C. Van Emburgh, County Engineer.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a statement of equipment properly filled out.

By order of a resolution of the Board of Chosen Freeholders of the County of Somerset, passed at a meeting held on Friday, August 4, 1922.

WM. S. WOODRUFF,
Clerk.

Bids: Aug. 28.

Concrete Road Construction

Freehold, N. J.

Notice is hereby given that sealed bids will be received by the Mayor and Council of the Borough of Freehold, N. J., for the reconstruction of Throckmorton Street and opened and read in public in the Municipal Building on Monday, August 28th, 1922, at eleven a.m. day light saving time.

The work consists of approximately 3,000 cu.yd. of excavation; 10,000 sq.yd. of reinforced concrete and 4,000 lin.ft. of concrete curb.

Drawings and specifications for the proposed work, prepared by Chas. A. Niles, Borough Engineer, are on file at the office of said Engineer at the Municipal Building, Freehold, N. J., and plans and proposal forms may be obtained upon the deposit of $5.00, which amount will be refunded upon return of the plans before the time specified for opening the bids.

All bids must be submitted on the forms furnished by the Borough, enclosed in a sealed envelope, bearing the name and address of the bidder, the name of the proposed work, and addressed to the Mayor and Council of the Borough of Freehold. All bids must be accompanied by a certified check for a sum not less than 10% of the amount bid and a surety company certificate stating that said surety company will provide the bidder with the required bond.

The Borough Council reserves the right to reject any or all bids if deemed to the best interests of the Borough to do so.

H. M. BURKE,
Borough Clerk.

Bids: Aug. 25.

Memorial Hospital

Butler, Pa.

Contractors who expect to submit proposals for the construction of the Butler County Memorial Hospital to be erected at Butler, Pa., and for which requests for proposals will be advertised shortly, are requested to send their names and addresses on or before noon of Friday, August 25, 1922, to the Butler County Memorial Hospital Committee, c/o Community Building, Butler, Pa., with the following information:

a. A list of buildings of similar character they have constructed within the past ten years.

b. Testimonials from the owners, committees in charge, or architects of such building that the work was completed satisfactorily by the contractor, or if a firm or corporation, by the present officers of such firm or corporation.

c. Any further information that the contractor may desire to furnish.

The committee in charge of said project desires this information in advance of the time actual proposals or bids are requested or submitted for the purpose of investigation and to the end that when bids are received the contract may be let promptly.

BUTLER COUNTY MEMORIAL HOSPITAL BUILDING COMMITTEE.

Bids: Sept. 6.

State Highway Work

Freehold, N. J.

Notice is hereby given that sealed bids will be received by the County of Monmouth for the following:

Construction of State Highway Route No. 4, Section No. 5A, Maple Avenue, Red Bank, estimated amount of sheet asphalt surface on a portland cement concrete foundation is 27,307 square yards.

Work is to be performed under County Reimbursement Act, Chapter 183, laws of 1918, and amended by Chapter 317, laws of 1920.

Bids will be received at the Court House at Freehold, N. J., on Wednesday, September 6th, 1922, at 11:00 M. Daylight Saving Time.

Drawings, specifications and form of contract and bond for the proposed work are on file in the office of George K. Allen, Jr., County Engineer, at Red Bank, N. J., and in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of ten dollars ($10.00) upon application to George K. Allen, Jr., County Engineer. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications, enclosed in sealed envelopes, addressed to the Board Chosen Freeholders of the County of Monmouth and bearing the name and address of the bidder and the name and section of the route on the outside. Bid must be accompanied by a certified check drawn to the order of C. Asa Francis, County Treasurer, for not less than ten per cent (10 per cent) of amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00, and be delivered at the above place on or before the hour named. Copies of the standard proposal form will be furnished on application to George K. Allen, County Engineer.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a statement of equipment properly filled out.

By order of a resolution of the Board of Chosen Freeholders of the County of Monmouth passed at a meeting held on Wednesday, May 24th, 1922.

WILLIAM A. STEVENS.
Clerk.

Bids: Sept. 9.

Cast Iron Water Pipe and Appurtenances

Voorheesville, N. Y.

Notice is hereby given that sealed proposals will be received by the Board of Trustees of the Village of Voorheesville, N. Y., at their office in the "Hose House" in the Village of Voorheesville, N. Y., until three (3:00) o'clock p.m. (daylight saving time), on the ninth (9th) day of September, 1922, for the furnishing of about four hundred and fifty (450) tons of eight (8") inch Class "B" cast iron water pipe and appurtenances.

All proposals must be made upon printed forms, to be obtained of the engineer; and the unit prices written in words and figures, and accompanied by cash or a certified check, made payable to the Village of Voorheesville, N. Y., for five (5%) per cent of the amount of the proposal.

All proposals must be enclosed in a sealed envelope, directed to the Board of Trustees, Village of Voorheesville, N. Y., and endorsed upon the outside of the envelope "Proposal for Water Pipe or Appurtenances."

The Board of Trustees reserves the right to reject any or all proposals.

By order of the Board of Trustees of the Village of Voorheesville, N. Y.

GILBERT H. DARING,

One course Concrete Paving six inches in thickness—29,756 square yards. Concrete Curbing eighteen inches deep by five inches wide—14,512 lin.ft. Double strength storm sewers 12 inch—1,334 ft. 15 inch—1,160 ft. 18 inch—2,405 ft. 21 inch—522 ft.

Standard Storm sewers, 6 inch—3,036 ft. 10 inch—1,872 ft. 12 inch—1,340 ft. 15 inch—315 ft. 24 Standard Manholes—83 Standard Inlets and 19 Standard Special Basins. A deposit of one thousand dollars will be required to accompany each bid. 1—For Paving and Curbing. 2—For Storm Sewers. Plans and specifications are on file in the City Engineer's office and can be seen on application. The right is reserved to reject any or all bids.

R. V. TAYLOR,
Commissioner of Streets.
WRIGHT SMITH,
City Engineer.

National Publicity Offers a Two-Fold Advantage

Giving calls for bids National publicity opens the way for additional and possibly lower offers from outside bidders to whom work can be let, if desired.
Then too, local contractors, seeing your contracts advertised Nationally will figure closer, realizing that the field of competitors for the work is greatly enlarged.
An advertisement printed in the Official Proposal Columns of *Engineering News-Record* brings the contract to the attention of not only local bidders but, in addition, any others who might be interested.

Bids: Aug. 31.

Sewage Treatment Works Contract A

Marion, Ohio

Sealed proposals will be received at the office of the Director of Public Service in the City Hall, Marion, Ohio, until 12 o'clock noon (Official Marion Time), August 31st, 1922, and then publicly opened and read, for the construction of Sewage Treatment Works, Contract A.

The work contemplated comprises the construction of grit chambers, two-story settling tanks, pumping station, dosing tanks, trickling filters, final settling tanks, sludge-drying beds, buildings and appurtenances. The following quantities give a general idea of the amount and character of the work to be done:

Excavation	46,000 cu.yd.
Concrete	8,750 cu.yd.
Steel Reinforcement	250 tons
C. I. Piping	225 tons
Stone for Trickling Filters	22,500 cu.yd.
Buildings	50,000 cu.ft.

Copies of plans and specifications and blank proposals may be obtained at the office of the Director of Public Service, City Hall, Marion, Ohio, or at the office of George B. Gascoigne, 648 Leader-News Building, Cleveland, Ohio, after August 16th, 1922. A deposit of Twenty Dollars ($20.00) will be required for each set of plans and specifications taken from the above offices. If a bid is submitted this deposit will be refunded upon the return of said plans and specifications in good condition. Similar deposits will be required for additional sets of plans and specifications taken from the above offices, there being no refund for their return. All checks for said plans and specifications shall be made payable to the City of Marion.

The proposals shall contain the full name and address of the party or parties making the same and all persons interested therein, and shall be accompanied by a proposal bond signed by a surety company authorized to do business in the State of Ohio or by a certified check on a solvent bank located in Marion for Ten Thousand Dollars ($10,000.00) made payable to the City of Marion, as surety that if the bid be accepted a contract will be entered into and the performance of it properly secured.

No proposal will be entertained unless made on the blanks furnished by the Director of Public Service and delivered at the office of the Director of Public Service in the City Hall, Marion, Ohio, previous to 12 o'clock noon (Official Marion Time) on the day specified.

The City, through its Director of Public Service, reserves the right to reject any or all bids, to waive any informalities in the bids received, and to accept any bid which is deemed most favorable to the City of Marion, Ohio.

THE CITY OF MARION, OHIO.
E. A. SCHULTZ,
Director of Public Service.

Bids: Sept. 7.

Sanitary Sewerage System and Sewage Disposal Plant

Spring Valley, N. Y.

Sealed proposals will be received by the Board of Trustees of the Village of Spring Valley, Rockland County, New York, at the Village Offices, in the Village of Spring Valley, on the 7th day of September, 1922, at the hour of 8 P.M., Daylight Saving Time, for the construction of a sanitary sewerage system and sewage disposal plant. The work will in general consist of about

11.2 miles of 8-inch vitrified pipe sewers, 0 to 20 feet deep.
0.66 miles of 10-inch vitrified pipe sewers, 0 to 18 feet deep.
0.69 miles of 12-inch vitrified pipe sewers, 0 to 24 feet deep.
0.19 miles of 8-inch cast iron pipe sewers, 0 to 12 feet deep.
0.01 miles of 10-inch cast iron pipe sewers, 6 to 10 feet deep.
257 manholes, 0 to 22 feet deep.
Two small sewage lift stations.
One sewage disposal plant.
And various appurtenances of and extensions to the above-mentioned items.

Plans and specifications are on file and may be seen at the office of the Village Clerk, Spring Valley, N. Y., or at the office of the engineer, Waldo S. Coulter, 114 Liberty Street, New York, N. Y. Complete sets of information for bidders, form of contract, specifications and plans may be obtained from the engineer upon a deposit of $15, of which $7.50 will be refunded upon return of same in good condition by October 1, 1922.

Each bid must be accompanied by a certified check for Five Thousand Dollars ($5,000) payable unconditionally to the Treasurer of the Village of Spring Valley, which check must be presented with the bid as a guarantee that the bidder will within ten (10) days after receiving the award enter into and execute a contract for the performance of the work to be done under said contract. Said bid must be in a sealed envelope and marked "Proposal for a Sewerage System and Disposal Plant."

The successful bidder will also be required to furnish a Surety Company bond to the Village of Spring Valley in the amount of Twenty-five Thousand Dollars ($25,000) for the faithful performance of the work to be done under said contract, said bond to be approved by the Village Attorney.

In case of failure to execute the contract and furnish the required Surety Company bond within ten (10) days after due notice that the contract has been awarded to him, the successful bidder shall forfeit his deposit to the Village of Spring Valley as liquidated damages.

The right to reject any or all bids is reserved by the Board of Trustees. All of said work must be completed on or before December 7, 1923.

BOARD OF TRUSTEES OF THE VILLAGE OF SPRING VALLEY.
THEODORE B. BOHR,
President.

JOHN S. VAN ORDEN,
Village Clerk.

Bids: Aug. 31.

Main Sanitary Sewer Contract B

Marion, Ohio

Sealed proposals will be received at the office of the Director of Public Service in the City Hall, Marion, Ohio, until 12 o'clock noon (Official Marion Time), August 31, 1922, and then publicly opened and read, for the construction of Main Sanitary Sewer—Contract B.

The following quantities give a general idea of the amount and character of the work to be done:

8,400 lin.ft. of 42 in. circular sewer.
1,060 lin.ft. of 39 in. circular sewer.
20 manholes.
2 special concrete structures.

Copies of plans and specifications and blank proposals may be obtained at the office of the Director of Public Service, City Hall, Marion, Ohio, or at the office of George B. Gascoigne, 648 Leader-News Building, Cleveland, Ohio, after August 16, 1922. A deposit of Ten Dollars ($10.00) will be required for each set of plans and specifications taken from the above offices. If a bid is submitted this deposit will be refunded upon the return of said plans and specifications in good condition. Similar deposits will be required for additional sets of plans and specifications taken from the above offices, there being no refund for their return. All checks for said plans and specifications shall be made payable to the City of Marion.

The proposal shall contain the full name and address of the party or parties making the same and all persons interested therein, and shall be accompanied by a proposal bond signed by a surety company authorized to do business in the State of Ohio or by a certified check on a solvent bank located in Marion for Five Thousand Dollars ($5000.00) made payable to the City of Marion, as surety that if the bid be accepted a contract will be entered into and the performance of it properly secured.

No proposal will be entertained unless made on the blanks furnished by the Director of Public Service and delivered at the office of the Director of Public Service in the City Hall, Marion, Ohio, previous to 12 o'clock noon (Official Marion Time) on the day specified.

The City, through its Director of Public Service, reserves the right to reject any or all bids, to waive any informalities in the bids received, and to accept any bid which is deemed most favorable to the City of Marion, Ohio.

THE CITY OF MARION, OHIO.
E. A. SCHULTZ,
Director of Public Service.

Bids: Sept. 1.

Highway Work

Somerville, N. J.

Notice is hereby given that sealed bids will be received by the County of Somerset for the following: The construction of State Highway Route No. 9, Section 7A, from Grove Street, through East Main Street, North Gaston Avenue and Union Avenue to the easterly borough line of Somerville, consisting of 12,450 sq.yd. of "Surface Type C" one course reinforced cement concrete pavement with intersections, drains and appurtenances.

Work is to be performed under County Reimbursement Act, Chapter 183, Laws of 1918, and amended by Chapter 317, Laws of 1920.

Bids will be received at the Court House at Somerville on Friday, Sept. 1st, 1922, at 10.30 a.m., Daylight Saving Time, (Eastern Standard Time, 9.30 a.m.).

Drawings, specifications and form of contract and bond for the proposed work are on file in the office of H. C. Van Emburgh, County Engineer, at Court House, Somerville, and in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of ten dollars ($10.00) upon application to H. C. Van Emburgh, County Engineer. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications, enclosed in sealed envelopes, addressed to the Board of Chosen Freeholders of the County of Somerset and bearing the name and address of the bidder and the name and section of the route on the outside. Bid must be accompanied by a certified check drawn to the order of Edwin Garretson, County Treasurer, for not less than ten per cent

(10 per cent) of amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00, and be delivered at the above place on or before the hour named. Copies of the standard proposal form will be furnished on application to H. C. Van Emburgh, County Engineer.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a statement of equipment properly filled out.

By order of a resolution of the Board of Chosen Freeholders of the County of Somerset passed at a meeting held on Friday, August 4th, 1922.

WM. S. WOODRUFF, Clerk.

Largest Circulation of Any Technical Paper

Engineering News-Record's circulation—over 30,000 weekly—is the largest of any technical paper printed. It includes among its readers practically every contractor, dealer, and manufacturer in the country who is interested in bidding on public works contracts—either local or outside of his immediate vicinity.

Bids: Sept. 6.

Refrigeration Work

Marcy, N. Y.

Sealed proposals for Refrigeration Work—Kitchen for Acute Patients Building, at the Utica State Hospital, Marcy Division, Marcy, N. Y., will be received by the State Hospital Commission, Capitol, Albany, N. Y., until 2 o'clock P.M. (Standard Time) on Wednesday, September 6, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractor to whom the award is made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contract within thirty (30) days after official notice of award of contract and in accordance with the terms of specification No. 3866, including Addenda No. 1. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the Utica State Hospital, Utica, N. Y., at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, L. F. Pilcher, Capitol, Albany, N. Y.

L. M. FARRINGTON,
Secretary, State Hospital Commission.
Dated: August 16, 1922.

Bids: Sept. 14.

Steel Super-structure

Nashville, Tenn.

Sealed bids will be received by the Department of Highways State of Tennessee, at Nashville, Tennessee, until ten o'clock a.m., Thursday, September 14, 1922, and opened publicly at that place and hour for the construction of the steel super-structure of Federal Aid Project 16, being a bridge over Cumberland River near Clarkesville, having 3 steel spans aggregating approximately 640 feet of span.

Plans and specifications are on file in the office of the Chief Engineer, Department of Highways, Nashville, Tennessee, in the office of the Division Engineer, Department of Highways, Nashville, Tennessee, and in the office of the Resident Engineer, Department of Highways, Clarksville, Tennessee.

D. Q. McCOMB,
Chief Engineer.

Bids:: Sept. 25.

Spavinaw Water Supply Project

Tulsa, Okla.

Sealed proposals for the construction of the major portion of the Spavinaw Water Supply Project for the City of Tulsa, Oklahoma, will be received by the Water Commission of the City of Tulsa, and may be filed at the office of the City Auditor, City Hall, Tulsa, Oklahoma, until 3:00 p.m. Monday, September 25th, 1922, and will be opened and publicly read immediately thereafter at a regular meeting of the Water Commission of the City of Tulsa at 3:00 p.m., Monday, September 25, 1922. Proposals will be received on the following contracts:

Contract No. 1 Telephone Line.
Contract No. 2 Clearing Site of Spavinaw Lake.
Contract N. 3 Spavinaw Dam.
Contract No. 4 60 in. Reinforced Concrete Pipe.
Contract No. 5 Tunnel and Approaches.
Contract No. 6 54 in. Reinforced Concrete Pipe.
Contract No. 7 Mohawk Reservoir.
Contract No. 8 Furnishing Cast Iron or Steel Pipe and Specials.
Contract No. 9 Furnishing Gate Valves.
Contract No. 10 Laying Cast Iron or Steel Pipe.
Contract No. 11 High Pressure Reservoir.

After the reading of the bids on these contracts they will be immediately considered, but in no event will any contract or contracts be awarded earlier than forty-eight (48) hours thereafter.

The principal quantities are approximately as follows:

DAM: Concrete, 79,000 cubic yards.
Earth embankment, 182,000 cubic yards.
PIPE: 28 miles of 60 in. and 25 miles of 54 in. pre-cast reinforced concrete pipe.
Earth Excavation in trench, 310,000 cubic yards.
Rock Excavation in trench, 26,000 cubic yards.
TUNNEL: 7,000 ft. 84 in. Tunnel.
3,050 ft. 84 in. monolithic concrete conduit.
MOHAWK RESERVOIR: 300,000 cubic yards earth embankment.
REINFORCED CONCRETE HIGH PRESSURE RESERVOIR OR RESERVOIRS: 10,000,000 gal. aggregate capacity; 10,000 ft. 36 in. Cast Iron or Steel Pipe; 6,000 ft. 30 in. Cast Iron or Steel Pipe; 8,000 ft. 20 in. Cast Iron Pipe. Specials and Valves.

Each proposal must be accompanied by a certified check on any reputable bank or trust company, payable without reserve to the City of Tulsa, Oklahoma, for five per cent (5%) of the amount of the bid.

All proposals must be made on blank forms furnished by the City of Tulsa and in accordance with the "Requirements for Bidding and Instructions to Bidders."

Proposals may be tendered on one or more contracts or on all of the contracts, but any proposal must include all items under the contract or contracts for which bid is tendered.

Plans, Specifications and Requirements for Bidding and Instructions to Bidders are on file at the Office of the Water Commission at the City Hall and may be seen at the office of Trammell and Holway, Engineers on the Spavinaw Water Supply Project, 329 Kennedy Building, Tulsa, Oklahoma, or at the office of Dabney H. Maury, Consulting Engineer for the said Project, 1445 Monadnock Block, Chicago, Illinois. Complete plans and specifications will be furnished by the Engineers or by the Consulting Engineer, upon the deposit of $50.00 by check payable to Trammell and Holway. Upon return of the plans and specifications in good condition within a reasonable time after the awarding of the contracts, $30.00 will be refunded. Proportionate deposit and refund may be arranged for if bidder desires only parts of the plans.

The Water Commission reserves the right to reject any bid or bids, or all bids, and to waive any informalities.

DABNEY H. MAURY,
Consulting Engineer,
Chicago, Ill.

Bids: Sept. 5.

Street Paving and Storm Sewer

Highland Park, N. J.

Sealed proposals will be received by the Mayor and Borough Council of the Borough of Highland Park at the Borough Council Chambers, No. 10 North Second Avenue, Highland Park, New Jersey, on Tuesday, September 5, 1922, at 8 o'clock p.m., ordinance time (7 p.m. Eastern Standard Time) for the construction of pavements on the following streets, to wit: Montgomery Street, Johnson Street, Cedar Avenue, Adelaide Avenue, South Sixth Avenue. And for the construction of a storm sewer on Cedar Avenue.

The work will in general consist of about

5,890	Cu.Yds. of Excavation.
15,962	Sq.Yds. of One Course Reinforced Cement Concrete Pavement, 6″ in depth at the sides, and 8″ in depth at the center.
8,612	Lin.Ft. of Concrete Curbing, set integral with the pavement.
755	Lin.Ft. of 15″ Vitrified Pipe Storm Sewer.

All of said work to be done in accordance with the plans, profiles and specifications prepared by Raymond P. Wilson, Civil Engr., 46 Paterson Street, New Brunswick, N. J., which said plans, profiles and specifications have been adopted by the Borough Council of the Borough of Highland Park and are now on file at the office of the Borough Clerk, 10 North Second Avenue, Highland Park, N. J., where they may be seen by bidders or a set of the said plans, profiles and specifications can be secured from Raymond P. Wilson, Civil Engr., by depositing Five dollars ($5.00) which will be refunded upon the return of the plans, profiles and specifications in good condition within seven (7) days after the award of the contract. All bids must be on the form of proposal to be obtained from the said Raymond P. Wilson.

Each bidder must accompany his bid with a certified check for Four thousand dollars ($4,000.00) payable unconditionally to the Collector of the Borough of Highland Park, which said check must be presented with the bid as a guarantee that the bidder will within ten (10) days after receiving the award enter into and execute a contract for the faithful performance of the work to be done under said contract, and said bid must be in a sealed envelope and marked "Proposal for Concrete Pavement."

The successful bidder will also be required to furnish a Surety Company bond to the Borough of Highland Park in the full amount of the contract price for the faithful performance of the work to be done under said contract, said bond to be approved as to sufficiency and form by the Borough Attorney.

In case of failure to execute the contract and furnish the required bond within ten (10) days after due notice that the contract has been awarded to him, the successful bidder shall forfeit his deposit to the Borough of Highland Park as liquidated damages.

The right to reject any or all bids is reserved by the Mayor and Borough Council.

All of said work must be completed within sixty (60) working days.

Bids: October.

E. N.-R.

POSITIONS VACANT

ASSISTANT in civil engineering, wanted for 10 months, for which the salary is $1,000, starting September 1st. This year's graduate preferred. Address, giving age and alma mater. Head, Department of Civil Engineering, Lafayette College, Easton, Pa.

CHECKERS and detailers on structural steel. Give age, experience and salary expected. P-852, Eng. News-Record, Real Estate Trust Bldg., Phila., Pa.

CIVIL engineering graduate with one or more years' experience, preferably in highway work, for traveling position in sales promotion department of established corporation. Reply fully stating age; married or single; Alma Mater; experience; salary desired and references. Suggest enclose photograph which will later be returned. P-841, Eng. News-Record, Leader News Bldg., Cleveland, O.

DISTRICT manager wanted to take charge of promotional and educational work on the use of a basic product used in building, agriculture and very extensively in the industrial field. This work is being carried on by a national trade association which is extending its activities materially. District headquarters will be St. Louis; national headquarters, Washington, D. C. Man must be very high grade with business experience in organization, sales and executive capacities. Preferably technical college graduate, but essentially a sales type with initiative, adaptability, common sense and perseverance, good address and ability to co-operate. Services required October 1st. Write all you have to say in first letter. P-871, Eng. News-Record, Real Estate Trust Bldg., Phila., Pa.

Several Experienced

Structural Steel Draftsmen

for detailing and checking. Give experience, salary expected and when you can report for work.

Lackawanna Bridge Works Corp.
Box 991, Buffalo, N. Y.

Construction Men

Learn "Line" and "Grade" by Actual Practice.

Level, Transit, and Plane Table Work.
"Running" of Farm, Stadia, Highway and Railroad Surveys.

Estimating

Day and evening courses. Booklet.

The Pan-American Engineering School
39 West 17th St., New York City

POSITIONS VACANT

DRAFTSMAN and designer, thoroughly experienced in the design of water works and power plants, and sewerage systems. Field experience desirable. Location, Consulting Engineer's office in North Carolina. Send sample drawings and references and state salary expected. P-576, Eng. News-Record, Real Estate Trust Bldg., Philadelphia, Pa.

FIRST class structural detailers and checkers wanted. Weatherly Steel Company, Markle Bank Building, Hazelton, Pa.

GRADUATE civil engineer, experienced in reinforced concrete and steel building design, wanted to take charge of drafting work in large industrial plant. Give full particulars, salary expected and when available. P-819, Eng. News-Record, Real Estate Trust Bldg., Phila., Pa.

INSTRUMENTMAN for hydro-electric construction work located within 100 miles New York City. Position open about Sept. 15th. Give full statement of education, experience, qualifications and reference. P-850, Eng. News-Record.

SEVERAL structural checkers wanted. Must be first class men. Positions permanent if services are satisfactory. Give all information as to experience, salary desired and earliest date you can report. Location, Detroit. P-578, Eng. News-Record, Leader-News Bldg., Cleveland, Ohio.

STRUCTURAL detailers and checkers on mill and office building and bridge work. Give record of experience and salary desired. Philadelphia district. P-829, Eng. News-Record, Leader-News Bldg., Cleveland, O.

STRUCTURAL steel and reinforced concrete draftsmen and checkers. Give experience in detail, age, nationality, married or single, lowest salary to start, and how soon can report. Apply Southern Engineering Company, Charlotte, North Carolina.

STRUCTURAL steel engineer and detailer, familiar with building construction. State experience and salary desired. Permanent position if satisfactory. Apply James McKinney & Son, 927 Broadway, Albany, N. Y.

POSITIONS VACANT

STRUCTURAL steel and railroad bridge draftsmen wanted, salary $158 and $168 per month. Please state age, nationality, education, experience in full and date you can report for work. Address P. G. Lang, Jr., Engineer of Bridges, Baltimore and Ohio Railroad Company, Baltimore, Md.

STRUCTURAL detailers and checkers wanted on shop drawings for industrial buildings. Applications from experienced men only will be considered. State experience, age, nationality, salary wanted and date available in first letter. The Bellefontaine Bridge and Steel Co., Bellefontaine, Ohio.

STRUCTURAL steel draftsman, three to five years' experience on building design, $50 weekly. P-851, Eng. News-Record.

SUPERINTENDENT of Construction—The construction department of a large public utility has an opening for a Superintendent capable of taking charge of field construction, on a modern Central Station Steam Plant, location Middle Atlantic States. Reply should give experience, education, age, references, photograph and salary required. P-832, Eng. News-Record, Real Estate Trust Bldg., Phila., Pa.

SUPERINTENDENT and grade foreman wanted for Concrete gang. Must be familiar with State road work. Write fully stating experience and salary expected. Geo. J. Daniels, Gen'l Del'y, Hammond, Indiana.

TECHNICAL graduate with several years' experience wanted by Consulting Engineer, in North Carolina, to act as Resident Engineer in charge of construction of Water Works, Sewerage and Power Plants. In reply, state salary expected and inclose references. P-577, Eng. News-Record, Real Estate Trust Bldg., Philadelphia, Pa.

TWO sewerage designing engineers wanted for work on interceptor and pumping station scheme. State experience, age and salary required to E. R. Gray, City Engineer, Hamilton, Ont., Canada.

HOME Study

(BY MAIL)

A lecture for YOU, if you are not filling the position you think you should have. Do you believe that real ability can be submerged? Don't you realize that men are paid for what they KNOW, and not for taking orders and doing as others direct? It is the man who gives the directions to whom a large salary is being paid. Wilson courses are more than just ordinary courses. They are a system of training inaugurated by an expert to meet the needs of the man already in the field who lacks the essentials of a first class practical training. By this system any man who is equipped with the necessary mathematics, can reach the top in his profession. Thousands of Draftsmen, Junior Engineers, Architectural Draftsmen, technical graduates just through their school work and others who have studied less advanced courses, are finding in these studies the means of "finishing" their education, and reaching the highest places in the profession.

These are courses in *actual experience.*

Structural Steel Designing.
Reinforced Concrete Engineering.
Structural Drafting.
Bridges: Steel and Concrete.

Write for free literature, then decide. You owe it to yourself to learn what this work is.

WILSON ENGINEERING CORPORATION
10 Broadway, Hanover, Mass.

Utah, Ogden—Rejected bids furnishing and laying 1,500 ton 12-20 in. Class B c.i. pipe. $150,000. Will readvertise. Noted Aug. 17.

Ore., Eagle Point—Eagle Point Irrigation Dist. rejected bid opened Aug. 10, canal excav., 150,000 cu.yd. earth and 20,000 cu. yd. rock excav. Will readvertise. R. Cowgill, Medford, engr.

Calif., Napa—Voted $600,000 bonds, $265,000 of which will be used to purchase system of Napa City Water Works, balance for improvements, incl, single arch concrete dam with gravity section, 108 ft. high, 600 ft. long at top, storing 630,000,000 gal., cost, incl. outlet, control works and spillway, $220,000; pipe line from diversion dam in Milliken Canyon to proposed reservoir, 25,600 ft. 14 in. double dipped riveted steel slip joint pipe, 1,600 ft. 16 in. machine-banded, dipped riveted wood stave pipe, pressure break, valves, fittings, etc., est. cost of pipe and fittings, $52,000; chlorinator for sterilizing water, installed at reservoir, $3,000. H. A. Harrold, city engr., A. Kempkey, Hobart Bldg., San Francisco, consult, engr. Noted July 13.

Calif., Tracy—Will vote on $136,000 bonds to construct septic tank, watermain extensions, purchase fire equipment, etc. W. D. Harrington, Tracy, engr.

Calif., Westley—Birtschmann Ranch had plans prepared, canal 8 mi. long, 3 to 4 ft. wide, 27,000 yd. earthwork; enlarging existing intake channel, 27,000 cu.yd. earthwork; 7,900 lin.ft. 18-30 in. wood stave pipe line; 3,000 lin.ft. 11,000 volt power line; main pumping plant involves 60 cu.yd. excav., 30 cu.yd. backfill, 42 cu.yd. rein.-con., two 12-in. horizontal centrifugal pumps, direct connected to two 250 hp. motors and two 18 ft. suction pipes, 35 ft. long, steel discharge wyes connecting to wood stave pipe line; 1 priming pump for above; auxiliary pumping plant involves one 8 in. horizontal centrifugal pump, 1,700 lin.ft. 12 in. pipe, one 12 hp. gasoline engine, 1 small priming pump, to operate at a 50 ft. head; 880 lin.ft. No. 48 steel flume, etc. $100,000. Easley & Anderson, Antioch, engrs.

Ont., Collingwood — Sept. 5, to vote on $25,000 bonds to lay new intake pipe from lake into pumphouse. W. Holden, mayor, interested in prices on pipe.

Ont., Toronto — Plans pumping station incl. intake, pumphouse, filterhouse, filters, pumps, etc., 40,000,000 to 60,000,000 gal. per day. $2,500,000. R. C. Harris, city engr. and comr. of works.

Ont., Wheatley—Plans waterworks system. $30,000.

BIDS DESIRED

N. Y., Mineola—Sept. 14, by Bd. Village Trustees, about 3 mi. 4, 6 and 8 in. mains, hydrants, etc. C. F. Quinn, clk. S. B. Bowne, Mineola, engr.; adv. this issue.

N. Y., Waterville—Sept. 6, by Bd. Water Comrs., concrete spillway and rein.-con. flume. J. P. Lawyer, 712 Washington St., Utica, engr.; adv. this issue.

Mich., Monroe—Sept. 11, by F. M. Kressbach, city clk., constructing and placing new submerged water intake crib in Lake Erie, near existing waterworks intake crib. Hoad, Decker, Shoecraft & Drury, Ann Arbor, consult. engrs.; adv. this issue.

Minn., St. Paul—Sept. 5, by H. W. Austin, city purch. agt., two horizontal duplex piston pumps for Water Dept. O. Claussen, city engr.

Minn., Thief River Falls—Sept. 12, waterworks improvements, filtration plant 1,000,000 gal. capacity, incl. filter plant building and motor house, filter equipment and pump equipment. $30,000. A. H. Akre, city clk. L. P. Wolff, 1000 Guardian Life Bldg., St. Paul, engr. Noted July 20.

CONTRACTS AWARDED

N. Y., Rochester—See "Streets and Roads."

N. C., Kernersville — Waterworks and sewerage systems to Boyd-Higgins & Goforth, Charlotte, (street address not available), $100,000; stand pipe to R. D. Cole, Newnan, Ga. Noted June 8.

N. C., Lincolnton—For 6 mi. 6-10 in. sewer line, 2 mi. 6 in. water mains, 200,000 gal. concrete reservoir, pump and motor equipment, to Boyd-Higgins & Goforth, Charlotte, (street address not available), $60,000. Noted July 13.

O., Cleveland—Cuyahoga Co., constructing Impvt. 8 of county water supply system, 25,400 ft. 6-12 in. c.i. pipe, to D. Pfahl & Co., Berea Rd., $88,532. Noted Aug. 24.

Wis., Madison—For deep well and equipment, to McCarthy Well Co., Wabash and Eustis Sts., St. Paul, Minn. Engrs. est. $25,000.

Wis., Spring Green—For pumping station, incl. equipment at waterworks, to E. H. Hutter, Spring Green. Engrs. est. $25,000.

Wis., Stevens Point—For 30 in. well, 32 ft. deep, and pump station, to Cast Stone Constr. Co., Michigan Ave., Eau Claire, $7,000; one 1,000 gal. and one 1,500 gal. direct connected centrifugal pumps, to Ingersoll-Rand Co., 343 South Dearborn St., Chicago, $4,000; labor for laying 20,200 ft. 6-12 in. c.i. pipe, to J. E. McVicker & Co., Stevens Point. $15,000. City has purchased pipe. Noted Aug. 10.

Minn., Springfield—Watermain extension, 16,200 lin.ft. 4-8 in. Class B c.i. pipe, thirty-six 4-8 in. gate valves, 22 hydrants, 12,000 lb. c.i. specials, to Siscoe & Frankamp, Mason City, Ia., $23,000. Noted Aug. 3.

S. D., Mitchell—F. McGovern, city auditor, 18,000 lin.ft. 6-10 in. c.i. water mains, hydrants, valves, etc. to Porett & Tuttle, Mitchell. $34,479. Noted July 13.

N. D., Walhalla—Waterworks system incl. 5,800 lin.ft. 6-in. c.i. pipe, well, pumping station, elevated steel tank, to J. T. Kennedy, Grand Forks, $26,394. Noted July 27.

Mont., Glendive—For 34,760 lin.ft. 4-8 in. c.i. mains, hydrants, castings, valves, specials, etc., cutting over 500 existing water services, to Security Bridge Co., 502 North 32nd St., Billings, $44,500. Noted July 27.

Calif., Santa Rosa—Constructing air lift for artesian well, rein.-con. aerator, flume, receiving reservoir with 350,000 gal. capacity, pumping buildings, compressors, motors, crane, pumps, meters, electrical machinery, etc., to Butte Electrical Equipment Co., 530 Folsom St., San Francisco, $46,000. Noted Aug. 17.

Sewers

PROPOSED WORK

Pa., Ambridge—Plans to vote on $90,000 bonds for new sewers. Address C. F. Straube, burgess.

Pa., Taylor—See "Streets & Roads."

Ky., Hazard—Preparing plans and takes bids within 30 days for new sewerage system. J. N. Chester Engineers, Union Bank Bldg., Pittsburgh, engrs.

O., Akron—Plans election in November to vote on $3,000,000 bonds for trunk sewers in various parts of city. J. E. Root, Delaware Bldg., engr.

Wis., Beloit—Plans 41 mi. sanitary sewers. $450,000. Mead & Seastone, Journal Bldg., Madison, engrs.

Minn., Alexandria—Rejected bids opened July 31 and Aug. 14, sewer extensions and improvements in various streets, 15,273 lin. ft. 8-15 in. pipe, 1 Imhoff tank, sludge bed, well and pump. $60,000. C. L. Pillsbury Co., 1200 2nd Ave. S., Minneapolis, engrs. Noted Aug. 10.

Tex., Lubbock—Preparing plans sewage disposal plant, extensions to sewers and watermains. $100,000. Hawley & Sands, Cotton Exch. Bldg., Ft. Worth, engrs. Noted Aug. 3.

Wash., Tacoma—Passed resolution for storm and sanitary sewers in entire South Tacoma Dist. $950,000. J. C. Manley, city engr.

Tex., Ft. Worth—Takes bids about Sept. 5 for complete activated sludge disposal plant, necessary sewers, etc. $650,000. L. W. Lewis, city engr. Hawley & Sands, Cotton Exch. Bldg., consult, engrs.

Okla., San Springs—Making plans storm and sanitary sewers. $90,000 bonds voted. Holway Eng. Co. 329 Kennedy Bldg., Tulsa, engrs.

Colo., Denver—Plans 32,000 ft. 8 in. and 1,200 ft. 10 in. vitr. sewers in Berkeley Special Sanitary Dist. $49,000. A. K. Vickery, City Hall, engr.

Calif., Modesto—Bids for storm sewers in Dist. 4 were returned unopened, due to error in proceedings. New proceedings will be started. G. Freitas, city engr. Noted June 8.

Calif., El Segundo—Voted $200,000 bonds for sewerage system. A. W. Cory, city engr.

Que., Montreal—Plans 420 ft. of 12 in. tile pipe in Trudel Lane from St. Martin to Richmond Sts. $1,134, 1,916 ft. of 2 x 3 brick in Mariette St. from Sherbrooke St. to private lane to Trenholme Park $10,255, 530 ft. of 2 x 3 brick in Hall St. from Dublin St. to Park Marguerite Bourgeois $2,823, 434 ft. of 12 in. tile in Park Marguerite Bourgeois from Hall to Favard Sts. $1,165, 2,239 ft of 2 x 3 brick in Jacques Hertel St. from Monk Blvd to Orchard St. $19,542.

Ont., Fort Erie—Plans sewerage system To exceed $30,000. J. W. Barnhart, reeve.

Ont., Preston—Plans sanitary sewers and ejector station, 6,000 ft. pipe, 8 in. up. $30,000. G. Wurster, town clk.

BIDS DESIRED

N. J., Hackensack—Sept. 25, by Hackensack Improvement Comn., Municipal Bldg., 346 State St., furnishing pumping equipment, incl. A. B. Wood patent trash pumps, motors, etc., Contr. No. 3. L. Lozier, Bank Bldg., Main and Mercer Sts.; adv. this issue.

N. J., Highland Park—See "Streets & Roads.

N. J., Little Falls—Sept. 6, by Little Falls Twp., extending sewerage system, enlarging sewage disposal works and constructing pumping station. H. J. Harder, 129 Market St., Paterson, engr.

Pa., Williamsport—Sept. 2, by G. K Harris, supt. streets and improvements, terra cotta sanitary sewers, 557 ft. in Pearl St., 485 ft. in Hancock St., 120 ft. in South Hancock St., all 8 in. pipe, storm sewers, 490 ft. 42 in. pipe in Grafius Run, 3,000 ft. 18, 24, 27 and 30 in. pipe in West 4th St., monolithic concrete sewer across concrete bridge, 70 ft. 48 in. pipe, also 20 ft. rein.-con. span over Doughertys Run and 16 ft. span on Doughertys Run Rd. L. Mussina, city engr.

Pa., Upper Darby (Phila. P. O.)—Sept. 5, by Upper Darby Twp., 12,700 ft. 8-18 in vitr. sewers in various streets. $75,000. A F. Damon, 69th St. Terminal, Phila., engr.

Fla., Jacksonville—Sept. 14, furnishing 1,250 ft. 6 in., 29,350 ft. 8 in. and 2,180 ft. 10 in. terra cotta pipe. W. E. Sheddan, city engr.

Fla., Jacksonville—Sept. 21, laying 8 in. rein.-con. sewers in Adams, Myrtle, Liberty, 21st, 22nd, Terrace, Cedar, Monroe, Hogan, Julia and Main Sts. $25,000. W. E. Sheddan, city engr.

Ky., Madisonville—Sept. 11, by Bd. Pub. Wks., 9.2 mi. 8-12 in. sanitary sewers. F. P Stum, chn. Howerton-Tirsway Co., Asheville, N. C., engrs.; adv. this issue.

O., Lima—Sept. 9, at office of C. A. Bingham, city manager, constructing relief trunk sewers, Contrs. 9 and 11. B. F. Darling, superv. engr.; adv. this issue.

O., Sebring—Sept. 12, by J. G. Eardley, village clk., for sewage treatment plant. Burgess & Niple, 223 East Broad St., Columbus, engrs.; adv. this issue. Noted Jan. 19.

Mich., Springwells—Sept. 5, by B. P. Esper, village clk., Sect. 10 Sewer, 1,000 ft. 42 in. and 1,450 ft. 72 in. vitr. crock, segment block, brick or concrete, also Sect. 14 Sewer, 5,058 ft. 72 in. concrete, brick or segment block. A. Roth, village engr. C. W. Hubbell, consult. engr., both at 2348 Penobscot Bldg., Detroit.

Ill., Bloomington—Sept. 23, by Trustees Bloomington and Normal Sanitary Dist., 404 Unity Bldg., for Division St. sewer extension and Valley sewer overflow chamber. Taylor & Woltmann, 428 Unity Bldg., engrs.; adv. this issue.

Ill., Lake Forest—Sept. 28, by Bd. Trustees, North Shore Sanitary Dist. of Lake Co., Room 295 Anderson Bldg., 2 sewage treatment plants, pumping stations, settling tanks, etc. Pearse, Greeley & Hansen, 39 West Adams St., Chicago, engrs.; adv. this issue. Noted June 15.

Wis., Milwaukee—Sept. 8, by Metropolitan Sewerage Comn., 508 Market St., 7,000 lin.ft. 72 in. and 865 lin.ft. 36 in. concrete sewer in tunnel and appurtenances, from Humboldt Ave. and Lake St. to Adams Ave. on Port Washington Rd. J. H. Fowles, secy. I. C. Hatton, engr.

Kan., Wichita—Sept. 12, at office of E. S. Worrell, city clk., constructing storm water sewer No. 15. P. L. Brockway, city engr.; adv. this issue.

N. C., Kernersville—See "Waterworks."

California—State Hy. Comn., Sacramento, rein.-con. girder bridge, over San Gabriel River, near Azusa, Los Angeles Co., to D. A. Foley & Co., Aitkin, Minn., $124,089. Noted July 27.

B. C., Vancouver—Burrard Inlet Bridge & Tunnel Co., North Vancouver, bridge over Second Narrows, Burrard Inlet to connect Vancouver and North Vancouver incl. 303 ft. solid embankment, 250 ft. timber trestles, 436 ft. steel girders, bascule bridge with 185 ft. lift span, 1 mi. single track railway with 50 ft. walk on each side, three 60 ft. steel girder bridges with concrete abutments on North Vancouver side, and ¾ mi. roadway on Vancouver side, to McClintic Marshall Constr. Co., Pittsburgh, $1,241,530.

Dams

CONTRACTS AWARDED

Conn., Orange—New Haven Water Co., 100 Crown St., New Haven, raising Dam No. 2 at Maltby Lakes, here, increasing volume of reservoir, will be raised 5 ft. all along, to C. W. Blakeslee & Sons, 57 Waverly St., New Haven. Engrs. est. $50,000.

B. C., Stave Falls—British Columbia Ry. Co., Hastings and Carrol Sts., Vancouver, will build concrete dam, 640 ft. long, 50 ft. high, with sluices, gates, etc., also raising existing dam 14 ft., by day labor. $900,000. J. J. Newell, c/o owners, engr.

Railways

PROPOSED WORK

Tennessee—Knoxville & Carolina R.R., 847 Main St., Knoxville, plans placing 25,000 cu.yd. ballast, improving trestles and bridges, steel girders with concrete foundations. $100,000. C. A. Murphy, supt.

Michigan—Ann Arbor R.R., Owosso, having plans prepared 6 mi. industrial branch from Coldwater Lake to Mt. Pleasant. $200,000. C. Allen, Owosso, ch. engr.

BIDS DESIRED

Ontario—See "Miscellaneous"—Railroad ties—Toronto.

CONTRACTS AWARDED

New York—Transit Comn., 49 Lafayette St., New York, installing tracks for portion of 14th St.-Eastern Line, in Boroughs of Manhattan and Brooklyn, to T. H. Reynolds Constr. Co., 50 Park Pl., New York. $241,470. Noted Aug. 24.

Texas—F. Kell, Wichita Falls, general contractor for 13.2 mi. railroad construction between Byers, Clay Co., Tex., and Waurika, Jefferson Co., Okla. The 6 mi. on the Texas side to Texas-Oklahoma line at Red River is known as Wichita Falls and Oklahoma Ry. Co. and that portion from Red River to Waurika on Oklahoma side is known as Wichita Falls and Oklahoma R.R. of Oklahoma. Construction on this line has been let as follows: Grading, incl. 325,000 yd. embankment and excavation, to L. M. Kirkes; 15 mi. main line and side tracks, 4,700 ft. bridging (4,300 ft. of this being in Red River bridge), one 125-ft. steel span on concrete piers with pile trestle over Beaver Creek at Waurika, to F. W. McCabe. This corrects report in July 20 issue.

California—Western Pacific Ry. Mills Bldg., San Francisco, grading, ballasting and laying tracks on 6 mi. road, near Stockton, to be known as North Channel Spur, to Utah Constr. Co., Phelan Bldg., San Francisco, $350,000.

Excavation, Drainage, Irrigation

PROPOSED WORK

Fla., Ft. Lauderdale—Bd. Comrs. Broward Co., rejected bids opened Aug. 15, constructing inlet from New River Sound to Atlantic Ocean, near here. G. B. Hills Co., Jacksonville, engrs. Noted July 13.

La., Arabi—State Hy. Comn., Redmond Bldg., Baton Rouge, and St. Bernard Parish plan to drain Arabi and surrounding section by a 3 mi. canal, 35 ft. wide, starting from Amer. Sugar Refinery property, leading to Bayou Bienvenu. Cost between $30,000 and $35,000. D. Buie, state engr. F. Joachim, police juror of St. Bernard Parish.

Calif., Gridley—Sutter-Butte Canal Co., having plans prepared, extending Encinal Ditch, to irrigate 10,000 acres, 7 mi. long, concrete lined; also 5 mi. extension to "C" Line Ditch. N. Ware, Gridley, ch. engr. Noted June 29.

Calif., Paradise — Paradise Irrigation Dist. soon takes bids laying about 13,000 lin.ft. of 36 in. pipe line, and several thousand feet distributing mains, mostly 4 in. $70,000.

Ont., Prairie Siding—Kent Co., Chatham, plans drainage pumping system incl. pumphouse, pumps, etc., to replace one destroyed by fire. $28,000. Prices wanted on equipment. J. Gosnell, County Bldg., Chatham, engr.

Ont., Queenston—Hydro Electric Power Comn., University Ave., Toronto, plans 20 mi. canal, 80 ft. wide from here to Niagara Falls, generating 1,000,000 additional hp. $100,000,000. F. A. Gaby, University Ave., Toronto, ch. engr.

BIDS RECEIVED

R. I., Providence—Bd. Contract and Suppy, opened bids Aug. 21, excavating and filling at Municipal Wharf, Fields Point, 70,000-80,000 cu.yd. dry excav., from Wilson & English, 50 Church St., New York City, $0.3125 per cu.yd. (steam shovel); Briggs Eng. and Constr. Co., 710 Union Trust Bldg., $0.32 per cu.yd. (steam shovel), $0.24 per cu.yd. (hydraulic); W. Aubin, Woonsocket, $0.3475 per cu.yd. (steam shovel). Engrs. est. $25,000.

Streets and Roads

PROPOSED WORK

Rhode Island—State Bd. Pub. Roads, Providence, plans improving 1⅓ mi. Smithfield and Branch Aves. from Pawtucket line to Central Falls line, in Lincoln; 2⅓ mi. Apponang Rd. from Pawtuxet to Norwood, in Warwick; 1⅜ mi. Ten Rod Rd. from Wickford Junction to Collation Corners, in North Kingstown; 1⅓ mi. Child St., in Warren; 6 mi. Putnam Pike, in Gloucester; 2½ mi. road from Usquepang to West Kingston, in South Kingstown; all 18 ft.

N. Y., Niagara Falls — Rejected bids opened Aug. 1, paving James Ave. from Lewiston Rd. to Washington St., also Whitney Ave. from 22nd to 24th Sts., sheet asphalt, vertical fibre brick or warrenite bitulithic.

N. Y., Rochester—Plans paving Versailles Rd., warrenite bitulithic. $44,300, Navarre Rd., bithulithic, $17,900, Alcazar St., bitulithic, $9,400, Industrial St., asphalt, $30,000, Oak St., asphalt, $13,700, North Union St., asphalt, $16,600, Parsells Ave., asphalt, $2,600, Burkhard Pl., asphalt, $6,500; widening Field Rd., $20,000, Lawn St., $26,000; extending Almira St., $5,000; resurfacing Phelps Ave., asphalt, $4,500, Oak St., asphalt, $5,500; grading, laying sidewalks and sewers in Riddle St., $8,540, Taft St., $1,090; Rosewood Terrace, $1,000. C. A. Poole, city engr.

N. J., Mays Landing—Atlantic Co. rejected bids opened Aug. 9, reconstructing Sect. 6 of Route 14, Hamilton Twp., 8,123 sq.yd. warrenite bitulithic on concrete. Will readvertise. A. H. Nelson, 636 Guarantee Trust Bldg., Atlantic City, co-engr. Noted July 27.

Pa., Beaver—Soon takes bids paving and curbing Elliott Ave., probably brick. $60,000. A. W. Anderson, Municipal Bldg., Engr.

Pa., Pittsburgh—Plans grading, paving and curbing South Murtland and Bryant Sts., 38 and 44 ft., $26,000; Edgerton Ave. from South Dallas to Lloyd Sts., 44 ft., $25,000.

Pa., Taylor—Plans grading, paving and curbing, $24,000; improving sewerage system, $9,000; swimming pool and other improvements to park, $2,000.

North Carolina—State Hy. Comn., Raleigh, soon takes bids extending road 1⅓ mi. between Sanford and Jonesboro, State Project 446, Lee Co., 18 ft., 3,000 cu.yd. excav., 15,800 sq.yd. concrete or asphaltic paving. C. M. Upham, state highway engr.

N. C., Hendersonville—Henderson Co. plans constructing secondary and lateral roads or main highway from Buncombe Co. line to South Carolina line. $590,000. W. T. Bane, Route 3, Chn. Co. Hy. Comn.

N. C., High Point—Plans opening up, grading and paving new street connecting Jordan and Rankin Sts., also bridge over Southern Ry. $35,000.

N. C., Louisburg—Plans concrete paving various streets. $25,000. M. S. Davis, Louisburg, engr.

N. C., Maxton—Plans concrete or asphaltic paving various streets. $50,000. Mees & Mees, Charlotte, (street address not available), engrs.

Fla., Clearwater—Bd. Comrs. Pinellas Co., rejected bids which were to be opened Aug. 17, improving Haines Rd., as bond issue was defeated. C. E. Burleson, Clearwater, engr. Noted Aug. 10.

Ohio—Dept. Highways and Pub. Wks., Columbus, rejected bids opened Aug. 11, grading, bridging and paving 6.322 mi. Sect. "L" Mt. Gilead-Mansfield Rd., Morrow Co., Kentucky rock asphalt, bituminous concrete or rein.-con. Noted Aug. 17.

O., Youngstown—Plans cement sidewalks on 17 streets. $25,000. I. Turner, city engr.

Indiana—State Hy. Comn., Indianapolis, rejected bids surfacing 8.877 mi. French Lick Rd., 16 ft., Dubois Co., 95,627 sq.yd. concrete on concrete, 135,428 cu.yd. earth excav., 84,149 lb. steel. $114,240. Will readvertise. Noted Aug. 3.

Indiana—State Hy. Dept., Indianapolis, plans hard surfacing 11.2 mi. State Rd. 6, Marion Co.; 8 mi. State Rd. 10, and 7 mi. State Rd. 4, Vanderburg Co.; 11.5 mi. State Rd. 1, St. Joseph Co.; 26 mi. State Rd. 1, Jackson Co.; 12 mi. State Rd. 2, Allen Co.; 24 mi. State Rd. 1, Hamilton Co. All 16 ft. C. Gray, state engr.

Michigan—State Hy. Dept., Lansing, soon takes bids grading and gravel surfacing 12 mi. Federal Aid Project 80, Sects. A and B, 18 ft., Machinac Co. F. F. Rogers, state highway comr.

Wis., Edgerton—Making plans paving 1.1 mi. Albion Rd., Victoria and Randolph Sts., 28 ft., one course rein.-con., concrete curb and gutter, $30,000. A. W. Ely, 29 West Milwaukee St., Janesville, Engr.

Ia., Albia—Rejected bids opened Aug. 21 for 11,000 sq.yd. paving and 3,200 lin.ft. curb and gutter. Will revise plans. $30,000. M. G. Hall Co., Centerville, engrs. C. C. Atchison, clk. Noted July 20.

Ia., Ft. Dodge—Making plans paving 11 blocks 11th Ave. S., between 10th St. and Central Ave., 7th St. S.W., between 11th Ave. and 7th St. viaduct. $40,000. H. C. Reynolds, city engr.

Minn., Waseca—Waseca Co. rejected bids opened Aug. 22, 11 mi. State Rd. 3, Job 2205, 13,800 c.yd. gravel surfacing. Noted Aug. 10.

Kan., Ft. Scott—Plans paving National Ave. section of Judson, Cranford and Main Sts. $28,252. N. Welsh, city engr.

Neb., Lincoln—Passed ordinance paving in Dist. 507, about 30 blocks. G. W. Bates, city engr.

N. D., Hillsboro—Plans paving 10 blocks. $30,000. N. G. Nyhus, city aud.

Tex., Alpine—Brewster Co. to vote on $300,000 bonds Sept. 16, grading and gravel surfacing 80 mi. State Highway 12. J. M. Pouncey, secy.

Tex., Clarksville—Red River Co. making plans grading and graveling 14.2 mi. State Highway 5 extending from Clarksville to Paris, 12 ft. $122,435. J. B. Rieman, co. engr.

Tex., Johnson City—Blanco Co. making plans grading, gravel and adobe surfacing building structures and five 20 ft. bridges, on 8.71 mi. Austin Fredericksburg Highway, East from Killespie Co. line, 16 ft., $61,842. M. W. Schofield, co, engr.

Tex., Johnson City—Blanco Co. making plans grading, gravel and adobe surfacing, etc., incl. 2 bridges on 6 mi. State Highway 20-A, between here and Hays Co. line. 16 ft. $40,713. M. W. Schofield, co. engr. Noted July 6.

Tex., Laredo—Webb Co. making plans grading, surfacing with bituminous macadam, and building steel and concrete structures on 23 mi. Laredo-Mirando City Pike, 16 ft., $150,000. E. J. Foster, Laredo, engr. Noted May 25.

Tex., Richmond—Fort Bend Co., preparing plans grading and surfacing 10.4 mi. State Highway 19 between Bragoria and Harris Counties, 18 ft., gravel with 1 in. bituminous topping. $150,000. C. H. Kendall, co. engr.

Wash., Port Townsend—Jefferson Co. soon receives bids reconstructing 1 mi. Olympic Highway from Brinnon eastward, incl. bridge across Dosewallips. $70,000. C. L. Peach, Port Townsend, engr.

Calif., Berkeley—Had plans prepared improving Telegraph Ave. from south city limits to Dwight Way, 21,400 sq.ft. grading, 202,700 sq.ft. 5 in. asphaltic concrete base wth 2 in. asphaltic concrete surface, 9,340 ft. concrete curb and gutter, 2 concrete catchbasins. C. L. Huggins, city engr.

Calif., Fresno—Had plans prepared improving N. St. and Butler Ave. between Stanilaus and O Sts., 322,910 sq.ft. grading, 300,220 sq.ft. asphaltic pavement, 21,785 sq.ft. concrete gutter, 11,968 lin.ft. concrete curb, 5,418 sq.ft. cement walks, 819 lin.ft. corrugated metal culvert, 12 manholes. W. Stranahan, city engr.

Calif., San Francisco—City and San Francisco Co. having plans prepared grading and paving north section Sloat Blvd. between 19th and 35th Aves. $54,000. M. M. O'Shaughnessy, city engr.

Calif., Santa Rosa—Sonoma Co. rejected bids 1.71 mi. Two-Rock-Tomales Rd., 3,500 cu.yd. excav., 1,340 cu.yd. crushed rock, 16,070 sq.yd. asphaltic surfacing; 1.5 mi. Dry Creek Rd., 4,000 cu.yd. excav., 1,340 cu.yd. crushed rock, 15,800 sq.yd. asphaltic surfacing. Work will be done by day labor. R. P. Smith, co. surv.

Ontario—Provincial Hy. Dept., Toronto, plans 6 mi. concrete highway between Lambeth and Talbotville, Elgin and Middlesex Counties. $400,000.

BIDS DESIRED

Conn., Stratford—Sept. 8, constructing Telford Rd. on West Broad St. between Barnum and Linden Aves., R. H. Hunter, town mgr.; adv. this issue.

N. Y., Buffalo—Sept. 5, by Bd. Supervs. Erie Co., City and County Hall, paving 5,200 ft. Lake Rd. 98 (Angola on Lake). 20 ft., 6,400 lin.ft. concrete curb, 9,300 cu.-yd. dry earth excav. and 12,100 sq.yd. concrete. To exceed $25,000. G. C. Diehl, Ellicott Sq. Bldg., engr.

SEARCHLIGHT SECTION

OFFICIAL PROPOSALS

Copy: Official Proposals reaching our New York Office by 10 A. M., Tuesday can usually be printed in the issue out Thursday.

Rate:
40 Cents a Line an Insertion

Plans and Specifications for inspection by distant bidders may be filed at any of the Engineering News-Record offices without charge.

THESE ADVERTISEMENTS ARE OFFICIAL NOTICES THAT BIDS ARE WANTED FROM BIDDERS EVERYWHERE.

OFFICIAL PROPOSALS

Bids: Sept. 23.

Sewers

Bloomington, Ill.

Sealed bids will be received by the Trustees of the Bloomington and Normal Sanitary District, at 404 Unity Building, Bloomington, Illinois, up to 10 o'clock a.m., September 23, 1922, for the construction of the following work of the District.

Division Street Sewer Extension, consisting of:

820 feet of 18 inch Vitrified Pipe Sewer.
12 feet of 18 inch Cast Iron Pipe Sewer.
2 Manholes.
1 Overflow Chamber.
1 Headwall.

And the Valley Sewer Overflow Chamber, requiring 37 cubic yards of reinforced concrete.

All bids must be on forms prescribed by the Trustees, and bidding blanks may be obtained from Taylor & Woltmann, 428 Unity Building, Bloomington, Illinois, engineers for the District.

Plans, profiles and specifications for the work may be obtained from the engineers.

All bids must be accompanied by a check for 10 per cent of the amount of the bid certified by a responsible bank, payable to John W. Harber, president of the Board of Trustees.

The Trustees reserve the right to reject any and all bids.

Dated Bloomington, Illinois, August 22, 1922.

JOHN W. HARBER,
FRED D. BARBER,
JOHN J. CONDON,
Trustees, Bloomington and Normal Sanitary District.

Bids: Sept. 14.

Water Main Extensions

Mineola, N. Y.

Sealed proposals will be received by the Board of Trustees of the Village of Mineola of the Town of North Hempstead, Nassau County, New York, at the Village Hall, Main St., Mineola, N. Y., until 8 o'clock p.m. (daylight saving time), September 14, 1922, and then publicly opened and read for furnishing and installing water mains in accordance with plans and specifications prepared by S. B. Bowne, Village Engineer.

Plans and specifications are on file at the office of the Engineer, Post Office Building, Mineola, N. Y.

All inquiries must be addressed to the Engineer.

Each bidder must accompany his proposal with a certified check or its equivalent in the amount of Three Thousand Dollars, which deposit to be forfeited to the Village of Mineola in case such bidder shall refuse to enter into a contract in accordance with his proposal, which deposit will be returned to the unsuccessful bidder immediately following the award of the Contract.

The successful bidder will be required to enter a contract for the performance of the work as may be awarded to him or them accompanied by a bond of an approved Surety Company for not less than one half (½) the total amount of the Contract Price.

The right is reserved to reject any or all bids, or accept any bid, or bids, or any portion of any bid.

BOARD OF TRUSTEES,
Village of Mineola.
CHARLES F. QUINN,
Clerk.

OFFICIAL PROPOSALS

Bids: Sept. 11.

Sanitary Sewers

Madisonville, Ky.

Sealed proposals will be received by the Board of Public Works of the City of Madisonville, at the office of the City Clerk for constructing a system of Sanitary Sewers in and for the City of Madisonville, Ky., until one o'clock P.M., September 11, 1922, at which time they will be opened and publicly read.

The work consists of furnishing all labor, material and equipment of all kinds necessary for the construction of approximately 9.2 miles of sanitary sewers, in sizes from 8 in. to 12 in. with all necessary appurtenances complete in accordance with the plans and specifications on file, at the office of the Engineers and the City Clerk.

Each bill must be accompanied by a certified check in the amount of $3,000.00 or an acceptable bidder's bond and drawn in favor of the City Treasurer of Madisonville, Ky.

A bond in the amount of fifty (50) per cent of the contract price will be required for the faithful performance of the work.

Copies of plans and specifications may be seen at the office of the City Clerk of Madisonville, or may be obtained from the Engineers on deposit of ten ($10.00) dollars which will be returned if a bona fide bid is made.

The City reserves the right to reject and and all bids.

F. P. STUM,
Chairman Board of Public Works.
W. J. DUHN,
Secretary Board of Public Works.
HOWERTON-TIRSWAY CO.,
Engineers,
Asheville, N. C.

Bids: Sept. 9.

Concrete Reservoir and Laying of Pipe

Voorheesville, N. Y.

Notice is hereby given that sealed proposals will be received by the Board of Trustees of the Village of Voorheesville, N. Y., at their office in the "Hose House," in the village of Voorheesville, N. Y., until three (3:00) o'clock P.M. (daylight saving time), on the ninth (9th) day of September, 1922, for the construction of a concrete reservoir and hauling and laying of about three and one-half (3½) miles of eight (8 in.) inch Class "B" cast iron water pipe and appurtenances.

All proposals must be made upon printed forms, to be obtained from the engineer; and the unit prices written in words and figures, and accompanied by cash or a certified check, made payable to the Village of Voorheesville, N. Y., for one thousand ($1,000.00), Dollars.

All proposals must be enclosed in a sealed envelope, directed to the Board of Trustees, Village of Voorheesville, N. Y., and endorsed upon the outside of the envelope "Proposal for Water System."

The Board of Trustees reserves the right to reject any or all proposals.

By order of the Board of Trustees of the Village of Voorheesville, New York.

GILBERT H. DARING,

2 special X-ings.
1 junction manhole.
right of way.

All work to be done under the direction and supervision of the City Manager and according to plans and specifications on file in the office of the City Engineer.

Bidders will be required to enclose certified check in the amount of $5,000.00 with each bid as a guarantee of good faith.

Plans and specifications may be procured from P. L. Brockway, City Engineer, upon a deposit of $10.00 being made.

Commissioners reserve the right to reject any and all bids.

E. S. WORRELL,
City Clerk.

Bids: Sept. 11.

Submerged Intake Crib

Monroe, Mich.

Sealed proposals will be received by the City Clerk of Monroe, Mich., up to 7:30 o'clock p.m., eastern standard time, of the 11th day of September, 1922, for the construction and placing of a new submerged water intake crib to be located in Lake Erie near the existing waterworks intake crib.

The crib will be approximately 28 feet square, constructed of timber, floated to the site, sunk into position, and anchored by concrete deposited under water.

The plans and specifications under which the work is to be done may be examined at the office of the City Clerk, Monroe, Michigan, or at the office of Hoad, Decker, Shoecraft and Drury, Consulting Engineers, Ann Arbor, Michigan. Copies of the plans and specifications may be obtained by making a deposit of five dollars which will be refunded upon their return in good condition or their use in a submitted proposal.

A certified check for a sum not less than five per cent of the amount of the proposal will be required with each proposal.

The right to accept any proposal, to reject any or all proposals, and to waive defects in proposals is reserved by the City.

J. H. GILMORE, Mayor.
F. M. KRESSBACH, City Clerk.
HOAD, DECKER, SHOECRAFT & DRURY,
Consulting Engineers, Ann Arbor, Mich.

Bids: Sept. 5.

Repairs to Dam No. 537

Beacon, N. Y.

Sealed proposals will be received by the City Council at its office No. 525 Main Street, Beacon, N. Y., on or before eight (8) o'clock P. M., Daylight Saving Time, Tuesday, September Fifth (5th), 1922, for repairs to Dam No. 537, South Mountain, Mt. Beacon Reservoir, Beacon, N. Y., which proposals will be opened by the Mayor or presiding officer on that day and time or on such subsequent day as the council may adjourn for that purpose.

No proposal shall be considered unless accompanied by the written consent of two sureties, conditioned that if the proposal be accepted, they will execute and deliver a bond with the bidder in a penalty to be fixed by the council conditioned for the construction of the work at the price and upon the terms proposed, according to the plans and specifications therefor, within such reasonable time as the council may limit, and subject to the supervision and approval of the commissioner of public works as the specifications shall provide.

Prospective bidders are requested to visit the site of the proposed work in order to satisfy themselves as to the scope and hazards of the work.

Plans and specifications, form of proposal, bond and contract may be obtained at the office of the city, No. 525 Main Street, Beacon, New York, or at the office of George W. Krieger, Jr., Consulting Engineer, Poughkeepsie, N. Y. upon the deposit of $15.00, which amount will be refunded upon the return of the plans and specifications in good condition.

Quantities of work to be done are approximately as follows:

PROPOSAL TO THE
CITY COUNCIL OF THE CITY OF
BEACON, DUTCHESS COUNTY, N. Y.

Quantity	Unit of Measure	Item
900	Cubic Yds.	Concrete 1:2:4
3,400	Pounds	Reinforcing bars 1½ in.
3,700	Pounds	Reinforcing bars 1 in.
5,200	Pounds	Reinforcing bars ½ in.
1,100	Lin. Ft.	Drains, Wrought Iron Pipe, 4 in. or smaller
250	Lin. Ft.	2 in. holes drilled in rock
80	Lin. Ft.	1½ in. holes drilled in rock
1,000	Lin. Ft.	1½ in. holes in old masonry
350	Cubic Yds.	Rock Excavation

SEPARATE BID FOR UPSTREAM WORK
(This work may or may not be required)

6,000 Gunite
3,900 Triangular wire mesh 0.65 lb. sq.ft.

The proposal shall be accompanied by a certified check drawn upon an incorporated State or National Bank or Trust Company in good credit, within this State, payable to the order of the City of Beacon for five per cent of the amount of the bid. The successful bidder will be required to give a satisfactory bond for the faithful performance of the agreement in amount equal to fifty per cent of the value of the contract.

The City Council of the City of Beacon reserves the right to reject any or all bids.

By order of the City Council of the City of Beacon.

MARCUS G. MAC LAUGHLIN ,
Commissioner of Public Works.

Bids: Sept. 7.

Sewerage Pumping Station

Philadelphia, Pa.

Sealed proposals will be received at Room 216, City Hall, until 12 o'clock noon on Thursday, September 7, 1922 and opened at that time in Room 216, City Hall, for Southwest Sewage Pumping Station—40th Ward Lowland Drainage:

Contract No. 1—Sub-Structure and Superstructure.

Contract No. 2—Mechanical Equipment.

Contract No. 3—Electrical Equipment.

Contract No. 4—Plumbing System.

Contract No., 5—Heating and Ventilating Systems.

Inquire at Room 416, City Hall.

FRANK H. CAVEN,
Director.

Bids: Sept. 28.

Sewage Treatment Plants and Appurtenances

Lake Forest, Ill.

Sealed proposals endorsed "Proposal for Sewage Treatment Plants and Appurtenances" will be received by the Board of Trustees of the North Shore Sanitary District of Lake County, Ill., at its office at Room 295, Anderson Building, Lake Forest, Illinois, until 10 o'clock a.m. (daylight time) on the 28th day of September, 1922, and will then be publicly opened and read.

The work for which proposals are invited includes the construction of two sewage treatment plants comprising pumping stations, settling tanks, sludge beds, sprinkling filters, earth-work and all appurtenances in accordance with plans and specifications on file in the offices of the Board of Trustees in Lake Forest, Ill., and of the Consulting Engineers, Pearse, Greeley & Hansen, 39 W. Adams Street, Chicago, Illinois.

The plants to be built are located at the Lake in Highland Park in Deerfield Township at the foot of Park Avenue and in Lake Bluff in Shields Township at the foot of Prospect Avenue, Lake County, Illinois. Each proposal must contain the full name of every person or company interested in the same, and must be accompanied by cash or a certified check on a State or National Bank in good standing, made payable to the order of the President of the Board of Trustees of the North Shore Sanitary District of Lake County, Illinois, in amount as follows:

Division A	$2,500
Division B	2,000
Both divisions	4,000

The amove sums shall be a guarantee that if a proposal is accepted a contract will be entered into and its performance secured.

All proposals must be made upon blank forms furnished by the Sanitary District and in accordance with the "Requirements for Bidding and Instructions to Bidders" attached thereto.

The Board of Trustees of the Sanitary District reserves the right to reject any or all bids waive or not waive any informality in the bids received and to accept or reject such items and divisions of the work as it deems most favorable to the Sanitary District.

Requirements for bidding, instructions to bidders, form of proposal, contract, specifications, form of bond and plans may be obtained from the Clerk of the Sanitary District at Lake Forest or at the offices of the Consulting Engineers in Chicago upon deposit of fifteen dollars ($15), which sum so deposited will be refunded if said plans, specifications, etc., are returned in good condition within thirty (30) days after the opening of bids.

Dated this 15th day of August, A. D. 1922.

NORTH SHORE SANITARY DISTRICT,
LAKE COUNTY.
BY JOHN OLIVER, President
Its Board of Trustees.
ATTEST: A. F. BEAUBIEN, Clerk.

Bids: Sept. 25.

Sewage Pumping Equipment

Hackensack, N. J.

The Hackensack Improvement Commission, the governing body of the City of Hackensack, Bergen County, New Jersey, requests proposals for the following, to wit:

Contract No. 3—For furnishing pumping equipment, consisting of A. B. Wood patent trash pumps; motors and switchboards to be installed in the structures to be built for the City of Hackensack under another contract, which contract is known as Contract No. 1.

The foregoing equipment is more completely described and set forth in the plans and specifications on file with Lemuel Lozier, Engineer of the Commission, and with the clerk of the Commission.

The plans and specifications, information for bidders, forms of proposals and contracts, forms of bonds required and other information can be seen at the office of Lemuel Lozier, Engineer of the Commission, Room 3, Bank Building, Main and Mercer Streets, Hackensack, New Jersey; copies of such plans and specifications may be obtained by bidders on making a deposit of $100.00, which deposit will be refunded upon the return of the plans and specifications in good condition.

The contract will be let to the lowest responsible bidder, subject to the right of the Commission to reject any and all bids.

All bids must be made on the form of proposal to be obtained from the Engineer of the Commission, and must give the prices both in writing and in figures, and must give such other information and be signed in the manner indicated on the form of proposal. Each bid submitted for Contract No. 3 must be accompanied by a certified check for $1,000, payable to the "Hackensack Improvement Commission."

Checks of the unsuccessful bidders will be returned immediately upon the award of the contract. The check of the successful bidder will be returned to the bidder upon the execution of the contract and the furnishing of the bonds required, within ten days after the date of the award thereof, or within such extended time as may be determined by the Commission. In case of failure to execute the required contract, and furnish the required bonds within such time, such check shall be forfeited to the Hackensack Improvement Commission as liquidated damages.

The proposals herein required for Contract 3 shall be presented to the Hackensack Improvement Commission, at the Municipal Building, 346 State Street, Hackensack, Bergen County, New Jersey, on Monday, the twenty-fifth (25) day of September, 1922, at 8 P.M. daylight saving time, 7 P.M. standard time.

No bids will be received prior to said hour and none thereafter. The proposals shall be submitted in sealed envelopes or packages.

The proposals shall be endorsed as follows:

"Proposals for pumping equipment Contract No. 3."

THE HACKENSACK IMPROVEMENT
COMMISSION,
By SPENCER D. BALDWIN, Mayor.
WILLIAM SCHAFF, Clerk.

Bids: Sept. 6.

Concrete Spillway and Flume

Waterville, N. Y.

Sealed proposals will be received by the Board of Water Commissioners, Waterville, N. Y., until 8 p.m., Wednesday, Sept. 6, 1922, Eastern Standard Time, for the construction of a concrete spillway and reinforced concrete flume. Plans may be seen at the office of the Clerk of the Board, Waterville, N. Y., or at the office of the Engineer, James P. Lawyer, 712 Washington St., Utica, N. Y., or will be mailed upon deposit of $5, which will be refunded on return of the plans. Proposals must be made upon blanks furnished by the Board. A certified check of 5 per cent of the bid must accompany each bid as a guarantee of good faith. The work must be completed on or before the first day of November, 1922. The Board reserves the right to reject any or all bids. Proposals must be sealed and addressed to Earl J. Conger, Clerk, Board of Water Commissioners, Waterville, N. Y., and marked on the outside of envelope enclosing them "Proposal for Concrete Spillway and Flume."

EARL J. CONGER, Clerk
P. NEWELL LEWIS,
M. L. CONDON,
PATRICK WELCH,
Board of Water Commissioners.

Bids: Sept. 14.

Bids: Sept. 6.

State Highway Work

Freehold, N. J.

Notice is hereby given that sealed bids will be received by the County of Monmouth for the following:

Construction of State Highway Route No. 4, Section No. 5A, Maple Avenue, Red Bank, estimated amount of sheet asphalt surface on a portland cement concrete foundation is 27,307 square yards.

Work is to be performed under County Reimbursement Act, Chapter 183, laws of 1918, and amended by Chapter 317, laws of 1920.

Bids will be received at the Court House at Freehold, N. J., on Wednesday, September 6th, 1922, at 11:00 M. Daylight Saving Time.

Drawings, specifications and form of contract and bond for the proposed work are on file in the office of George K. Allen, Jr., County Engineer, at Red Bank, N. J., and in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of ten dollars ($10.00) upon application to George K. Allen, Jr., County Engineer. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications, enclosed in sealed envelopes, addressed to the Board Chosen Freeholders of the County of Monmouth and bearing the name and address of the bidder and the name and section of the route on the outside. Bid must be accompanied by a certified check drawn to the order of C. Asa Francis, County Treasurer, for not less than ten per cent (10 per cent) of amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00, and be delivered at the above place on or before the hour named. Copies of the standard proposal form will be furnished on application to George K. Allen, County Engineer.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a statement of equipment properly filled out.

By order of a resolution of the Board of Chosen Freeholders of the County of Monmouth passed at a meeting held on Wednesday, May 24th, 1922.

WILLIAM A. STEVENS.
Clerk.

Bids: Sept. 18.

Highway Route No. 16
Section No. 4

Somerville, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the County of Somerset for the following: The construction of State Highway Route No. 16, Section No. 4, from Pluckamin to Somerville, consisting of 67,749 Square Yards "Surface Type C," one course Reinforced Cement Concrete Pavement, with Drains and Appurtenances.

Work is to be performed under County Reimbursement Act, Chapter 183, laws of 1918, and amended by Chapter 317, laws of 1920.

Bids will be received at the Court House at Somerville, on
FRIDAY, SEPTEMBER 8th, 1922,
at 11:00 a.m., Daylight Saving Time (10 A.M. Eastern Standard Time).

Drawings, specifications and form of contract and bond for the proposed work are on file in the office of H. C. Van Emburgh, County Engineer, at the Court House, Somerville, and in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of ten dollars ($10.00) upon application to H. C. Van Emburgh, County Engineer. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications, enclosed in sealed envelopes, addressed to the Board of Chosen Freeholders of the County of Somerset, and bearing the name and address of the bidder and the name and section of the route on the outside. Bids must be accompanied by a certified check drawn to the order of Edwin Garretson, County Treasurer, for not less than ten per cent (10 per cent) of amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form will be furnished on application to H. C. Van Emburgh, County Engineer.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a statement of equipment properly filled out.

By order of a resolution of the Board of Chosen Freeholders of the County of Somerset, passed at a meeting held on Friday, August 4, 1922.

WM. S. WOODRUFF,
Clerk.

Bids: Sept. 8.

Highway Work

Stratford, Conn.

Notice is hereby given that sealed bids will be received by the Town of Stratford up to September 8, 1922, at 3 p.m., for the construction of a Telford road on West Broad Street between Barnum Avenue and Linden Avenue, as more particularly shown on plans on file in the office of the Director of Public Works at Stratford, Connecticut.

Plans and specifications will be furnished upon deposit of $5. Bids are to be for the job complete and are to be in sealed envelopes addressed to the Town Manager, Town Hall, Stratford, Connecticut. The bidders name must appear on the outside of the envelope, and the bid must be accompanied by a certified check of 10 per cent of the amount of the bid, drawn to the order of Mr. J. C. Wilcoxson, Director of Finance, Town of Stratford.

Each bidder must accompany his bid with a certificate from a surety company, duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in accordance with provisions of specifications.

The Town reserves the right to reject any or all bids or to accept one not the lowest if it is deemed for the best interests of the Town to do so.

R. H. HUNTER,
Town Manager.

OFFICIAL PROPOSALS

Bids: : Sept. 25.

Spavinaw Water Supply Project

Tulsa, Okla.

Sealed proposals for the construction of the major portion of the Spavinaw Water Supply Project for the City of Tulsa, Oklahoma, will be received by the Water Commission of the City of Tulsa, and may be filed at the office of the City Auditor, City Hall, Tulsa, Oklahoma, until 3:00 p.m. Monday, September 25th, 1922, and will be opened and publicly read immediately thereafter at a regular meeting of the Water Commission of the City of Tulsa at 3:00 p.m., Monday, September 25, 1922. Proposals will be received on the following contracts:

Contract No. 1 Telephone Line.
Contract No. 2 Clearing Site of Spavinaw Lake.
Contract N. 3 Spavinaw Dam.
Contract No. 4 60 in. Reinforced Concrete Pipe.
Contract No. 5 Tunnel and Approaches.
Contract No. 6 54 in. Reinforced Concrete Pipe.
Contract No. 7 Mohawk Reservoir.
Contract No. 8 Furnishing Cast Iron or Steel Pipe and Specials.
Contract No. 9 Furnishing Gate Valves.
Contract No. 10 Laying Cast Iron or Steel Pipe.
Contract No. 11 High Pressure Reservoir.

After the reading of the bids on these contracts they will be immediately considered, but in no event will any contract or contracts be awarded earlier than forty-eight (48) hours thereafter.

The principal quantities are approximately as follows:

DAM: Concrete, 79,000 cubic yards.
Earth embankment, 182,000 cubic yards.
PIPE: 28 miles of 60 in. and 25 miles of 54 in. pre-cast reinforced concrete pipe.
Earth Excavation in trench, 310,000 cubic yards.
Rock Excavation in trench, 26,000 cubic yards.
TUNNEL: 7,000 ft. 84 in. Tunnel.
3,050 ft. 84 in. monolithic concrete conduit.
MOHAWK RESERVOIR: 300,000 cubic yards earth embankment.
REINFORCED CONCRETE HIGH PRESSURE RESERVOIR OR RESERVOIRS: 10,000,000 gal. aggregate capacity; 10,000 ft. 36 in. Cast Iron or Steel Pipe; 6,000 ft. 30 in. Cast Iron or Steel Pipe; 8,000 ft. 20 in. Cast Iron Pipe. Specials and Valves.

Each proposal must be accompanied by a certified check on any reputable bank or trust company, payable without reserve to the City of Tulsa, Oklahoma, for five per cent (5%) of the amount of the bid.

All proposals must be made on blank forms furnished by the City of Tulsa and in accordance with the "Requirements for Bidding and Instructions to Bidders."

Proposals may be tendered on one or more contracts or on all of the contracts, but any proposal must include all items under the contract or contracts for which bid is tendered.

Plans, Specifications and Requirements for Bidding and Instructions to Bidders are on file at the Office of the Water Commission at the City Hall and may be seen at the office of Trammell and Holway, Engineers on the Spavinaw Water Supply Project, 329 Kennedy Building, Tulsa, Oklahoma, or at the office of Dabney H. Maury, Consulting Engineer for the said Project, 1445 Monadnock Block, Chicago, Illinois. Complete plans and specifications will be furnished by the Engineers or by the Consulting Engineer, upon the deposit of $50.00 by check payable to Trammell and Holway. Upon return of the plans and specifications in good condition within a reasonable time after the awarding of the contracts, $30.00 will be refunded. Proportionate deposit and refund may be arranged for if bidder desires only parts of the plans.

The Water Commission reserves the right to reject any bid or bids, or all bids, and to waive any informalities.

DABNEY H. MAURY,
Consulting Engineer,
Chicago, Ill.

OFFICIAL PROPOSALS

Bids: Sept. 5.

Street Paving and Storm Sewer

Highland Park, N. J.

Sealed proposals will be received by the Mayor and Borough Council of the Borough of Highland Park at the Borough Council Chambers, No. 10 North Second Avenue, Highland Park, New Jersey, on Tuesday, September 5, 1922, at 8 o'clock p.m., ordinance time (7 p.m. Eastern Standard Time) for the construction of pavements on the following streets, to wit: Montgomery Street, Johnson Street, Cedar Avenue, Adelaide Avenue, South Sixth Avenue. And for the construction of a storm sewer on Cedar Avenue.

The work will in general consist of about

5,890	Cu.Yds. of Excavation.
15,962	Sq.Yds. of One Course Reinforced Cement Concrete Pavement, 6″ in depth at the sides, and 8″ in depth at the center.
8,612	Lin.Ft. of Concrete Curbing, set integral with the pavement.
755	Lin.Ft. of 15″ Vitrified Pipe Storm Sewer.

All of said work to be done in accordance with the plans, profiles and specifications prepared by Raymond P. Wilson, Civil Engr., 46 Paterson Street, New Brunswick, N. J., which said plans, profiles and specifications have been adopted by the Borough Council of the Borough of Highland Park and are now on file at the office of the Borough Clerk, 10 North Second Avenue, Highland Park, N. J., where they may be seen by bidders or a set of the said plans, profiles and specifications can be secured from Raymond P. Wilson, Civil Engr., by depositing Five dollars ($5.00) which will be refunded upon the return of the plans, profiles and specifications in good condition within seven (7) days after the award of the contract. All bids must be on the form of proposal to be obtained from the said Raymond P. Wilson.

Each bidder must accompany his bid with a certified check for Four thousand dollars ($4,000.00) payable unconditionally to the Collector of the Borough of Highland Park, which said check must be presented with the bid as a guarantee that the bidder will within ten (10) days after receiving the award enter into and execute a contract for the faithful performance of the work to be done under said contract, and said bid must be in a sealed envelope and marked "Proposal for Concrete Pavement."

The successful bidder will also be required to furnish a Surety Company bond to the Borough of Highland Park in the full amount of the contract price for the faithful performance of the work to be done under said contract, said bond to be approved as to sufficiency and form by the Borough Attorney.

In case of failure to execute the contract and furnish the required bond within ten (10) days after due notice that the contract has been awarded to him, the successful bidder shall forfeit his deposit to the Borough of Highland Park as liquidated damages.

The right to reject any or all bids is reserved by the Mayor and Borough Council.

All of said work must be completed within sixty (60) working days.

Bids: Sept. 14.

Steel Super-structure

Nashville, Tenn.

Sealed bids will be received by the Department of Highways State of Tennessee, at Nashville, Tennessee, until ten o'clock a.m., Thursday, September 14, 1922, and opened publicly at that place and hour for the construction of the steel super-structure of Federal Aid Project 16, being a bridge over Cumberland River near Clarkesville, having 3 steel spans aggregating approximately 640 feet of span.

Plans and specifications are on file in the office of the Chief Engineer, Department of Highways, Nashville, Tennessee, in the office of the Division Engineer, Department of Highways, Nashville, Tennessee, and in the office of the Resident Engineer, Department of Highways, Clarksville, Tennessee.

D. Q. McCOMB,
Chief Engineer.

OFFICIAL PROPOSALS

Bids: Sept. 5.

State Highway Work

Trenton, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the State Highway Commission of New Jersey for the construction of the following:

Route No. 7, Section No. 1, Corlies Avenue, Neptune Township, Monmouth County, estimated amount of Warrenite Bitulithic surface on a Portland cement concrete foundation is 18,765 square yards.

Bids will be received at the office of the State Highway Commission at the Broad Street Bank Building, Trenton, New Jersey, on Tuesday, September 5th, 1922, at 11 A. M. STANDARD TIME, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to the State Highway Department, 9th floor, Broad Street Bank Building, Trenton, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1922 specifications, same to be inclosed in sealed special addressed envelopes bearing the name and address of bidder and the name and section of the route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the State of New Jersey for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500,00 or more than $20,000.00, and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelope will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this state, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Sept. 20.

Outfall Sewer

Manchester, N. H.

Sealed proposals, on blank forms attached to the specifications and furnished by the Surveyor of the Department of Highways, Manchester, N. H., addressed to the Surveyor, Department of Highways, Manchester, N. H., will be received until 4 o'clock P.M. (Daylight Saving Time), September 20, 1922, for furnishing all material and labor for the construction of an Outfall Sewer, together with connections, dry weather outfall, head wall, etc., as shown upon the plans and specified in the specifications adopted by the City of Manchester, through the Surveyor.

The bids must be accompanied by a certified check to the amount of 5% of the total amount of the bid, made payable to the Treasurer of the City of Manchester and said check must be submitted and inclosed with the Sealed Proposal.

Contract, Drawings, Specifications and other data are on file for inspection at the Surveyor's Office, City Hall, Manchester, N. H., and specifications and plans can be had by making a payment of $10 to the Surveyor.

The right is reserved to reject any and all bids and to waive any informality in the bids.

E. R. CONANT, Surveyor,
Department of Highways,
Manchester, N. H.
Manchester, N. H., August 30, 1922.

Bids: Sept. 6.

Cast Iron Main Sewer

Rye, N. Y.

Sealed proposals will be publicly opened by the Trustees of the Village of Rye, N. Y., at the Village Municipal Hall, at 8.15 p.m., September 6, 1922.

Said proposals to cover the construction (both materials and labor) of a cast-iron main sewer according to plans and specifications filed with the Village Clerk.

Copies of the plans and specifications may be obtained from him, or from the engineer, G. Everett Hill, 45 Seventh Avenue, New York City, upon payment of $15, of which amount $10 will be refunded upon return of all papers, in good condition, on or before September 10th, 1922.

Approximately the work consists of:

About 2,000 feet of 16-inch and about 1,540 feet of 18-inch cast-iron pipe (with manholes and fittings) laid partly on piles and partly on concrete piers.

Each bid must be accompanied by a certified check for $5,000, as a guarantee that the bidder, if his bid be accepted, will enter into contract and execute the required bond.

Each bid must be made on blank forms to be obtained from the Village Clerk or the Engineer.

The Village reserves the right to reject any or all bids.

The Board of Village Trustees.
WILLIAM H. SELZER,
Village Clerk.

G. EVERETT HILL, Engineer.
45 Seventh Ave., New York.

Bids: Sept. 9.

Storm Relief Trunk Sewers and Lateral Relief Sewers

Lima, Ohio.

Sealed proposals for the construction of Relief Trunk Sewers, Contracts No. 9 and 11, will be received at the office of the City Manager, Lima, Ohio, until 12 o'clock noon, Central Standard Time, Sept. 9th, 1922, and then will be publicly opened and read. The City reserves fifteen (15) days thereafter in which to act on the bids.

The work included under these contracts consists of construction, with all appurtenances, of Relief Trunk Sewers as mentioned above, a general summary of quantities follows:

Contract No. 9.

Total length of Sewer about 12,500 lineal feet, varying in size from 15 to 78 inches, all of Circular Section.

Contract No. 11.

Total length of Sewer about 27,000 lineal feet, varying in size from 12 to 78 inches, for Circular Sections, also two rectangular Sections 6 by 8 feet, and 8 by 9 feet, and a total length of 2,750 lineal feet, with all necessary appurtenances, special structures and manholes.

Copy of Plans, form of proposal, contract, bond and specifications, may be inspected at any of the following offices: Fuller & McClintock, 319 Summit Cherry Building, Toledo, Ohio, Fuller & McClintock, 170 Broadway, New York City; and B. F. Darling, Supervising Engineer, City Hall, Lima, Ohio.

Copies of plans and specifications with form of proposal, contract and bonds, may be obtained at the office of the Supervising Engineer, City Hall, Lima, Ohio. The following charge will be made for each set of plans and specifications:

Contract No. 9—Six Dollars ($6.00).
Contract No. 11—Seven Dollars ($7.00).

No charge will be made for proposal blanks, the above mentioned charge for Plans and Specifications, is a sale and not a deposit, no refund will be made, nor will plans and specifications be delivered unless the order is accompanied by a remittance.

The City Manager reserves the right to reject any or all bids, to waive any informalities in the bids and to accept any bid which is deemed most favorable to the interest of the City of Lima, Ohio.

C. A. BINGHAM,
City Manager.
B. F. DARLING,
Supervising Engineer.
Dated: August 19th, 1922.

Bids: Sept. 9.

Cast Iron Water Pipe and Appurtenances

Voorheesville, N. Y.

Notice is hereby given that sealed proposals will be received by the Board of Trustees of the Village of Voorheesville, N. Y., at their office in the "Hose House" in the Village of Voorheesville, N. Y., until three (3:00) o'clock p.m. (daylight saving time), on the ninth (9th) day of September, 1922, for the furnishing of about four hundred and fifty (450) tons of eight (8") inch Class "B" cast iron water pipe and appurtenances.

All proposals must be made upon printed forms, to be obtained of the engineer; and the unit prices written in words and figures, and accompanied by cash or a certified check, made payable to the Village of Voorheesville, N. Y., for five (5%) per cent of the amount of the proposal.

All proposals must be enclosed in a sealed envelope, directed to the Board of Trustees, Village of Voorheesville, N. Y., and endorsed upon the outside of the envelope "Proposal for Water Pipe or Appurtenances."

The Board of Trustees reserves the right to reject any or all proposals.

By order of the Board of Trustees of the Village of Voorheesville, N. Y.

GILBERT H. DARING,
Village Clerk,
Voorheesville, N. Y.

W. W. CHADSEY,
Civil and sanitary engineer,
434 State Street,
Schenectady, N. Y.

Bids: Sept. 6.

Canal Water Power Development

Albany, N. Y.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Wednesday, September 6th, 1922, at which place and hour they will be publicly opened and read, for the development of canal water power, pursuant to the provisions of Chapter 532 of the Laws of 1922, as follows:

A-3

CRESCENT POWER HOUSE,
COHOES, N. Y.

For constructing a power house and work incidental thereto, at Crescent Dam, Cohoes, N. Y.

Sheets 1 to 10 inclusive.

Plans may be seen and detailed specifications, engineer's estimate of quantity, proposal blanks forms of contract and bonds required, and other information for proposers, may be had at the office of the Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works for the Eastern Division, Wedgeway building, Schenectady, N. Y.; at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y.; at the office of the Assistant Superintendent of Public Works for the Western Division, at Rochester, N. Y.; at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bonds, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time, in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposit of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the State for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provde suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner, if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.

Bids: Sept. 11.

Reinforced Concrete Pavement

White Plains, N. Y.

Sealed bids or proposals for the improvement of Mamaroneck Avenue from Washington Square northerly to County Highway No. 1581 with reinforced concrete pavement, a distance of 1.24 miles in the Village of Mamaroneck, Westchester County, New York, will be received at the office of the Clerk of the Board of Supervisors, Court House, White Plains, N. Y., until 10 a.m., September 11, 1922 (Standard Time.)

Specifications, proposal sheets and all information relative to same may be procured at the office of the County Superintendent of Highways, Court House, White Plains, N. Y., upon making a deposit of Five Dollars ($5.00).

Ann Arbor, Michigan.

Bids: Sept. 19.

Sanitary Sewers

Hagerstown, Md.

Sealed proposals for building sanitary sewers in certain streets, alleys, rights-of-way secured and to be secured, and other localities in North and Central Hagerstown, will be received at the offices of The Sewerage Commission in Police Headquarters Building, until 7.30 p.m., Tuesday, September 19th, 1922, at which time and place, during the session of the Sewerage Commission, the proposals will be publicly opened and read.

The work to be done embraces the building of approximately 25,000 lineal feet of sanitary sewers, ranging in size from 18 inches to 8 inches with all manholes, foundations and appurtenances, also approximately 9,500 lineal feet 6-inch house connections and approximately 400 lineal feet 66-inch storm water sewer.

On and after September 2nd, 1922, specifications and blank forms of proposals can be obtained, and detailed plans examined at the offices of the Sewerage Commission, and a full set of plans will be sent to any contractor, on the receipt of $10.00, the same to be returned upon the surrender of the plans in good condition.

The Sewerage Commission of the city of Hagerstown reserves the right to reject any and all bids.

E. LEROY HEARD,
Countersigned: Secretary.
JOHN CARMICHAEL, Chairman.

Bids: Sept. 12.

Sewage Treatment Plant

Sebring, Ohio.

Sealed bids for the construction of a Sewage Treatment Plant will be received by the Village Clerk until 12 o'clock noon, on Sept. 12, 1922.

Plans and specifications may be seen at the office of the Clerk or may be obtained from Burgess and Niple, Engineers, 223 East Broad St., Columbus, Ohio, on deposit of ten dollars of which five dollars will be refunded on return of plans and specifications within ten days of receiving bids.

A bond or certified check in the sum of five per cent of the amount of the bid shall accompany the proposal.

The Village reserves the right to reject any and all bids, and to waive informalities.

The Village of Sebring, Ohio.
JAMES G. EARDLEY, Clerk.

U. S. ENGINEER OFFICE, SAVANNAH, Ga.—Sealed proposals will be received here until 12 noon, September 26, 1922, and then opened, for repairing training walls in Savannah Harbor, Ga. Further information on application.

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., August 23, 1922.—SEALED PROPOSALS will be opened in this office at 3 p.m., September 27, 1922, for construction of Officers' and Employees' Quarters for the United States Veterans' Hospital at Fort Bayard, N. M. Drawings and specifications may be obtained at this office in the discretion of the Supervising Architect. Proposals will be considered only from individuals, firms or corporations possessing satisfactory financial and technical ability, equipment and organization to insure speedy completion of the contract, and who have and who have established a record for expedition on contracts of similar character and magnitude. The fact that any concern obtains a set of the plans and specifications from any source whatever and submits a bid shall not constitute a waiver of the foregoing stipulations. Jas. A. Wetmore, Acting Supervising Architect.

SEALED PROPOSALS will be received and publicly opened by the Director of the U. S. Veterans' Bureau in the office of the Quartermaster General, Room 2306 Munitions Building, Washington, D. C., at 11 a.m., September 12, 1922, for the construction of a Veterans' Bureau Hospital at Northampton, Mass. Work includes construction of twenty-four (24) buildings, built of reinforced concrete and brick, complete with sewer, water and lighting systems, roads and walks (footings for nine buildings now under contract). Plans and specifications may be obtained after August 15th, upon deposit of $100, from the office of the Quartermaster General, Room 2312 Munitions Building, Washington, D. C., or from the office of the Constructing Quartermaster, Chamber of Commerce Building, Northampton, Mass. One set of plans and specifications will be on exhibition at the following stations: Office Constructing Quartermaster, 39 Whitehall Bldg., New York City; Office Constructing Quartermaster, Army Supply Base, Boston, Mass.; Office Quartermaster Supply Officer, Chicago, Ill.; Intermediate Depot, 1819 West Pershing Road, Chicago, Ill.; and Office Constructing Quartermaster, Scott Field, Belleville, Ill.

CONSTRUCTION OF TWELVE INCH FEED MAIN WATER LINE from Denver city limits to Fitzsimons General Hospital. —Proposals will be received by the Constructing Quartermaster, Fitzsimons General Hospital, Fitzsimons, Colorado, until 10 a.m., Sept. 22, 1922, and then opened for the construction of approximately two and one-eighth miles of twelve inch cast iron water main and appurtenances. Plans and specifications are on record at the Construction Service, Quartermaster Corps, Munitions Building, Washington, D. C., and may be obtained from the Constructing Quartermaster, Fitzsimons General Hospital, Fitzsimons, Colorado, upon deposit of $10.

U. S. ENGINEER OFFICE, Providence, R. I. Sealed Proposals will be received here until 11 o'clock a.m., standard eastern time, September 15, 1922, and then opened, for repairing of east jetty at entrance to Nantucket Harbor, Mass. Further information on application.

Maryland—Sept. 19, by State Rds. Commission, Baltimore, building state highway Carroll Co., Contr. CL-31, Baltimore City, Contr. BC-42, Anne Arundel Co., Contr. AA-27, Prince George Co., Contr. P-39, St. Marys Co., Contr. SM-21, Dorchester Co., Contr. D 28. J. N. Mackall, chn.; adv. this issue.

Virginia—Sept. 19, by State Hy. Comn., Richmond, paving 4.75 mi. Project 125-A; 4.6 mi. Project 160; 5.01 mi. Project 168; 6.43 mi. Project 173, 6.27 mi. Project 202. G. P. Coleman, comr.; adv. this issue.

N. C., Hillsboro—Sept. 12, by Mayor, paving 1 mi. road, 13,000 sq.yd. concrete or asphalt with necessary curbing, etc. $40,000. W. M. Piatt, Durham, engr. Noted July 21.

Ohio—Sept. 15, by Dept. Highways and Pub. Wks., Columbus, grading, bridging and paving roads in following counties:

Huron Co., Sect. "P" Columbus-Sandusky Rd., 3.551 mi., waterbound macadam, $39,154.

Perry Co., Sect. "S-1" Newark-New Lexington Rd., 1.22 mi., bituminous macadam, asphalt or tar, $35,318.

Stark Co., Sect. "D-2" and "E" Alliance-Minerva Rd., 3.96 mi., grading and drainage structures only, $37,642.

Tuscarawas Co., Sect. "A" Canton-Canal Dover Rd., 3 mi., grading and drainage structures only, $18,600.

Tuscarawas Co., Sect. "B" Canton-Canal Dover Rd., 2.299 mi., grading and drainage structures only, $19,349.

Tuscarawas Co., Sect. "E" Canton-Canal Dover Rd., 2.093 mi., grading and drainage structures only, $25,422.

Williams Co., Sect. "C" Stryker-Evansport Rd., 1.187 mi., grading and drainage structures only, $16,190.

Williams Co., Sect. "D" Stryker-Evansport Rd., 2.58 mi., grading and drainage structures only, $6,601.

Jackson Co., Sect. "K" Jackson-Pomeroy Rd., concrete bridge, $4,070.

Pike Co., Sect. "L-2" Columbus-Portsmouth Rd., rein.-con. bridge, $3,889. L. C. Herrick, dir. highways.

O., Bellaire—Sept. 13, by Trustees of Pultney and Twps., improving Neff-Sand Hill Rd., $47,000. W. J. Campbell, clk. of former; A. M. Brown, clk. of latter.

O., Cleveland—Sept. 9, by Bd. Comrs. Cuyahoga Co., Court House, paving S. O. M. Center Rd. 3 and 4, $324,724; Detroit Rd. 4, $132,178. A. J. Hieber, clk. F. J. Landere, Court House, engr.

Ohio, Cleveland—Sept. 9, by Bd. Comrs. Cuyahoga Co., Court House, paving Detroit St. from West Boulevard to Berea Rd., brick or granite. $46,262. F. J. Lander, Court House, engr.

O., Steubenville—Sept. 18, by R. P. Price, dir. Pub. Serv., grading and repaving, etc. 3rd St. from Ross to North Sts., 3rd St. from North to Market Sts., 3rd St. from Adams to South Sts., 3rd St. from South to Bates Sts., asphalt, rein.-con., brick or wood block. B. M. Smith, clk.

O., West Park (Cleveland P. O.)—Sept. 13, paving with brick, Nichols Ave. from Riverside Dr. to West 162nd St., West 119th, West 125th and West 126th Sts. from Lorain to Linnet Aves., West 120th St. from Lorain to Cloverdale Aves., West 139th St. from Lorain to Sacramento Aves., West 128th and West 129th Sts. from Lorain to Thrush Aves., Williams Ave. from Riverside Dr. to Overlook Rd., West 125th, West 132nd and West 120th Sts. from Linnet to Thrush Aves., West 123rd St. from Linnet Ave. to West 122nd St., West 119th St. from Lorain to Midland Aves., West 135th St. from Lorain to Cross Aves., West 123rd and West 125th Sts. from Lorain Ave. to Triskett Rd., Lucille Ave. from Riverside Dr. to West 159th St., Elsienna Ave. from Riverside Dr. to West 168th St., West Park Rd. from Lorain Ave. to Riverside Dr. $100,000. J. Reitz, City Hall, engr.

Minn., Duluth—Sept. 22, by W. H. Borgen. aud. St. Louis Co., gravel surfacing 1.5 mi. State Rd. 6, Federal Aid Project 190, between construction station 0 plus 00 at west corner of Sect. 6, Twp. 68 North, Range 21 West, and construction station 80 plus 03.2 near centre of Sect. 5, Twp. 68 North, Range 21 West, 3,300 cu.yd. gravel; 11.06 mi. State Rd. 6, State Job 2205, between construction station 883 plus 00, in southeast quarter Sect. 13, Twp. 67 North, Range 21 West, and construction station 1466 plus 08.4 near centre of Sect. 5, Twp. 68 North, Range 21 West, 24,330 cu.yd. gravel. $35,000. R. W. Acton, Court House, co. engr.

Kan., Iola—Sept. 29, by Comrs. Allen Co. paving 3.297 mi. Sect. A, King of Trails Highway, Federal Aid Project 127, $125,000, 3.123 mi. Sect. B, King of Trails Highway, Federal Aid Project 127, $120,000, both 18 ft. concrete, bituminous concrete or bituminous macadam. A. Stroup, co. engr.

Kan., Wellington—Sept. 27, by Sumner Co., 26 mi. paving, 18 ft. Alternate bids on one course concrete, bituminous filled brick, bituminous concrete and bituminous macadam. J. W. Mavity, co. engr.

South Dakota—Sept. 12, by State Hy. Dept., Pierre, grading 11.06 mi. Federal Aid Project 98, also building one 32 ft. beam span and one 45 ft. pony truss, Lincoln Co., 75,514 cu.yd. excav., 203 cu.yd. concrete, 57,400 lb. steel, 6.06 mi. Federal Aid Project 50, Sect. C, Sanborn Co., 109,855 cu.yd. excav., 70 cu.yd. concrete, 5,280 lb. steel; 6.49 mi. Federal Aid Project 104, also one 32 ft. beam bridge, Douglas Co., 48,500 cu.yd. excav., 240 cu.yd. concrete, 35,000 lb. steel, F. D. Hudgins, state engr.

ROAD WORK—MISSOURI

Bids were opened by State Highway Comn., Jefferson City, for constructing 13.07 mi. state road from Liberty to Excelsior, from (A) Haden & Austin, Hill and Market Sts., Houston, Tex.; (B) E. S. Merk, Kansas City; (C) W. M. Spencer, Independence. The unit bids were as follows:

	A	B	C
13,000 cu.yd. earth excavation	$0.50	$0.50	$0.50
38,662 cu.yd. sledged stone base	.90	.90	2.25
38,662 cu.yd. sledged stone base, ¼ mi. haul	1.25	1.68	1.00
308,604 cu.yd. sledged stone base, additional ¼ mi. haul	.08	.0625	.06
4,142 cu.yd. waterbound macadam	1.50	1.90	2.50
4,142 cu.yd. waterbound macadam, ¼ mi. haul	1.50	1.85	1.00
33,064 cu.yd. waterbound macadam, additional ¼ mi. haul	.08	.0625	.06
15,534 cu.yd. crushed stone furnished at quarry	1.50	1.90	3.00
15,534 cu.yd. crushed stone, ¼ mi. haul	1.00	1.85	1.00
123,986 cu.yd. crushed stone, additional ¼ mi. haul	.08	.0625	.06
310,680 gal. bituminous binder, Native asphalt	......	......	......
310,680 gal. bituminous binder, oil asphalt	.18	.16	.16
310,680 gal. bituminous binder, refined tar	......	.16	.15
3,000 lin.ft. 4 in. vitrified tile underdrain	.50	.54	.30
Extended totals	$239,186	$264,093	$286,564

ROAD WORK—CONNECTICUT

Following are lowest three bids opened July 26 by State Highway Comn., Hartford, for constructing Willimantic Rd., Coventry Twp. (A) L. Suzio Constr. Co., Meriden; (B) Arborio Rd. Co., Hartford; (C) A. Vito Constr. Co., Norwich. The unit bids were as follows:

	A	B	C
15,540 cu.yd. earth excavation	$1.00	$0.95	$0.95
1,000 cu.yd. borrow	1.00	1.00	1.00
3,060 cu.yd. rock excavation	2.00	2.25	3.00
Grubbing (lump sum)	250.00	500.00	...
164 lin.ft. 14 in. c.i.c.	2.00	1.50	1.90
218 lin.ft. 18 in. c.i.c.	2.50	2.00	2.80
196 lin.ft. 20 in. c.i.c.	3.00	2.30	3.20
134 lin.ft. 24 in. c.i.c.	3.50	2.80	3.90
104 lin.ft. 30 in. c.i.c.	4.75	3.75	4.25
68 lin.ft. 36 in. c.i.c.	5.50	4.50	4.50
2,725 lin.ft. rubble drain	1.20	1.40	2.00
1,800 sq.yd. cobble gutter	.85	1.25	1.00
3,000 lin.ft. wire fence	.25	.22	.30
4,900 lin.ft. w.g. rail	.40	.48	.50
41,300 sq.yd. 3 in. bituminous macadam	.80	.85	.90
7,900 cu.yd. 7 in. n.s. base	3.20	3.75	3.50
1,500 cu.yd. 8 in. stone fill	2.00	2.25	2.00
280 cu.yd. new masonry	8.50	8.00	9.00
Extended totals	$96,918	$104,774	$108,703

ROAD WORK—WASHINGTON

Following are lowest three bids opened July 21, by C. H. Purcell, Dist. Forester, Portland, Ore., for constructing Shuksan-Austin Pass, Whatcom Co., (A) Dunning & Burnett, Bellingham; (B) Siems & Carlson, Spokane; (C) M. O'Reilly, Bellingham. The unit bids were as follows:

	A	B	C
30 acres clearing	$100.00	$300.00	$300.00
15 acres grubbing	100.00	200.00	400.00
91,000 cu.yd. rock excavation	1.00	1.20	1.28
20,000 cu.yd. common excavation	0.40	0.70	0.60
10,000 station yds. overhaul	.10	.08	.06
9.1 mi. finishing earth road	500.00	200.00	250.00
15 cu.yd. class B concrete in trestle footings	25.00	25.00	35.00
820 cu.yd. class C concrete in abutments	25.00	20.00	25.00
250 cu.yd. class C concrete in abutments	25.00	20.00	25.00
500 cu.yd. dry rubble	4.00	5.00	7.00
43,000 lin.ft. 18 in. corrugated metal pipe	5.00	2.50	2.50
100 lin.ft. 24 in. corrugated pipe	6.00	3.75	3.60
50 lin.ft. 36 in. corrugated pipe	8.00	5.55	7.50
1,100 lin.ft. piling	1.00	1.50	1.00
36,000 ft. b.m. frame trestle bents	50.00	65.00	75.00
2,500 ft. b.m. bulkheads, frame trestle bents	50.00	65.00	75.00
26.5 ton bridge steel in place	200.00	60.00	62.00
430 lin.ft. 2 x 2 cedar log culverts	1.50	2.50	3.00
100 cu.yd. hand-placed embankments	2.00	2.00	4.00
1 30-ft. span	700.00	900.00	900.20
5 40-ft. spans	900.00	1,200.00	1,250.00
1 5-ft. span	1,000.00	2,000.00	1,600.00
320 lin.ft. bridge deck	7.00	10.00	9.00
18 lin.ft. bridge deck	7.00	10.00	9.00
80 lin.ft. bridge deck	7.00	10.00	10.00
Extended totals, log culverts with timber trusses	$169,061	$187,553	$204,718
Extended totals, log culverts with framed trestle	146,776	168,168	181,552
Extended totals, concrete pipe with timber trusses	184,761	187,105	202,653
Extended totals, concrete pipe with framed trestle	162,476	168,020	179,488

Streets and Roads (Continued)

New Mexico—Sept. 28 at office State Hy. Comn., Capitol Bldg., Santa Fe, gravel surfacing Federal Aid Project 14-B, between Tesuque and Pojoaquo, Santa Fe Co., 4,221 cu.yd. gravel, 1,176.7 cu.yd. earth-clay plating, etc.; 9.318 mi. Said ditch extends 1,958 ft. to 9 ft. overshot wheel which operates intermittently a sawmill, 264 ft. of ditch extending across Shoshone Natl. Forest. Static head equals 9 ft. Sect. 18, T. 57 N., R. 106 W.

Miscellaneous

PROPOSED WORK

Park and Equipment—Niagara Falls, New York—Plans election to vote on $285,000 bonds, for new park, fully equipped, in Grill Run section. E. J. Fort, city mgr. W. Bennett, city engr.

Athletic Field and Park—Beaver, Pa.—Plans modern, fully equipped athletic field and park. $25,000. E. N. Tomlinson, boro. secy. Engineer not announced.

Park, Pool, etc. — Phila., Pa. — F. H. Caven, dir. pub. wks., soon takes bids park, wading pool, shelter house, etc. $50,000. P. B. Sinkler, 1211 Chestnut St., engr.

Steel Tower Transmission Line — Fayetteville, N. C.—Carolina Power Co., Raleigh, plans 40 mi. steel tower transmission line from here to Laurenburg. P. A. Tillery, Capitol Apartments, Raleigh, supt.

Colo., Denver—Hospital—University of Colorado, Boston Bldg., had plans prepared by Briscoe, Fisher & Fisher, archts., U. S. Natl. Bank Bldg., 3-5 story, rein.-con. and brick, Colorado Blvd. and 9th Ave. $1,250,000. See "Miscellaneous" under "Bids Desired."

BIDS DESIRED

Portland Cement—New York, N. Y.—Sept. 15, by Bd. Purch., Municipal Bldg., furnishing and delivering Portland cement, sand and broken stone, to Dept. Plant & Structures. G. A. Whalen, chn.

Piers—Stillwater, N. Y.—Sept. 14, at office of H. C. Pitney, clk., encasing with concrete, 5 piers under Stillwater Bridge; adv. this issue.

Boardwalk—Long Branch, N. J.—Sept. 12, by City Comrs., City Hall, renewing and widening 4,300 lin.ft. boardwalk, from point near Morris Ave. to Sea View Ave. J. W. Seaman, 192 B'way, city engr.; adv. this issue.

Bulkhead — Chicago, Ill. — Sept. 13 by South Park Comrs., 57th St. and Cottage Grove Ave., 7200 lin.ft. bulkhead. J. F. Neil, secy.; adv. this issue.

BRIDGE—MIAMI, FLA.

Bids were opened by F. H. Wharton, city mgr., Aug. 22, for constructing Miami River Bridge at Southwest 2nd Ave., from (A) Comer-Ebsary Foundation Co., Miami, (awarded contract); (B) South Florida Eng. & Contg. Co.; (C) Penn Bridge Co. The unit bids were as follows:

	A	B	C
300,000 lb. structural metal work, etc.	$0.073	$0.08	$0.0784
47,000 lb. machinery, etc.	.39	.30	.34
1,300 cu. yd. 1: 1½: 3½ concrete	27.00	24.00	25.00
1,200 cu. yd. 1: 1½: 3 concrete	22.25	37.50	41.00
40 cu. yd. 1:1:2 concrete	40.00	62.50	45.00
52,000 lb. reinforcing steel	.07	.07½	.05
Electrical equipment (lump sum)	6,021.84	6,420.00	4,750.00
20M ft. B.M. untreated timber	80.00	100.00	76.00
25M ft. B.M. treated timber	125.00	125.00	105.00
1,100 sq. yd. macadam pavement	1.50	1.00	3.40
7,300 cu. yd. embankment	1.35	1.20	1.05
Extended totals all items (19 items)	$144,090	$154,400	$163,245

BRIDGE—NEW HAVEN, CONN.

Following is (A) lowest and (B) highest bid opened by Director of Public Works, June 14, for construction of Tomlinson Bridge over Quinnipiac River. The contract for the general masonry, sandstone piers and asphalt pavement was awarded to C. W. Blakeslee & Sons, Inc., 58 Waverly St., $475,153; steel work to Phoenix Bridge Co., Phoenixville, Pa., $212,866; electrical work to New Haven Electric Co., 294 Elm St., $22,816.

	A	B
Removing old piles, each	$2.00	$4.00
Cutting old piles, each	1.50	2.00
Removing masonry above mean low water, cu.yd.	2.00	2.20
Removing masonry below mean low water, cu.yd.	2.20	4.50
Excavation above mean low water, cu.yd.	1.50	3.00
Excavation below mean low water, cu.yd.	2.00	3.50
Dredging, cu.yd.	.70	1.00
Foundation piles, lin.ft.	.42	.79
Treated long leaf yellow pine piles, lin.ft.	.85	.945
Creosoted long leaf yellow pine, M	140.00	180.00
Foundation concrete, 1-3-5, cu.yd.	15.20	18.10
Stone and backing, concrete, cu.yd.	60.00	84.40
Reinforced concrete, 1-2-4, cu.yd.	20.00	22.20
Steel rods for reinforcing, lb.	.035	.055
Erection structural steel in bascule piers, ton	9.00	27.00
Waterproofing bascule piers, sq.yd.	.30	.33
Waterproofing roadway, sq.yd.	.20	.215
Gunite, sq.ft.	.60	.60
Grading, cu.yd.	1.50	1.50
Rip-rap in place, ton	2.20	2.25
Wood block paving, fixed spans, cu.yd.	5.25	6.55
Wood block paving, approaches, cu.yd.	5.40	6.55
Removing old curb, lin.ft.	.18	.20
Setting new granite curb, lin.ft.	2.90	3.25
Sidewalks on approaches, sq.ft.	.18	.23
Wood fence on approach, lin.ft.	.70	1.25
Pileshoes in place, each	2.00	2.00
Portland cement, bbl.	3.20	3.25
Timber in open caisson, M	100.00	100.00
Asphalt pavement, fixed span, cu.yd.	3.50	3.75
Asphalt pavement approach, cu.yd.	3.50	3.84

Foundation—Denver, Colo.—Sept. 15, by Briscoe, Fisher & Fisher, archts., U. S. Natl. Bank Bldg., concrete foundation for 3-5 story, rein.-con. and brick hospital, Colorado Blvd. and 9th Ave., for University of Colorado, Boston Bldg. $100,000. Total cost $1,250,000.

Crane—Aberdeen, Wash.—Sept. 23, by Port of Grays Harbor, at office of Commission, 206 East Wishkah St., 5 ton lumber handling mill type crane with 75 ft. span lumber grapple. Former bids rejected. F. H. Lamb, pres.; adv. this issue. Noted July 27.

Tank—Dorval, Que.—H. Meloche, 249 St. Joseph St., taking bids Imhoff sewerage tank, automatic sewerage chlorinator.

Mechanical Equipment—Vancouver, B. C.—Oct. 2, by Harbor Comrs., 712 Pender St., mechanical equipment for new pier on Burrard Inlet, incl. eight 3 ton cranes, four 9 ton freight elevators, four 200 ton capstans at 100 ft. per minute, four tractors and four trailers, etc., all electrically operated. A. D. Swan, 10 Phillips Pl., Montreal, Que., engr.

BIDS RECEIVED

Dumping Platform and Ramp, etc.—New York, N. Y.—J. H. Delaney, comr. Docks & Ferries, Pier "A" foot of Battery Pl., superstructure on pier at East 35th St. consisting of rein.-con. dumping platform and ramp, Contr. 1773, from McHarg Barton Co., $45,835; J. Young, Jr., 103 Park Ave., $46,697; Rosenthal Eng. & Contg. Co., 228 Jackson St., Brooklyn, $47,395. Noted Aug. 24.

CONTRACTS AWARDED

THESE ADVERTISEMENTS ARE OFFICIAL NOTICES THAT BIDS ARE WANTED FROM BIDDERS EVERYWHERE.

OFFICIAL PROPOSALS

Bids: Sept. 19.

Sheet Asphalt Resurfacing

Woodbury, N. J.

Notice is hereby given that sealed bids will be received by The Board of Chosen Freeholders of the County of Gloucester for the resurfacing of Delaware Street, in the County of Gloucester with a sheet asphalt surface upon the present reconstructed foundation, estimated amount of asphalt surface pavement required is 15,056 sq.yd.; of stone for reconstructing foundation is 5,271 tons; and opened and read in public at the Court House, Woodbury, N. J., on Tuesday, the nineteenth day of September, 1922, at 10.30 a.m., Eastern Standard Time.

Drawings, specifications and forms of bids, contract and bond for the proposed work, prepared by William C. Cattell, County Engineer, and approved by the State Highway Commission, have been filed in the office of said engineer at Woodbury, N. J., and of said State Highway Commission, Trenton, N. J., and may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the specifications and blueprints of the drawings by the engineer on proper notice and payment of cost of preparation. Bids must be made on the standard proposal forms in the manner designated therein and required by the specifications, must be enclosed in sealed envelopes, bearing the name and address of bidder and name of road on the outside, addressed to The Board of Chosen Freeholders of the County of Gloucester and must be accompanied by a certified check for not less than ten (10) per cent of the amount bid, provided said check shall not be less than $500 nor more than $20,000 and be delivered at the place and on the hour above named. The standard proposal form is attached to the specifications, copies of which will be furnished on application to engineer.

By order of The Board of Chosen Freeholders of the County of Gloucester.

CHESTER N. STEELMAN,
Clerk.
WILLIAM C. CATTELL,
County Engineer.

Bids: Sept. 14.

Paving, Curbing, Storm Sewers, etc.

Mobile, Ala.

Sealed bids will be received until noon Thursday, Sept. 14, 1922, by the City Commission of the City of Mobile, Alabama, for the following:

One course Concrete Paving six inches in thickness—29,756 square yards. Concrete Curbing eighteen inches deep by five inches wide—14,512 lin.ft. Double strength storm sewers 12 inch—1,334 ft. 15 inch—1,160 ft. 18 inch—2,405 ft. 21 inch—522 ft.

Standard Storm sewers, 6 inch—3,036 ft. 10 inch—1,872 ft. 12 inch—1,340 ft. 15 inch—315 ft. 24 Standard Manholes—83 Standard Inlets and 19 Standard Special Basins. A deposit of one thousand dollars will be required to accompany each bid. 1—For Paving and Curbing. 2—For Storm Sewers. Plans and specifications are on file in the City Engineer's office and can be seen on application. The right is reserved to reject any or all bids.

R. V. TAYLOR,
Commissioner of Streets.
WRIGHT SMITH,
City Engineer.

OFFICIAL PROPOSALS

Bids: Sept. 12.

Boardwalk Construction

Long Branch, N. J.

Public notice is hereby given that sealed proposals are invited and will be received by the Board of Commissioners of the City of Long Branch, New Jersey, for the renewal and widening of about forty-three hundred (4,300) lineal feet of boardwalk extending from a point near Morris Avenue northwardly to Sea View Avenue.

Said bids will be opened and read at a regular meeting of the Board of Commissioners held at City Hall on Tuesday evening, September 12, 1922, at 8 o'clock p.m. (daylight saving time) or as soon thereafter as the matter can be presented.

Drawings and specifications for the proposed work prepared by J. W. Seaman, City Engineer, have been filed in the office of the City Clerk and at the office of the Engineer, at 192 Broadway, Long Branch, New Jersey, and may be procured by prospective bidders upon a deposit of Ten Dollars $10.00) which will be refunded upon the return of the plans and specifications at or before the time the bids are received.

Bids must be made on the standard proposal forms in the manner prescribed therein and required by the specifications and must be enclosed in sealed envelopes bearing the name and address of the bidder and marked, "Bids for rebuilding boardwalk," addressed to Frank C. Quinn, City Clerk, and must be accompanied by a certified check for not less than ten per cent (10%) of the amount bid upon proposed work as stated in the proposal, drawn to the order of Frank L. Howland, City Treasurer, or cash in equal amount, and to be delivered at the place and at the hour above named.

Dated Long Branch, N. J., August 31, 1922.

FRANK C. QUINN,
City Clerk.

Bids: Sept. 20.

Iighway Work

Albany, N. Y.

Sealed proposals will be received by the undersigned at their office, No. 55 Lancaster Street, Albany, N. Y., at one o'clock P.M., advanced standard time, which is twelve o'clock noon eastern standard time, on Wednesday, the 20th day of September, 1922, for the improvement of highways in the following counties:

Franklin............(one highway: 8.91)
Livingston..........(one highway: 0.99)
Onondaga...........(one highway: 3.47)
Otsego..............(one highway: 1.74)
Rockland....(two highways: 1.48 & 4.08

Also for the reconstruction of the following:

Cortland............(one contract: 0.54)
Monroe..............(one contract: 4.70)
Ontario..............(one contract: 2.23)

Maps, plans, specifications and estimates may be seen and proposal forms obtained at the office of the Commission in Albany, N. Y., and also at the office of the division engineers in whose division the roads are to be improved or reconstructed. The addresses of the division engineers and the counties in which they are in charge will be furnished upon request.

The especial attention of bidders is called to "General Information for Bidders" in the itemized proposal, specifications and contract agreement.

HERBERT S. SISSON,
Commissioner.
J. C. FINCH,
Secretary.

OFFICIAL PROPOSALS

Bids: Sept. 19.

Road Construction

Woodbury, N. J.

Notice is hereby given that sealed bids will be received by The Board of Chosen Freeholders of the County of Gloucester for the construction of the Swedesboro-Woodstown road in the Borough of Swedesboro and Townships of Woolwich and South Harrison, in the County of Gloucester, New Jersey, with a reinforced concrete pavement, estimated amount of concrete pavement required is 38,402 sq.yd., and opened and read in public at Court House, Woodbury, New Jersey, on Tuesday, the nineteenth day of September, 1922, at 10.00 o'clock, Eastern Standard Time.

Drawings, specifications and forms of bid, contract and bond for the proposed work, prepared by William C. Cattell, County Engineer, have been filed in the office of the said engineer at Woodbury, N. J., and may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the specifications and blueprints of the drawings by the engineer on proper notice and payment of cost of preparation. Bids must be made on the standard proposal forms in the manner designated therein and required by the specifications, must be enclosed in sealed envelopes, bearing the name and address of bidder and name of road on the outside thereof, addressed to The Board of Chosen Freeholders of the County of Gloucester and must be accompanied by a certified check for not less than ten (10) per cent of the amount bid, provided said check shall not be less than $500 nor more than $20,000 and be delivered at the place and on the hour above named. The standard proposal form is attached to the specifications, copies of which will be furnished on application to engineer.

By order of The Board of Chosen Freeholders of the County of Gloucester.

CHESTER N. STEELMAN,
Clerk.
WILLIAM C. CATTELL,
County Engineer.

Bids: Sept. 26.

Bridge Work

Toledo, Ohio.

Sealed proposals will be received by the Director of Public Service of the City of Toledo, until Twelve O'Clock noon, September 26, 1922, for the construction of a bridge over Swan Creek, in the line of Hawley Street.

The work will consist of:

1. Removing old structure.
2. Building two abutments approximately 1,800 cubic yards of concrete.
3. Furnishing steel girders—90 feet span.
4. Paving bridge and approaches, approximately 787 square yards.

Proposal forms, plans and specifications can be seen at the office of the Commissioner of Engineering or can be obtained from said office on deposit of $10.00 for each set, which will be refunded provided plans and specifications are returned in good order.

The Director of Public Service reserves the right to reject any or all bids or to accept any bid which he may deem advantageous to the City of Toledo.

W. T. JACKSON,
Director of Public Service.
Attest: GEORGE E. LASKA,
Secretary.

OFFICIAL PROPOSALS

Bids: Sept. 19.

Road Work

Richmond, Va.

Bids will be received at the Office of the **Virginia** State Highway Commission, corner 10th and Marshall Streets, Richmond, Va., until 12 o'clock noon, Tuesday, September 19, for the construction of:

PROJECT 125A, Route 6, from Fairfax-Loudoun County line to Project 125B, in Loudoun Co. 4.75 miles of 16 ft. bituminous macadam roadway, involving approximately 10,200 cu.yd. excavation; 286 ft. of pipe, 51 cu.yd. concrete and 2,100 lb. of reinforcing steel. Alternate bids are requested, using concrete pavement.

PROJECT 160, Route 5, west from Suffolk, in Isle of Wight Co. for a distance of 4.6 miles of 18 ft. one-course concrete roadway, involving approximately 33,642 cu.yd. of excavation; 432 lin.ft. of pipe, 302 cu.yd. concrete; 9,789 lb. of steel and 1,440 lin.ft. of piling.

PROJECT 168, Route 6, from Chantilly to Loudoun County line, in Fairfax County, 5.01 miles of 16 ft. bituminous macadam roadway, involving approximately 29,220 cu.yd. of excavation: 360 lin.ft. of pipe, 569 cu.yd. concrete; 19,290 lb. of steel. Alternate bids are requested, using concrete pavement.

PROJECT 173, Route 1, between Falling Cr. and Dutch Gap Road in Chesterfield County. 6.43 miles of 18 ft. concrete roadway, involving approximately 13,542 cu.yd. excavation; 360 lin.ft. pipe; 360 cu. yd. of concrete; 77 cu.yd. rubble masonry, and 19,143 lb. of steel.

PROJECT 202, Route 9, between Louisa and Cobham in Louisa Co. 6.27 miles of 18 ft. one-course concrete roadway, involving approximately 37,893 cu.yd. excavation; 928 ft. of pipe; 172 cu.yd. of concrete, and 9,167 lb. of steel. Alternate bids will be considered using bituminous macadam surfacing.

Certified checks to the amount of $5,000.00 must accompany bids on these projects. A bidder's bond may be filed in lieu of certified check, 20 per cent in excess of amount of certified check.

Plans and specifications for inspection are on file at the office of the Virginia State Highway Commission, corner 10th and Marshall Streets, Richmond, and at the offices of the following District Engineers: Projects 125A and 168 at Manassas, 160 at Suffolk, and 173 and 202 at Richmond, Va. Additional plans for bidders can be obtained upon application to the Highway Commissioner, Richmond, for these projects upon receipt of check for Five dollars ($5.00), payable to Assistant Commissioner, $2.50 of which will be refunded when plans are returned in good condition within two weeks after bids are opened.

Specifications and bidding proposals may be obtained by request from the office of the Highway Commissioner, Richmond, Va.

Engineers will be at the following places to show prospective bidders over the work: At Fairfax C. H., 10:00 a.m., Friday, Sept. 15th, for Projects 125A and 168. At Suffolk, Dist. Engr.'s Office, 10:00 a.m., Thursday, Sept. 14, for Project 160. At Richmond, General Office, 10:00 a.m., Tuesday, Sept. 12, for Project 173. At Louisa C. H. at 10:00 a.m., Friday, Sept. 8, for Project 202.

The State Highway Commission reserves the right to reject any or all bids.

STATE HIGHWAY COMMISSION,
H. G. Shirley, Chairman.
G. P. Coleman, Commissioner.

Bids: Sept. 23.

Lumber Handling Crane

Aberdeen, Wash.

Sealed proposals will be received by the Port of Grays Harbor at the office of the Commission, 206 E. Wishkah St., Aberdeen, Wash., until 10 o'clock A.M., Sept. 23, 1922, for one 5 ton lumber handling mill type crane equipped with lumber grapple 75 foot span.

Further information on application.

PORT OF GRAYS HARBOR,
FRANK H. LAMB, President.
J. A. VANCE, Secretary.

OFFICIAL PROPOSALS

Bids: Sept. 19.

Sanitary Sewers

Hagerstown, Md.

Sealed proposals for building sanitary sewers in certain streets, alleys, rights-of-way secured and to be secured, and other localities in North and Central Hagerstown, will be received at the offices of The Sewerage Commission in Police Headquarters Building, until 7.30 p.m., Tuesday, September 19th, 1922, at which time and place, during the session of the Sewerage Commission, the proposals will be publicly opened and read.

The work to be done embraces the building of approximately 25,000 lineal feet of sanitary sewers, ranging in size from 18 inches to 8 inches with all manholes, foundations and appurtenances, also approximately 9,500 lineal feet 6-inch house connections and approximately 400 lineal feet 66-inch storm water sewer.

On and after September 2nd, 1922, specifications and blank forms of proposals can be obtained, and detailed plans examined at the offices of the Sewerage Commission, and a full set of plans will be sent to any contractor, on the receipt of $10.00, the same to be returned upon the surrender of the plans in good condition.

The Sewerage Commission of the city of Hagerstown reserves the right to reject any and all bids.

E. LEROY HEARD,
Countersigned: Secretary.
JOHN CARMICHAEL, Chairman.

Thank You, Mr. Ferguson

"We just let contracts for approximately 25 miles of road construction yesterday and I attribute to a great extent the large number of bidders we had to the Publicity we received through the *News-Record.*"

Very truly yours,
Angus Ferguson, Ch. Engr.,
Traylor County Road Department
Grafton, W. Va.

Bids: Sept. 13.

Bridges

Providence, R. I.

Sealed Proposals for the Construction of State Bridges number 46, known as the Hope Valley Bridge in Hopkinton, number 64, known as the Usquepaug Bridge in South Kingston and number 153, known as the Silver Creek Bridge in Bristol, R. I., will be received at the office of the State Board of Public Roads, Room 21, State House, Providence, R. I., until twelve o'clock noon, on Wednesday, September 13, 1922, at which time the proposals will be publicly opened and read. Each proposal must be submitted upon a blank form furnished by the Board and accompanied by a certified check for two hundred dollars, ($200.00), made payable to the State of Rhode Island.

The contract will include the removal of the old bridges and the erection of three reinforced concrete bridges containing 163, 214 and 117 cubic yards of concrete masonry, respectively.

Plans and Specifications for this construction will be available on and after 10.00 a.m. Saturday, September 2, 1922, and may be obtained from the office of the State Board of Public Roads by making a deposit of $10.00, which will be refunded upon return of plans and specifications complete and in good condition.

These bridges must be completed on or before December 1, 1922.

ABRAM L. ATWOOD,
BENJAMIN F. ROBINSON,
FRANK COLE,
J. HENRY WOODARD,
ALTON HEAD,
State Board of Public Roads.

OFFICIAL PROPOSALS

Bids: Sept. 13.

Highway Work

Baltimore, Md.

Sealed proposals for building four sections of State Highway, as follows:

HOWARD COUNTY, Contract No. HO-23 —One section of state highway from end of Folly Quarter Road to Triadelphia Pike, a distance of 1.5 miles (concrete).

HARFORD COUNTY, Contract No. H-29 —One section of state highway from Whiteford toward Dublin, for a distance of 1.0 mile (concrete).

PRINCE GEORGE COUNTY, Contract No. P-37 — One section of state highway from Forestville toward Ritchie, for a distance of 2.0 miles (gravel).

CALVERT COUNTY, Contract No. C-14 —One section of state highway from Prince Frederick toward Hollowing Point, for a distance of 4.0 miles (gravel).

will be received by the State Roads Commission, at its offices, 601 Garrett Building, Baltimore, Maryland, until 12 M., Standard Time, on the 13th day of September, 1922, at which time and place they will be publicly opened and read.

Bids must be made upon the blank proposal form which, with specifications and plans will be furnished by the Commission upon application and cash payment of $1, as hereafter no charges will be permitted.

No bids will be received unless accompanied by a certified check for the sum of five hundred ($500) dollars, payable to the State Roads Commission.

The successful bidder will be required to give bond, and comply with the Acts of the General Assembly of Maryland, respecting contracts.

The Commission reserves the right to reject any and all bids.

By order of the State Roads Commission this 25th day of August, 1922.

JOHN N. MACKALL, Chairman.
L. H. STEUART, Secretary

Bids: Sept. 29.

Furnishing and Laying Raw Water Main

Cleveland, Ohio.

Sealed proposals will be received at the office of the Commissioner of Purchases and Supplies, Room 219 City Hall, Cleveland, Ohio, until 12:00 o'clock noon, official Cleveland time, Friday, September 29, 1922, for furnishing and laying about 10,400 lineal feet of 60-inch pipe and other miscellaneous work, for the Division of Water; alternate bids will be received for either cast iron pipe or steel pipe; the bids will be opened and read in the Council Chamber immediately thereafter.

Each bid must be accompanied by a certified check on a solvent bank for six thousand ($6,000) dollars, drawn payable to the City of Cleveland, as surety for the acceptance of the contract.

Each bid must be made in accordance with the plans and specifications; copies of the plans and specifications, proposal and contract may be obtained at the office of the Commissioner of Water, Room 214 City Hall; a deposit of five ($5.00) dollars will be required for each complete set of plans and specifications; said deposit to be returnable upon return in good condition of the said plans and specifications.

No proposal will be entertained unless made on the blanks furnished by the Division of Water and delivered at the office of the Commissioner of Purchases and Supplies, previous to 12:00 o'clock noon on the day above specified.

The City reserves the right to reject any or all bids.

A. V. RUGGLES,
Commissioner of Water.

Bids: Sept. 1, 1923.

Sydney Harbour Bridge

New South Wales, Australia.

INTENDING TENDERERS are hereby notified that the time for receipt of Tenders at Sydney, New South Wales, for the construction of the Superstructure and Substructure of a Cantilever Bridge across Sydney Harbour has been extended by the New South Wales Government until 1st September, 1923.

T. A. COGHLAN,
Agent-General for New South Wales,
Australia House, London, W. C. 2.
14th July, 1922.

Bids: Sept. 26.

Sewage Disposal Plant

Fort Worth, Tex.

Sealed proposals addressed to the Hon. Mayor and Board of Commissioners, Fort Worth, Texas., will be received at the office of C. S. Snow, City Secretary, City Hall, up to 9:00 o'clock a.m., Tuesday, September 26th, 1922, at which time said proposals will be publicly opened, read and considered by the Board of Commissioners for furnishing all necessary materials, equipment and labor for constructing a certain Sewage Disposal Plant for the City of Fort Worth, Texas.

Bidders must submit with proposal a certified check in the sum of Fifteen Thousand ($15,000.00) Dollars, payable, without recourse, to the order of E. B. Cheatham, City Auditor, as a guaranty that bidder will enter into contract and execute bond and guaranty in the forms provided, within ten days after notice of award of contract to him. Proposals without certified check will not be considered. The successful bidder must furnish bond to the amount of 33⅓ per cent of the sum bid, on form attached to "form of contract" attached to specifications, from a reliable surety company approved by the Mayor and Board of Commissioners. All "lump sum" and "unit" prices must be stated in both script and figures.

The City reserves the right to reject any or all bids, and to waive formalities.

In case of ambiguity, or lack of clearness in stating prices in the bids, the City reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the City to reject any bid. Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Instructions to bidders, proposal and contract forms, specifications and plans are on file at the office of Dudley L. Lewis, City Engineer; John B. Hawley, 403 Cotton Exchange Building, Fort Worth, and E. E. Sands, Mason Building, Houston, Texas.

Copies of plans and specifications may be secured from any of the above offices after September 12th—upon deposit of $100.00, to be returned to contractor upon submission of a bona fide bid on the work, with plans and specifications, or upon returning plans and specifications, intact, prior to date of receiving bids; otherwise the deposit will be forfeited.

E. R. COCKRELL, Mayor.
J. C. LORD, Com. Water & Sewers.
D. L. LEWIS, City Engineer.
C. S. SNOW, City Secretary.
Fort Worth, Texas,
August 29th, 1922.

Bids: Sept. 11.

Sanitary Sewers

Madisonville, Ky.

Sealed proposals will be received by the Board of Public Works of the City of Madisonville, at the office of the City Clerk for constructing a system of Sanitary Sewers in and for the City of Madisonville, Ky., until one o'clock P.M., September 11, 1922, at which time they will be opened and publicly read.

The work consists of furnishing all labor, material and equipment of all kinds necessary for the construction of approximately 9.2 miles of sanitary sewers, in sizes from 8 in. to 12 in. with all necessary appurtenances complete in accordance with the plans and specifications on file, at the office of the Engineers and the City Clerk.

Each bill must be accompanied by a certified check in the amount of $3,000.00 or an acceptable bidder's bond and drawn in favor of the City Treasurer of Madisonville, Ky.

A bond in the amount of fifty (50) per cent of the contract price will be required for the faithful performance of the work.

Copies of plans and specifications may be seen at the office of the City Clerk of Madisonville, or may be obtained from the Engineers on deposit of ten ($10.00) dollars which will be returned if a bona fide bid is made.

The City reserves the right to reject and and all bids.

F. P. STUM,
Chairman Board of Public Works.
W. J. DUHN,
Secretary Board of Public Works.
HOWERTON-TIRSWAY CO.,
Engineers,
Asheville, N. C.

Bids: Sept. 18.

Excavation

Plainfield, N. J.

Bids will be received by the Common Council of the City of Plainfield, N. J., on Monday, September 18, 1922, at 8:30 p.m., (Daylight Saving Time) for about 46,000 cu.yd. of excavation from an old railroad embankment.

Time for completion, May 1, 1923.

Certified check required, $1,000.

Amount of bond required, 100 per cent of contract price.

The Common Council reserves the right to reject any or all bids, to waive defects in bids, or to accept any bid as it shall deem for the best interest of the city.

Plans and specifications may be obtained from the undersigned.

ALEXANDER W. VARS,
City Engineer.
Dated, Sept. 7, 1922.

A Representative Reports—

"It was my privilege to meet the Road Commissioners of Kalamazoo County (Mich.) in session and they wished me to convey to your staff their appreciation of the excellent results obtained through publishing proposals in *Engineering News-Record.*"

Bids: Sept. 22.

Incineration Plant or Crematory

Trenton, N. J.

The Board of Commissioners of the City of Trenton will receive, at the regular meeting of the Board, to be held in the Municipal Bldg., Trenton, N. J., on September 22, 1922, at 2 p.m., ordinance time being 1 o'clock Standard time, sealed proposals for the erection of an addition to the present crematory in accordance with plans and specifications made by A. C. Gregory, Engineer of Sewers and Water, on file in the office of the City Clerk. Copies of the plans and specifications may be seen and obtained at the office of the Engineer of Sewers and Water, Municipal Bldg., Trenton, N. J., on and after Sept. 1, 1922, upon payment of $10.00 which will be refunded upon return of the plans and specifications in good condition.

A. C. GREGORY,
Engineer of Sewers and Water.

Bids: Sept. 11.

Submerged Intake Crib

Monroe, Mich.

Sealed proposals will be received by the City Clerk of Monroe, Mich., up to 7:30 o'clock p.m., eastern standard time, of the 11th day of September, 1922, for the construction and placing of a new submerged water intake crib to be located in Lake Erie near the existing waterworks intake crib.

The crib will be approximately 28 feet square, constructed of timber, floated to the site, sunk into position, and anchored by concrete deposited under water.

The plans and specifications under which the work is to be done may be examined at the office of the City Clerk, Monroe, Michigan, or at the office of Hoad, Decker, Shoecraft and Drury, Consulting Engineers, Ann Arbor, Michigan. Copies of the plans and specifications may be obtained by making a deposit of five dollars which will be refunded upon their return in good condition or their use in a submitted proposal.

A certified check for a sum not less than five per cent of the amount of the proposal will be required with each proposal.

The right to accept any proposal, to reject any or all proposals, and to waive defects in proposals is reserved by the City.

J. H. GILMORE, Mayor.
F. M. KRESSBACH, City Clerk.
HOAD, DECKER, SHOECRAFT & DRURY,
Consulting Engineers, Ann Arbor, Mich.

Bids:: Sept. 25.

Spavinaw Water Supply Project

Tulsa, Okla.

Sealed proposals for the construction of the major portion of the Spavinaw Water Supply Project for the City of Tulsa, Oklahoma, will be received by the Water Commission of the City of Tulsa, and may be filed at the office of the City Auditor, City Hall, Tulsa, Oklahoma, until 3:00 p.m. Monday, September 25th, 1922, and will be opened and publicly read immediately thereafter at a regular meeting of the Water Commission of the City of Tulsa at 3:00 p.m., Monday, September 25, 1922. Proposals will be received on the following contracts:

Contract No. 1 Telephone Line.
Contract No. 2 Clearing Site of Spavinaw Lake.
Contract N. 3 Spavinaw Dam.
Contract No. 4 60 in. Reinforced Concrete Pipe.
Contract No. 5 Tunnel and Approaches.
Contract No. 6 54 in. Reinforced Concrete Pipe.
Contract No. 7 Mohawk Reservoir.
Contract No. 8 Furnishing Cast Iron or Steel Pipe and Specials.
Contract No. 9 Furnishing Gate Valves.
Contract No. 10 Laying Cast Iron or Steel Pipe.
Contract No. 11 High Pressure Reservoir.

After the reading of the bids on these contracts they will be immediately considered, but in no event will any contract or contracts be awarded earlier than forty-eight (48) hours thereafter.

The principal quantities are approximately as follows:

DAM: Concrete, 79,000 cubic yards.
Earth embankment, 182,000 cubic yards.
PIPE: 28 miles of 60 in. and 25 miles of 54 in. pre-cast reinforced concrete pipe.
Earth Excavation in trench, 310,000 cubic yards.
Rock Excavation in trench, 26,000 cubic yards.
TUNNEL: 7,000 ft. 84 in. Tunnel.
3,050 ft. 84 in. monolithic concrete conduit.
MOHAWK RESERVOIR: 300,000 cubic yards earth embankment.
REINFORCED CONCRETE HIGH PRESSURE RESERVOIR OR RESERVOIRS: 10,000,000 gal. aggregate capacity; 10,000 ft. 36 in. Cast Iron or Steel Pipe; 6,000 ft. 30 in. Cast Iron or Steel Pipe; 8,000 ft. 20 in. Cast Iron Pipe. Specials and Valves.

Each proposal must be accompanied by a certified check on any reputable bank or trust company, payable without reserve to the City of Tulsa, Oklahoma, for five per cent (5%) of the amount of the bid.

All proposals must be made on blank forms furnished by the City of Tulsa and in accordance with the "Requirements for Bidding and Instructions to Bidders."

Proposals may be tendered on one or more contracts or on all of the contracts, but any proposal must include all items under the contract or contracts for which bid is tendered.

Plans, Specifications and Requirements for Bidding and Instructions to Bidders are on file at the Office of the Water Commission at the City Hall and may be seen at the office of Trammell and Holway, Engineers on the Spavinaw Water Supply Project, 329 Kennedy Building, Tulsa, Oklahoma, or at the office of Dabney H. Maury, Consulting Engineer for the said Project, 1445 Monadnock Block, Chicago, Illinois. Complete plans and specifications will be furnished by the Engineers or by the Consulting Engineer, upon the deposit of $50.00 by check payable to Trammell and Holway. Upon return of the plans and specifications in good condition within a reasonable time after the awarding of the contracts, $30.00 will be refunded. Proportionate deposit and refund may be arranged for if bidder desires only parts of the plans.

The Water Commission reserves the right to reject any bid or bids, or all bids, and to waive any informalities.

Bids: Sept. 25.

Sewage Pumping Equipment

Hackensack, N. J.

The Hackensack Improvement Commission, the governing body of the City of Hackensack, Bergen County, New Jersey, requests proposals for the following, to wit:

Contract No. 3—For furnishing pumping equipment, consisting of A. B. Wood patent trash pumps; motors and switchboards to be installed in the structures to be built for the City of Hackensack under another contract, which contract is known as Contract No. 1.

The foregoing equipment is more completely described and set forth in the plans and specifications on file with Lemuel Lozier, Engineer of the Commission, and with the clerk of the Commission.

The plans and specifications, information for bidders, forms of proposals and contracts, forms of bonds required and other information can be seen at the office of Lemuel Lozier, Engineer of the Commission, Room 3, Bank Building, Main and Mercer Streets, Hackensack, New Jersey; copies of such plans and specifications may be obtained by bidders on making a deposit of $100.00, which deposit will be refunded upon the return of the plans and specifications in good condition.

The contract will be let to the lowest responsible bidder, subject to the right of the Commission to reject any and all bids.

All bids must be made on the form of proposal to be obtained from the Engineer of the Commission, and must give the prices both in writing and in figures, and must give such other information and be signed in the manner indicated on the form of proposal. Each bid submitted for Contract No. 3 must be accompanied by a certified check for $1,000, payable to the "Hackensack Improvement Commission."

Checks of the unsuccessful bidders will be returned immediately upon the award of the contract. The check of the successful bidder will be returned to the bidder upon the execution of the contract and the furnishing of the bonds required, within ten days after the date of the award thereof, or within such extended time as may be determined by the Commission. In case of failure to execute the required contract, and furnish the required bonds within such time, such check shall be forfeited to the Hackensack Improvement Commission as liquidated damages.

The proposals herein required for Contract 3 shall be presented to the Hackensack Improvement Commission, at the Municipal Building, 346 State Street, Hackensack, Bergen County, New Jersey, on Monday, the twenty-fifth (25) day of September, 1922, at 8 P.M. daylight saving time, 7 P.M. standard time.

No bids will be received prior to said hour and none thereafter. The proposals shall be submitted in sealed envelopes or packages.

The proposals shall be endorsed as follows:

"Proposals for pumping equipment Contract No. 3."

THE HACKENSACK IMPROVEMENT
COMMISSION,
By SPENCER D. BALDWIN, Mayor.
WILLIAM SCHAFF, Clerk.

Bids: Sept. 13.

Bulkhead

Chicago, Ill.

SEALED PROPOSALS will be received by the South Park Commissioners, 57th Street and Cottage Grove Avenue, Chicago, Illinois, until 12 o'clock noon, September 13, 1922, for the construction of a bulkhead paralleling the shore line of Lake Michigan from opposite 29th Street to opposite 39th Street, a distance of approximately 7200 lineal feet.

PLANS AND SPECIFICATIONS may be obtained without cost to responsible bidders by application to the South Park Commissioners' office as above. Each bid must be accompanied by cash or certified check amounting to five (5%) per cent of the estimated total of bid, and the bidder to whom the contract is awarded will be required to execute with the contract a surety company bond in the sum of 25 per cent of the estimated amount of the contract.

J. F. NEIL,
Secretary.

Bids: Sept. 14.

Bridge Work

Stillwater, N. Y.

Bids will be received, for the encasing by concrete of five piers under the Stillwater Bridge crossing the Hudson River at Stillwater, at the office of the Town Clerk, Mr. H. C. Pitney, at Stillwater, N. Y., on **Thursday, September 14, 1922, at** two o'clock p.m., (new time), at which time they will be publicly opened and read. The right is reserved to reject any or all bids.

Necessity demands the immediate repairs to two of the piers. Time will be allowed for the balance of work, governed by the weather and river conditions.

Plans and specifications may be had at the **office of Mr. H. C. Pitney, Town Clerk,** at Stillwater, N. Y. A certified check for 5% of the amount of the bid will be required to accompany each proposal. Checks to be made payable to Emmor J. Smith.

EMMOR J. SMITH,
Town Supt. of Schaghticoke.
REUBEN BRITTEN,
Town Supt. of Stillwater.

Mr. Potter Knows—

(Alexander Potter, C. E.)
(50 Church St., New York)

He recently received 63 requests for plans and specifications on a New Jersey water supply system.

Bids were advertised in the Official Proposal Columns.

"This speaks well for *Engineering News-Record* as an advertising medium," he wrote us.

Bids: Oct. 3.

Water Works System and Sanitary Sewer System

Haines City, Fla.

Sealed proposals for furnishing material and constructing a Water Works System and a Sanitary Sewer System for the Town of Haines City, Fla., will be received by the Mayor and Council at the City Hall, until 2 P.M., October 3rd, 1922.

The Water Works System will consist of approximately 4 miles of 4 in., 6 in., 8 in. and 10 in. cast iron pipe, with specials, valves and hydrants, a clear water collecting well, pump station and equipment, and a 100,000 gallon elevated tank.

The Sewer System will consist of approximately 1.7 miles of 8 in., 10 in. and 15 in. vitrified pipe, with manholes, flush tanks, and appurtenances, and a settling tank and tile under-drain system.

Each proposal must be accompanied by a certified check, payable to the Town of Haines City, Florida, to an amount equal to five (5) per cent of the bid, as a guarantee that the contract will be entered into if awarded. A bond of one hundred per cent (100%) of the contract price will be required. Payments will be made on monthly estimates.

Plans and specifications are on file in the office of the City Clerk, at Haines City, Florida, and with Paul H. Norcross, Consulting Engineer, 1404 Candler Building, Atlanta, Georgia.

Bidders may obtain copies from the Engineer by enclosing certified check for twenty-five ($25.00) dollars, payable to the Town of Haines City, Florida. If blue prints are desired they may be had at the cost of printing. If the plans, specifications and blue prints are returned within thirty days after opening bids, the check for twenty-five dollars will be returned.

R. O. PHILPOT,
President City Council.
JED R. YALE,
City Clerk.

PAUL H. NORCROSS,
Consulting Engineer,
1404 Candler Building,
Atlanta, Georgia.

Bids: Sept. 21.

Sewer Construction

Letting No. 4

Louisville, Ky.

Sealed proposals will be received by the Commissioners of Sewerage of Louisville until 12 o'clock noon, September 21, 1922, for the following sewer construction in Louisville, Ky., according to drawings and specifications now on file in the office of the Commission:

This letting embraces Bardstown Road District Trunk Sewer and Drain, Sections B and C and the Spring Drive—West—Sewer and Drain included in a single contract.

Approximate quantities are as follows:

The Drains: 790 lin.ft. of 87 inch; 625 lin.ft. of 63 inch; 320 lin.ft. of 60 inch; 375 lin.ft. of 21 inch; 285 lin.ft. of 18 inch; 420 lin.ft. of 12 inch.

The Sewers: 790 lin.ft. of 18 inch; 950 lin.ft. of 15 inch; 1,085 lin.ft. of 8 inch.

And two reinforced concrete junction chambers.

Proposals are invited for alternate types of sewer barrel construction.

Drawings, form of proposal, contract and specifications may be obtained from the office of the Commission upon the deposit of Ten Dollars ($10.00) to secure the return of same in good condition before October 7, 1922.

Each proposal must be inclosed in a sealed envelope addressed to the Commissioners of Sewerage, 417 West Main Street, Louisville, Ky., and accompanied by a certified check drawn upon a State or National Bank or a trust company established in the city of Louisville (or the city of New York) for an amount not less than seven (7) per cent of the total amount of the accompanying proposal payable to the Commissioners of Sewerage of Louisville or the bond executed as set forth in the information for bidders.

The Commission reserves the right to reject any or all proposals.

COMMISSIONERS OF SEWERAGE OF
LOUISVILLE.
By OSCAR FENLEY,
Vice Chairman.
P. H. HOGE, JR.,
Sect. & Treas.

J. B. F. BREED,
Chief Engineer.

Bids: Oct. 10.

Sewage Pumping Station and Grit Chamber

Syracuse, N. Y.

Sealed proposals will be received until 2 o'clock p.m., standard time, October 10, 1922, at the office of the Syracuse Intercepting Sewer Board, 104 City Hall, Syracuse, N. Y., for the machinery and equipment for the Sewage Pumping Station and Grit Chamber now in course of construction at the Sewage Treatment Works of the City of Syracuse.

Equipment included in the contract are the switchboard and control mechanisms, four 24-inch horizontal shaft centrifugal pumps direct-connected to 75 H.P. variable speed A.C. motors, auxiliary vacuum, priming pumps and sump pump, a 10 K.W. motor-generator set, cast iron suction and discharge piping with four 24-inch hydraulically operated gate valves, a 54-inch hydraulically operated sluice gate, three 48-inch by 51-inch electrically operated sluice gates, a 7½ ton hand operated traveling crane, with permission to use same during erection, and a grit cleaning mechanism consisting of tramrail with electrically operated hoist and ½ cubic yard clam-shell bucket; and all necessary wiring and piping connections. All equipment will be erected upon concrete foundations provided by the Board under another contract.

Proposals must be made on blanks to be furnished upon application and must be accompanied by a New York draft or a certified check for $6,000, which is to be deposited therewith as guarantee that the successful bidder will execute the contract within five days after its award.

Drawings, specifications and form of proposals and contracts are on file in the offices of the Board. Copies thereof may be obtained by depositing $10 to insure their return in acceptable condition on or before November 1, 1922.

HARRY J. HAMLIN,
Secretary.

OFFICIAL PROPOSALS

Bids: Sept. 23.

Sewers

Bloomington, Ill.

Sealed bids will be received by the Trustees of the Bloomington and Normal Sanitary District, at 404 Unity Building, Bloomington, Illinois, up to 10 o'clock a.m., September 23, 1922, for the construction of the following work of the District.

Division Street Sewer Extension, consisting of:

820 feet of 18 inch Vitrified Pipe Sewer.
12 feet of 18 inch Cast Iron Pipe Sewer.
2 Manholes.
1 Overflow Chamber.
1 Headwall.

And the Valley Sewer Overflow Chamber, requiring 37 cubic yards of reinforced concrete.

All bids must be on forms prescribed by the Trustees, and bidding blanks may be obtained from Taylor & Woltmann, 428 Unity Building, Bloomington, Illinois, engineers for the District.

Plans, profiles and specifications for the work may be obtained from the engineers.

All bids must be accompanied by a check for 10 per cent of the amount of the bid certified by a responsible bank, payable to John W. Harber, president of the Board of Trustees.

The Trustees reserve the right to reject any and all bids.

Dated Bloomington, Illinois, August 22, 1922.

JOHN W. HARBER,
FRED D. BARBER,
JOHN J. CONDON,
Trustees, Bloomington and Normal Sanitary District.

Bids: Sept. 22.

Drainage Work

Wynne, Ark.

Bids will be received by the Board of Commissioners of Drainage District No. 3, of Cross County, Arkansas, at the Court House in Wynne, on Friday, September 22nd, 1922, for the construction of about fifty-three miles of ditches ranging in size from six to thirty feet in bottom width and amounting to about 1,438,000 cubic yards of earth excavation; also the clearing of about 674 acres of right of way and the laying of about 3,000 lineal feet of pipe.

The Commissioners will reserve the right to receive auction or sealed bids, or both, and to reject any or all bids.

Bidders' bond or a certified check for Five Thousand Dollars will be required of all bidders; and a satisfactory surety bond amounting to 50% of the contract will be required of the successful bidder.

A map of the district showing the location of the different ditches and elevations and a copy of the contract and specifications may be had upon the payment of $2.00 to the engineer, or they may be seen at the County Clerk's Office in Wynne. Bidders so desiring will be accompanied over the District on Wednesday and Thursday, September 20th and 21st.

W. S. NEWSOM, Engineer,
Wynne, Ark.

OFFICIAL PROPOSALS

Bids: Sept. 20.

Concrete Arch Bridge

Norwalk, Conn.

Sealed proposals will be received by the Mayor of the City of Norwalk, South Norwalk, Connecticut, at 7 o'clock P.M. (daylight saving time) on September 20, 1922, for the removal of steel work and masonry jack arches on the south side of the present bridge and for the construction of a reinforced concrete arch extension, 60 ft. span and about 23 ft. wide, at the Wall Street Bridge in Norwalk, Connecticut.

Plans, specifications and proposal blanks for this work may be seen at the office of the City Engineer, City Hall, South Norwalk, Connecticut, or they may be obtained from the City Clerk, South Norwalk, Connecticut, upon the payment of $5.00, which sum will be refunded to all parties submitting a proposal for this work.

Each bid shall be accompanied by a property certified check payable to the order of the Treasurer, City of Norwalk, upon a bank satisfactory to the Mayor and Council, for the sum of $2,500.00.

All proposals must be marked "Proposal for the construction of the southerly extension to Wall Street Bridge."

The City reserves the right to reject any or all bids.

CALVIN L. BARTON,
Mayor.

Bids: Sept. 28.

Laboratory Building

Ithaca, N. Y.

Sealed proposals for Construction, Heating, Sanitary and Electric Work, Addition to Laboratory Building (South Wing—James Law Hall), at the New York State Veterinary College, Cornell University, Ithaca, N. Y., will be received by Mr. C. D. Bostwick, Comptroller, Cornell University, Ithaca, N. Y., until 12 o'clock noon, (Standard Time), on Thursday, September 28, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractors to whom the awards are made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contract within thirty (30) days after official notice of award of contract and in accordance with the terms of Specifications Nos. 3472, 3473, 3474 and 3475. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the office of Mr. C. D. Bostwick, Comptroller, Cornell University, Ithaca, N. Y.; at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, L. F. Pilcher, Capitol, Albany, N. Y.

Dated: August 28, 1922.

OFFICIAL PROPOSALS

Bids: Sept. 20.

Outfall Sewer

Manchester, N. H.

Sealed proposals, on blank forms attached to the specifications and furnished by the Surveyor of the Department of Highways, Manchester, N. H., addressed to the Surveyor, Department of Highways, Manchester, N. H., will be received until 4 o'clock P.M. (Daylight Saving Time), September 20, 1922, for furnishing all material and labor for the construction of an Outfall Sewer, together with connections, dry weather outfall, head wall, etc., as shown upon the plans and specified in the specifications adopted by the City of Manchester, through the Surveyor.

The bids must be accompanied by a certified check to the amount of 5% of the total amount of the bid, made payable to the Treasurer of the City of Manchester and said check must be submitted and inclosed with the Sealed Proposal.

Contract, Drawings, Specifications and other data are on file for inspection at the Surveyor's Office, City Hall, Manchester, N. H., and specifications and plans can be had by making a payment of $10 to the Surveyor.

The right is reserved to reject any and all bids and to waive any informality in the bids.

E. R. CONANT, Surveyor,
Department of Highways,
Manchester, N. H.
Manchester, N. H., August 30, 1922.

Bids: Sept. 19.

Six Sections of Highway Work

Baltimore, Md.

SEALED PROPOSALS for building six sections of State Highway, as follows:

Carroll County—Contract CL-31—One section of state highway from Westminster toward Warfieldsburg for a distance off 2.0 miles—(Concrete).

Baltimore City—Contract BC-42—One section of state highway along Columbia Ave. from Monroe Street to Gwynn Falls, for a distance of 0.42 mile—(Sheet Asphalt).

Anne Arundel County—Contract AA-27—One section of state highway along the Southern Maryland Blvd. from Benfield south for a distance of 4.0 miles—(Concrete).

Prince George County—Contract P-39—One section of state highway along the Southern Maryland Blvd. from Marlboro south for a distance of 4.0 miles—(Concrete).

St. Marys County—Contract SM-21—One section of state highway from the state road one-half mile north of Leonardtown toward Compton, a distance of 1.0 mile—(Gravel).

Dorchester County—Contract D-28—One section of state highway from Rhodesdale toward Vienna, for a distance of 1.0 mile—(Concrete).

Will be received by the State Roads Commission, at its offices, 601 Garrett Building, Baltimore, Maryland, until 12 M. on the 19th day of September, 1922, at which time and place they will be publicly opened and read.

Bids must be made upon the blank proposal form which, with specifications and plans, will be furnished by the Commission upon application and cash payment of $1.00, as hereafter no charges will be permitted.

No bids will be received unless accompanied by a certified check for the sum of Five Hundred ($500) Dollars, payable to the State Roads Commission.

The successful bidder will be required to give bond, and comply with the Acts of the General Assembly of Maryland, respecting contracts.

The Commission reserves the right to reject any and all bids.

By order of the State Roads Commission this 31st day of August, 1922.

JOHN N. MACKALL,
Chairman.
L. H. STEUART, Secretary.

To Make Each Part As Strong As The Rest

¶That was the secret of the old carriage maker's work of "building a wonderful, one-horse chaise that wouldn't wear out till judgment day"—¶That plan is the keynote of Swart specialized Contract Bond Service. ¶Each step from the securing of preliminary information to the preparation of the case and presentation of it to the underwriter is handled as though the whole deal hinged on a single point. ¶That is why Swart Service Really Serves. ¶That is why Swart Service would be an economical buy at twice the standard rates. ¶That is why the ordinary type of service is twice as expensive as Swart Service. ¶That is why with Swart Service at your service at the cost of the ordinary sort it is the best buy for you. ¶Swart is ready to tell you more. Are you ready to listen?

Swart Service Really Serves

Engineering News-Record

(Circulation over 30,000 weekly)

prints more than twice as many announcements advertising contracts to be let than appear in any other one publication

Practically every form of public work and the furnishing of material and supplies were printed in the Official Proposal Columns of *Engineering News-Record* last year. They include calls for bids on:

Boilers
Bridges
Building Alterations
Canal Construction
Cast Iron Pipe
Dams
Drainage
Dredging
Engines
Excavation
Filling
Filtration Plants
Generators
Heating and Ventilating
Highway Construction
Paving
Pumps
Pumping Plants
River and Harbor Improvements
Road Oil
Road Building Equipment
Schools and Public Buildings
Sewage Disposal Plants
Sewers
Street Improvements
Street Lighting Systems
Supplies and Material
Water Works
Well Drilling, Etc.

THIS wide use of *Engineering News-Record's* Official Proposal Columns and the rapidly growing recognition of this paper's value as an advertising medium is due to RESULTS—keen competition, lower bids, better work—and savings.

For more than 40 years contractors, manufacturers, and dealers everywhere have consulted the Official Proposal Columns of *Engineering News-Record* and its predecessors for opportunities for business. Today, many of those interested in bidding on contracts for work, material, and supplies depend entirely upon the advertisements that appear in this dominant paper and would be unlikely to see those printed elsewhere.

Ohio—See "Streets and Roads."

BRIDGE—BALLSTON SPA, NEW YORK

Following are lowest three bids opened Aug. 16, by Bd. Supervs. Saratoga Co., for constructing steel highway bridge at north end of Saratoga Lake, (A) Brann & Stuart Co., Inc., 310 Commercial Trust Bldg., Phila. (awarded contract); (B) Independent Bridge Co.; (C) T. F. McGovern. The unit bids were as follows:

	A	B	C
Removal of old structure (lump sum)	$2,200.00	$2,000.00	$1,500.00
300 cu.yd. concrete in pier bases	33.30	42.00	54.00
275 cu.yd. concrete in pier shafts	43.56	20.00	40.00
250 cu.yd. concrete in abutments	31.24	30.00	40.00
4,000 lin.ft. piles below bases	0.55	1.25	1.00
1,500 lin. ft. pile cut-offs	0.30	0.30	0.25
940,000 lb. structural metal	.0657	0.07	0.06
380 cu.yds. concrete slabs	25.00	22.00	25.00
65,000 lb. reinforcing steel	0.048	0.03	0.65
Removal of debris (lump sum)	2,095.00	1,000.00	500.00
Extended totals	$111,102	$111,460	$113,700

BRIDGE—ROCHESTER, N. Y.

Bids were opened Aug. 9, by city, for constructing South Avenue Bridge, (A) Engineer's Estimate; (B) Seneca Eng. Co., Carter Bldg., (awarded contract); (C) A. Fredericks & Sons, 710 Lake Ave.; (D) T. Holahan, 1568 East Main St.; (E) Whitmore, Rauber & Vicinus, Inc. The unit bids were as follows:

	A	B	C	D	E
Removing present bridge (lump sum)	$1,000.00	$500.00	$1,000.00	$5,000.00	$1,000.00
300 cu.yd. removing present abutment and walks	5.00	4.00	5.00	4.00	5.00
2,000 cu.yd. earth excavation	1.25	1.35	1.50	1.00	1.25
200 cu.yd. rock excavation	4.50	3.50	4.00	4.00	4.50
150 cu.yd. underpinning abutment masonry	19.00	17.00	21.00	16.00	19.00
10 cu.yd. class "A" concrete in place	25.00	25.00	26.00	25.00	25.00
350 cu.yd. class "B" concrete in place	19.00	19.00	20.00	16.00	19.00
1,000 cu.yd. class "C" concrete in place	10.00	11.00	9.75	9.00	10.00
150 cu.yd. class "D' concrete in place	8.00	8.00	8.00	7.00	8.00
405,000 lb. structural steel in place	0.0425	0.0485	0.05	0.06	0.051
10,000 lb. reinforcement steel in place	0.0425	0.045	0.0425	0.06	0.0425
1,000 lb. castings in place	0.07	0.07	0.07	0.08	0.07
800 sq.yd. asphalt paving and binder course	1.65	1.65	1.75	1.10	1.65
220 sq.yd. new medina stone paving including sand foundation in place	4.10	4.00	4.40	3.50	4.10
500 sq.yd. relaying stone pavement in approach	1.50	1.50	1.50	1.20	1.50
140 lin.ft. medina curb in place	1.75	1.75	2.00	1.50	1.75
100 lin.ft. medina curb relayed	1.00	1.00	1.00	0.90	1.00
1,000 sq.ft. side walk except on bridge, including grading in place	0.20	0.22	0.20	0.17	0.20
Maintaining traffic (lump sum)	5,000.00	2,500.00	2,000.00	6,000.00	5,500.00
Changing end post L.V.R.R. bridge (lump sum)	2,000.00	1,200.00	1,900.00	2,100.00	2,000.00
Extended totals all items (32 items)	$57,867	$56,642	$58,795	$60,735	$61,809

FILTRATION PLANT—SACRAMENTO, CALIF.

Following is Engineer's Estimate and lowest three bids opened Aug. 24 by city for constructing rapid sand filtration plant and appurtenances, Contr. No. 24 (A) Engineer's Estimate; (B) Mathews Constr. Co., Forum Bldg.; (C) R. McLeran & Co., Hearst Bldg., San Francisco; (C) K. E. Parker Co., and Healy-Tibbitts Co., 519 California St., San Francisco.

	A	B	C	D
Sedimentation basins, coagulation tanks and appurtenances—structures (lump sum)	$261,675.00	$218,825.00	$246,523.00	$244,000.00
Sedimentation basins, coagulation tanks and appurtenances—equipment (lump sum)	50,554.00	48,461.00	46,583.00	45,000.00
Head house and filters—structures (lump sum)	168,710.00	140,100.00	166,293.00	156,000.00
Head house and filters—equipment (lump sum)	86,040.00	92,756.00	93,022.00	95,000.00
Sump—structure (lump sum)	19,662.00	18,758.00	17,687.00	23,000.00
Coagulant building—structure (lump sum)	44,665.00	49,615.00	48,800.00	55,000.00
Coagulant building—equipment (lump sum)	43,800.00	47,951.00	42,615.00	47,000.00
Outside piping (lump sum)	42,563.00	25,492.00	26,000.00	25,000.00
Outside wiring and lighting (lump sum)	9,418.00	14,100.00	14,640.00	13,000.00
General fill (lump sum)	75,000.00	82,750.00	97,335.00	100,000.00
Grading (lump sum)	13,000.00	12,380.00	19,720.00	22,000.00
Gutters, curbs, roads, walks and miscellaneous structures (lump sum)	24,760.00	20,769.00	24,100.00	35,000.00
Total of items 1-12 inclusive	$839,847.00	$771,957.00	$843,318.00	$860,000.00
Extra excavation (per cu.yd.)	$2.50	$2.25	$1.50	$1.50
Extra rolled fill (per cu.yd.)	4.00	4.25	1.75	4.00
Extra concrete—class A (per cu.yd.)	10.50	16.00	13.00	25.00
Extra concrete—class B (per cu.yd.)	9.50	14.00	12.00	20.00
Extra forms (per sq.ft.)	0.18	0.43	0.20	0.18
Extra reinforcing steel (per lb.)	0.05	0.06	0.05½	0.06
Structures ready for fill	Mar. 15, 1923	June 30, 1923	Aug. 1, 1923	Dec. 1, 1923
All fill completed by	Sept. 1, 1923	Oct. 31, 1923	Dec. 1, 1923	Feb. 1, 1924
All structures ready for operation	Oct. 15, 1923	Nov. 30, 1923	Dec. 15, 1923	Feb. 15, 1924

Calif., Mariposa—Mariposa Co., 180 ft. steel span, concrete piers and abutments, alternate bids on (a) 108 ft. timber or (b) concrete approaches and floor, from Security Bridge Co., Ogden, Utah (street address not available), (a) $19,988, (b) $23,500; Union Constr. Co., Balfour Bldg., San Francisco, (a) $22,171, (b) $23,783; A. W. Kitchen Co., 110 Market St., San Francisco, (a) $23,805, (b) $28,767.

CONTRACTS AWARDED

Mass., Attleboro—Dept. Pub. Wks., constructing 2 concrete bridges, one on Bank St. over Bungay River, other on Water St. over Ten Mile River, to Engineering Service & Constr. Co., 220 Devonshire St., Boston. Noted Aug. 10.

Mass., West Warren—Warren Cotton Mills, one 50 ft. rein.-con. span, to replace old wooden bridge over raceway, at plant, to Newton & Haley, Springfield. Engrs. est. $30,000.

N. Y., La Salle—Niagara Town Bd., 100 ft. steel girder bridge, 32 ft. roadway, over Cayuga Creek, to Standard Eng. Co., Toledo, O. (street address not available), $25,775. Engrs. est. $25,000. Noted Aug. 17.

N. Y., Richland—Town Clerk of town of Richland in village of Pulaski, rein.-con. arch and steel girder bridge across Salmon River, to G. W. Thompson, Gurney Bldg., Syracuse, $61,300. Noted Aug. 17.

N. J., Camden—Philadelphia & Reading R.R., Reading Terminal, Phila., reconstructing bridge, 5,000 ton stone, 3,000 cu. yd. sand and 150 ton reinforcing bars, Jackson St. and Philadelphia & Reading R.R., here, to C. T. Bower, Tulip and Somerset Sts., Phila. Engrs. est. $35,000.

North Carolina—State Hy. Dept., Raleigh, rein.-con. bridges and culverts on State Project 888, Yancey Co., to The Luck Co. Sylva, $42,980. Noted July 6.

Ohio—Dept. Highways and Pub. Wks., Columbus, bridges in following counties:

Guernsey Co., Sect. "I" National Rd., concrete beam, to Noble Bridge Co., Mt. Vernon, $9,076.

Guernsey Co., Sect. "K" National Rd., rein.-con. slab and approaches, to Noble Bridge Co., Mt. Vernon, $9,565.

Crawford Co., Sect. "G" Bucyrus-Cresline Rd., concrete arch and approaches, to Le Hainey & Auth, Toledo, (street address not available), $12,487.

Bridges (Continued)

Butler Co., Sect. "C" Hamilton-Scipio Rd., concrete beam to V. F. Hughes, Hamilton, $4,169.

Butler Co., Sect. "J" Hamilton-Middletown Rd., concrete girder, to C. C. Johns, Middletown, $1,797. Noted Sept. 7.

Mich., Marine City—State Hy. Dept., Lansing, Bridge 770901, substructure for 134 ft. 4 in. swing bridge, 24 ft. roadway. incl. 1,020 cu.yd. rein.-con., 99,220 lb. reinforcing, to Lyons Constr. Co., Dearborn, $48,641. Noted Aug. 24.

Mich., Mottville — State Hy. Dept., Lansing, Bridge 781102, with three 90 ft. concrete girders, 20 ft. roadway, to Smith & Nichols, Hastings, $33,420. Noted Aug. 10.

Wis., Wauwatosa—City and Milwaukee Co., 80 ft. rein.-con. arch span, 40 ft. roadway, two 11 ft. sidewalks, over West Main St., to Stein Constr. Co., 204 Grand Ave., Milwaukee, $34,370. Noted Aug. 31.

Ia., Oskaloosa—Mahaska Co., 21 culverts and extensions, to D. B. Russell, Oskaloosa, $11,225, concrete figures $21.88 per cu.yd.; 1 high truss, one I-beam, 2 pony trusses, to L. R. Gabriel Co., Muscatine, $32,288, concrete figures $18.84 per cu.yd.; 17 culverts and extensions, to C. A. Dickey, Hedrick, $9,200, concrete figures $17.75 per cu.yd.

Ia., Scott City—Scott Co., 1 high truss to Des Moines Steel Co., 5th and Tuttle Sts., Des Moines, $11,982, concrete figures $27.12 per cu.yd.; 31 culverts and extensions, to Federal Bridge Co., 1002 Bankers Trust Bldg., Des Moines, $20,593, concrete figures $26.54 per cu.yd.; 18 culverts and extensions, 1 pony truss, to Lundgren-Reis Co., 65 College St., Des Moines, $25,790, concrete figures $26.09 per cu.yd.

Minn., Two Harbors—See "Streets and Roads."

Calif., Riverside—Bd. Supervs. Riverside Co., 5 span ornamental concrete bridge over Santa Ana River at foot of Mt. Rubidoux, to De Waard & Cobham Constr. Co., San Diego, (street address not available), $99,500.

Ont., Baden—Waterloo Co., steel superstructure, concrete abutments in Wilmot Twp., steel work to J. J. Hill, Mitchell; concrete work to A. Fraser, New Hamburg. Engrs. est. $35,000.

Dams

PROPOSED WORK

S. D., White River—Voted $25,000 bonds for dam in White River, 100 lin.ft. long, 12 ft. high, concrete or logs and stone, with 200 ft. dike, also power house and hydro-electric plant. T. H. Green, city clk.

CONTRACTS AWARDED

Wis., Oconto Falls—Union Mfg. Co. concrete and steel dam to increase power, to W. E. Ule, 603 Clark St., Stevens Point. Engrs. est. $25,000.

B. C., Elko—See "Industrial Works."

Excavation, Drainage, Irrigation

PROPOSED WORK

La., Alexandria—Soon takes bids building drainage system and improving 7th St. ditch. $100,000.

Wis., Calamus—Dodge Co. Drainage Bd. making plans 3 mi. tile drain, 1 mi. each of 8, 12 and 18 in. drain tile, incl. 6,000 acres. $30,000. L. M. Schindler, 717 Clark St., Appleton, engr.

Calif., Rio Vista—Recl. Dist. 2060 having surveys made raising levees, 4 mi. bank protection, constructing drainage ditches. Plan to purchase Hastings Tract Co. lands and make above improvements. H. S. Bonte, Balfour Bldg., San Francisco, engr.

Ont., Barrie—Simcoe Co. plans to dredge Nottawasaga River and reclaim 20,000 acres flooded lands. $50,000. Engineer, c/o Provincial Dept. Pub. Wks., Toronto.

BIDS DESIRED

N. Y., New York—Sept. 18, by J. H. Delaney, comr. Docks, Pier "A" foot of Battery Pl., North River, dredging Chelsea Piers, Manhattan Boro.

Delaware—Sept. 27, by State Hy. Dept., Dover, excavating at Camden, Contr. CK-8A; adv. this issue.

Fla., Ft. Lauderdale—Sept. 19, by City Council, 8,400 lin.ft. canal, 35 ft. bottom, 81,000 cu.yd. earth and 9,000 cu.yd. rock excav. $47,500. H. C. Davis, Ft. Lauderdale, engr

Ia., Nevada—Sept. 20, by M. R. Purkhiser, aud. Story Co., constructing D. D. 3, 53,840 lin.ft. 8-28 in. tile, 30 inlets, for Story and Marshall Counties. $25,000. W. A. Olson, Nevada, engr.

Mo., Ravenwood—Sept. 21, by F. H. Casteel, secy. Jackston Twp. D.D. at Platte Valley Bank, constructing main ditch 456,000 cu.yd., 8 laterals, 61,700 cu.yd. and 60 acres clearing. C. E. Jacoby Eng. Co., 527 Shukert Bldg., Kansas City, engr.

Calif., Merced—Sept. 22, by Dirs. Merced Irrigation Dist., constructing Fairfield Canal system, 7.4 mi. laterals and 8.4 mi. main canal, 67,300 cu.yd. excav. and 36,700 cu. yd. borrow. R. C. Starr, Merced, ch. engr.

CONTRACTS AWARDED

N. J., South Amboy—Pennsylvania R.R., Broad St. Sta., Phila., dredging 180,000 cu.yd. South Amboy Harbor, to Morris & Cummings Dredging Co., 17 State St., New York City, $0.195 per cu.yd.

Ill., Bloomington—Trustees Bloomington Normal Sanitary Dist., 404 Unity Bldg., constructing open channel work, to W. F. Sternberg Co., Piper City, $22,000. Noted July 20.

Ia., Garner—Hancock Co., D. D. 114, 10,300 lin.ft. open ditch, 54,216 cu.yd. excav., 29,454 lin.ft. 6-24 in. tile, to E. L. Hatten, Britt, excav. $0.20 per cu.yd.; Clement Products Co., Mason City, tile $16,420; C. Hampe, Britt, tile labor $11,899.

Mont., Great Falls—Canals, etc.—U. S. Recl. Service, Sun River Project, 118,000 cu.yd. canal excav., 21,000 cu.yd. excav. for structures, 1,850 cu.yd. rein.-con., 2,500 lin.ft. vitr. and concrete pipe, 171,000 lin.ft. lumber, etc. to J. B. Roberts, Simms, H. M. Morris, Ft. Shaw, Jenkins Bros., Fort Shaw, E. L. Burgess, Ft. Shaw and F. Coolidge, Laramie, Wyo., total $60,000. Noted June 29.

Ore., Grants Pass—Grants Pass Irrigation Dist., excavating main canal, 4 mi. new canal and enlarging old canal 2 mi., 167,000 cu.yd. dry earth and 13,000 cu.yd. dry rock excav., to P. Welch, Medford, $73,580. Engrs. est. $100,000. Noted Aug. 17.

Calif., Marysville—Dredging Ellis Lake, 130,000 cu.yd. excav., to J. D. Hutchison, Rio Vista, $29,000. Noted June 29.

Calif., Oroville—Drainage Dist. 200, to G. Pollock Co., Forum Bldg., Sacramento, 4 or 5 mi. main canal, 5 to 6 ft. deep, 15 ft. wide, and 5 mi. main canal, 5 to 6 ft. deep, 10 ft. wide, at $0.23; 5 mi. laterals, $0.19. Work involves 261,465 cu.yd. excav.

Streets and Roads

PROPOSED WORK

New York—H. S. Sisson, comr. State Hy. Dept., Albany, received no bids Aug. 29, improving 3.57 mi. Highway 8133 Morehouseville-Piseco, Part 3, Hamilton Co., $128,918; repairing 2.5 mi. Repair Contr. 3021 Highway 742, Steuben Co., $77,273. Noted Aug. 17.

N. Y., Auburn—Plans paving Lake Ave., Logan, Lansing and Franklin Sts., $25,000; also 1,000 ft. culvert for Wood Creek in 9th Ward, $12,000-$14,000. M. F. Dullea, city engr.

N. Y., Lackawanna—Plans paving Abbott Rd. $54,000. B. McDonnell, comr. Pub. Wks.

N. Y., Niagara Falls—City Manager soon takes bids paving 958 ft. James Ave. from Lewiston Rd. to Washington St., 30 ft., granite, wood block, sheet asphalt, brick or asphaltic concrete, $26,400. W. B. Bennett, city engr.

N. Y., Niagara Falls—Plans paving 2,039 ft. alley from Niagara to Ferry Aves., 15 ft., granite, wood block, asphalt, sheet asphalt, asphaltic concrete or brick, $31,575, estimate based on granite block; 627 ft. South Ave., 24 ft., $14,125. W. B. Bennett, city engr.

N. Y., Seneca Falls—Plans paving Beryl Ave., Bridge extension, South Park and Daniel Sts., over 1 mi. long. $45,000. W. S. Lozier, Rochester, (street address not available), engr.

Fla., West Palm Beach—Bd. Comrs. Palm Beach Co. rejected bids unopened shell paving Ocean Blvd. on Jupiter Island and resurfacing road from county line to Sewells Point, total length 8½ mi. New bids will be called. R. F. Goodman, West Palm Beach, engr. Noted July 27.

Fla., West Palm Beach—Comrs. Palm Beach Co. rejected bids constructing 5 mi. Dixie Highway north of Jupiter Bridge. New bids and specifications will be called. R. F. Goodman, West Palm Beach, engr.

O., Dayton—Plans paving 1,800 ft. Dow St. from Riverview to Grand Aves., 30 ft., 3,000 lin.ft. cement curb and gutter, 5,000 sq.yd. vitr. brick, concrete or Kentucky rock asphalt on concrete. $28,601. I. E. Houk, city engr.

Ind., Indianapolis—Marion Co. plans concrete paving 2.8 mi. S. A. Furner Rd., 20 ft., 26,895 sq.yd. concrete, 10,200 cu.yd. excav., 3,300 cu.yd. fill, 199 cu.yd. concrete for concrete bridge, etc. $83,638. J. J. Griffith, Indianapolis, engr.

Mich., Detroit—Plans paving 4,060 sq.yd. Leuschner Ave. from Hamtramck city limits to Mt. Elliott Ave., $20,300, 3,400 sq. yd. Bordeau Ave. from Belleterre to Nardin Aves., $17,220, 2,800 sq.yd. Marcus Ave. from Mt. Elliott to Foster Aves., $13,770, 4,350 sq.yd. Wyoming Ave. from Grand River to Fullerton Aves. $21,700, 4,000 sq. yd. Genesee Ave. from Joy Rd. to Chicago Blvd., $20,120, 4,600 sq.yd. Brentwood Ave. from Woodward to Charleston Aves., $28,240, all with 3½ in. sheet asphalt on 8 in. concrete, also 5 alleys with one course concrete, totaling $19,270. J. W. Reid, city engr.

Mich., Holland—Plans grading and paving 4,000 ft. Main St., 10,575 sq.yd. sheet asphalt, 3,470 cu.yd. excav. $45,000.

Wis., Johnson Creek—Rejected bids received Aug. 11, concrette paving Milwaukee and Watertown Sts. Will readvertise later. Parsons & Orbert, 216 West Water St., Milwaukee, engrs. Noted Aug. 3.

Kan., El Dorado—Butler Co. Comrs. soon take bids graveling 6.258 mi. road from Augusta to Gordon, Sect. A, Federal Aid Project 124, 18 ft. $75,000. H. D. Barnes, co. engr. Noted June 15.

Neb., Harvard—Plans 75,000 sq.ft. paving. Grant, Fulton & Letton, Bankers Life Bldg., Lincoln, engrs.

Neb., Lincoln—Lancaster Co. soon takes bids curbing, guttering and paving with vertical fiber brick, asphalt, concrete or asphaltic concrete 4,000 lin.ft. O St. from 44th to 56th Sts. A. H. Edgren, co. engr.

Missouri—State Hy. Dept., Jefferson City, plans 10.6 mi. road north Kansas City to Liberty, 24 ft., Federal Aid Project 99, Clayton Co., 21,200 cu.yd. roadway excav., 113,341 sq.yd. 1 course concrete pavement, 18 ft. wide, 7 in. at center and edges; 12.32 mi. road from Gallatin southwest and northwest, 24 ft., State Aid Project 20.206, Davies Co., 54,497 cu.yd. earth excav., 10,261 cu.yd. borrow, 562.96 cu.yd. concrete masonry, etc.; 2.381 mi. road from Lin Creek northwardly, 24 ft. State Aid Project 20.195 Camden Co., 13,155 cu.yd. earth excav., 1,219 cu.yd. borrow, 5.4 cu.yd. concrete masonry, etc.; 10.378 mi. road from Buffalo northwest and northeast, 24 ft., State Aid Project 20.183, Dallas Co., 34,828 cu.yd. earth and 800 cu.yd. rock excav., 9,565 cu.yd. borrow, 505.6 cu.yd. concrete masonry, etc.; 4.543 mi. road from Ava southeastwardly, 24 ft., State Aid Project 20.196, Douglas Co., 25,113 cu.yd. earth and 1,915 cu.yd. rock excav., 41.7 cu.yd. concrete masonry, etc.; 3.138 mi. road south of Lindell, 24 ft., State Aid Project 20.170, Grundy Co., 13,836 cu.yd. earth excav., 1,692 cu.yd. borrow, 237.5 cu.yd. concrete masonry; 0.94 mi. road from Richmond northwardly, 24 ft., State Aid Project 20.202, Ray Co., 5,914 cu.yd. earth and 694 cu.yd. rock excav., 200 cu.yd. borrow, 33.9 cu.yd. concrete masonry, etc. B. H Piepmeier, state highway engr

Mo., Springfield—Plans paving Kickapoo St. from Elm to Grand Sts., 20,000 sq.yd. tarvia on stone, G. W. Culler, 998 North Jefferson St., engr.

Calif., Bakersfield—Had plans prepared improving Kern St. between Jackson and Lake Sts., 813 lin.ft. concrete curb, 2,672 sq.ft. concrete gutter, 33,952 sq.ft. 1½ in. warrenite bitulithic on 3½ in. asphaltic concrete; Oregon St. between Baker and Beale Sts., 3,259 sq.ft. concrete gutter, 48,121 sq. ft. 1½ in. warrenite bitulithic on asphaltic concrete; portions of B, F, G, H, I, 7th, 10th, 14th and 16th Sts., Dist. 459, 4,032 lin.ft. concrete curb, 23,883 sq.ft. concrete walks. W. D. Clark, city engr.

Calif., Bakersfield—Rejected bids improving Oak St. New proceedings will be started under specifications to provide 1½ in. warrenite bitulithic on 4 in. asphaltic concrete. W. Clark, city engr. Noted July 27.

Calif., Chico—Plans surfacing 30 to 40 blocks, probably asphaltic concrete. F. S. Robinson, city engr.

Calif., Daly City—Had plans prepared improving various streets 87,910 sq.ft. 1½ in.

Streets and Roads (Continued)

topeka on 4 in. concrete, 6,349 lin.ft. concrete curb and gutter, 2,165 lin.ft. 4 in. vitr. lateral sewers, 880 sq.ft. cement walks, 4,000 cu.yd. grading. G. A. Kneese, City Hall, Redwood City, engr.

Calif., Fresno—Had plans prepared improving Mono St. between Van Ness and P Sts., 91,759 sq.ft. grading, 85,879 sq.ft. asphaltic pavement, 5,645 sq.ft. concrete gutter, 3,339 lin.ft. concrete curb, etc. W. Stranahan, city engr.

Calif., Oroville—Supervs. Butte Co. received no bids Aug. 31, surfacing ¾ mi. Neal Rd. with crushed rock, surfacing Laurel St., Stirling City, asphalt macadam on 2 in. base. H. H. Hume, co. surv. Noted Aug. 24.

Calif., Rio Vista—Soon takes bids improving various streets in Dist. 1, 2 and 3. To exceed $25,000. C. E. Sloan, Santa Fe Bldg., San Francisco, engr.

Calif., San Diego—Having plans prepared grading, curbing, laying sidewalks and paving Lincoln St. from Oregon to Bancroft Sts., 4,871 lin.ft. cement curbing, 22,441 sq. ft. cement sidewalks, 16,188 sq.yd. bituminous macadam 1½ in. thick; Granada and Redwood Sts., 523 lin.ft. cement curbing, 1,952 sq.ft. cement sidewalks, 11,105 sq. yd. 1½ in. asphaltic concrete on 2½ in. bituminous. F. A. Rhodes, City Hall, engr.

Calif., San Francisco—City and San Francisco Co. had plans prepared improving 27th, 28th, 29th and 30th Aves. between Ulloa and Vicente Sts., 6,101 cu.yd. excav., 1,706 cu.yd. fill, 570 lin.ft. 8 in. vitr. sewers, 4,800 lin.ft. concrete curb, 10,000 sq.ft. concrete and 86,000 sq.ft. asphaltic concrete pavement. $40,000. M. M. O'Shaughnessy, city engr.

Calif., Stockton—San Joaquin Co. having plans prepared improving Austin Rd., 5,000 cu.yd. grading, 7,600 ton rock, 770 bbl. asphaltic oil; Central Ave. in Sumner House Tract, 2,500 cu.yd. grading, 4,200 ton rock, 308 bbl. asphaltic oil; Duncan Rd. between Waterloo and Linden Rds., 2,500 cu.yd. grading, 4,300 ton rock, 736 bbl. asphaltic oil; Louise Ave. in Sumner House Tract, 4,500 cu.yd. grading, 8,500 ton rock, 736 bbl. asphaltic oil; Bixler Rd. 444, 6,500 cu. yd. grading; Graham Rd. from Waterloo Rd. ¾ mi. east of Tokay School, 3,500 cu.yd. grading, 4,050 ton gravel; Quinsby Ave. between Lodi and Kettleman Lane, 2,500 cu.yd. grading, 5,472 ton rock, 525 bbl. asphaltic oil. F. E. Quail, co. surv.

Que., Montreal—Plan concrete sidewalks as follows: 569 ft. on Jules Verne Ave. $2,300, 285 ft. Baldwin Ave. $157, 3,700 ft. Dixon Ave. $1,931, 6,892 ft. St. Lawrence Ave. $43,472, 555 ft. Lacasse St. $1,766, 820 ft. Gounod St. $3,886, 245 ft. Des Voltigeurs St. $830, 761 ft. Bourbonniere Ave. $2,628, 520 ft. Villeray Ave. $2,676. Cement slab sidewalks 150 ft. on Henri Julien Ave. $131, 275 ft. DeNormanville Ave. $141, 416 ft. Goulet Ave. $208, 1,190 ft. Forbin-Janson St. $644, 360 ft. Lafontaine St. $203, 4,119 ft. Lyall Ave. $2.030, 3,712 ft. Azilda Ave. $1,987, 1,856 ft. Baldwin Ave. $1,016, 7,680 ft. DesOrmeaux Ave. $6,468, 346 ft. Beaugrand Ave. $1,525, 1,610 ft. Lebrun Ave. $830, 1,310 ft. Souligny St. $1,078, 840 ft. Deteck Ave. $420, 6,000 ft. Birman Ave. $4,298, 3,060 ft. Ogilvy Ave. $2,464, 3,060 ft. Abraham Ave. $2,464, 3,060 ft. Hopper St. $2,464, 1,130 ft. Concrete pavement on 677 ft. of land between Mansfield and McGill College Ave. to Burnside St. $4,043. Waterbound macadam on 1,390 ft. St. Clothilde St. $5,670. H. A. Terreault, dir. pub. wks.

Que., Outremont—Plans grading, paving and macadamizing streets, $126,967; also permanent sidewalks, $45,547. E. T. Sampson, city clk.

Ont., Galt—Plans to lay concrete pavements on Dundas and East Main Sts. $35,000. Prices wanted on materials. J. D. Black, city engr.

BIDS DESIRED

Vermont—Sept. 22, at office T. W. Dix, state highway comr., Montpelier, gravel surfacing 3.24 mi. road in Barton; adv. this issue.

Mass., West Roxbury (Boston P. O.)—Sept. 21, by Metropolitan Dist. Comn., 1 Ashburton Pl., Boston, improving West Roxbury Parkway from Centre to Weld Sts., 400 cu.yd. grading, 1,500 cu.yd. fill, 200 cu.yd. loam surfacing, 200 sq.yd. concrete sidewalk, 7,100 sq.yd. concrete road, 120 lin.ft. edge stone, etc. $50,000. J. R. Rablin, Massachusetts Park Eng. Dept., 1 Ashburton Pl., Boston, Engr.

Connecticut—Sept. 26, by C. J. Bennett, state highway comr., Hartford, surfacing 4,270 lin.ft. North Main St., Essex; 8,000 lin.ft. Hadlyme Rd., Lyme; 6,075 ft. Pendleton Hill Rd., North Stonington; 4,050 ft. Pendleton Hill Rd., Voluntown; 5,300 ft. Bethlehem-Washington Rd., Bethlehem; all foregoing 7 in. native stone macadam; 17,150 ft. New Haven-New London Rd., Branford, 26,256 ft. Housatonic River Rd., Kent, both plain cement concrete; also 2 span concrete deck girder bridge over Quinnipiac River, in North Haven; adv. this issue.

Conn., New Haven—Sept. 18, by G. X. Amrhyn, supt. Park Dept., paving drives at East Rock Park, 11,350 sq.yd. bituminous macadam. $25,000-$30,000. E. S. Nettleton, Bureau of Engineering, city engr.

Conn., Noroton Heights—Oct. 2, at office H. J. Seeley, Soldiers Home, Noroton, constructing drives, curbing and catch basins on grounds of Fitch's Home, here. Adv. this issue.

N. Y., New York—Sept. 14, Dept. Parks, Municipal Bldg., repaving roadway of bridge over tracks of New York, New Haven and Hartford R.R., at Bronx and Pelham Parkways, asphalt blocks.

New Jersey—Sept. 27, by State Hy. Deept., Trenton, constructing Route 14, Sect. 7, Petersburg-Greenfield, Cape May Co.; removing present wood block pavement and concrete on Passaic River Bridge, Route 1, Lincoln Highway, and replacing same with rein.-con. base and wood block pavement, etc. A. L. Grover, ch. clk.; adv. this issue.

Pa., Munhall—Sept. 19, grading, paving and curbing McClure St., Blake, Brush and Boon Alleys, 1,300 cu.yd. excav., 3,000 sq. yd. concrete. $25,000. H. I. McClay, boro. clk.

Maryland—Sept. 19, by State Rds. Comn., Baltimore, grading, paving, curbing and removing old material, 2,200 ft. Columbia Ave. from Munroe St. to Gwynns Falls. J. N. Mackall, Garrett Bldg., Baltimore, chn.

Md., Baltimore—Sept. 27, by Bd. of Awards, grading, curbing and paving with 1½ x 1½ sheet asphalt on 6 in. concrete, 1-3-6 mix. Lombard St. from East to Ellwood Ave., Harvey St. from Lawrence to Jackson Sts., Wolfe St. from Pratt to Baltimore Sts., East Ave. from Thames St. to Eastern Ave., Calverton Rd. from Frederick Rd. to Hollins St., 15,000 sq.yd. asphalt, 2,600 lin.ft. concrete and 5,700 lin. ft. old stone curbing, 3,000 cu.yd. earth excav., 15,000 sq.yd. concrete base, Contr. 225 OC-NA. R. K. Compton, 214 East Lexington St., engr.

Alabama—Oct. 6, by W. S. Keller, state highway engr., Montgomery, grading, surfacing and constructing bridge on 1.13 mi. road from Livingston south, 1 acre clearing, 32,328 cu.yd. common excav. and borrow 2,000 cu.yd. rock excav., 294.96 cu.yd. concrete, 14,286 lb. reinforcing, 12,000 sq.yd. 2½ in. bituminous macadam, penetration method, 2,485 cu.yd. slag base, one 120 ft. steel span, 865 lin.ft. creosoted timber trestle with 1,873 sq.yd. ¾ in. cold mix surfacing, etc.

S. C., York—Sept. 19, by Bd. Comrs. York Co., grading and surfacing 2.57 mi. York-Smyrna Rd., 21,497 cu.yd. common and 250 cu.yd. rock excav.; 782 cu.yd. topsoil, etc.; bridge over Bullocks Creek on above road, 100 cu.yd. dry and 200 cu.yd. wet excav., 2,900 lin.ft. piling, 608 sq.yd. bituminous surfacing.

O., Maple Heights (Bedford P. O.)—Sept. 20, by Village, grading and laying sidewalks on Center Rd., Ellen Blvd., Raymond and Summit Aves. To exceed $25,000. F. J. Lander, Court House, Cleveland, engr.

Ind., Marion—Sept. 16, by Comrs. Grant Co., grading and gravel surfacing 3.5 mi. Daniel Stuber Rd., 16 ft. $27,000. G. Swisher, Marion, engr. Noted Sept. 7.

Ind., Noblesville—Sept. 16, by Comrs. Hamilton Co., grading and gravel surfacing 3 mi. John Rupe Rd., 18 ft., $25,500; 3 mi. Henry Brehm Rd., 18 ft., $26,000. J. S. Shannon, Noblesville, engr. Noted Sept. 7.

Michigan—Sept. 19, by State Hy. Dept., Lansing, grading and surfacing 3.01 mi. State Trunk Line Rds., 24-17, Sects. A and B, and 54-6, Sect. B, Neewaygo Co., 10,000 cu.yd. excav., 28,000 sq.yd. gravel. F. F. Rogers, state highway comr.

Michigan—Sept. 20, by State Hy. Dept., Lansing, grading and surfacing 5 mi. State Trunk Line Rd. 39-3, Ionia Co. $30,000. F. F. Rogers, state highway comr.

Michigan—Sept. 27, by State Hy. Dept., Lansing, grading and surfacing 12.062 mi. Federal Aid Project 80, Sects. A and B, Machinac Co., 73,522 cu.yd. excav., 127,209 sq.yd. gravel or stone gravel. F. F. Rogers, state highway comr. Noted Aug. 31.

Kan., Iola—Oct. 13, by Allen Co. Comrs. paving 4.046 mi. Fort Scott Wichita Highway, Federal Aid Project 125-A, 18 ft. $150,000. A. Stroup, co. engr.

Kan., Wellington—Oct. 6, by Comrs. Sumner Co., grading 8.426 mi. Meridian Rd., Sects. D and E, Project 35, 29½ ft. $40,000. Former bids rejected. J. W. Mavity, co. engr. Noted Aug. 17.

Wyoming—Sept. 19, by State Hy. Comn., Cheyenne, grading and placing 18 ft. bituminous wearing surface on concrete on 7 mi. Casper-Salt Creek Rd., alternate 18 mi., 9 ft., Federal Aid Project 19, Natrona Co., $300,000; grading, surfacing and constructing culvert on 5.6 mi. Yellowstone Highway north of Cheyenne, 24 ft., Federal Aid Project 134, Laramie Co., $28,653; surfacing 12.2 mi. Lincoln Highway from Rock River west, 24 ft., Federal Aid Project 122, Albany Co., $103,104; 6.2 mi. Lincoln Highway from Lookout to Rock River, 24 ft., Federal Aid Project 123, Albany Co., $40,383; grading, constructing culvert, 95 ft. steel, 54 ft. steel truss and 16 ft. I-Beam spans on 8.8 mi. state highway from Crowheart west, 20 ft., Federal Aid Project 172, Tremont Co., $87,042. J. F. Seiler, state highway engr.

Missouri—Sept. 22, by State Hy. Dept. at div. office Hermitage, 3.069 mi. road from Hermitage westwardly, 24 ft., Federal Aid Project 86 A, Hickory Co., 8,862 cu.yd. earth and 2,395 cu.yd. rock excav., 12,817 cu.yd. borrow, 54.1 cu.yd. concrete masonry, 21,886 sq.yd. specification C gravel pavement, etc. B. H. Piepmeier, Jefferson City, state highway engr.

Tex., Winters—Sept. 22, by Mayor, paving, curbing, guttering and preparing subgrade, etc. on 3 blocks, Main and Post Office Sts., 67 ft., 8,060 sq.yd. vitr. brick or concrete, 1,530 ft. concrete curb. $25,000. U. Stephens, Ballinger, engr.

Colorado—Sept. 26, by State Hy. Dept., Denver, gravel surfacing 5.296 mi. Spanish Trail on highway between Hesperus and Mancos, Federal Aid Project 213-B, La Plata and Montezuma Counties, 18 ft., 322 cu.yd. concrete, 48,600 cu.yd. common, 5,300 cu.yd. rock and 17,000 cu.yd. borrow fill excav., 23 acres clearing, 14,000 sta.yd. overhaul, 55,924 sq.yd. gravel surfacing, 23,865 lb. reinforcing, 1,100 lin.ft. 15-24 in. corrugated metal pipe, $69,747, 3.609 mi. Spanish Trail beginning 5½ mi. west of Durango and extending west toward Hesperus, Federal Aid Project 71-B, La Plata Co., 18 ft., 167 cu.yd. concrete, 18,400 cu.yd. common, 6,900 cu.yd. rock and 12,800 cu.yd. borrow fill excav., 13 acres clearing, 900 sta.yd. overhaul, 38,114 sq.yd. gravel surfacing, 11,870 lb. reinforcing, $54,099; grading 10.731 mi. Platteville-Greeley Rd., beginning 2 mi. north of Platteville and extending northeast parallel to Union Pacific R.R. tracks through La Salle toward Greeley, Federal Aid. Project 226-C, Weld Co., 16 ft., 13,400 cu.yd. common, 58,400 cu.yd. borrow fill excav., 783 cu.yd. concrete, 35,870 lb. reinforcing and 30,530 lb. structural steel, etc., $46,071; grading and graveling 7.474 mi. Cochetopa Pass Rd. beginning at point about 6 mi. west of Saguache and extending west toward Cochetopa, Federal Aid Project 119-B, Saguache Co., 16 ft., 12,400 cu.yd. common, 1,000 cu.yd. rock and 24,600 cu.yd. borrow fill excav., 398 cu.yd. concrete, 19,250 sq.yd. crushed rock surfacing, 20,063 lb. reinforcing, includes 40 ft. concrete bridge sta. 283 and 53, 242 cu.yd. concrete, 17,087 lb. reinforcing, $48,827. L. D. Blauvelt, State Office Bldg., Denver, engr.

Columbus Asphalt Paving Co., Buckeye Bldg., (1a) $38,031, (1b) $34,941, (2a) $91,005, (2b) $86,223, (3a) $13,927, (3b) $12,976, (4) $6,013.

T. E. McShaffrey Constr. Co., 171 South

ROAD WORK—MAINE

Bids were opened by State Highway Comn., Augusta, Aug. 25, for constructing 3.78 miles State Highway "K," Presque Isle Project No. 52, (A) Frissel Eng. Co., Gardner, Mass.; (B) A. D Bridge's Sons, Inc., Hazardville, Conn.; (C) McCabe & Giovannin, 24 East Concord St., Boston. The unit bids were as follows:

	A	B	C
10,868 cu.yd. earth excavation	$1.60	$1.25	$1.70
175 cu.yd. rock excavation	8.00	4.00	6.00
1,200 cu.yd. borrow	1.25	1.25	1.80
9,000 cu.yd. gravel base	2.90	2.80	2.65
33 cu.yd. class "A" concrete	30.00	30.00	35.00
96 cu.yd. class "B" concrete	25.00	25.00	30.00
64 lin.ft. 12-in. C.M. pipe	1.50	1.00	1.50
32 lin.ft. 14-in. C. M. pipe	1.75	1.25	1.50
30 lin.ft. 18-in. C. M. pipe	2.00	1.50	2.00
28 lin.ft. 12-in. C.I. pipe	1.75	1.25	3.00
196 lin.ft. 16-in. C. I. pipe	2.00	1.50	4.00
168 lin.ft. 18-in. C.I. pipe	2.25	1.75	5.00
34 lin.ft. 24-in. C.I. pipe	2.75	2.50	6.00
242 sq.yd. cobble gutter	2.50	1.50	3.00
80 cu.yd. gravel road	4.00	4.00	3.00
7,763 cu.yd. one-course cement concrete surface	9.50	11.50	11.00
345,400 lb. steel reinforcement	.05	.04¼	.055
534 lin.ft. wood guard rail	1.00	0.60	1.00
Extended totals	$143,381	$150,189	$157,577

Following are lowest bids opened Aug. 25, by State Highway Comn., Augusta, for constructing 5.80 mi. State Highway "F," Turner Project No. 59, (A) A. D. Bridge's Sons, Inc., Hazardville, Conn.; (B) J. Arborio, 82 Church St., New Haven, Conn.; (C) R. & J. McGregor, Rumford. The unit bids were as follows:

	A	B	C
16,000 cu.yd. earth excavation	$.85	$1.00	$1.15
50 cu.yd. rock excavation	2.00	1.00	4.00
3,600 cu.yd. borrow	.90	1.00	1.15
50 cu.yd. stone fill	2.00	3.00	2.75
50 cu.yd. gravel base	3.00	2.50	2.45
2,690 cu.yd. stone base, gravel finish	2.75	3.00	3.00
515 cu.yd. gravel sub-base	2.50	2.50	2.45
10 cu.yd. side underdrain	4.00	3.00	2.45
44 cu.yd. class "A" concrete	25.00	25.00	28.00
150 cu.yd. class "B" concrete	25.00	25.00	22.00
10 cu.yd. dry rubble masonry	10.00	10.00	8.00
672 lin.ft. 14-in. C.M. pipe	.75	1.00	1.00
382 lin.ft. 16-in. C.M. pipe	.75	1.00	1.10
58 lin.ft. 18-in. C.M. pipe	.70	1.00	1.25
188 lin.ft. 20-in. C.M. pipe	.70	2.00	1.50
70 lin.ft. 24-in. C.M. pipe	1.00	2.00	2.00
100 sq.yd. cobble gutter	1.50	1.00	1.50
13,900 cu.yd. gravel road	2.55	2.50	2.45
4,160 lin.ft. wood guard rail	.50	.75	.55
Extended totals	$68,823	$73,861	$75,048

Streets and Roads (Continued)

Forge St., (1a) $37,678, (1b) $35,503, (2a) $83,535, (2b) $78,860, (4) $6,044.

E. and W. McShaffrey Co., 574 Rhodes Ave., (1a) $36,094, (3a) $13,549.

E. H. Rawle, 839 Bloomfield Ave., (3a) $13,279.

Timms Clark Co., 437 2nd Natl. Bldg., (5) $8,425, (6) $3,838.

Di Foti Constr. Co., 72 Furnace St., ([illegible]) $7,984, (6) $4,491, (7) $8,238, (8) $13,545, (9) $14,985.

Crano & Lombardi, 274 Crosby St., (5) $10,102, (6) $4,806, (7) $11,631.

H. Gilbert, 19 South Martha Ave., (7) $12,427, (9) $15,756.

H. G. Baltes, Akron (street address not available), (9) $16,931. Noted Aug. 31.

O., Akron—Summit Co. opened bids Sept. 7, grading and paving 1.19 mi. Richfield-Rd. 19 Sect. A, bituminous macadam, from A. F. Wible, 859 Chalker St., $26,001; 1.23 mi. Brittain-Massillon Rd. 49 Sect. B-2, rein.-con., from V. Olson Contg. Co., Herberich Bldg., $44.925, H. Gilbert, 19 South Martha Ave., $45,537, T. E. McShaffrey Constr. Co., 171 South Forge St., $45,895. Noted Aug. 31.

O., Cleveland—Cuyahoga Co. paving Bean Rd. 1, 14,500 lin.ft. 4 in. sewer pipe gutter, 7,400 cu.yd. earth excav., 12,900 sq.yd. concrete, from Freshwater Constr. Co., Natl. Bldg., $48,167; W. McDowell & Son, 10309 Miles Ave., $48,195; River Constr. Co., Schofield Bldg., $48,680.

(1) rein.-con. dumping platform, (2) water supply, from G. B. Spearin, 90 West St., (1) $108,253; McHarg Barton Co., 1328 Bway., (1) $108,391; Northeastern Constr. Co., 101 Park Ave., (1) $116,080; Altman Plumbing Co., 219 East 25th St., (2) $6.585. Noted Aug. 31.

Portland Cement, etc.—St. Paul, Minn.—W. Austin, city purch. agt., opened bids Sept. 5, 3,000 bbl. Amer. Portland cement, from Speakes Co., Griggs and Fuller Sts., $2.69 on track, $2.85 delivered St. Paul Builders Material Co., 605 Ryan Annex, $2.73 on track, Thompson Yards, 1645 Hennepin Ave., Minneapolis, $3.40 (sacks extra) truck delivered; 250 bbl. Atlas white non-staining portland cement, from St. Paul Builders Material Co., 605 Ryan Annex, and Speakes Co., Griggs and Fuller Sts., $8.00 on track and $8.50 delivered, Thompson Yards, 1645 Hennepin Ave., Minneapolis, $8.50 delivered; 1,400 cu.yd. 2 in. gravel, J. L. Shiely Co., 305 Dakota Bldg, $2.65, T. McDonald Contg. Co., Prior Ave. and Cottonwood St., $2.80; 700 cu.yd. washed sand, J. L. Shiely Co., 805 Dakota Bldg., $1.45, T. McDonald

Miscellaneous (Continued)

Contg. Co., Prior Ave. and Cottonwood St., $1.60. Noted Aug. 31.

CONTRACTS AWARDED

Sub-structure and Foundations—Everett, Mass.—Boston Elevated Ry. Co., 108 Massachusetts Ave., Boston, substructures and foundations for two 160 x 300 ft. and two 53 x 56 ft. car repair shops, and 80 x 731 ft. transfer shop, here, to Simpson Bros. Corp., 166 Devonshire St., Boston. Archts. est. $3,000,000 complete. Noted Aug. 31.

Coal Pocket—Woonsocket, R. I.—Lawton Spinning Co., 748 Winter St., rein.-con. coal trestle, 355 ft. long, 15 ft. wide, 14 ft. deep, to Central Eng. and Constr. Co., Central Falls. Archts. est. $25,000.

Passenger Vessels—Buffalo, N. Y.—Detroit-Cleveland Navigation Co., foot of Main St., Buffalo, and foot of 3rd St., Detroit, Mich., two 551 ft. passenger vessels, 58 ft. beam, fitted with sidewheel propulsion, 600 staterooms in each, for use on Lake Erie, to Amer. Shipbuilding Co., foot of West 54th St., Cleveland, O. Engrs. est. $2,500,000 each. Noted June 8.

Ornamental Lights—Long Branch, N. J. Bd. City Comrs., Council Chambers, ornamental lights on Ocean Ave. from Sea View to Brighton Aves., to Central Station Equipment Co., 114 Liberty St., New York, $37,969. Noted Aug. 24.

Steam Mains—Wilkes-Barre, Pa.—Pennsylvania Power & Light Co., laying 2,100 ft. 6 in. steam mains under West Market, North River and West Union Sts., to Amer. Dist. Steam Heating Co., c/o owners; excav., to Phoenix Utilities Co., c/o owners. Total est. $35,000.

Lumber and Cement—New Orleans, La.—Bd. Port Comrs., Canal St., 958 creosoted piles and 506,000 ft. creosoted lumber and timber for sacking plant, to Creosoted Materials Co., Queen and Crescent Bldg., $21,922 and $29,607 respectively; 3,000 bbl. cement, to J. W. Thompson, Canal Commercial Bldg., $9,000.

Bank Protection—Bartlett, Ia.—Fremont Co. D.D. 1, Sidney, 8 retards, 850 ft. long, and 26 Bignell anchor piles, to protect 3 mi. shore line of Missouri River, here, to Woods Bros. Constr. Co., 113 South 13th St., Lincoln, Neb. Engrs. est. $40,000.

Bridge Protection, etc.—Council Bluffs, Ia.—Illinois Central R.R., 135 East 11th Pl., Chicago, 6 standard current retards, 900 lin.ft. long, and 27 Bignell anchor piles, to protect embankment and bridge abutments across Missouri River, here, to Woods Bros. Constr. Co., 113 South 13th St., Lincoln, Neb. Engrs. est. $45,000.

Elevator, etc.—Salina, Kans.—H. D. Lee Flour Mills Co. elevator, tempering bins and cleaner house, Santa Fe Ave., to Jones-Heddelstetter Constr. Co., 706 Mutual Bldg., Kansas City, Mo., $79,600.

Bank Protection, etc. — Caruthersville, Mo.—St. Francis Levee Dist. protection of levees and bank on Missouri River, incl. 6 standard current retards, 1,050 ft. total length, and 35 Bignell anchor piles, to Woods Bros. Constr. Co., 113 South 13th St., Lincoln, Neb. Engrs. est. $60,000.

Shore Protection—Centaur, Mo.—Chicago, Rock Island & Pacific Ry., Railway Exch. Bldg., Chicago, 1,350 ft. standard current retards for protection of river bank on Missouri River, incl. 25 Bignell anchor piles, to Woods Bros. Constr. Co., 113 South 13th St., Lincoln, Neb. Engrs. est. $60,000.

Bridge Protection—East Leavenworth, Mo.—Leavenworth Bridge & Terminal Co., Leavenworth, Kan., protection of embankment and bridge approach, also diverting channel to flow under draw span, incl. one 800 ft. retard and 30 Bignell anchor piles, to Woods Bros. Constr. Co., 113 South 13th St., Lincoln, Neb., $40,000.

Metal Flume—Merced, Calif.—Merced Irrigation Dist. will build metal flume on timber structure with concrete footings, by day labor. R. C. Starr, ch. engr. Noted Aug. 17.

Tunnel, Siphons, etc.—Merced, Calif.—Merced Irrigation Dist., to P. L. Burr, 512 Mission St., San Francisco, 1,300 lin.ft. tunnel, 11 x 10⅓ ft. driven through cemented rock and hard pan, timber lined, at $24 per lin.ft. for tunnel and $55 per ft. for timber lining in place; rein.-con siphons, incl spillway and check structures, $24,700. Noted Aug. 17.

Pipe — Montreal, Que. — Montreal Light, Heat & Power Co., Craig St. W., to Natl. Iron Corp., Cherry St., Toronto, Ont., 300 lengths 12 in. c.i. pipe, 12 ft. long 262,880 lb., $45 per net ton, total $5,910; 250 lengths 8 in. c.i. pipe, 12 ft. long, 130,655 lb., $45 per ton, total $2,940; 615 lengths 20 in. c.i. pipe, 12 ft. long, 1,338,895 lb., $45 per ton, total $30,128.

Quay Walls — Montreal, Que. — Harbor Comrs., extending high quay walls between Sects. 25 and 35, 4,500 ft. long, to Atlas Constr. Co., Belmont St. $450,000.

ROAD WORK—KENTUCKY

Following are lowest bids opened Aug. 15, by State Highway Comn., Frankfort, for constructing State Project No. 29, Sect. "B," Beattyville-Irvine Rd., Lee Co., (A) Dempster Constr. Co., Knoxville, Tenn., (awarded contract); (B) Crippin Constr. Co., Knoxville; (C) Cosell-Byers, Winchester. The unit bids were as follows:

	A	B	C
28 acres clearing and grubbing	$30.00	$40.00	$75.00
10 removing trees and stumps	2.00	3.00	4.50
37,732 cu.yd. earth excavation	.41	.40	.46
95,544 cu.yd. borrow excavation	.39	.30	.47
2,525 cu.yd. excavation, channel change	.45	.40	1.00
37,548 cu.yd. solid rock excavation	.85	1.25	1.10
128 cu.yd. riprap	1.50	2.00	5.00
544.42 cu.yd. cement rubble masonry	10.00	10.50	13.00
10,730 lin.ft. standard cable guard rail	.40	.50	.65
111.35 cu.yd. class A concrete culverts	17.00	26.00	26.00
205 cu.yd. class A concrete bridges	20.00	26.50	28.00
5.74 cu.yd. class D concrete	40.00	80.00	60.00
271 cu.yd. cement rubble masonry, bridges	8.00	10.50	15.00
50,069 lb. reinforcement	.04	.06	.10
200 cu.yd. foundation excavation	1.00	.75	1.50
75 cu.yd. foundation excavation, wet earth	1.75	3.50	4.00
1,010 lin.ft. 18-in standard vitrified pipe	2.00	2.66	2.85
34 lin.ft. 24-in. standard vitrified pipe	2.75	3.50	4.60
932 lin.ft. 18-in. D.S. vitrified pipe	2.10	2.75	3.25
708 lin.ft. 24-in. D. S. vitrified pipe	3.10	4.00	5.70
92.42 cu.yd. 1:3:6 encasing concrete	17.00	20.00	24.00
7 cu.yd. class A concrete, pipe support	17.00	80.00	22.00
107 lb. reinforcement	.04	.06	.10
1,942 lin.ft. 18-in. standard cast iron culvert pipe	4.00	5.50	6.00
742 lin.ft. 24-in. standard cast iron culvert pipe	6.00	8.50	8.00
1,942 lin.ft. 18-in. reinforced concrete pipe	2.80		3.50
742 lin.ft. 24-in. reinforced concrete pipe	3.80		6.70
Extended totals, vitrified pipe	* $115,257	$129,853	$154,061
Extended totals, cast iron pipe	119,517	136,225	159,157
Extended totals, reinforced-concrete pipe	115,554	......	153,048

*Awarded contract.

ROAD WORK—TEXAS

Following are lowest three bids opened by Comrs. Camp Co., Pittsburg, for constructing 16.16 mi. State Highway No. 1-A, Federal Aid Project No. 55, (A) Coke & Turner, Marshall, (awarded contract); (B) F. P. McElwrath, Corsicana; (C) C. W. Burgess, Dallas Co. State Bank Bldg., Dallas. The unit bids were as follows:

	A	B	C
19 sta. light clearing	$2.50	$3.00	$2.00
55 sta. light grubbing	5.00	5.00	3.00
85,773 cu.yd. roadway excavation	.15	.15	.15
1,997 hrs. embankment rolling	1.00	1.50	.10
114,586.8 cu.yd. borrow excavation	.13	.14	.15
51,713.8 cu.yd. overhaul	.02	.03	.03
34,765.8 cu.yd. iron ore gravel base, furnishing and hauling first ¼ mi.	2.60	2.60	2.75
12,087.2 cu.yd. iron ore gravel base, furnishing and hauling second ¼ mi.	.06	.07	.07
8,334.7 cu.yd. iron ore gravel base, furnishing and hauling third ¼ mi.	.12	.14	.14
3,629.4 cu.yd. iron ore gravel base, furnishing and hauling fourth ¼ mi.	.18	.21	.21
173.9 cu.yd. iron ore gravel base, furnishing and hauling fifth ¼ mi.	.24	.28	.28
8,694.9 cu.yd. limestone cover, furnishing and hauling first ¼ mi.	4.50	4.20	5.00
521.8 cu.yd. limestone cover, furnishing and hauling second ¼ mi.	.06	.07	.06½
642.2 cu.yd. limestone cover, furnishing and hauling third ¼ mi.	.12	.14	.13
782.5 cu.yd. limestone cover, furnishing and hauling fourth ¼ mi.	.18	.21	.19½
782.2 cu.yd. limestone cover, furnishing and hauling fifth ¼ mi.	.24	.28	.26
782.6 cu.yd. limestone cover, furnishing and hauling sixth ¼ mi.	.30	.35	.32½
686.6 cu.yd. limestone cover, furnishing and hauling seventh ¼ mi.	.36	.42	.39
4,202.6 cu.yd. limestone cover, furnishing furnishing and hauling eighth ¼ mi.	.42	.49	.45½
20,475.4 cu.yd. limestone cover, furnishing and hauling additional ¼ mi.	.06	.06	.06
4,347.4 M gal. water for sprinkling	.75	1.50	1.50
172,027½ gal. asphaltic oil—class A	.16	.16	.15½
127,989 lb. reinforcing steel	.05½	.05	.04¾
11,466 lin.ft. wood guard fence	.35	.40	.45
1,394.6 cu.yd. structural excavation (wet)	2.00	3.00	2.50
1,322.2 cu.yd. structural excavation (dry)	.75	.75	1.00
1,517.4 cu.yd. concrete—class A	18.00	19.00	18.40
204 lin.ft. concrete rail type C	2.00	1.75	1.90
Extended totals	$246,187	$254,135	$262,449

TUNNEL—PROVIDENCE, R. I.

Following are lowest three bids opened Aug. 30 by Water Supply Bd. for constructing tunnel for Scituate Aqueduct, Contr. No. 21 (A) Keystone State Constr. Co., 210 South 13th St., Phila.; (B) Winston & Co., Inc., 240 Fair St., Kingston, N. Y.; (C) P. McGovern, 50 East 42nd St., New York City. The unit bids were as follows:

	A	B	C
12,000 cu.yd. earth excavation in open cut	$3.00	$1.40	$9.00
5,000 cu.yd. rock excavation in open cut	5.00	4.00	10.60
3,000 cu.yd. refill and embankment in open cut	3.00	1.00	8.00
30 lin.ft. sinking shaft in earth	250.00	250.00	176.85
115 lin.ft. sinking shaft in rock	300.00	300.00	350.00
60,000 cu.yd. excavation in tunnel	12.00	13.50	14.550
200 cu.yd. enlargement of tunnel	16.00	12.00	4.85
150 M.ft., b.m. permanent timbering in tunnel	110.00	80.00	25.00
10 M. ft., b.m. temporary timbering in tunnel	130.00	80.00	95.00
15,340 lin.ft. shaft and tunnel drainage	1.00	5.00	3.00
18,200 lin.ft. forms for masonry lining	2.00	3.70	3.95
25,000 cu.yd. concrete masonry in horseshoe section of tunnel	7.00	8.00	5.00
1,000 cu.yd. concrete masonry in unreinforced circular section of tunnel	10.00	8.00	5.00
2,500 cu.yd. reinforced concrete in tunnel and approaches	11.00	18.00	5.00
200 cu.yd. excess concrete masonry in tunnel	3.00	3.00	3.00
1,500 cu.yd. dry packing	2.00	3.00	2.00
500 lin.ft. drilling holes in rock or masonry	2.00	1.00	0.25
5,000 lin.ft. steel pipe for grouting, etc.	0.40	0.25	0.58
1,000 making connections for grouting	1.50	0.60	0.84
800 tons sand for grout	2.50	1.50	1.70
2,500 cu.yd. grout	15.00	5.00	8.40
40,000 bbl. portland cement	3.00	2.90	2.50
150,000 lb. steel for reinforcing concrete	0.05	0.07	0.0525
5,000 bbl. liquid chlorine	0.20	0.10	0.0875
3 chlorine dosing machines	2,500.00	2,000.00	1,700.00
3 locker houses	4,500.00	5,000.00	3,400.00
Cleaning up (lump sum)	1,000.00	1,000.00	3,500.00
Extended totals	$1,318,340	$1,489,190	$1,537,573

OFFICIAL PROPOSALS

Bids: Oct. 3.

Water Works System and Sanitary Sewer System

Haines City, Fla.

Sealed proposals for furnishing material and constructing a Water Works System and a Sanitary Sewer System for the Town of Haines City, Fla., will be received by the Mayor and Council at the City Hall, until 2 P.M., October 3rd, 1922.

The Water Works System will consist of approximately 4 miles of 4 in., 6 in., 8 in. and 10 in. cast iron pipe, with specials, valves and hydrants, a clear water collecting well, pump station and equipment, and a 100,000 gallon elevated tank.

The Sewer System will consist of approximately 1.7 miles of 8 in., 10 in. and 15 in. vitrified pipe, with manholes, flush tanks, and appurtenances, and a settling tank and tile under-drain system.

Each proposal must be accompanied by a certified check, payable to the Town of Haines City, Florida, to an amount equal to five (5) per cent of the bid, as a guarantee that the contract will be entered into if awarded. A bond of one hundred per cent (100%) of the contract price will be required. Payments will be made on monthly estimates.

Plans and specifications are on file in the office of the City Clerk, at Haines City, Florida, and with Paul H. Norcross, Consulting Engineer, 1404 Candler Building, Atlanta, Georgia.

Bidders may obtain copies from the Engineer by enclosing certified check for twenty-five ($25.00) dollars, payable to the Town of Haines City, Florida. If blue prints are desired they may be had at the cost of printing. If the plans, specifications and blue prints are returned within thirty days after opening bids, the check for twenty-five dollars will be returned.

R. O. PHILPOT,
President City Council.
JED R. YALE,
City Clerk.

PAUL H. NORCROSS,
Consulting Engineer,
1404 Candler Building,
Atlanta, Georgia.

Bids: Oct. 2.

Combined Sanitary and Storm Sewers

Cape Girardeau, Missouri.

Sealed bids will be received until 2:30 o'clock, P.M., October 2nd, 1922, at the Council Chamber by the City Council for the construction of a combined sanitary and storm sewerage system in sewer district No. 5, in accordance with the plans and specifications therefor on file in the office of the City Clerk. Copies of said plans and specifications may be obtained from C. E. Smith & Co., Consulting Engineers, 2073 Railway Exchange Building, St. Louis, Missouri, or Cape Girardeau, Missouri, by depositing $15.00, one half of which will be refunded upon return of the same in good condition within seven days after the award of the contract.

Full information and proposal forms may be obtained from the Consulting Engineers. Estimated cost of work Three Hundred and Fifty-two Thousand Dollars. The right is reserved to reject any or all bids. Bids will be opened at 2:30 o'clock P.M., Monday, October 2nd, 1922.

A. P. BEHRENS,
City Clerk.

OFFICIAL PROPOSALS

Bids: Oct. 10.

Sewage Pumping Station and Grit Chamber

Syracuse, N. Y.

Sealed proposals will be received until 2 o'clock p.m., standard time, October 10, 1922, at the office of the Syracuse Intercepting Sewer Board, 104 City Hall, Syracuse, N. Y., for the machinery and equipment for the Sewage Pumping Station and Grit Chamber now in course of construction at the Sewage Treatment Works of the City of Syracuse.

Equipment included in the contract are the switchboard and control mechanisms, four 24-inch horizontal shaft centrifugal pumps direct-connected to 75 H.P. variable speed A.C. motors, auxiliary vacuum, priming pumps and sump pump, a 10 K.W. motor-generator set, cast iron suction and discharge piping with four 24-inch hydraulically operated gate valves, a 54-inch hydraulically operated sluice gate, three 48-inch by 51-inch electrically operated sluice gates, a 7½ ton hand operated traveling crane, with permission to use same during erection, and a grit cleaning mechanism consisting of tramrail with electrically operated hoist and ½ cubic yard clam-shell bucket; and all necessary wiring and piping connections. All equipment will be erected upon concrete foundations provided by the Board under another contract.

Proposals must be made on blanks to be furnished upon application and must be accompanied by a New York draft or a certified check for $6,000, which is to be deposited therewith as guarantee that the successful bidder will execute the contract within five days after its award.

Drawings, specifications and form of proposals and contracts are on file in the offices of the Board. Copies thereof may be obtained by depositing $10 to insure their return in acceptable condition on or before November 1, 1922.

HARRY J. HAMLIN,
Secretary.

Bids: Sept. 22.

Road Work

Montpelier, Vt.

Sealed proposals will be received at the office of the Commissioner of Highways, Montpelier, Vermont, until 1:30 P.M., September 22, 1922, and then publicly opened and read, for the construction of 3.25 miles of gravel road in the Town of Barton, Vermont.

Plans and specifications may be seen at the office of the State Engineer, at Montpelier, Vermont, and at the Town Clerk's office in Barton, Vermont.

Bidders should satisfy themselves before bidding as to the character of the work and the obstacles to be encountered. The estimated quantities are not guaranteed, but are given as a basis for the comparison of bids.

A certified check for $2,500.00, payable to the State Highway Board, must accompany each bid.

The right is reserved to reject any or all bids.

By order of the State Highway Board.
THURMAN W. DIX,
Commissioner of Highways.
Dated at Montpelier, Vermont,
September 6, 1922.

OFFICIAL PROPOSALS

Bids: Sept. 20.

Pipe Sewers and Disposal Works

Rye, N. Y.

Sealed proposals will be received and opened publicly by the Trustees of the Village of Rye, N. Y., at the Village Municipal Hall, at 8:15 p.m., Wednesday; September 20th, 1922.

Said proposals to cover construction (both materials and labor included) of certain pipe sewers and disposal works, according to plans and specifications filed with the Village Clerk.

Copies of plans and specifications may be seen also at office of City-Wastes Disposal Co., 45 Seventh Ave., New York City. Sets may be borrowed upon deposit of $15.00 of which $10.00 will be refunded if papers are returned in good condition before October 1st, 1922.

Approximately the proposed work consists of:

- About 29,000 feet of 8-inch and 600 feet of 15-inch vtirified pipe sewers, with manholes and flushtanks, much of it in rock excavation;
- About 6,600 feet of iron pipe sewers, siphons and force mains, 8-inch to 16-inch;
- An indeterminate amount of drain-tile laid in sewer trench;
- Sewage tanks, sprinkling filters and sandbeds, with appurtenances.

Each bid must be made on blank forms obtained from the Village Clerk or the Engineer, and must be accompanied by a certified check for $10,000 as a guarantee of good faith.

The Village reserves the right to reject any or all bids.

WILLIAM H. SELZER,
Village Clerk,
Rye, Westchester County,
New York.

G. EVERETT HILL,
Engineer,
45 Seventh Ave.,
New York.

Bids: Sept. 26.

Bridge Work

Toledo, Ohio.

Sealed proposals will be received by the Director of Public Service of the City of Toledo, until Twelve O'Clock noon, September 26, 1922, for the construction of a bridge over Swan Creek, in the line of Hawley Street.

The work will consist of:

1. Removing old structure.
2. Building two abutments approximately 1,800 cubic yards of concrete.
3. Furnishing steel girders—90 feet span.
4. Paving bridge and approaches, approximately 787 square yards.

Proposal forms, plans and specifications can be seen at the office of the Commissioner of Engineering or can be obtained from said office on deposit of $10.00 for each set, which will be refunded provided plans and specifications are returned in good order.

The Director of Public Service reserves the right to reject any or all bids or to accept any bid which he may deem advantageous to the City of Toledo.

W. T. JACKSON,
Director of Public Service.
Attest: GEORGE E. LASKA,
Secretary.

Bids: Sept. 27.

Bridge Paving

Trenton, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the State Highway Commission of New Jersey for the following:

For the removal of present wood block pavement and concrete on Passaic River Bridge, Route No. 1, Lincoln Highway, and replacing of same with a reinforced concrete base and wood block pavement including waterproofing.

The estimated area of roadway surface is 24,000 sq.ft.

Bids for the above will be received at the office of the State Highway Commission, Broad Street Bank Building, Trenton, N. J., on Wednesday, September 27, 1922, at 11:00 A.M., Standard Time, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, N. J., and office of John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J., and may be inspected by prospective bidders. Plans will be furnished on deposit of ten ($10.00) dollars, for doing this work upon application to John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications for this work; same to be enclosed in sealed special addressed envelopes bearing the name and address of bidder and the work bid upon on the outside, and must be accompanied by a certified check drawn to the order of the State Treasurer for not less than ten (10%) per cent of the amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application to John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the specifications conditioned for the faithful performance of the provisions of the contract and specifications.

By order o the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Sept. 25.

Construction of Sewer System

Ellsworth, Wis.

Proposals for the construction of a sewerage system and appurtenances will be received by the Village Board of the Village of Ellsworth, Wis., acting as a Board of Public Works of the said Village up to 5 P.M. on Sept. 25, 1922, and will be publicly opened and considered immediately thereafter. This work comprises approximately the following quantities:

17,000 ft. 8 in. sewer 5-15 ft. deep
4,650 ft. 10 in. sewer 5-13 ft. deep
4,250 ft. 12 in. sewer 5-13 ft. deep
81 ft. Manholes
2 ft. Lampholes
3 ft. Imhoff Tanks, sludge beds, intermittent filers and accessories.

Plans and specifications may be seen at the office of the Village Clerk and at the Office of the Engineers. Copies thereof may be obtained of the Engineers upon the payment of $15.00 per set to cover the cost of reproduction and mailing, ½ of which will be refunded upon their return in good order.

No proposal will be considered unless sealed and marked on the outside with the name of the bidder and a notation of the nature of the work for which bid is made, and filed with the Village Clerk.

Bidders must accompany their bids by a bond with sureties executed on the part of the bidder, which sureties shall justify as to their responsibility, and by their several affidavits show that they are worth in the aggregate at least the amount mentioned in the contract in property not by law exempt from execution, or in lieu of such bond, bidders may accompany their bid with a certified check equal to five per cent of the bid and agree to have inserted in the contract a provision for the retention by the Village of twenty per cent of the estimate made from time to time.

Proposals must be submitted on the blank forms provided by the Engineers, free of charge and must be made on the basis of cash payment for the work. The successful bidder may be required to give bond in the full amount of the contract.

Special attention of the bidders is called to the "Instructions to Bidders" in the proposal form. Bidders are to understand that construction is to commence May 1, 1928.

The right is reserved to reject any or all bids.

Dated at Ellsworth, Wis. this 4th day of Sept. 1922.

R. N. CLAPP,
Village President

Engineering News-Record Reaches Your Local Contractors

Its distribution among the contractors of any one state is in proportion to the number of contractors situated in that state. The Official Proposal Colums of *Engineering News-Record* offer precisely the same efficient service to municipalities, counties, and state and government departments in every section of the United States.

Bids: Sept. 19.

Sheet Asphalt Resurfacing

Woodbury, N. J.

Notice is hereby given that sealed bids will be received by The Board of Chosen Freeholders of the County of Gloucester for the resurfacing of Delaware Street, in the County of Gloucester with a sheet asphalt surface upon the present reconstructed foundation, estimated amount of asphalt surface pavement required is 15,056 sq.yd.; of stone for reconstructing foundation is 5,271 tons; and opened and read in public at the Court House, Woodbury, N. J., on Tuesday, the nineteenth day of September, 1922, at 10.30 a.m., Eastern Standard Time.

Drawings, specifications and forms of bids, contract and bond for the proposed work, prepared by William C. Cattell, County Engineer, and approved by the State Highway Commission, have been filed in the office of said engineer at Woodbury, N. J., and of said State Highway Commission, Trenton, N. J., and may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the specifications and blueprints of the drawings by the engineer on proper notice and payment of cost of preparation. Bids must be made on the standard proposal forms in the manner designated therein and required by the specifications, must be enclosed in sealed envelopes, bearing the name and address of bidder and name of road on the outside, addressed to The Board of Chosen Freeholders of the County of Gloucester and must be accompanied by a certified check for not less than ten (10) per cent of the amount bid, provided said check shall not be less than $500 nor more than $20,000 and be delivered at the place and on the hour above named. The standard proposal form is attached to the specifications, copies of which will be furnished on application to engineer.

By order of The Board of Chosen Freeholders of the County of Gloucester.

CHESTER N. STEELMAN,
Clerk.
WILLIAM C. CATTELL,
County Engineer.

Bids: Sept. 27.

Drainage and Snow Plows

Dover, Del.

Sealed proposals will be received by the State Highway Department, at its office, Dover, Delaware, until 2 o'clock P. M., Sept. 27, 1922, and at that place and time publicly opened, for the construction of State Highway, involving the following approximate quantities:

Contract CK-8A, at Camden

1700 lin.ft. 15 in. T. C. Pipe (inc. Excav.)
1400 lbs. Castings for Inlets
4 only Manholes
1 only Outlet
4 only Catch Basins, Concrete and Steel

2 Snow-Plows

V-shaped steel snow plow ten (10) feet wide by four (4) feet high, mounted on rollers; hand operated to clear highway twelve (12) inches front and eight (8) inches at rear; for use on 10-ton Holt artillery tractor.

Performance of contract shall commence within ten (10) days after execution of the contract and be completed on or before December 15, 1922.

Monthly payments will be made for 90 per cent of the construction completed each month.

Bidders must submit proposals upon forms provided by the Department.

Each proposal must be accompanied by a surety bond, certified check, or money to the amount of at least ten (10) per centum of the total amount of the proposal.

The envelope containing the proposal must be marked "Proposal for the Construction of Cont. CK-8A", or "2 Snow-Plows."

The Contract will be awarded or rejected within twenty (20) days from the date of opening proposals.

The right is reserved to reject any or all bids.

Detailed plans may be seen and index plans and specifications may be obtained upon deposit of ten dollars (10.00) which amount will be refunded upon return of plans and specifications in good condition at the office of

STATE HIGHWAY DEPARTMENT,
DOVER, DELAWARE.

Bids: Oct. 3.

Construction of Inlet

Ft. Lauderdale, Fla.

Notice is hereby given that the Board of County Commissioners, Broward County, Florida, will receive bids until 11:00 o'clock a.m., on Tuesday, October 3rd, 1922, for the construction of an inlet from New River Sound to the Atlantic Ocean, near Ft. Lauderdale, as per plans and specifications on file in the Clerk's Office, Courthouse Bldg., Ft. Lauderdale, Florida. Such work shall be let in two contracts, being as follows:—

(a) The dredging of 81,000 cubic yards more or less of earth; and the dredging of 5,000 cubic yards more or less of rock;

(b) The furnishing and placing of 6200 cubic yards more or less of riprap and jetty hearting and of 2500 tons more or less of jetty capping, all in riprap and jetty construction.

Separate bids will be received and separate contracts let for each of the two classes of work mentioned Copy of plans and specifications may be secured from the Clerk upon payment of $1.00 to cover cost of printing same.

Each bid shall be accompanied by a certified check in the amount of 3% of the bid, guaranteeing that bidder will make contract and bond within ten days of notice of award.

Bond on each contract will be required in the sum of 50% of the amount bid.

Address all bids to the Board of County Commissioners in care of Frank A. Bryan, Clerk, Ft. Lauderdale, Fla.

The Board reserves the right to reject any and all bids.

By order of the Board. August 22nd. 1922.

H. G. WHEELER,
Chairman.

Attest: FRANK A. BRYAN,
Clerk.

Bids: **Sept. 28.**

Laboratory Building

Ithaca, N. Y.

Sealed proposals for Construction, Heating, Sanitary and Electric Work, Addition to Laboratory Building (South Wing—James Law Hall), at the New York State Veterinary College, Cornell University, Ithaca, N. Y., will be received by Mr. C. D. Bostwick, Comptroller, Cornell University, Ithaca, N. Y., until 12 o'clock noon, (Standard Time), on Thursday, September 28, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractors to whom the awards are made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contract within thirty (30) days after official notice of award of contract and in accordance with the terms of Specifications Nos. 3472, 3473, 3474 and 3475. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the office of Mr. C. D. Bostwick, Comptroller, Cornell University, Ithaca, N. Y.; at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, L. F. Pilcher, Capitol, Albany, N. Y.

Dated: August 28, 1922.

Bids: Sept. 28.

Laying Cast Iron Water Pipe and Appurtenances

Poughkeepsie, N. Y.

Sealed proposals will be received by the Board of Public Works at its offices in Eastman Park Mansion on or before 4:00 p.m., (Daylight Saving Time), Thursday, September 28th, 1922, for the laying of cast iron water pipe and appurtenances.

Plans, specifications, form of proposal, bond and contract may be obtained at the office of the Superintendent of Public Works, Poughkeepsie, N. Y., and at the office of Hazen, Whipple and Fuller, Consulting Engineers, 30 East 42nd Street, New York City, upon the deposit of Twenty-five ($25.00) Dollars, which amount will be refunded upon the return of the plans and specifications in good condition.

Quantities of work to be done are approximately:

CONTRACT A

Item 1: 4,800 cubic yards of trench excavation in earth.
Item 2: 3,200 cubic yards of trench excavation in rock.
Item 3: Laying 11,100 linear feet of 24" cast iron pipe furnished by the Board.
Item 4: Placing 50 tons of specials furnished by the Board.
Item 5: Placing gates furnished by Board. Lump sum.
Item 6: Making connections to existing pipes. Lump sum.
Item 7: 80 cubic yards of concrete in agate chambers.
Item 8: 12 cubic yards of concrete in trench.
Item 9: 1,600 pounds steel reinforcing.
Item 10: Supporting tracks. Lump sum.
Item 11: Creek crossing. Lump sum.
Item 12: Sheeting left in place.
Item 13: Appurtenances.

CONTRACT B

Item 14: 5,400 cubic yards of excavation in earth.
Item 15: 1,500 cubic yards of excavation in rock.
Item 16: Laying 3,720 linear feet of 20" cast iron pipe furnished by the Board.
Item 17: Laying 5,910 linear feet of 24" cast iron pipe furnished by the Board.
Item 18: Laying 165 linear feet of 30" cast iron pipe furnished by the Board.
Item 19: Placing 45 tons of specials furnished by the Board.
Item 20: Placing gates furnished by the Board. Lump sum.
Item 21: Making connections to existing pipes. Lump sum.
Item 22: 75 cubic yards of concrete in gate chambers.
Item 23: 15 cubic yards of concrete in trench.
Item 24: 1,700 pounds steel reinforcing.
Item 25: Supporting tracks. Lump sum.
Item 26: Creek crossing. Lump sum.
Item 27: Sheeting left in place.
Item 28: Appurtenances.

The proposal shall be accompanied by a certified check drawn upon an incorporated State or National Bank or Trust Company in good credit, within this State, payable to the order of the City of Poughkeepsie for five per cent of the amount of the bid. The successful bidder will be required to give a satisfactory bond for the faithful performance of the agreement in amount equal to fifty per cent of the value of the contract.

The Board of Public Works reserves the right to reject any or all bids.

Spavinaw Water Supply Project

Tulsa, Okla.

Sealed proposals for the construction of the major portion of the Spavinaw Water Supply Project for the City of Tulsa, Oklahoma, will be received by the Water Commission of the City of Tulsa, and may be filed at the office of the City Auditor, City Hall, Tulsa, Oklahoma, until 3:00 p.m. Monday, September 25th, 1922, and will be opened and publicly read immediately thereafter at a regular meeting of the Water Commission of the City of Tulsa at 3:00 p.m., Monday, September 25, 1922. Proposals will be received on the following contracts:

Contract No. 1 Telephone Line.
Contract No. 2 Clearing Site of Spavinaw Lake.
Contract N. 3 Spavinaw Dam.
Contract No. 4 60 in. Reinforced Concrete Pipe.
Contract No. 5 Tunnel and Approaches.
Contract No. 6 54 in. Reinforced Concrete Pipe.
Contract No. 7 Mohawk Reservoir.
Contract No. 8 Furnishing Cast Iron or Steel Pipe and Specials.
Contract No. 9 Furnishing Gate Valves.
Contract No. 10 Laying Cast Iron or Steel Pipe.
Contract No. 11 High Pressure Reservoir.

After the reading of the bids on these contracts they will be immediately considered, but in no event will any contract or contracts be awarded earlier than forty-eight (48) hours thereafter.

The principal quantities are approximately as follows:

DAM: Concrete, 79,000 cubic yards. Earth embankment, 182,000 cubic yards.

PIPE: 28 miles of 60 in. and 25 miles of 54 in. pre-cast reinforced concrete pipe. Earth Excavation in trench, 310,000 cubic yards. Rock Excavation in trench, 26,000 cubic yards.

TUNNEL: 7,000 ft. 84 in. Tunnel, 3,050 ft. 84 in. monolithic concrete conduit.

MOHAWK RESERVOIR: 300,000 cubic yards earth embankment.

REINFORCED CONCRETE HIGH PRESSURE RESERVOIR OR RESERVOIRS: 10,000,000 gal. aggregate capacity; 10,000 ft. 36 in. Cast Iron or Steel Pipe; 6,000 ft. 30 in. Cast Iron or Steel Pipe; 8,000 ft. 20 in. Cast Iron Pipe. Specials and Valves.

Each proposal must be accompanied by a certified check on any reputable bank or trust company, payable without reserve to the City of Tulsa, Oklahoma, for five per cent (5%) of the amount of the bid.

All proposals must be made on blank forms furnished by the City of Tulsa and in accordance with the "Requirements for Bidding and Instructions to Bidders."

Proposals may be tendered on one or more contracts or on all of the contracts, but any proposal must include all items under the contract or contracts for which bid is tendered.

Plans, Specifications and Requirements for Bidding and Instructions to Bidders are on file at the Office of the Water Commission at the City Hall and may be seen at the office of Trammell and Holway, Engineers on the Spavinaw Water Supply Project, 329 Kennedy Building, Tulsa, Oklahoma, or at the office of Dabney H. Maury, Consulting Engineer for the said Project, 1445 Monadnock Block, Chicago, Illinois. Complete plans and specifications will be furnished by the Engineers or by the Consulting Engineer, upon the deposit of $50.00 by check payable to Trammell and Holway. Upon return of the plans and specifications in good condition within a reasonable time after the awarding of the contracts, $30.00 will be refunded. Proportionate deposit and refund may be arranged for if bidder desires only parts of the plans.

The Water Commission reserves the right to reject any bid or bids, or all bids, and to waive any informalities.

Maps, plans, specifications and estimates may be seen and proposal forms obtained at the office of the Commission in Albany, N. Y., and also at the office of the division engineers in whose division the roads are to be improved or reconstructed. The addresses of the division engineers and the counties in which they are in charge will be furnished upon request.

The especial attention of bidders is called to "General Information for Bidders" in the itemized proposal, specifications and contract agreement.

HERBERT S. SISSON,
Commissioner.

J. C. FINCH,
Secretary.

Bids: Sept. 27.

Road Work

Trenton, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the State Highway Commission of New Jersey for the construction of the following:

Route No. 14—Section No. 7—Petersburg-Greenfield, Cape May County; estimated amount of "Borrow Excavation" is 56,606 cubic yards, and of compacted gravel surface 22,926 square yards.

Bids will be received at the office of the State Highwawy Commission at the Broad Street Bank Building, Trenton, New Jersey, on Wednesday, Sept. 27, 1922, at 11:00 A.M., Standard Time, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to the State Highway Department, 9th floor, Broad Street Bank Building, Trenton, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1922 specifications, same to be enclosed in sealed special addressed envelopes bearing the name and address of bidder and the name and section of the Route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the State of New Jersey for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500.00 or more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Sept. 26.

TOWN OF VOLUNTOWN: About 4,050 linear feet of 7 inch native stone macadam on the Pendleton Hill Road. Plans and specifications at the Post Office and at the office of A. W. Bushell, Division Engineer, Thayer Building, Norwich, Conn.

TOWN OF BETHLEHEM: About 5,300 linear feet of 7 inch native stone macadam on the Bethlehem-Washington Road. Plans and specifications at the Town Clerk's office and at the office of G. E. Smith, Division Engineer, New Milford, Conn.

TOWN OF BRANFORD: About 17,150 linear feet of plain cement ooncrete pavement on the New Haven-New London Road. NOTE: Cement for the above work will be furnished by the State. Plans and specifications at the office of E. C. Welden, Division Engineer, Chamber of Commerce Bldg., New Haven, Conn.

TOWN OF KENT: About 26,256 linear feet of plain cement concrete pavement on the Housatonic River Road. NOTE: Cement for the above work will be furnished by the State. Plans and specifications at the office of G. E. Smith, Division Engineer, New Milford, Conn.

TOWN OF NORTH HAVEN: A two span concrete deck girder bridge over the Quinnipiac River. NOTE: Cement for the above work will be furnished by the State. Plans and specifications at the office of E. C. Welden, Division Engineer, New Haven, Conn.

All bids must be accompanied by a surety company bond or a certified check not less than one-third of the cost of the work. The State Highway Commissioner reserves the right to reject any and all bids.

Dated at Hartford, Connecticut, September 5, 1922.

C. J. BENNETT,
State Highway Commissioner,
12 Washington Street, Hartford, Conn.

**Thank You,
Mr. Ferguson**

"We just let contracts for approximately 25 miles of road construction yesterday and I attribute to a great extent the large number of bidders we had to the Publicity we received through the *News-Record*."

Very truly yours,
Angus Ferguson, Ch. Engr.,
Traylor County Road Department
Grafton, W. Va.

Bids: Oct. 10.

Concrete Structures: Filter Equipment and Brick Filter House

Greensboro, N. C.

Proposals will be received by the City Council of Greensboro, North Carolina, until 12 o'clock M. Tuesday, October 10th, 1922, for building a Filtration plant and appurtenances.

The work includes the construction and equipment of a six million gallon filter plant, the construction of a coagulation basin with dividing wall, capacity 1,148,000 gallons, and the construction of a mixing chamber. The principal quantities involved are:

8,000 cubic yards of earth excavation.
1,900 cubic yards of concrete.
225,00 pounds of reinforcing steel.
The equipment of six one-million gallon filter units.
80,000 brick laid in filter house walls.
Steel wash water tank of 70,000 gallons capacity.
1,000 GPM motor-operated pump.
Piping, valves, and miscellaneous items.

Plans will be on file and may be seen at the office of the City Manager, Greensboro, N. C., or at the office of The Ludlow Engineers, Winston-Salem, N. C., after September 15th. After that date copies of the Specifications, Bid Blank, and Contract may be obtained from the Engineers or City Manager. For the convenience of prospective bidders, the Engineers will furnish copies of the plans upon application accompanied by a check for ten ($10.00) dollars to cover the cost, or separate prints at one ($1.00) dollar each.

Each bid must be accompanied by a certified check in the sum of $5,000, or 5% of the amount of partial bids.

Proposals will be opened publicly with the usual rights reserved.

P. C. PAINTER,
City Manager.

J. L. LUDLOW,
Consulting Engineer.

Bids: Sept. 26.

Sewage Disposal Plant

Fort Worth, Tex.

Sealed proposals addressed to the Hon. Mayor and Board of Commissioners, Fort Worth, Texas., will be received at the office of C. S. Snow, City Secretary, City Hall, up to 9:00 o'clock a.m., Tuesday, September 26th, 1922, at which time said proposals will be publicly opened, read and considered by the Board of Commissioners for furnishing all necessary materials, equipment and labor for constructing a certain Sewage Disposal Plant for the City of Fort Worth, Texas .

Bidders must submit with proposal a certified check in the sum of Fifteen Thousand ($15,000.00) Dollars, payable, without recourse, to the order of E. B. Cheatham, City Auditor, as a guaranty that bidder will enter into contract and execute bond and guaranty in the forms provided, within ten days after notice of award of contract to him. Proposals without certified check will not be considered. The successful bidder must furnish bond to the amount of 33⅓ per cent of the sum bid, on form attached to "form of contract" attached to specifications, from a reliable surety company approved by the Mayor and Board of Commissioners. All "lump sum" and "unit" prices must be stated in both script and figures.

The City reserves the right to reject any or all bids, and to waive formalities.

In case of ambiguity, or lack of clearness in stating prices in the bids, the City reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the City to reject any bid. Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Instructions to bidders, proposal and contract forms, specifications and plans are on file at the office of Dudley L. Lewis, City Engineer; John B. Hawley, 403 Cotton Exchange Building, Fort Worth, and E. E. Sands, Mason Building, Houston, Texas.

Copies of plans and specifications may be secured from any of the above offices after September 12th—upon deposit of $100.00, to be returned to contractor upon submission of a bona fide bid on the work, with plans and specifications, or upon returning plans and specifications, intact, prior to date of receiving bids; otherwise the deposit will be forfeited.

E. R. COCKRELL, Mayor.
J. C. LORD, Com. Water & Sewers.
D. L. LEWIS, City Engineer.
C. S. SNOW, City Secretary.
Fort Worth, Texas,
August 29th, 1922.

Bids: Oct. 10.

OFFICIAL PROPOSALS

Bids: Oct. 2.

Pavement, Curbing and Catch Basins

Noroton, Conn.

Sealed proposals for furnishing all labor and materials for the construction of proposed Drives, Curbing and Catch Basins and necessary drains to be constructed on the grounds of Fitch's Home for Soldiers and Soldiers' Hospital of Connecticut at Noroton Heights, Conn., will be received at the office of Col. Henry J. Seeley at the Soldiers' Home in Noroton until October 2, 1922, at 12:00 a.m. (D.S.T.).

The bids will be opened at the Governor's Office in the State Capitol at Hartford, on October 3rd, 1922, at 11:00 a.m. (D.S.T.).

The bids shall be in accordance with the plans and specifications for the work on file in the office of Col. Henry J. Seeley at the Soldiers' Home, where they may be obtained by bidders upon payment of $5.00, the same to be refunded when plans are returned in good condition.

The principal items of work consist of:

4,614 sq.yd. Penetration Pavement.
4,660 lin.ft. Concrete Curbing.
18 Catch Basins.

Each proposal shall contain the full name of every firm or corporation interested in the same and the address of the person or firm, or President or Secretary of the corporation bidding, and shall be accompanied by a certified check upon a national bank or trust company drawn to the order of The Soldiers' Hospital Board of Connecticut, in the sum of $650, which shall become the property of the State Hospital Board as liquidated damages in case the successful bidder fails to enter into a contract within five (5) days after the award of this contract as herein provided.

The checks of unsuccessful bidders will be returned upon demand and of the successful bidder upon completion of the work in a satisfactory manner, no bond being required.

All bids to be placed in a sealed envelope marked "Bids for Road and Curbing."

The Soldiers' Hospital Board reserves the right to reject any or all bids.

By order of
THE SOLDIERS' HOSPITAL BOARD
OF CONNECTICUT,
JOHN H. THACHER,
Chairman of Executive Committee.

Bids: Sept. 26.

Electric Light and Power Plant

Corinth, Miss.

Sealed proposals will be received at the office of the City Clerk of Corinth, Mississippi, up until 7:00 o'clock p.m. of Tuesday, the 26th day of September, 1922, for furnishing materials, labor and constructing according to the plans and specifications, a complete Municipal Electric Light and Power Plant.

The work will be divided into 10 sections. East section shall be a separate and distinct portion of the work and the Council reserves the right to award the contract by sections, any combination of sections or the work as a whole.

A brief description of each section is as follows:

Section No. 1. Power House Building complete and machinery foundations.

Section No. 2. 5' x 125' reinforced concrete chimney and foundation.

Section No. 3. Two (2) new 300 horsepower horizontal water tube boiler with steel breeching erected complete including brickwork.

Section No. 4. Two (2) new steam engines of the non-releasing corlis or the uniflow type. Size shall be ample to operate a 375 K.V.A. direct connected 3 phase, alternating current generator at 80% power factor. Furnished and erected complete on Purchaser's foundation. Alternate bids may be submitted on complete Turbine driven or oil driven units of same size as above stated.

Section No. 5. Two (2) new 375 K.V.A. 3 phase 60 cycle, 2300 volt, direct connected type alternator, furnished and erected complete on Purchaser's foundation.

Section No. 6. One (1) steam Turbine Driven Exciter and one (1) Electric Motor Driven Exciter Units furnished and erected complete on Purchaser's foundation.

Section No. 7. One (1) six panel Switchboard including wiring connections between switchboard and Exciters and Generators furnished and erected complete.

Section No. 8. Street Light and Pole line material furnished f.o.b. Corinth, Miss.

Section No. 9. Erection of Street Lighting and Distributing System complete.

Section No. 10. Steam piping, Feedwater Heater, Feedwater Pumps, Traps, etc., furnished and erected complete..

A certified check or Bidders Bonds of five (5%) per cent of the amount of each bid made payable to the Treasurer of the City of Corinth, Mississippi, must accompany each bid. Plans and Specifications are on file with the City Clerk at Corinth, Mississippi, and at the office of the Consulting Engineers, Fuller & Beard, Room 616 Title Guaranty Building, St. Louis, Missouri.

Parties desiring extra copies of Plans and Specifications for their personal use may obtain same from the Engineers. A deposit of $10.00 shall be made for a complete set of Plans and Specifications, $6.00 of which will be returned upon the receipt of the plans and specifications in good condition.

Bids must be sealed and addressed to M. T. Sharp, City Clerk, Corinth, Mississippi, and on the outside of the envelope must be plainly written "Proposals for Municipal Electric Light and Power Plant."

The Mayor and City Council especially reserve the right to reject any or all bids and waive informalities.

T. E. HENRY,
Mayor.
M. T. SHARP,
City Clerk.

A Representative Reports—

"It was my privilege to meet the Road Commissioners of Kalamazoo County (Mich.) in session and they wished me to convey to your staff their appreciation of the excellent results obtained through publishing proposals in *Engineering News-Record*."

Bids: Sept. 19.

Road Construction

Woodbury, N. J.

Notice is hereby given that sealed bids will be received by The Board of Chosen Freeholders of the County of Gloucester for the construction of the Swedesboro-Woodstown road in the Borough of Swedesboro and Townships of Woolwich and South Harrison, in the County of Gloucester, New Jersey, with a reinforced concrete pavement, estimated amount of concrete pavement required is 38,402 sq.yd., and opened and read in public at Court House, Woodbury, New Jersey, on Tuesday, the nineteenth day of September, 1922, at 10.00 o'clock, Eastern Standard Time.

Drawings, specifications and forms of bid, contract and bond for the proposed work, prepared by William C. Cattell, County Engineer, have been filed in the office of the said engineer at Woodbury, N. J., and may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the specifications and blueprints of the drawings by the engineer on proper notice and payment of cost of preparation. Bids must be made on the standard proposal forms in the manner designated therein and required by the specifications, must be enclosed in sealed envelopes, bearing the name and address of bidder and name of road on the outside thereof, addressed to The Board of Chosen Freeholders of the County of Gloucester and must be accompanied by a certified check for not less than ten (10) per cent of the amount bid, provided said check shall not be less than $500 nor more than $20,000 and be delivered at the place and on the hour above named. The standard proposal form is attached to the specifications, copies of which will be furnished on application to engineer.

By order of The Board of Chosen Freeholders of the County of Gloucester.

CHESTER N. STEELMAN,
Clerk.
WILLIAM C. CATTELL,
County Engineer.

Bids: Sept. 25.

School Building

Cinnaminson, N. J.

At a meeting of the Board of Education of the Township of Cinnaminson, in the County of Burlington, to be held in the Westfield Public School Building, situate at the intersection of the Moorestown-Riverton Road and Pomona Road, Cinnaminson, Burlington County, New Jersey, on Monday, September 25, 1922, at 8 o'clock in the evening (daylight saving time), separate sealed bids or proposals will be received, opened, and considered for the following:

1. For the erection of, and for all labor, materials, tools and appliances necessary for a two-story and basement brick addition to the said Westfield Public School building, at Cinnaminson, Burlington County, New Jersey.

2. For the construction and installation of, and for all labor, materials, tools, fixtures and appliances necessary for, the heating and ventilating system in said addition to said school building.

3. For the construction and installation of, and for all labor, materials, tools, fixtures and appliances necessary for, the electrical system in said addition to said school building.

4. For the construction and installation of, and for all labor, materials, tools, fixtures and appliances necessary for, the plumbing and drainage system in and for said addition to said school building.

Each proposal shall be based upon plans and specifications for the work prepared by J. Fletcher Street, architect, 129 South Fifth Street, Philadelphia, Pa.; and must be accompanied by a certified check, or by a bid bond issued by a Surety Company authorized to transact business in the State of New Jersey, in favor of the said Board of Education in an amount equal to not less than ten per cent, of the amount of the proposal. Further information as to the terms and conditions of bidding may be obtained upon application to said architect, who will also furnish copies of the said plans and specifications upon deposit of Twenty Dollars for the building plans and specifications and Ten Dollars for the plans and specifications covering each of the other classes of work. Upon return of said plans and specifications promptly after proposals are received said deposits will be refunded.

The Board of Education reserves the right to reject any or all bids or proposals submitted; to waive any informality in the making of the same; and to decide as to the desirability or responsibility of any and all bidders.

By order of the Board of Education of the Township of Cinnaminson.

BENJAMIN LIPPINCOTT,
District Clerk,
Cinnaminson, N. J.

Dated, September 5, 1922.

Bids: Oct. 19.

Wanaque Aqueduct—Great Notch Tunnel—Preliminary Notice

Newark, N. J.

The North Jersey District Water Supply Commission of the State of New Jersey, 20 Clinton Street, Newark, New Jersey, will receive proposals on October 19, 1922, for construction of Great Notch Tunnel and Approaches.

The work will include the excavation and concrete lining of a 7-foot tunnel 9,100 feet in length and the construction of about 5,000 feet of 7-foot concrete aqueduct in open cut and various appurtenant structures.

Formal notice to contractors will appear on or about September 29, on which date pamphlets containing information for bidders, contract, specifications and drawings, will be available.

By order of the North Jersey District Water Supply Commission of the State of New Jersey.

LAURENT J. TONNELE,
Chairman.
MORRIS R. SHERRERD,
Consulting Engineer.
ATTEST:
EDMOND TYLER,
Secretary.
ARTHUR H. PRATT,
Chief Engineer.

J., $17,682; venturi meter to Simplex Valve Co., 5722 Race St., Phila., Pa., $1,048; water pipes to United States Cast Iron Pipe Co., 71 Bway., New York City, cost to be determined by amount used. Noted Jan. 26.

Mich., Detroit—Furnishing 500 ton 6 in. and 500 ton 8 in. c.i. water pipe, to U. S. Cast Iron Pipe & Fdry. Co., 122 South Michigan Ave., Chicago, Ill., $46 per ton, total $46,000.

Ill., Altamont — Waterworks improvements, to James & Shirm Co., Mattoon, $10,000. Noted July 27.

Minn., Shakopee—Watermain extensions, 3,820 lin.ft. 6 in. c.i. pipe; sewer extensions, 4,666 lin.ft. 8 in. vitr. pipe, to O'Neil & Preston, 608 Exch. Bank Bldg., St. Paul, $18,000. Noted Aug. 17.

Minn., Stewart—See "Sewers."

Minn., Thief River Falls—Waterworks improvements, 1,000,000 gal. capacity filtration plant, incl. plant building and motor house, to C. M. Carlson, Thief River Falls, $19,100; filter and pump equipment, to J. G. Robertson, 2542 University Ave., St. Paul, $15,170. Noted Aug. 31.

Calif., Sacramento—Rapid sand filtration plant, to Mathews Constr. Co., Forum Bldg., $771,957. Noted Sept. 7.

Sewers

PROPOSED WORK

N. Y., Dundee—Plans election to vote on $70,000 bonds for new sewerage system. Engineer not announced.

N. Y., Rochester—Plans storm, water and outlet sewer in Meriden St. and other streets, 23rd Ward. $60,000. C. A. Poole, city engr.

N. Y., Rochester—See "Streets and Roads."

Pa., Carbondale—Plans storm water flow sewer in Harlem Ave. $25,000.

O., East Liverpool — See "Streets and Roads."

Mich., Ferndale—Having plans prepared 11,400 ft. sewer extension in Nine Mile Rd. and other streets, incl. 5,000 ft. 15 in., 4,000 ft. 18 in., and 2,400 ft. 24 in. vitrified or cast cement pipe. $40,000. G. Jerome, 1331 Majestic Bldg., Detroit, engr.

Mich., Ferndale—Plans vitr. crock, segment block and brick sewers in Bermuda Ave., 650 ft. 22 in., 979 ft. 20 in. and 616 ft. 18 in. pipe; Stafford Ave. from Rockwell to Oakridge Aves., 452 ft. 18 in., 1,082 ft. 20 in. and 1,062 ft. 22 in. pipe; Albany Ave. from Stafford to Rockwell Aves., 829 ft. 24 in., 700 ft. 22 in., 574 ft. 20 in. pipe; Payton Ave., 1,023 ft. 18 in. pipe; Planavon Ave., 137 ft. 15 in. and 699 ft. 18 in. pipe; Lewiston Arm, 920 ft 24 in. pipe; Allen Ave., 1,168 ft. 18 in. and 295 ft. 15 in. pipe. $135,000. G. Jerome, 1331 Majestic Bldg., Detroit, engr.

Tex., Tulia—Oct. 12, to vote on $50,000 bond issue for sewers.

Calf., Oakland—Had plans prepared 17,960 lin.ft. 8 in. vitr. pipe sewers, etc., in Melrose Acres. W. W. Harmon, city engr.

Calif., Sanger—Plan to vote on bonds for 23,760 lin.ft. 6 in. and 2,138 lin.ft. 8 in. vitr. sewers, 3,930 ft. 30 in., 1,414 ft. 28 in., 1,980 ft. 14 in., 1,760 ft 12 in and 650 ft. 8 in. precast concrete pipe, etc. R. C. Phillips, Sanger, engr.

Ont., Sandwich—Plans extending sewerage system. $25,000. E. R. North, city engr. Prices wanted on materials.

BIDS DESIRED

N. Y., Saranac Lake—Oct. 2, by S. A. Miller, clk. Sewer and Water Bd., 6 and 8 in. sewers. J. L. Collins, 30 Church St., New York, engr.; adv. this issue.

Pa., State College — Oct. 16, by Town Council, 2,700 lin.ft. 36 in. storm water sewer, also 13,500 lin.ft. 4, 6, 8 and 10 in. sanitary sewers. H. B. Shattuck, boro. engr.; adv. this issue.

La., Alexandria—Oct. 2, by Comr. of Council, complete storm sewer, in 7th St., 3,483 cu.yd. concrete, 389,700 lb. reinforcing, 9,000 cu.yd. excav. V. M. Ake, secy.

Ill., Chicago—Sept. 27, by Bd. Local Impvts., 207 City Hall, sewers in various streets. $2,000,000. C. D. Hill, ch. engr.

Minn., Waseca—Oct. 10, 30,000 ft. outlet sewers and sewage disposal plant. $100,000. W. E. Buell & Co., 205-207 Davidson Bldg., Sioux City, Ia., engrs. Noted Feb. 16.

Mo., Cape Girardeau—Oct. 2, by City Council, Council Chamber, combined sanitary and storm sewerage system in Sewer Dist. 5. C. E. Smith & Co., 2073 Railway Exch. Bldg., St. Louis, consult. engrs.; adv. this issue.

Que., Montreal — Executive Com taking bids sewers, $61,280. H. A. Tetreault, dir. pub. wks.

BIDS RECEIVED

N. Y., New York—H. Bruckner, pres. Bronx Boro, opened bids Sept. 12, sewers in (1) West Kingsbridge Rd., (2) Philip Ave., (3) Lafayette Ave., (4) Liebig Ave., (5) White Plains Ave., etc., from M. Del Balso, 660 East 221st St., (1) $2,952; Spadero & Turrano, (1) $3,113; McLaughlin & Buckley, 337 East 134th St., (1) $3,601, (2) $17,304, (4) $5,000, (5) $28,828; J. V. Timmoney Constr. Co., 320 East 201st St., (2) $14,937; Knight & Dimicco, 448 East Tremont Ave., (2) $15,827, (3) $14,878; F. Gasperini, (3) $15,295; Gregorri & Gabrielle, (4) $4,844; Fordham Contg. Co., (4) $5,008, (5) $28,841; C. McDonald, (5) $31,713. Noted Sept. 7.

O., Cleveland—Sewers in Carnegie Ave. from East 100th to East 107th Sts., from C. Joseph, 877 Orange Ave., $10,118, D. Zullo, 10501 Hudson Ave., $10,671; Pearl Rd. relief sewer, from Manson Co., Engineers Bldg., $57,783, Randall & Cooper, Lorain, $67,840; Aspinwall Ave. and Saranac Rd., from Manson Co., Engineers Bldg., $27,957, River Constr. Co., Schofield Bldg., $32,317; Roseland Ave., from Hadded-Mall Co., Schofield Bldg., $16,720, A. Marra, Ulmer Bldg., $17,686. Work involves 880 ft. 6 ft. and 905 ft. 5 ft. 9 in. circular segment sewer, 2,300 ft. 15-24 in. vitr. tile pipe, 190 ft. of 9 ft. egg shape and 1,350 ft. 4 and 6 ft. circular brick sewer, 1,340 ft. 3-6 ft. egg shape sewer.

O., Marion—E. A. Schultz, dir. Pub. Serv., opened bids Aug. 31, sewage plant, Contr. A, from A. Bentley & Son, 201-31 Belmont Ave., Toledo, $435,100; P. Drake & Son, Marion, $508,813; sewerage system, Contr. B, from Kohlbarger & Hoyles, Marion, $76,316, Harris, Andrews & Henderson, Youngstown, (street address not available), $80,619. Noted Aug. 17.

Ore., Portland—Opened bids constructing Lents trunk sewer, (monolithic), (1) Sects. A and B, (a) with progress payments, (b) without progress payments, (2) Sects. A and C, (a) with progress payments, (b) without progress payments, from J. F. Shea, Henry Bldg., (1a) $693,110, (1b) $723,620, (2a) $709,333, (2b) $739,308; Jacobsen-Jensen Co., 407 Stanton St., (1a) $698,450, (1b) $726,190, (2a) $724,698, (2b) $749,988; Miracle Concrete Corp., (1a) $719,333, (1b) $759,872. Noted Feb. 23.

CONTRACTS AWARDED

N. Y., Brooklyn—E. Riegelmann, boro pres., Boro Hall, to D. Bonnacci, 672 Degraw St., relief sewers in Pitkin Ave. $20,047, New York Ave. between East New York Ave. and Empire Blvd. $14,246, East 39th St. $9,029, 18th Ave. $6,894, New York Ave. between Midwood and Hawthorne Sts. $2,613, Ridge Blvd. $2,536; to Nazzaro & Quierriero, 6712 11th Ave., East 13th St.

Sewers (Continued)

$5,863; to S. Ambrosio, 1016 60th St., 55th St. $4,565, sewer basins on southwest corner Foster Ave. and East 26th St. $401, northeast corner Ave. K and East 8th St. $326; to Murphy Bros., 262 Bay 43rd St., relief sewer in Creamer St. $3,793. Noted Sept. 7.

N. Y., Brooklyn—E. Riegelmann, boro pres., Boro Hall, repairing sewer in Foster Ave., to Necaro Co., 94 Court St., $104,060; Greene Ave., to D. Bonnacci, 672 McGraw St., $24,506. Noted Aug. 31.

N. Y., Long Island City—M. E. Connolly, pres. Queens Boro, Queens Subway Bldg., sewers in Hosack St., etc., to J. Gallo, 203 Division St., Brooklyn, $53,793; Atfield Ave., to D. A. Gross, 895 Fulton St., Woodhaven, $4,212. Noted Aug. 24.

N. Y., Syracuse—Bd. Contr. & Supply, sewer in East Fayette St., to C. Bonn, 207 Delhi St., $51,648. Engrs. est. $125,000.

Ky., Madisonville—Bd. Pub. Wks., 9.2 mi. 8-12 in. sanitary sewers, to Moreno Burkham Constr. Co., Syndicate Trust Bldg., St. Louis, Mo., $65,400. Noted Aug. 31.

O., Sebring—J. G. Eardley, village clk., sewage disposal plant, to D. E. Beattie Co., Akron (street address not available), $52,500. Noted Aug. 31.

Ill., Havana—Sewers in various streets, to W. O. Anno, Havana, $13,633, and James & Anderson, Wood River, $12,947. Noted Aug. 24.

Minn., Shakopee—See "Waterworks."

Minn., Stewart—Sanitary sewerage system, 17,916 lin.ft. 812 in. vitr. pipe, 48 lin. ft. 10 in. c.i. pipe, 2 flush tanks, 45 manholes, etc.; watermain extensions, 6,280 lin. ft. Class B 6 in. c.i. pipe, etc., to O. N. Gjellefald Constr. Co., Forest City, Ia. Noted Aug. 17.

Mich., Detroit—To W. Blanck Co., 823 Ford Bldg., Melbourne Ave. Arm Bates St. Sewer, $33,968, Mound Ave. Arm of Seven Mile Rd. Sewer, $31,300; Liberty Constr. Co., 1026 Detroit Savings Bank Bldg., Raymond Ave. Sewer extension, $5,770; to Western Constr. Co., 1028 Ford Bldg., Lateral Sewer 3820, $8,238, Lateral 3721, $9,816. Noted Sept. 7.

Mich., Detroit—To T. A. Gillespie Co., 50 Church St., New York, 11,396 ft. Connors Creek Sewer, Sect. 2, and Public Park Site Sewer, rein.-con., double barrel section, 12 ft. x 17 ft. 6 in., $1,246,028. Noted Sept. 14.

Mo., Plattsburg—Sewers and disposal plant, to Burt & Tripp, Hutchinson, Kan., $56,805.

Nev., Gardnerville—Comrs. Douglas Co., Minden, to Gladding, McBean & Co., Crocker Bldg., San Francisco, Calif., furnishing vitr. salt glazed sewer pipe, Schedule 1, 5,280 lin.ft. 6 in. at $0.245, 3,960 ft. 8 in. $0.35, 3,350 ft. 10 in. $0.49, 5,260 ft. 12 in. $0.63, etc. total $7,998; Christensen & Co., 220 Maple St., Reno, excavating and backfilling for sewers and water pipe, etc., Schedule 7, 6,000 cu.yd. excav. and backfill $0.95, septic tank, $175, etc., total $5,875, for Schedule (8b) excavating waste and drain ditches, 1,800 cu.yd. $0.70, (8c) mixing and placing concrete, 135 cu.yd. $13, etc., total $3,714. Noted Aug. 17.

SEWAGE TREATMENT WORKS—MARION, O.

Following are lowest three bids opened Aug. 31, by city for constructing sewage treatment works, Contr. "A," (A) A. Bentley & Sons Co., Marion Ave., Toledo; (B) P. Drake & Sons, Marion; (C) River Constr. Co., Scofield Bldg., Cleveland. The unit bids were as follows:

	A			B	C
	Material	Labor	Material and Labor	Material and Labor	Material and Labor
150 lin. ft. drilling well	$4.00	$4.00	$4.00	$4.00	$4.50
Engineer's office (lump sum)	925.00	925.00	925.00	1,000.00	600.00

Piers—Montreal, Que.—Harbor Comrs., 300 ft. extension to Alexander Pier and 300 ft. to King Edward Pier, to Atlas Constr. Co., Belmont St., $295,250 and $314,700 respectively.

Engineering News-Record

(Circulation over 30,000 weekly)

prints more than twice as many announcements advertising contracts to be let than appear in any other one publication

Practically every form of public work and the furnishing of material and supplies were printed in the Official Proposal Columns of *Engineering News-Record* last year. They include calls for bids on:

Boilers
Bridges
Building Alterations
Canal Construction
Cast Iron Pipe
Dams
Drainage
Dredging
Engines
Excavation
Filling
Filtration Plants
Generators
Heating and Ventilating
Highway Construction
Paving
Pumps
Pumping Plants
River and Harbor Improvements
Road Oil
Road Building Equipment
Schools and Public Buildings
Sewage Disposal Plants
Sewers
Street Improvements
Street Lighting Systems
Supplies and Material
Water Works
Well Drilling, Etc.

THIS wide use of *Engineering News-Record's* Official Proposal Columns and the rapidly growing recognition of this paper's value as an advertising medium is due to RESULTS—keen competition, lower bids, better work—and savings.

For more than 40 years contractors, manufacturers, and dealers everywhere have consulted the Official Proposal Columns of *Engineering News-Record* and its predecessors for opportunities for business. Today, many of those interested in bidding on contracts for work, material, and supplies depend entirely upon the advertisements that appear in this dominant paper and would be unlikely to see those printed elsewhere.

The Dominant Proposal Medium

Rate:
40 Cents a Line an Insertion

Plans and Specifications for inspection by distant bidders may be filed at any of the Engineering News-Record offices without charge.

THESE ADVERTISEMENTS ARE OFFICIAL NOTICES THAT BIDS ARE WANTED FROM BIDDERS EVERYWHERE.

OFFICIAL PROPOSALS

Bids: Oct. 2.

Pavement, Curbing and Catch Basins

Noroton, Conn.

Sealed proposals for furnishing all labor and materials for the construction of proposed Drives, Curbing and Catch Basins and necessary drains to be constructed on the grounds of Fitch's Home for Soldiers and Soldiers' Hospital of Connecticut at Noroton Heights, Conn., will be received at the office of Col. Henry J. Seeley at the Soldiers' Home in Noroton until October 2, 1922, at 12:00 a.m. (D.S.T.).

The bids will be opened at the Governor's Office in the State Capitol at Hartford, on October 3rd, 1922, at 11:00 a.m. (D.S.T.).

The bids shall be in accordance with the plans and specifications for the work on file in the office of Col. Henry J. Seeley at the Soldiers' Home, where they may be obtained by bidders upon payment of $5.00, the same to be refunded when plans are returned in good condition.

The principal items of work consist of:
4,614 sq.yd. Penetration Pavement.
4,660 lin.ft. Concrete Curbing.
18 Catch Basins.

Each proposal shall contain the full name of every firm or corporation interested in the same and the address of the person or firm, or President or Secretary of the corporation bidding, and shall be accompanied by a certified check upon a national bank or trust company drawn to the order of The Soldiers' Hospital Board of Connecticut, in the sum of $650, which shall become the property of the State Hospital Board as liquidated damages in case the successful bidder fails to enter into a contract within five (5) days after the award of this contract as herein provided.

The checks of unsuccessful bidders will be returned upon demand and of the successful bidder upon completion of the work in a satisfactory manner, no bond being required.

All bids to be placed in a sealed envelope marked "Bids for Road and Curbing."

The Soldiers' Hospital Board reserves the right to reject any or all bids.

By order of
THE SOLDIERS' HOSPITAL BOARD
OF CONNECTICUT.
JOHN H. THACHER,
Chairman of Executive Committee.

Bids: Oct. 10.

Steam Turbine and Accessories

New Orleans, La.

Sealed proposals will be received by the Sewerage and Water Board of New Orleans up to 12 o'clock, noon, Tuesday, October 10th, 1922, for furnishing one 6,000 kw. STEAM turbine and accessories.

Specifications and blank forms of proposals may be obtained at Room 303, No. 526 Carondelet Street, New Orleans.

The right is reserved to reject any or all bids.

A. G. MOFFAT,
Secretary.
GEO. G. EARL,
General Superintendent.
Aug. 10, 1922.

OFFICIAL PROPOSALS

Bids: Oct. 10.

Concrete Structures: Filter Equipment and Brick Filter House

Greensboro, N. C.

Proposals will be received by the City Council of Greensboro, North Carolina, until 12 o'clock M. Tuesday, October 10th, 1922, for building a Filtration plant and appurtenances.

The work includes the construction and equipment of a six million gallon filter plant, the construction of a coagulation basin with dividing wall, capacity 1,148,000 gallons, and the construction of a mixing chamber. The principal quantities involved are:
8,000 cubic yards of earth excavation.
1,900 cubic yards of concrete.
225,00 pounds of reinforcing steel.
The equipment of six one-million gallon filter units.
80,000 brick laid in filter house walls.
Steel wash water tank of 70,000 gallons capacity.
1,000 GPM motor-operated pump.
Piping, valves, and miscellaneous items.

Plans will be on file and may be seen at the office of the City Manager, Greensboro, N. C., or at the office of The Ludlow Engineers, Winston-Salem, N. C., after September 15th. After that date copies of the Specifications, Bid Blank, and Contract may be obtained from the Engineers or City Manager. For the convenience of prospective bidders, the Engineers will furnish copies of the plans upon application accompanied by a check for ten ($10.00) dollars to cover the cost, or separate prints at one ($1.00) dollar each.

Each bid must be accompanied by a certified check in the sum of $5,000, or 5% of the amount of partial bids.

Proposals will be opened publicly with the usual rights reserved.

P. C. PAINTER,
City Manager.
J. L. LUDLOW,
Consulting Engineer.

Bids: Oct. 9.

Reinforced Concrete Bridge

White Plains, N. Y.

Sealed bids or proposals for the construction of a reinforced concrete arch bridge over the Croton River at the site of the present Van Cortlandt Bridge on the Albany Post Road between the Towns of Cortlandt and Ossining, Westchester County, New York, will be received at the office of the Clerk of the Board of Supervisors, Court House, White Plains, N. Y., until 10:00 a.m., October 9th, 1922.

Proposed bridge to consist of six arches, 48 to 74 foot spans, 40 feet wide.

Specifications, proposal sheets and all information relative to same may be procured at the office of the County Engineer, Court House, White Plains, N. Y., upon making a deposit of ten dollars ($10.00).

BOARD OF SUPERVISORS,
FRED L. MERRITT, Clerk.
September 11, 1922.

OFFICIAL PROPOSALS

Bids: Oct. 10.

Sewage Pumping Station and Grit Chamber

Syracuse, N. Y.

Sealed proposals will be received until 2 o'clock p.m., standard time, October 10, 1922, at the office of the Syracuse Intercepting Sewer Board, 104 City Hall, Syracuse, N. Y., for the machinery and equipment for the Sewage Pumping Station and Grit Chamber now in course of construction at the Sewage Treatment Works of the City of Syracuse.

Equipment included in the contract are the switchboard and control mechanisms, four 24-inch horizontal shaft centrifugal pumps direct-connected to 75 H.P. variable speed A.C. motors, auxiliary vacuum, priming pumps and sump pump, a 10 K.W. motor-generator set, cast iron suction and discharge piping with four 24-inch hydraulically operated gate valves, a 54-inch hydraulically operated sluice gate, three 48-inch by 51-inch electrically operated sluice gates, a 7½ ton hand operated traveling crane, with permission to use same during erection, and a grit cleaning mechanism consisting of tramrail with electrically operated hoist and ½ cubic yard clam-shell bucket; and all necessary wiring and piping connections. All equipment will be erected upon concrete foundations provided by the Board under another contract.

Proposals must be made on blanks to be furnished upon application and must be accompanied by a New York draft or a certified check for $6,000, which is to be deposited therewith as guarantee that the successful bidder will execute the contract within five days after its award.

Drawings, specifications and form of proposals and contracts are on file in the offices of the Board. Copies thereof may be obtained by depositing $10 to insure their return in acceptable condition on or before November 1, 1922.

HARRY J. HAMLIN,
Secretary.

Bids: Oct. 2.

Combined Sanitary and Storm Sewers

Cape Girardeau, Missouri.

Sealed bids will be received until 2:30 o'clock, P.M., October 2nd, 1922, at the Council Chamber by the City Council for the construction of a combined sanitary and storm sewerage system in sewer district No. 5, in accordance with the plans and specifications therefor on file in the office of the City Clerk. Copies of said plans and specifications may be obtained from C. E. Smith & Co., Consulting Engineers, 2073 Railway Exchange Building, St. Louis, Missouri, or Cape Girardeau, Missouri, by depositing $15.00, one half of which will be refunded upon return of the same in good condition within seven days after the award of the contract.

Full information and proposal forms may be obtained from the Consulting Engineers. Estimated cost of work Three Hundred and Fifty-two Thousand Dollars. The right is reserved to reject any or all bids. Bids will be opened at 2:30 o'clock P.M., Monday, October 2nd, 1922.

A. P. BEHRENS,
City Clerk.

Bids: Sept. 27.

Trenton, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the State Highway Commission of New Jersey for the construction of the following:

Route No. 14—Section No. 7—Petersburg-Greenfield, Cape May County; estimated amount of "Borrow Excavation" is 56,606 cubic yards, and of compacted gravel surface 22,926 square yards.

Bids will be received at the office of the State Highwawy Commission at the Broad Street Bank Building, Trenton, New Jersey, on Wednesday, Sept. 27, 1922, at 11:00 A.M., Standard Time, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to the State Highway Department, 9th floor, Broad Street Bank Building, Trenton, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1922 specifications, same to be enclosed in sealed special addressed envelopes bearing the name and address of bidder and the name and section of the Route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the State of New Jersey for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500.00 or more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Sept. 28.

Laboratory Building

Ithaca, N. Y.

Sealed proposals for Construction, Heating, Sanitary and Electric Work, Addition to Laboratory Building (South Wing—James Law Hall), at the New York State Veterinary College, Cornell University, Ithaca, N. Y., will be received by Mr. C. D. Bostwick, Comptroller, Cornell University, Ithaca, N. Y., until 12 o'clock noon, (Standard Time), on Thursday, September 28, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractors to whom the awards are made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contract within thirty (30) days after official notice of award of contract and in accordance with the terms of Specifications Nos. 3472, 3473, 3474 and 3475. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the office of Mr. C. D. Bostwick, Comptroller, Cornell University, Ithaca, N. Y.; at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, L. F. Pilcher, Capitol, Albany, N. Y.

Dated: August 28, 1922.

Bids: Oct. 3.

Construction of Inlet

Ft. Lauderdale, Fla.

Notice is hereby given that the Board of County Commissioners, Broward County, Florida, will receive bids until 11:00 o'clock a.m., on Tuesday, October 3rd, 1922, for the construction of an inlet from New River Sound to the Atlantic Ocean, near Ft. Lauderdale, as per plans and specifications on file in the Clerk's Office, Courthouse Bldg., Ft. Lauderdale, Florida. Such work shall be let in two contracts, being as follows:—

(a) The dredging of 81,000 cubic yards more or less of earth; and the dredging of 5,000 cubic yards more or less of rock;

(b) The furnishing and placing of 6200 cubic yards more or less of riprap and jetty hearting and of 2500 tons more or less of jetty capping, all in riprap and jetty construction.

Separate bids will be received and separate contracts let for each of the two classes of work mentioned. Copy of plans and specifications may be secured from the Clerk upon payment of $1.00 to cover cost of printing same.

Each bid shall be accompanied by a certified check in the amount of 3% of the bid, guaranteeing that bidder will make contract and bond within ten days of notice of award.

Bond on each contract will be required in the sum of 50% of the amount bid.

Address all bids to the Board of County Commissioners in care of Frank A. Bryan, Clerk, Ft. Lauderdale, Fla.

The Board reserves the right to reject any and all bids.

By order of the Board. August 22nd, 1922.

H. G. WHEELER,
Chairman.

Attest: FRANK A. BRYAN,
Clerk.
Dated August 22, 1922.

Largest Circulation of Any Technical Paper

Engineering News-Record's circulation—over 30,000 weekly—is the largest of any technical paper printed. It includes among its readers practically every contractor, dealer, and manufacturer in the country who is interested in bidding on public works contracts—either local or outside of his immediate vicinity.

Bids: Sept. 27.

Bridge Paving

Trenton, N. J.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the State Highway Commission of New Jersey for the following:

For the removal of present wood block pavement and concrete on Passaic River Bridge, Route No. 1, Lincoln Highway, and replacing of same with a reinforced concrete base and wood block pavement including waterproofing.

The estimated area of roadway surface is 24,000 sq.ft.

Bids for the above will be received at the office of the State Highway Commission, Broad Street Bank Building, Trenton, N. J., on Wednesday, September 27, 1922, at 11:00 A.M., Standard Time, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, N. J., and office of John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J., and may be inspected by prospective bidders. Plans will be furnished on deposit of ten ($10.00) dollars, for doing this work upon application to John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids must be made on the standard proposal forms in the manner designated therein and as required by the specifications for this work; same to be enclosed in sealed special addressed envelopes bearing the name and address of bidder and the work bid upon on the outside, and must be accompanied by a

certified check drawn to the order of the State Treasurer for not less than ten (10%) per cent of the amount of the bid, provided that said certified check shall not be less than $500.00 nor more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application to John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the specifications conditioned for the faithful performance of the provisions of the contract and specifications.

By order o the State Highway Commission.

A. LEE GROVER, Chief Clerk.

Bids: Sept. 26.

Electric Light and Power Plant

Corinth, Miss.

Sealed proposals will be received at the office of the City Clerk of Corinth, Mississippi, up until 7:00 o'clock p.m. of Tuesday, the 26th day of September, 1922, for furnishing materials, labor and constructing according to the plans and specifications, a complete Municipal Electric Light and Power Plant.

The work will be divided into 10 sections. East section shall be a separate and distinct portion of the work and the Council reserves the right to award the contract by sections, any combination of sections or the work as a whole.

A brief description of each section is as follows:

Section No. 1. Power House Building complete and machinery foundations.

Section No. 2. 5′ x 125′ reinforced concrete chimney and foundation.

Section No. 3. Two (2) new 300 horsepower horizontal water tube boiler with steel breeching erected complete including brickwork.

Section No. 4. Two (2) new steam engines of the non-releasing corlis or the uniflow type. Size shall be ample to operate a 375 K.V.A. direct connected 3 phase, alternating current generator at 80% power factor. Furnished and erected complete on Purchaser's foundation. Alternate bids may be submitted on complete Turbine driven or oil driven units of same size as above stated.

Section No. 5. Two (2) new 375 K.V.A. 3 phase 60 cycle, 2300 volt, direct connected type alternator, furnished and erected complete on Purchaser's foundation.

Section No. 6. One (1) steam Turbine Driven Exciter and one (1) Electric Motor Driven Exciter Units furnished and erected complete on Purchaser's foundation.

Section No. 7. One (1) six panel Switchboard including wiring connections between switchboard and Exciters and Generators furnished and erected complete.

Section No. 8. Street Light and Pole line material furnished f.o.b. Corinth, Miss.

Section No. 9. Erection of Street Lighting and Distributing System complete.

Section No. 10. Steam piping, Feedwater Heater, Feedwater Pumps, Traps, etc., furnished and erected complete.

A certified check or Bidders Bonds of five (5%) per cent of the amount of each bid made payable to the Treasurer of the City of Corinth, Mississippi, must accompany each bid. Plans and Specifications are on file with the City Clerk at Corinth, Mississippi, and at the office of the Consulting Engineers, Fuller & Beard, Room 616 Title Guaranty Building, St. Louis, Missouri.

Parties desiring extra copies of Plans and Specifications for their personal use may obtain same from the Engineers. A deposit of $10.00 shall be made for a complete set of Plans and Specifications, $6.00 of which will be returned upon the receipt of the plans and specifications in good condition.

Bids must be sealed and addressed to M. T. Sharp, City Clerk, Corinth, Mississippi, and on the outside of the envelope must be plainly written "Proposals for Municipal Electric Light and Power Plant."

The Mayor and City Council especially reserve the right to reject any or all bids and waive informalities.

T. E. HENRY,
Mayor.

M. T. SHARP,
City Clerk.

OFFICIAL PROPOSALS

Bids: Oct. 6.

Substructure for Water Supply Works

Memphis, Tenn.

Sealed proposals, addressed to the Board of Commissioners of the Memphis Artesian Water Department, and endorsed with the bidder's name and designation of the work bid upon will be received at the office of the Memphis Artesian Water Department at Memphis, Tenn., until 12 o'clock noon, of the 6th day of October, 1922, and then publicly opened and read, for the construction at Memphis, Tenn., of a reinforced concrete reservoir and reinforced concrete substructures of a pumping station, iron removal plant and aerator and for the furnishing and installing of cast iron pipe, valves, drains and appurtenant structures, the work being designated as Contract 6.

The quantities of the principal items are roughly as follows:

Excavation	80,000	cu.yds.
Concrete	15,000	cu.yds.
Reinforcing steel	700	tons.
Cast iron pipe and specials	220	tons.
Valves and sluice gates, sizes 4 inch to 48 inch	75	
Venturi meters, sizes 30 inches and 42 inches	5	
Filter rate controllers	8	

Bids must be made upon the entire work, which will be awarded as a single contract.

Copies of the bidding blanks, bonds, contracts and specifications may be obtained from any of the following offices:

Memphis Artesian Water Department, Memphis, Tennessee.

Fuller & McClintock, 421 Produce Exchange Bldg., Kansas City, Mo.

Fuller & McClintock, 170 Broadway, New York City.

Fuller & McClintock, 319 Summit Cherry Bldg., Toledo, Ohio.

A charge of $20.00 will be made for each set of specifications which charge will be refunded provided the specifications are returned within 30 days after bids are received.

The Water Commission reserves the right to reject any or all bids, to waive any informalities in the bids received, and to accept any bid or bids which they deem most favorable to the interests of the City of Memphis.

By order of the Board of Commissioners of the Memphis Artesian Water Department.

Bids: Oct. 7.

Dredge Work

Atkinson and Alba Townships, Ill.

Sealed bids will be received and opened by the Commissioners of Drainage Union District No. 1 of Atkinson and Alba Townships, Henry County, Illinois, on October 7, 1922, at 2 o'clock P.M., at the Higgins schoolhouse on the Southeast Quarter of Section 15, in Atkinson Township, for the cleaning out and deepening of the Bentley Ditch, the Cunnea Branch, the Irvin Lateral and the Lievens Branch, all being within said district and being a part of its drains. Said work will involve the excavation of approximately 34,282 cubic yards of dirt. Specifications and profiles are on file in the Office of the Clerk of said district in Atkinson, Illinois. Bids must state the amount per cubic yard at which said work will be done. The right is reserved to reject any and all bids.

OFFICIAL PROPOSALS

Bids: Sept. 25.

School Building

Cinnaminson, N. J.

At a meeting of the Board of Education of the Township of Cinnaminson, in the County of Burlington, to be held in the Westfield Public School Building, situate at the intersection of the Moorestown-Riverton Road and Pomona Road, Cinnaminson, Burlington County, New Jersey, on Monday, September 25, 1922, at 8 o'clock in the evening (daylight saving time), separate sealed bids or proposals will be received, opened, and considered for the following:

1. For the erection of, and for all labor, materials, tools and appliances necessary for a two-story and basement brick addition to the said Westfield Public School building, at Cinnaminson, Burlington County, New Jersey.
2. For the construction and installation of, and for all labor, materials, tools, fixtures and appliances necessary for, the heating and ventilating system in said addition to said school building.
3. For the construction and installation of, and for all labor, materials, tools, fixtures and appliances necessary for, the electrical system in said addition to said school building.
4. For the construction and installation of, and for all labor, materials, tools, fixtures and appliances necessary for, the plumbing and drainage system in and for said addition to said school building.

Each proposal shall be based upon plans and specifications for the work prepared by J. Fletcher Street, architect, 129 South Fifth Street, Philadelphia, Pa.; and must be accompanied by a certified check, or by a bid bond issued by a Surety Company authorized to transact business in the State of New Jersey, in favor of the said Board of Education in an amount equal to not less than ten per cent, of the amount of the proposal. Further information as to the terms and conditions of bidding may be obtained upon application to said architect, who will also furnish copies of the said plans and specifications upon deposit of Twenty Dollars for the building plans and specifications and Ten Dollars for the plans and specifications covering each of the other classes of work. Upon return of said plans and specifications promptly after proposals are received said deposits will be refunded.

The Board of Education reserves the right to reject any or all bids or proposals submitted; to waive any informality in the making of the same; and to decide as to the desirability or responsibility of any and all bidders.

By order of the Board of Education of the Township of Cinnaminson.

BENJAMIN LIPPINCOTT,
District Clerk,
Cinnaminson, N. J.

Dated, September 5, 1922.

OFFICIAL PROPOSALS

Bids: Oct. 3.

Water Works System and Sanitary Sewer System

Haines City, Fla.

Sealed proposals for furnishing material and constructing a Water Works System and a Sanitary Sewer System for the Town of Haines City, Fla., will be received by the Mayor and Council at the City Hall, until 2 P.M., October 3rd, 1922.

The Water Works System will consist of approximately 4 miles of 4 in., 6 in., 8 in. and 10 in. cast iron pipe, with specials, valves and hydrants, a clear water collecting well, pump station and equipment, and a 100,000 gallon elevated tank.

The Sewer System will consist of approximately 1.7 miles of 8 in., 10 in. and 15 in. vitrified pipe, with manholes, flush tanks and appurtenances, and a settling tank and tile under-drain system.

Each proposal must be accompanied by a certified check, payable to the Town of Haines City, Florida, to an amount equal to five (5) per cent of the bid, as a guarantee that the contract will be entered into if awarded. A bond of one hundred per cent (100%) of the contract price will be required. Payments will be made on monthly estimates.

Plans and specifications are on file in the office of the City Clerk, at Haines City, Florida, and with Paul H. Norcross, Consulting Engineer, 1404 Candler Building, Atlanta, Georgia.

Bidders may obtain copies from the Engineer by enclosing certified check for twenty-five ($25.00) dollars, payable to the Town of Haines City, Florida. If blue prints are desired they may be had at the cost of printing. If the plans, specifications and blue prints are returned within thirty days after opening bids, the check for twenty-five dollars will be returned.

R. O. PHILPOT,
President City Council.
JED R. YALE,
City Clerk.

PAUL H. NORCROSS,
Consulting Engineer,
1404 Candler Building,
Atlanta, Georgia.

Bids: Oct. 16.

Sewers

State College, Pa.

Sealed proposals for building approximately 2,700 linear feet of thirty-six (36) inch Storm Water Sewer, together with inlets, catch basins and connections, will be received until eight (8) o'clock P.M. of October 16, 1922, by the Town Council of the Borough of State College, Centre County, Pa., at which time the bids will be publicly opened in the Council Chamber of the borough. All proposals must be submitted on the forms furnished. A certified check for $200.00 made payable to the Borough of State College must accompany the proposal to insure that the successful bidder will enter into contract with the Borough within ten (10) days from the date of notice of award of contract. Plans and specifications and blank forms of proposal may be obtained from the Borough Engineer or the Secretary of Council. The Borough reserves the right to reject any or all bids.

900 feet of 8 inch sewer.
5,500 feet of 6 inch sewer.
32 Manholes.

The above quantities are approximate, only for a basis of a uniform comparison of bids.

Bids must be made on proposal forms furnished by the Sewer and Water Board and must be accompanied by a certified check to the amount of $500.00 drawn payable to S. A. Miller, Clerk of the Board.

Proposals must be sealed and delivered to the Clerk, indorsed "Proposal for the construction of Sewers."

Plans may be seen, and Proposal blanks, form of Contract and Specifications may be secured at the office of the Clerk.

The Sewer and Water Board reserves the right to reject any and all bids.

By order of the Sewer and Water Board.

S. A. MILLER, Clerk,
Saranac Lake, N. Y.
JOHN L. COLLINS, Engineer,
30 Church St., N. Y.

C., September 8, 1922.—Sealed proposals will be opened in this office at 3 p.m., October 6, 1922, for the construction, including mechanical equipment, of the United States Post Office at Charles Town, W. Va. Drawings and specifications may be obtained from the Custodian of the site at Charles Town, W. Va., or at this office in the discretion of the Supervising Architect. JAS. A. WETMORE, Acting Supervising Architect.

POSITIONS VACANT

EMPLOYMENT

POSITIONS WANTED

POSITIONS VACANT

ASPHALT inspector capable of controlling mix for sheet asphalt and asphaltic concrete paving mixtures. P-946, Eng. News-Record, Real Estate Trust Bldg., Phila., Pa.

A STRUCTURAL steel plant located west of Chicago wants a capable and experienced structural engineer to fill a position of responsibility in its engineering department. Position calls for a man of executive capacity. Applicant must have had experience in detailing, checking and designing, and be familiar and experienced with the use of structural steel in connection with building work. State fully age, nationality, education and experience in first letter. P-918, Eng. News-Record, Old Colony Bldg., Chicago, Ill.

CAPABLE coffer-dam foreman wanted for hydro-electric work in South America; must speak Spanish. P-995, Eng. News-Record, Real Estate Trust Bldg., Philadelphia, Pa.

CARPENTER foreman, experienced in groined arch forms for concrete work. Reply give experience and salary expected. P-917, Eng. News-Record.

DESIGNER and estimator on reinforced concrete, docks, bulkheads, etc., wanted by contracting company; prefer graduate engineer between ages 25 and 30. Box No.

DRAFTSMEN civil, structural, mechanical and electrical men for power plant design and detailing. State fully experience, salary requirements, reporting date. Smith, Hinchman and Grylls, Marquette Building, Detroit, Michigan.

POSITIONS VACANT

DRAFTSMEN, thoroughly experienced in making and checking shop drawings for structural shop. Positions permanent to competent men. Apply giving full information. Whitehead and Kales Company, 2361 Beecher Avenue, Detroit, Mich.

POSITIONS VACANT

DRAFTSMEN; experienced in design of elevating and conveying machinery and structural steel. Positions will probably lead to certain amount of sales work. Give full details of experience and salary expected. P-969, Eng. News-Record.

HIGHER ENGINEERING
(BY MAIL)

Intensive Reinforced Training for Young Engineers

Reinforced Concrete Engineering
Steel Designing, (Estimating)
Bridges, Steel and Concrete.

Wilson Courses provide the practice that every young engineer so badly needs after he leaves college. They duplicate actual designing just as it is done in first-class structural designing offices. They are **actual experience** work, meant to round out your education. Only high-grade men are enrolled for this work.

Get our free literature, if you are ambitious, and want that **ideal course.**

WILSON ENGINEERING CORPORATION

Ohio—Dept. Highways and Pub. Wks., Columbus, grading 3.96 mi. Sects. "D-2" and "E" Alliance-Minerva Rd., Stark Co., and 2.093 mi. Sect. "E" Canton-Canal Dover Rd., Tuscarawas Co., to F. J. Mann & Sons, Ashland, $27,852 and $19,783 respectively; 3 mi. Sect. "A" Canton-Canal Dover Rd., and 2.229 mi. Sect. "B" Canton-Canal Dover Rd., both Tuscarawas Co., to C. G. Fuller, Canal Dover, $18,237 and $17,831 respectively; 1.187 mi. Sect.: "C" Stryker-Evansport Rd., Williams Co., to E. E. Manley, Mt. Pelier, $14,879; 2.58 mi. Sect. "D" Stryker-Evansport Rd., Williams Co., to J. Carey, Archibold, $4,065; reconstructing bridge on Sect. "K" Jackson-Pomeroy Rd., to P. C. Adams, Jackson Co., $4,039. Noted Sept. 21.

O., Cleveland—Paving driveways in Highland Park Cemetery, 2 course concrete, to Garland Bros., Pavers Exch, Society for Savings Bldg., $47,123. Noted Sept. 21.

O., Cleveland—Cuyahoga Co., Court House, paving Detroit Rd. 4, to Enterprise Paving & Constr. Co., 8444 Bway., $110,227. Engrs. est. $132,178. Noted Sept. 21.

O., Cleveland—Cuyahoga Co., Court House, paving S.O.M. Center Rds., 3 and 4, 13,300 cu.yd. excav., 13,040 ft. 5 x 20 ft. stone curb, 10,490 lin.ft. 4 in. vitr. sewer pipe, to Freshwater Constr. Co., Natl. Bldg., $323,086. Engrs. est. $324,724. Noted Sept. 7.

O., Youngstown—Paving Pointview Ave. also Neilson Ave., from Powers Way to Pointview Ave., asphalt, to Kelley & Meyer, South Side Bank Bldg., $20,472 and $27,218 respectively; Lafayette St. and Salt Springs Rd., asphalt, to L. Tiberio, 1 Ellenwood Ave., $16,840 and $7,033 respectively.

Ind., Albion—Noble Co., gravel surfacing 11.4 mi. Krieger Rd., 24 ft., and 5.2 mi. A. J. Rich Rd., 18 ft., to Baker, Agerter & Thompson, Indianapolis (street address not available), $105,473 and $47,551 respectively. Engrs. est. $114,533 and $55,523. Noted Aug. 24.

Ind., Hammond—Lake Co., crushed stone and gravel surfacing 14,530 ft. Leo Bixeman Rd., 16 ft., to See Teaming & Supply Co., Hammond, $27,400. Archts. est. $36,814. Noted Sept. 14.

Ind., New Albany—Floyd Co., gravel surfacing 31,287 ft. Elizabeth and New Albany Ridge Rd., 16 ft., to J. E. Hodgins, 6th and Jefferson Sts., Louisville, Ky., $59,975. Engrs. est. $55,000. Noted Aug. 24.

Ind., Spencer—Owen Co., surfacing County Line Rd., crushed stone, to P. Rauff & Burch, Paragon, $28,426. Engrs. est. $31,000.

Mich., Detroit—To R. J. Powelson, 6415 Iroquois Ave., paving with one course concrete 1,400 sq.yd. Alley 1567, 16 ft., $4,201. 660 sq.yd. Alley 1575, 18 ft., $1,986, 430 sq.yd. Alley 1576, 18 ft., $1,291; to Otis Cement Constr. Co., 806 Hammond Bldg., 700 sq.yd. Alley 1570, 18 ft., $2,130, 1,290 sq.yd. Alley 1574, 20 ft., $3,863; to Smith Trucking Co., 3325 West Euclid Ave., 1,150 sq.yd. Alley 1568, 18.67 ft., $3,469, 830 sq.yd. Alley 1569, 20 ft., $2,498, 410 sq.yd. Alley 1571, 18 ft., $1,420; to A. F. Lester, 1631 Dime Bank Bldg., 1,550 sq.yd. Alley 1572, 20 ft., $4,653; to J. Porath, 745 Griswold St., 1,270 sq.yd. Alley 1573, 20 ft., $3,864.

Mich., Detroit—Pennsylvania R.R., 1368 Penobscot Bldg., grading and paving 6,000 sq.yd. Summit St. team tracks, stone and concrete, to Meredith & McVaugh, 220 Horton Ave., $30,000.

Streets and Roads (Continued)

Ill., Waukegan—Road and Bridge Committee at office C. E. Russell, co. supt. highways, Court House, paving Sect. X-15 D. Grand Ave. from Gurnee westerly to Lake Villa Rd., portland cement concrete to Liberty Eng. and Constr. Co., 4238 Grand Blvd., Chicago, $97,863. Noted Aug. 17.

Wis., Wauwatosa—Concrete paving, etc., 10th, Windsor, and Thomas Aves., 55th and 58th Sts., to Jacobus & Winding Concrete Constr. Co., 1 State St., $33,373. Noted Aug. 24.

Ia., Burlington—To W. J. Miller, Burlington, paving Mt. Pleasant St., 25,231 sq.yd. concrete $2.70, 851 sq.yd. brick $5.50, 8,000 sq.yd. macadam $0.50, 8,400 ft. integral curb $0.35, 4,824 cu.yd. excav. $0.50. Noted Sept. 22, 1921.

Ia., Iowa City—To Moore-Young Constr. Co., Waterloo, concrete paving 11,616 sq. yd. Primary Rd. Project 11, $2.76 per sq. yd., 5,040 lin.ft. concrete curb and gutter $1.25 per lin.ft., 8,733 cu.yd. excav. $0.70.

Ia., Le Mars—Plymouth Co. grading 15 mi. primary road between Remsen and Kingsley, Divs. 1 and 2, Federal Aid Project 181, 197,325 cu.yd. excav., to C. F. Betz, 305 Iowa Bldg., Sioux City, $0.179 per cu.yd. for Div. 1, $0.177 for Div. 2.

Ia., Sioux City — Paying 17,960 sq.yd. Lakeport Rd. from Meyers Ave. to south city limits, to C. F. Lytle, 504 Nebraska St., $3.05 per sq.yd.; 7,960 sq.yd. Smithland Rd. from South Olive St. to city limits, to Pickus Eng. & Constr. Co., 2316 East 3rd St., 5,600 sq.yd. concrete $2.95 and 2,360 sq.yd. strips $3.09.

Kan., Ft. Scott—Paving various streets with vitr. brick, to Thogmartin & Gardner, Ft. Scott, $41,217.

Tex., Coleman—Coleman Co. grading and gravel surfacing 17.72 mi. State Highway 7, Federal Aid Project 194, 16 ft., to Womack Constr. Co., Sherman, $135,857. Noted Aug. 17.

Tex., McKinney—Coliln Co. resurfacing with 5 in. gravel, 18 mi. Celina Rd. Dist. 7, 14 ft., to L. Laney, Celina, $14,100, 14,000 cu.yd. gravel furnsihed by county $28,500, engrs. est. $46,750; surfacing road already graded, 7 in. rock base and 5 in. gravel top on 10 mi. Pike Dist., Rd. Dist. 18, 14 ft., to G. Stiff, McKinney, $32,500, 27,300 cu.yd. local surfacing furnished by county $1,800, engrs. est. $37,730; 20 mi. Plano Rd. Dist. 29, 14 ft., to D. H. Purvis & Son, Ft. Worth, $70,100, 54,800 cu.yd. surfacing furnished by county, $20,000, engrs. est. $99,110.

N. M., Roswell—Grading, curbing, guttering and paving various streets, to New Mexico Constr. Co., Albuquerque, $170,000. Noted July 13.

Nevada—State Hy. Comn., Carson City, grading and bituminous concrete paving 1.59 mi. Project 48, Washoe Co., to Clark & Henry, Reno, $46,360. Noted Aug. 31.

Utah—State Rd. Comn., Salt Lake City, grading and gravel surfacing 9.04 mi. road from Levan to Chicken Creek Dam 18 ft., to Paxton, Dorrity & Black, Kanosh, $54,039. Engrs. est. $54,680. Noted Aug. 31.

Washington—State Hy. Dept., Olympia, paving 5 mi. Sunset Highway from Issawuah to Preston, King Co., to Coluccio & Erickson, 1642 Lane St., Seattle, 40,546 sq. yd. cement concrete, $1.97, 3,286 lin.ft. concrete gutter $0.80, 23,840 cu.yd. earth excav. $0.60, 930 cu.yd. solid and 1,320 cu.yd. loose rock excav., $2 and $1 respectively, total $132,603; 3.25 mi. National Park Highway from Elbe to Rainier Park Junction, Pierce Co., to R. N. Bartlett, Jefferson, Ore., 34,170 sq.yd. cement concrete, $2.20, 5,070 cu.yd. earth excav. $0.35, etc., total $86,101; grading and graveling 7 mi. State Rd. 4 from Tonasket east, Okanogan Co., to Anderson & Nelson, Moison, 64,110 cu.yd. earth excav. $0.24, 23,290 cu.yd. loose and 2,310 cu.yd. solid rock excav. $0.50 and $1 respectively, 11,130 sq.yd. gravel surfacing $1.95, total $68,748. Noted Aug. 31.

Oregon—State Hy. Dept., Salem, plain concrete, paving 3.64 mi. Project 73, in Washington and Yamhill Counties, to Cummings & LaPoint, McMinnville, $94,075.

Calif., Crescent City—Grading and paving various streets, to Federal Constr. Co., Call Bldg., San Francisco, $206,000. Noted Aug. 17.

Calif., Fresno — Grading and paving Farris Ave. between Belmont and Hedges Sts., to California Road and Street Impvt. Co., Bank of Italy Bldg., $40,054; N and Butler Sts. between Stanislaus and O Sts., W. F. Hanrahan, Griffiths-McKenzie Bldg., $104,931. Noted Sept. 21.

Calif., Marysville—Paving various street intersections, 366,367 sq.ft. 1½ in. warrenite bitulithic on 3½ in. bituminous, to Warren Constr. Co., Bacon Bldg., Oakland, $95,300.

BRIDGE—CLARKSVILLE, TENN.

Following are lowest three bids opened Sept. 14 by State Highway Dept., Nashville, for constructing bridge over Cumberland River, near Clarksville, (A) Nashville Bridge Co., Ft. Shelby Ave., Nashville, (awarded contract); (B) Gould Contg. Co., Nashville; (C) Virginia Bridge & Iron Co., Memphis. The unit bids were as follows:

	A	B	C
1,150 sq.yd. rock asphalt surface 2½-in.	$3.00	$2.75	$3.25
256.19 cu.yd. class A concrete	19.50	19.00	20.50
37,891 lb. deformed steel bars	.05	.05	.06
1,033,357 lb. fabricated structural steel	.0719	.0725	.0728
37,590 lb. steel castings	.092	.107	.125
398 lb. iron castings	.055	.10	.073
Extended totals	$88,119	$88,905	$91,219

SEWER—PORTLAND, ORE.

Bids were opened by city, Aug. 22, for constructing Lents District Sewer, (A) J. F. Shea, Henry Bldg.; (B) Jaconsen-Jensen Co., 407 Stanton St.; (C) Miracle Concrete Corp. All bids based on progress payments, Ordinance No. 41529. The unit bids were as follows:

Section A	A	B	C
Monolithic sewer laid 6,328 lin.ft. 76 in.	$16.90	$16.00	$18.40
770 lin.ft. 61x74 in.	15.40	19.00	16.50
4,280 lin ft. 61x63 in.	14.90	15.50	15.10
5,960 lin.ft. 61x60 in.	14.40	15.00	14.80
2,510 lin.ft. 61x57 in.	13.90	14.00	14.60
2,540 lin.ft. 61x53 in.	13.40	13.50	14.50
Section B			
665 lin.ft. 56x71 in. monolithic sewer laid in open cut	14.90	21.50	15.60
4,240 lin.ft. 56x71 in. monolithic sewer laid in tunnel, earth	16.40	24.00	20.00
100 lin.ft. 56x71 in. monolithic sewer laid in solid rock	16.40	20.00	20.00
4,240 lin.ft. tunnel excavation for 56x71 in. sewer, earth	18.50	17.00	16.50
100 lin.ft. tunnel excavation for 56x71 in. sewer, solid rock	21.50	20.50	16.50
4,000 lin.ft. 8 in. drain in gravel	.40	.60	1.00
Extended totals all items (61 items)	$693,110	$698,450	$719,333

WATER-WORKS—OGDEN, UTAH

Following are lowest three bids opened Aug. 29, by city, for constructing water-works extension No. 1, (A) F. W. Spencer & Co., Ogden, (awarded contract); (B) Wheelwright Constr. Co., Ogden; (C) C. F. Dinsmore & Co., Eccles Bldg. These bids are notable because, as stated in a letter to the Editor on p. 533 of this issue, the award of the contract for cast-iron pipe means that for the first time this material will be used instead of steel in the Ogden water-works distribution system. The unit bids were as follows:

Schedule No. 1	A	B	C
5,000 cu.yd. earth excavation and backfilling	$0.50	$0.34	$0.56
100 cu.yd. gravel fill	.50	.50	2.00
7 ton standard cast iron fittings	185.00	150.00	175.00
1,520 lin.ft. furnishing and laying cast iron pipe 6 in. diameter	1.40	1.25	1.26
9,300 lin.ft. furnishing and laying cast iron pipe 12 in. diameter	3.00	3.14	2.98
2,350 lin.ft. furnishing and laying cast iron pipe 14 in. diameter	3.85	3.96	3.70
100 lin.ft. furnishing and laying cast iron pipe 18 in. diameter	5.70	5.75	5.70
27 furnishing and placing 6 in. double gate valves	31.00	30.40	35.20
10 furnishing and placing 12 in. double gate valves	88.00	86.00	91.10
4 furnishing and placing 14 in. double gate valves	131.75	129.00	130.01
1 furnishing and placing 16 in. double gate valves	204.00	170.00	165.10
1 furnishing and placing 18 in. double gate valves	313.25	235.00	230.00
7 fire hydrants, 2½ in. hose connection and 4½ in. steamer connection	122.50	100.00	106.10
3 fire hydrants, 2½ in. hose connections	99.70	80.00	83.17
1 taking out and removing fire hydrants	15.00	7.00	16.00
1 removing and resetting fire hydrants	20.00	12.00	24.00
100 lin.ft. taking up and removing old mains 4 in. to 8 in.	.02	.04	.10
100 lin.ft. taking up and removing old mains 10 in. to 14 in.	.30	.15	.20
300 lin.ft. lowering existing mains 6 in. to 8 in. diameter	.10	.20	.50
100 lin.ft. lowering existing mains 10 in. to 14 in. diameter	.25	.25	.90
10 cutting in special castings to existing mains 6 in. to 14 in.	10.50	15.00	35.35
10 cutting in valves to existing mains 6 in. diameter	9.00	5.00	25.25
10 cutting in valves to existing mains 8 in. to 12 in. diameter	10.00	10.00	40.00
33 two-piece valve box with 3½ ft. maximum length	6.50	5.60	6.50
10 two-piece valve box with 4 ft. maximum length	7.00	6.00	7.00
2 12 in. diameter Ross regulator	342.00	492.50	500.00
1 manhole "A" complete in place with rim and cover	110.00	75.00	120.00
1 cast iron frame and cover "A"	20.00	30.00	36.00
10 cu.yd. furnishing and placing class "A" concrete	9.40	17.50	16.00
10 cu.yd. furnishing and placing class "B" concrete	9.40	15.00	15.00
10 cu.yd. furnishing and placing class "C" concrete	9.00	13.00	14.00
Extended totals	$49,202	$49,538	$50,094
Schedule No. 3			
3.75 tons standard cast iron fittings, M.J.	$272.00	$230.00	$270.00
1,520 lin.ft. furnishing and laying M.J. pipe 6 in. in diameter	1.03	.91	.92
9,300 lin.ft. furnishing and laying M.J. pipe 12 in. in diameter	2.35	2.30	2.35
2,350 lin.ft. furnishing and laying M.J. pipe 14 in. in diameter	3.02	3.05	3.10
100 lin.ft. furnishing and laying M.J. pipe 18 in. in diameter	4.67	4.60	4.60
Schedule No. 4			
3.75 ton standard cast iron fittings M.J.	$272.00	$230.00	$270.00
1,520 lin.ft. furnishing and laying M.J. pipe 6 in. in diameter	.90	.80	.80
9 300 lin.ft. furnishing and laying M.J. pipe 12 in. in diameter	2.09	2.05	2.10
2,350 lin.ft. furnishing and laying M.J. pipe 14 in. in diameter	2.75	2.81	2.85
100 lin.ft. furnishing and laying M.J. pipe 18 in. in diameter	4.11	4.18	4.20

*Pipe in Schedule 3, galvanized and dipped; in Schedule 4, dipped. 4. All other items in Schedules 3 and 4 are the same as in Schedule 1.

Ont., Paris—C. B. Parker, town clk., and F. Barber & Associates, Ltd., consult. engrs., 40 Jarvis St., Toronto, 5,883 sq.yd. concrete pavement and curbs on Dundas and Dumfries Sts., to Hamilton Contg. Co. Home Bank Bldg., Hamilton. Engrs. est. $26,000. Noted Sept. 7.

Industrial Works

PROPOSED WORK

Me., Dexter—A. Abbott Co. plans to rebuild 2 story plant recently destroyed by fire. $100,000. Private plans.

N. H., Bristol—See "Dams."

Mass., Springfield—B. J. Shaw, 125 St. James Circle, plans 3 story, 78 x 112 garage, brick, Harrison Ave. $100,000.

Mass., Worcester—Waldorf System, Inc., 169 High St., Boston, having plans prepared by J. M. Gray, archt., 112 Water St., Boston, 1 story bakery, etc., 12,000 sq.ft. floor space, brick and concrete, Arch and Summer Sts., here. $40,000.

R. I., East Providence (Providence P. O.)—Atlantic Refining Co., 715 Hospital Trust Bldg., Providence, plans large receiving and distributing oil plant, about 20 storage tanks, pump houses, garages, etc., at Kettle Point, off Barrington Parkway. Private plans.

R. I., Pawtucket—J. and P. Coats, Inc., 366 Pine St., soon lets contract 2 and 3 story, 95 x 370 ft. and 95 x 270 ft. mill additions, brick and timber. $375,000. Private plans

N. Y., New York—I. Feldman, c/o C. B. Meyers, archt. and engr., 31 Union Sq., had plans prepared 2 story, 105 x 110 ft., brick,

Industrial Works (Continued)

steel and concrete garage, plain foundation, West 150th St. $85,000.

N. Y., Rochester—Don-O-Lak Co. plans rebuilding portion of its paint and varnish plant destroyed by fire. $50,000. Architect not announced.

N. Y., Rochester—Jensen-McCollum, Inc., plans 1 story, 18 ft. high, 45 x 100 ft. garage and 36 x 75 ft. and 25 x 50 ft. auto sales and service station, brick, tile and steel, Main St. $45,000. F. T. Jensen, in charge.

Pa., Altoona — Penn Central Light & Power Co., 1809 Union Ave., plans to vote on $165,000 bonds for improving plant and lines.

Pa., Greenville—Greenville Steel & Iron Co. having plans prepared for 1 story, 150 x 500 ft. rolling mill, 1 story, 100 x 150 ft. open hearth, both steel and corrugated metal, 1 story, 60 x 450 ft. boiler house, 1 story, 50 x 150 ft. machine shop, both brick and steel, 3 story, 50 x 100 ft. warehouse, rein.-con. and brick. $3,500,000. Private plans. Noted Aug. 24.

Pa., McKees Rocks—Chesebrough Mfg. Co., 17 State St., New York City, soon lets contract 2 story and basement, 106 x 143 x 195 x 198 ft. brick finishing building, 1 story, 36 x 39 ft. brick boiler house, 1 and 2 story, 31 x 103 ft. tank house, etc., Stowe Twp. $1,000,000. Hunting-Davis Co., Century Bldg., Pittsburgh, archts. Noted June 8.

Pa., Oil City—E. M. Bowen having plans prepared by W. H. Crosby, archt., Masonic Bldg., 3 story and basement, 70 x 80 ft. brick and steel repair shop. $45,000.

Pa., Phila.—Northern Storage Co. soon takes bids 3 story, 60 x 80 ft. rein.-con., brick and steel storage building, plain foundation, 11th and McKean Sts. $100,000. I. W. Levin, Liberty Bldg., archt.

Pa., Pitcairn—Pennsylvania R.R., Broad St. Sta., Phila., soon lets contract 62 x 107 ft. paint storage and airbrake shop, 1 story, 103 x 424 ft. paint shops and bake oven, 1 story, 14 x 26 ft. oil house, 1 story, 43 x 203 ft. store house and welfare building, 1 story, 16 x 31 ft. oxygen and acetylene storage building, all foregoing brick; 1 story, 40 x 200 ft. rivet cutting building, 1 story, 100 x 760 ft. freight car repair shop, steel frame with galvanized iron siding. $500,000. A. C. Shand, Broad St. Sta., engr.

Pa., Pittsburgh—P. H. Butler Co., 17th and Pike Sts., having plans prepared by Hunting & Davis Co., archts., Century Bldg., 4 story and basement, 67 x 110 ft. brick and tile addition to warehouse, 17th and Pike Sts. $150,000.

Pa., Pittsburgh—Hanlon Gregory Galvanizing Co., 24th St., having plans prepared by J. E. Dwyer, archt., Forbes Murray Bldg., 1 story, 100 x 400 ft. mill, 56th and Butler Sts. $100,000.

D. C., Wash.—J. McReynolds, 819 14th St., N. W., having plans prepared by F. B. Pyle, archt., Evans Bldg., show rooms and service station. $150,000.

W. Va., Charleston—Libby Owens Co., Nicholas Bldg., Toledo, O., plans six 2 story, 45 x 250 ft. factory additions, brick and steel, here. $300,000. Devore Co., 908 Nicholas Bldg., Toledo, O., engrs.

W. Va., Charleston—Owens Bottle Co., 1401 Nicholas Bldg., Toledo, O., plans 1 story, 300 x 360 ft. factory addition, steel and rein.-con. $150,000. Devore Co., 908 Nicholas Bldg., Toledo, O., engrs.

W. Va., Nitro—Nitro Pencil Co., plans rebuilding factory recently destroyed by fire. $90,000. Architect not announced.

Fla., Orlando—Orlando Utilities Co. plans 75 x 175 ft. electric generating plant, to be operated in conjunction with waterworks plant. $300,000.

Ala., Birmingham—Lehigh Portland Cement Co., Young Bldg., Allentown, Pa., plans cement plant, near here, 1,000,000 bbl. per year capacity. Architect not announced.

O., Cincinnati—J. A. Fay & Egan Co., John and Front Sts., having revised plans prepared by C. M. Stegner, archt. and engr., 1,700 Union Trust Bldg., 1, 2 and 3 story, rein.-con., brick and steel machine shop, 80,000 sq.ft. floor space, Paddock Rd. and Tennessee (Bond Hill) Ave. $400,000.

O., Cleveland—City plans 3 story, brick, steel and timber or concrete warehouse, East 79th St. and Woodland Ave. $150,000. H. Kregelius, 604 City Hall, archt.

O., Cleveland—J. Mathers, 2061 West 20th St., had plans prepared by W. Markowitz, archt., 228 Union Bldg., 1 story, 66 x 66 ft., brick and timber garage, plain foundation, 1860 West 22nd St. $40,000.

Ill., Waukegan — Hewes Garage, 334 North Genesee St., having plans prepared by Natl. Constr. Co., engrs., 490 Virginia St., Milwaukee, Wis., 2 story, 50 x 66 ft. garage addition, rein.-con. and brick, plain foundation, here. $40,000.

Wis., Jefferson—Probst Bros., c/o E. Probst, having plans prepared 1 story, 50 x 90 ft., garage and repair shop, brick, rein.-con. and steel, plain foundation. $40,000. Private plans.

Wis., Sheboygan—Schneidewind & Zehms, 1401 Indiana Ave., plans 2 story, 70 x 100 ft. garage and repair shop, brick, rein.-con. and steel, plain foundation, Indiana Ave. $45,000. Architect not selected.

Ont., Niagara Falls—Rome Wire Co., Rome, N. Y., plans 2 story, 40 x 250 ft. brick and steel factory. To exceed $75,000. Architect not announced.

Concrete Structures: Filter Equipment and Brick Filter House

Greensboro, N. C.

Proposals will be received by the City Council of Greensboro, North Carolina, until 12 o'clock M. Tuesday, October 10th, 1922, for building a Filtration plant and appurtenances.

The work includes the construction and equipment of a six million gallon filter plant, the construction of a coagulation basin with dividing wall, capacity 1,148,000 gallons, and the construction of a mixing chamber. The principal quantities involved are:

8,000 cubic yards of earth excavation.
1,900 cubic yards of concrete.
225,00 pounds of reinforcing steel.
The equipment of six one-million gallon filter units.
80,000 brick laid in filter house walls.
Steel wash water tank of 70,000 gallons capacity.
1,000 GPM motor-operated pump.
Piping, valves, and miscellaneous items.

Plans will be on file and may be seen at the office of the City Manager, Greensboro, N. C., or at the office of The Ludlow Engineers, Winston-Salem, N. C., after September 15th. After that date copies of the Specifications, Bid Blank, and Contract may be obtained from the Engineers or City Manager. For the convenience of prospective bidders, the Engineers will furnish copies of the plans upon application accompanied by a check for ten ($10.00) dollars to cover the cost, or separate prints at one ($1.00) dollar each.

Each bid must be accompanied by a certified check in the sum of $5,000, or 5% of the amount of partial bids.

Proposals will be opened publicly with the usual rights reserved.

P. C. PAINTER,
City Manager.

J. L. LUDLOW,
Consulting Engineer.

Bids: Oct. 2.

Water Main Extensions

Saranac Lake, N. Y

Sealed proposals will be received by the Clerk of the Sewer and Water Board of the Village of Saranac Lake, N. Y., until 8:00 o'clock P.M. on Monday, October 2nd, 1922, for the construction of the following extensions to the existing water distribution system of said Village.

2,700 feet of 10 inch, Class No. 100 Universal Water Mains.
4,500 feet of 6 inch, Class No. 130 Universal Water Mains.
2 10 in. Gate Valves and Wayboxes.
12 6 in. Gate Valves and Wayboxes.
22 Double Nozzle Fire Hydrants.

The above quantities are approximate only, for a basis for a uniform comparison of bids.

Bids must be made on proposal blanks furnished by the Sewer and Water Board and must be accompanied by a Certified Check to the amount of $500.00 drawn payable to S. A. Miller, Clerk of the Board.

Proposals must be sealed and delivered to the Clerk and indorsed "Proposals for construction of water mains."

Plans may be seen and proposal blanks, form of contract and specifications secured upon application to the Clerk.

The Sewer and Water Board reserves the right to reject any and all bids.

By order of the Sewer and Water Board.

S. A. MILLER, Clerk,
Saranac Lake, N. Y.
JOHN L. COLLINS, Engineer,
30 Church St., N. Y.

Bids: Oct. 6.

Garbage Incinerator

Charleston, W. Va.

Sealed proposals will be received by the undersigned until 2 P.M. on the 6th day of October, 1922, for the construction of a plant for the incineration of all garbage collected by the City of Charleston, West Virginia.

The work to be done includes the construction of a refuse incinerator plant complete, tested, accepted, and ready for operation, including the building, flues, chimney, and all appurtenances, and of a capacity of fifty (50) tons for twenty-four hours.

All proposals must be made upon the forms provided therefor and accompanied by a certified check in the sum equal to two and one-half (2½%) per cent of the amount bid.

The Council of the City of Charleston, West Virginia, reserves the right to reject any or all bids.

Specifications and blank proposals may be obtained at the office of the City Manager, City Building, Charleston, West Virginia.

LON H. BARRINGER,
City Manager.

OFFICIAL PROPOSALS

Bids: Oct. 3.

Street Paving

Long Branch, N. J.

Notice is hereby given that sealed proposals will be received by the Board of Commissioners of the City of Long Branch, N. J., for the paving of Atlantic Avenue from Ocean Avenue to Liberty Street with approximately sixteen thousand (16,000) square yards of asphalt upon a concrete foundation with concrete gutters three feet wide, together with re-setting necessary curb and other work incidental thereto, including those portions of driveways of intersecting streets or alleys which are included with the property line of said avenue above mentioned, and will be opened and read at a regular meeting of the Board of Commissioners at City Hall, Long Branch, N. J., on Tuesday evening, October 3, 1922, at 8 o'clock or as soon thereafter as same can be presented.

Drawings and specifications prepared by J. W. Seaman, City Engineer, are now on file in the office of the City Clerk, and may be obtained by prospective bidders during business hours, upon a deposit of **$10.00**, which will be refunded upon the return of the plans and specifications in good condition, at the time the bids are received.

All bids must be made on the standard proposal form in the manner designated therein and required by the specifications and must be enclosed in sealed envelopes bearing the name and address of the bidder and marked, "Bid for paving Atlantic Avenue," and addressed to Frank C. Quinn, City Clerk, and must be accompanied by a surety company certificate stating that said surety company will provide the bidder with the required bond on the proposed work.

No bid will be considered unless accompanied by a certified check for not less than ten per cent of the amount bid on the work, drawn to the order of Frank L. Howland, City Treasurer, or cash in equal amount.

The standard proposal forms and data may be obtained on application to the Engineer at his office, 192 Broadway, Long Branch, N. J.

The Board of Commissioners reserves the right to reject any or all bids, if deemed to the best interests of the City so to do.

Dated, Long Branch, N. J., September 20, 1922.

FRANK C. QUINN,
City Clerk.

Bids: Oct. 10.

The right is reserved to reject any or all bids.

A. G. MOFFAT,
Secretary.
GEO. G. EARL,
General Superintendent.
Aug. 10, 1922.

OFFICIAL PROPOSALS

Bids: Oct. 2.

Pavement, Curbing and Catch Basins

Noroton, Conn.

Sealed proposals for furnishing all labor and materials for the construction of proposed Drives, Curbing and Catch Basins and necessary drains to be constructed on the grounds of Fitch's Home for Soldiers and Soldiers' Hospital of Connecticut at Noroton Heights, Conn., will be received at the office of Col. Henry J. Seeley at the Soldiers' Home in Noroton until October 2, 1922, at 12:00 a.m. (D.S.T.).

The bids will be opened at the Governor's Office in the State Capitol at Hartford, on October 3rd, 1922, at 11:00 a.m. (D.S.T.).

The bids shall be in accordance with the plans and specifications for the work on file in the office of Col. Henry J. Seeley at the Soldiers' Home, where they may be obtained by bidders upon payment of **$5.00**, the same to be refunded when plans are returned in good condition.

The principal items of work consist of:

4,614 sq.yd. Penetration Pavement.
4,660 lin.ft. Concrete Curbing.
18 Catch Basins.

Each proposal shall contain the full name of every firm or corporation interested in the same and the address of the person or firm, or President or Secretary of the corporation bidding, and shall be accompanied by a certified check upon a national bank or trust company drawn to the order of The Soldiers' Hospital Board of Connecticut, in the sum of $650, which shall become the property of the State Hospital Board as liquidated damages in case the successful bidder fails to enter into a contract within five (5) days after the award of this contract as herein provided.

The checks of unsuccessful bidders will be returned upon demand and of the successful bidder upon completion of the work in a satisfactory manner, no bond being required.

All bids to be placed in a sealed envelope marked "Bids for Road and Curbing."

The Soldiers' Hospital Board reserves the right to reject any or all bids.

By order of
THE SOLDIERS' HOSPITAL BOARD
OF CONNECTICUT,
JOHN H. THACHER,
Chairman of Executive Committee.

Bids: Oct. 4.

Public Sewerage System

Hartsdale, N. Y.

Sealed proposals for furnishing all labor and materials necessary for the construction and completion of a Public Sewer System in the Hartsdale Sewer District, Town of Greenburgh, Westchester County, New York, addressed to the Board of Sewer Commissioners of said Sewer District will be received at the Office of said Sewer Commissioners, Wilson Street, Hartsdale, New York, until 3.00 o'clock p.m. on the 4th day of October, 1922, at which time and place all proposals then received will be opened and publicly read. The bids shall be in accordance with the plans and specifications for the proposed work, on file in the said Office of said Board of Sewer Commissioners, Wilson Street, Hartsdale, New York, from whom copies may be obtained. A deposit of Fifteen ($15.00) Dollars will be required for each set of plans and specifications furnished, which sum will be refunded to all persons submitting bids if said plans and specifications are returned in good condition within 30 days after bids have been received and acted upon by said Sewer Commissioners.

Such proposals shall be made on the blank form of proposals furnished by the Sewer Commissioners attached to the specifications. Any proposal containing bids not asked for or which does not contain prices in words and figures for all items given in the form of proposal, or which is otherwise not in conformity with this notice, may be rejected.

Each proposal shall contain the full name of every person, firm or corporation interested in the same, and the address of the person, firm or corporation bidding, and shall be accompanied by certified check drawn upon a State or National Bank or Trust Company to the order of the Hartsdale Sewer District in the sum of Twenty-five hundred ($2,500) Dollars.

The bidder to whom the contract may be awarded shall attend at the Office of said Sewer Commissioners with the Sureties offered by him within six (6) days after the date of notification by the Sewer Commissioners, their Agent or Attorney of the acceptance of his proposal and there sign the contract for the work in triplicate. In case of failure so to do, the bidder will be considered as having abandoned the same, and the certified check accompanying his proposal shall be forfeitured to the Sewer District.

The checks of all unsuccessful bidders will be returned upon demand after the award of the contract, and also the check of the successful bidder upon the execution of the contract and the furnishing of the required bond. Before the execution of the said contract, the successful bidder thereon shall furnish a Surety Company bond in the sum of Fifty (50%) per cent of the aggregate price named in the contract conditioned upon the faithful performance of such contract; such Bond shall be satisfactory and acceptable to the Board of Sewer Commissioners of said Sewer District both as to form, manner of execution and sufficiency of the Surety or Sureeties.

The Engineer's Estimates of the work to be performed and materials furnished, in accordance with the plans and specifications, is as follows: 12,409 feet of eight inch vitrified pipe; 5,134 feet of ten inch vitrified pipe; 7,340 feet of twelve inch vitrified pipe, 2,463 feet of fifteen inch vitrified pipe; 1,521 feet of sixteen inch class A cast iron pipe; 114 manholes and four flush-tanks.

The Sewer Commissioners hereby reserve the right to reject any or all bids and to accept such bid as, in the opinion of the Sewer Commissioners, seems best intended to subserve the interest of said Sewer District.

Dated Hartsdale, New York, this 21st day of September, 1922.

By Order of the Hartsdale Sewer Commissioners.

HOWARD E. TOWNSEND,
Chairman.
ROY W. BRIGGS, Secretary.

Bids: Oct. 10.

Fire Hose

Fort Meyers, Fla.

City of Fort Meyers, Fla., will receive bids for supplying 1,000 feet 2½ inch Eureka Multiple woven fire hose, 50 foot sections. Bids opened 7:30 p.m. Oct. 10th, 1922.

C. P. STALEY,
City Manager.

OFFICIAL PROPOSALS

Bids: Oct. 3.

Construction of Inlet

Ft. Lauderdale, Fla.

Notice is hereby given that the Board of County Commissioners, Broward County, Florida, will receive bids until 11:00 o'clock a.m., on Tuesday, October 3rd, 1922, for the construction of an inlet from New River Sound to the Atlantic Ocean, near Ft. Lauderdale, as per plans and specifications on file in the Clerk's Office, Courthouse Bldg., Ft. Lauderdale, Florida. Such work shall be let in two contracts, being as follows:—

(a) The dredging of 81,000 cubic yards more or less of earth; and the dredging of 5,000 cubic yards more or less of rock;

(b) The furnishing and placing of 6200 cubic yards more or less of riprap and jetty hearting and of 2500 tons more or less of jetty capping, all in riprap and jetty construction.

Separate bids will be received and separate contracts let for each of the two classes of work mentioned. Copy of plans and specifications may be secured from the Clerk upon payment of $1.00 to cover cost of printing same.

Each bid shall be accompanied by a certified check in the amount of 3% of the bid, guaranteeing that bidder will make contract and bond within ten days of notice of award.

Bond on each contract will be required in the sum of 50% of the amount bid.

Address all bids to the Board of County Commissioners in care of Frank A. Bryan, Clerk, Ft. Lauderdale. Fla.

The Board reserves the right to reject any and all bids.

By order of the Board. August 22nd, 1922.

H. G. WHEELER,
Chairman.

Attest: FRANK A. BRYAN,
Clerk.
Dated August 22, 1922.

Bids: Oct. 10.

Reinforced Concrete Pavement, Curb and Storm Water Sewer

Sag Harbor, N. Y.

Sealed proposals will be received and opened publicly by the Trustees of the village of Sag Harbor at the Municipal Building, Sag Harbor, New York, at 12 noon on Oct. 10, 1922, for the construction of approximately 1.14 miles of reinforced concrete pavement; 2,640 lin.ft. concrete curb; storm water sewers as follows: 540 lin.ft. 12-in. sewer, 1,830 lin.ft. 15-in. sewer, and 1,270 lin.ft. 24-in. sewer.

Plans, specifications and proposals may be seen at the office of the village clerk and at the office of the engineer. Copies thereof may be obtained of the engineer upon the payment of $15.00 per set to cover cost of reproduction and mailing, one-half of which will be refunded upon the return of said copies in good order.

Special attention of the bidder is called to sheet in proposal forms entitled "Information for Bidders."

All bids are to be accompanied by certified check equal to 5 per cent of the total amount of bid.

The right is reserved to reject any and all bids.

MORLEY B. LEWIS,
Village President.

H. F. BISHOP,
Construction Engineer,
Westhampton Beach, N. Y.

Bids: Oct. 9.

Instructions for bidders, proposal blanks, plans and specifications, form of contract, provisions for the giving of bond by the contractor, and other instructions may be obtained by mail from the Drain Commissioner, at the office of the Board of Supervisors at Hershey, Nebraska, upon deposit of $10.00 to pay the costs of the same.

By order of the Board of Supervisors.
Dated this 19th day of September, 1922.

W. H. JENKINS,
President.
W. A. KELLY,
Drain Commissioner.

Attest:
J. W. ABBOTT,
Secretary.

Bids: Oct. 7.

Bridge Repairs

Trenton, N. J.

Sealed proposals will be received by the Joint Commission for the Elimination of Toll Bridges over the Delaware River, between New Jersey and Pennsylvania, until noon Saturday, October 7th, 1922, at the State House, Trenton, New Jersey, for the repairs to the bridge over the Delaware River between Milford, Pike County, Pennsylvania and Montague Township, Sussex County, New Jersey.

Proposals must be submitted on the form furnished by the Commission and accompanied by a certified check for the amount of $800, made payable to the Treasurer of the Joint Commission, as a guaranty of good faith.

Plans, specifications and estimates of the quantities are on file at the office of Louis Focht, Engineer, at 125 West State Street, Trenton, New Jersey; this being the address to which the bids are to be sent.

All bids are to be submitted in a sealed envelope marked, "Proposal for repairs to the bridge at Milford, Pike County, Pa."

The right is reserved to reject any or all bids and to waive any informality in the bids received.

LOUIS FOCHT,
Engineer to the Joint Commission.

Bids: Oct. 9.

Street Improvement

Laurel, Miss.

Sealed proposals will be received by the Mayor and Board of Commissioners of the City of Laurel, Mississippi, until two o'clock P.P., on the 9th day of October, 1922, at the office of the City Clerk of said City, for constructing approximately:

19,865 sq.yds. brick pavement with concrete foundation.
16,160 sq.yds. gravel surfacing.
20,243 lin.ft. combined curb and gutter.
4,000 sq.yds. concrete sidewalk.
with all appurtenances thereto.

Plans and profiles may be seen and specifications and proposal forms may be obtained at the office of the City Clerk of the City of Laurel, Mississippi.

J. H. PACE,
Street Commissioner.

OFFICIAL PROPOSALS

Bids: Oct. 16.

Sewer Work

Hackensack, N. J.

The Hackensack Improvement Commission, the governing body of the City of Hackensack, Bergen County, New Jersey, requests proposals for the following work, to wit:

Contract No. 4—For the construction of about 4,600 linear feet of twelve (12), eight (8) inch vitrified pipe sewers, about 3,400 linear feet of twelve (12), eighteen (18), twenty (20), twenty-two (22), twenty-four (24) and twenty-seven (27) inch vitrified pipe sewers, 1360 linear feet of circular concrete sewers and 2,500 linear feet of egg shaped concrete sewers, together with manholes, catchbasins, and other works appurtenant thereto.

The foregoing work is more particularly described and set forth in the plans and specifications on file with Lemuel Lozier, Engineer of the Commission and with the Clerk of the Commission.

The plans and specifications, information for bidders, forms of proposals and contracts, forms of bonds required and other information can be seen at the office of Lemuel Lozier, Engineer of the Commission, Room 3, Bank Building, Main and Mercer Streets, Hackensack, New Jersey; copies of such plans and specifications may be obtained by bidders on making a deposit of $100.00, which deposit will be refunded upon the return of the plans and specifications in good condition.

The contract will be let to the lowest responsible bidder, subject to the right of the Commission to reject any and all bids.

All bids must be made on the form of proposal to be obtained from the Engineer of the Commission, and must give the prices both in writing and in figures, and must give such other information and be signed in the manner indicated on the form of proposal. Each bid submitted for Contract No. 4 must be accompanied by a certified check for $5,000.00, payable to the Hackensack Improvement Commission.

Checks of the unsuccessful bidders will be returned immediately upon the award of the contract. The check of the successful bidder will be returned to the bidder upon the execution of the contract and the furnishing of the bond required, within ten days after the date of the award thereof, or within such extended time as may be determined by the Commission. In case of failure to execute the required contract, and furnish the required bond within such time, such check shall be forfeited to the Hackensack Improvement Commission as liquidated damages.

The proposals herein required for Contract 4 shall be presented to the Hackensack Improvement Commission, at the Municipal Building, 346 State Street, Hackensack, Bergen County, New Jersey, on Monday, the sixteenth (16) day of October, 1922, at 8 p.m. Standard Time.

No bids will be received prior to said hour and none thereafter.

The proposals shall be submitted in sealed envelopes or packages.

The proposals shall be endorsed as follows: "Proposal for sewers Contract N. 4."

The Hackensack Improvement Commission.
By SPENCER D. BALDWIN, Mayor.
WILLIAM SCHAFF, Clerk.

Bids: Oct. 2.

Sewer Extensions

Saranac Lake, N. Y.

Sealed proposals will be received by the Clerk of the Sewer and Water Board of the Village of Saranac Lake, N. Y., until 8:00 P.M. on Monday, Oct. 2nd, 1922, for the construction of sewers in the said Village, as follows:

900 feet of 8 inch sewer.
5,500 feet of 6 inch sewer.
32 Manholes.

The above quantities are approximate, only for a basis of a uniform comparison of bids.

Bids must be made on proposal forms furnished by the Sewer and Water Board and must be accompanied by a certified check to the amount of $500.00 drawn payable to S. A. Miller, Clerk of the Board.

Proposals must be sealed and delivered to the Clerk, indorsed "Proposal for the construction of Sewers."

Plans may be seen, and Proposal blanks, form of Contract and Specifications may be secured at the office of the Clerk.

The Sewer and Water Board reserves the right to reject any and all bids.

By order of the Sewer and Water Board.

S. A. MILLER, Clerk,
Saranac Lake, N. Y.
JOHN L. COLLINS, Engineer,
30 Church St., N. Y.

OFFICIAL PROPOSALS

Bids: Oct. 19.

Wanaque Aqueduct—
Great Notch Tunnel
Contract 3—(Unit Price)

Newark, N. J.

Sealed proposals will be received from 12 o'clock noon to 12:15 o'clock P.M. (Eastern Standard Time) on Thursday, October 19, 1922, by the North Jersey District Water Supply Commission of the State of New Jersey, in its office, Room 412, 20 Clinton Street, Newark, New Jersey, and publicly opened and read at the last named hour, for the performing of all necessary work required in the carrying out of the contract for the construction of Great Notch tunnel and approaches.

The work will include the excavation and concrete lining of a 7-foot tunnel 9,100 feet in length and the construction of about 5,000 feet of 7-foot concrete aqueduct in open cut and various appurtenant structures.

A pamphlet containing the information for bidders, form for proposal, form of contract, specifications and drawings may be examined at the office of the Commission and may be obtained at said office upon deposit of $10.00, which deposit will be repaid upon the return of the pamphlet within 30 days.

All bids shall be made on the blank form supplied by the Commission, which provides for a detailed statement as to the bidder's experience and resources as well as the prices for which he will execute the respective items of work.

Proposals must be accompanied by the consent in writing of a surety company qualified to do business in New Jersey, binding itself that if the contract be awarded to the person making the proposal, the said surety company will become surety for the faithful performance of the said contract in an amount equal to 50 per cent of the contract price.

All bids must be accompanied by a certified check for fifty thousand dollars as a guarantee for the good faith of the bidder. Checks of unsuccessful bidders will be returned within 15 days, that of the successful bidder upon the execution of contract and bond.

The Commission reserves the right to reject all proposals or any proposal which may be informal, or the acceptance of which would be, in the judgment of the Commission for the reasons as suggested in "Information for Bidders," or for any other reason, detrimental to the interests of the municipalities for which the work is to be done.

By order of the North Jersey District Water Supply Commission of the State of New Jersey.

LAURENT J. TONNELE,
Chairman.
Attest: EDMOND TYLER,
Secretary.
ARTHUR H. PRATT,
Chief Engineer.
MORRIS R. SHERRERD,
Consulting Engineer.

Bids: Oct. 17.

Highway Work

Harrisburg, Pa.

Pennsylvania State Highway Department, Harrisburg, Pa. Sealed proposals will be received at the State Capitol until 10 a.m., October 17, 1922, when bids will be publicly opened and scheduled and contract awarded as soon thereafter as possible for the reconstruction of 30 miles of Reinforced Concrete, 18 miles of either Bituminous on a Concrete Foundation or Reinforced Concrete and 1 mile of Bituminous Macadam Pavement; also for the erection of a Reinforced Concrete Bridge. Bidding blanks and specifications may be obtained free, and plans upon payment of $2.50 per set, upon application to State Highway Department, Harrisburg. No refund for plans returned. They also can be seen at office of State Highway Department, Harrisburg, 1001 Chestnut Street, Philadelphia, and 119 Federal Street, N. S., Pittsburgh, Pa. GEORGE H. BILES, Assistant State Highway Commissioner.

Plans and specifications may be obtained from the City Engineer by making a deposit of $50.00.

W. BINTZ.

U. S. GOVERNMENT

PROPOSAL FOR SPURDIKES.—U. S. Engineer Office, 329 Customhouse, New Orleans, La.—Sealed proposals will be received here until 9.00 a.m., October 3, 1922, and then opened, for construction of spurdikes at Southwest Pass, Mississippi River. Further information on application.

PROSPOSALS FOR LEVEE WORK.—Office of the Secretary, Mississippi River Commission, 1311 International Life Building, St. Louis, Mo.—Sealed proposals will be received here until 11 a. m. Oct. 11, 1922, for constructing about 545,000 cubic yards of earthwork by the hydraulic method in the Bay Island Drainage and Levee District No. 1, Ill. Further information on application.

U. S. GOVERNMENT

U. S. ENGINEER OFFICE, PROVIDENCE, R. I. Sealed proposals will be received here until 12 o'clock noon, Oct. 23, 1922, and then opened, for dredging in New Haven Harbor, Conn. Further information on application.

U. S. ENGINEER OFFICE, NASHVILLE, TENN.—Sealed proposals will be received here until 11 a.m., Oct. 23, 1922, and then opened, for 3 steel dump scows. Further information on application.

SEALED PROPOSALS, indorsed "Proposals for Buildings, Tupper Lake, N. Y., Specifications No. 4710," will be received at the Bureau of Yarks and Docks, Navy Department, Washington, D. C., until 11 o'clock a.m., October 11, 1922, and then and there publicly opened, for buildings at the U. S. Veterans' Bureau Hospital, Tupper Lake, N. Y. The work will include plain and reinforced concrete; artificial stone; hollow tile and brick work; wood framing, sash, doors and finish; plaster and metal lath; slate, promenade tile and tin roofing; sheet metal work; interior marble and tile work; steel sash; steel covered doors; miscellaneous metal work; composition flooring; linoleum; fire escapes; hardware; painting and glazing; electrically and hand-operated dumbwaiters; plumbing; heating; electric light and power; telephones; call bells. Drawings and Specification No. 4710 may be obtained on application to the Bureau of Yards and Docks. Deposit of a check or postal money order for $100, payable to the Chief of the Bureau of Yards and Docks, is required as security for the safe return of the drawings and specification. L. E. GREGORY, Chief of Bureau, September 14, 1922.

U. S. GOVERNMENT

U. S. ENGINEER OFFICE, Room 710, Army Building, 39 Whitehall Street, New York, N. Y. Sealed proposals will be received here until 12 m., October 5, 1922, and then opened, for dredging and rock removal in East River, N. Y. Further information on application.

U. S. ENGINEER OFFICE, MOBILE, ALA.—Sealed proposals will be received here until 11 o'clock a.m., Oct. 10, 1922, and then opened, for the construction of one 100-ft. Diesel-Electric towboat. Further information on application.

U. S. ENGR. OFFICE, WILMINGTON, DEL.—Sealed proposals will be received here until 11 A.M., October 6, 1922, and then opened, for dredging Tuckerton Creek, N. J. Further information on application.

OFFICE OF THE CONSTRUCTING QUARTERMASTER, ABERDEEN PROVING GROUND, MD. Sealed proposals will be received in this office until 10:00 A.M., October 18, 1922, and then opened, for the construction of twenty sets of officers' quarters, at Edgewood Arsenal, Md. Plans and specifications may be obtained at this office upon the deposit of $10.00, which will be refunded upon the return of same in good condition, or they may be seen at the Quartermaster's Office, Edgewood Arsenal, Md. The right is reserved to accept any or to reject all bids for this project.

SEALED PROPOSALS for constructing additions to Oil Storage House at Army Supply Base, Brooklyn, N. Y., will be received and publicly opened at 11 A.M., Oct. 9, 1922, at Constructing Quartermaster's Office, 39 Whitehall St., N. Y. City, N. Y. Information at above address.

U. S. GOVERNMENT

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., Sept. 18, 1922. Sealed prosposals will be opened in this office at 3 p.m. Oct. 16, 1922, for construction (except mechanical equipment) of an Infirmary Group (four brick and concrete buildings two and three stories, with a total ground area of 44,600 square feet) for the United States Veterans' Hospital, at Chelsea, N. Y. Drawings and specifications may be obtained at this office in the discretion of the Supervising Architect. Proposals will be considered only from individuals, firms, or corporations possessing satisfactory financial and technical ability, equipment, and organization to insure speedy completion of the contract, and who have established a record for expedition on contracts of similar character and magnitude. Before drawings and specifications are forwarded to prospective bidders, applicants must cite at least one specific instance where a record for speed has been established on a job of equivalent magnitude, giving date of award of contract, amount of contract, specified time for completion and date of actual completion. The fact that any concern obtains a set of the plans and specifications from any source whatever and submits a bid shall not constitute a waiver of the foregoing stipulations.

JAS. A. WETMORE,
Acting Supervising Architect.

PROPOSAL FOR PIER REMOVAL, ETC.—U. S. Engineer Office, Room 1201, 537 South Dearborn Street, Chicago, Illinois. Sealed proposals for pier removal, dredging, etc., in Calumet Harbor, Illinois, will be received here until 10 a.m., October 24, 1922, and then opened. Further information on application.

POSITIONS VACANT

EMPLOYMENT

POSITIONS WANTED

POSITIONS VACANT

CAPABLE coffer-dam foreman wanted for hydro-electric work in South America; must speak Spanish. P-995, Eng. News-Record, Real Estate Trust Bldg., Philadelphia, Pa.

CHLORINE gas expert desired by manufacturer contemplating making chlorine control apparatus. Reply, giving experience and other convincing data. P-27, Eng. News-Record.

CONTRACTING firm having large amount of road and bridge contracts has opening for an experienced superintendent to take charge of part of their work and able to invest from $10,000 to $20,000; to receive salary or salary and commission, also good guaranteed return on money invested with good security for investment P-45, Eng. News-Record, **Real Estate Trust** Bldg., Phila., Pa.

DESIGNER and estimator on reinforced concrete, docks, bulkheads, etc., wanted by contracting company; prefer graduate engineer between ages 25 and 30. P-6, Eng. News-Record.

DRAFTSMEN, several, experienced, structural, for steel construction pertaining to apartment and loft buildings. Hinkle Iron Co., 534 West 56th Street, New York City.

DRAFTSMEN, experienced, wanted for structural steel buildings; apply by mail only, giving age, nationality, education, experience and salary expected. Post & McCord, 101 Park Ave., New York.

FIRST class draftsman wanted with experience detailing, checking and designing structural steel as used in mill buildings. Must be single. State education, experience and salary expected. Location Northern Minnesota. P-987, Eng. News-Record, Old Colony Bldg., Chicago, Ill.

DRAFTSMEN, experienced in steel mill construction, oil refinery, and power plant construction, wanted for work at our Port Arthur, Texas, refinery. Apply Gulf Refining Company, 16th Floor, Frick Building Annex Pittsburgh.

POSITIONS VACANT

ORNAMENTAL iron draftsman, familiar with the designing and detailing of all kinds of ornamental and miscellaneous iron work for buildings. Apply by letter, stating experience, references and salary desired, to James McKinney & Son, 925 Broadway, Albany, N. Y.

RECENT graduate in either civil or architectural engineering to detail and design reinforced concrete; permanent; location Chicago. P-28, Eng. News-Record, Old Colony Bldg., Chicago, Ill.

SEVERAL bridge designers and draftsmen wanted by a State Highway Department in the Middle West. Should have at least two years concrete and steel designing, and preferably several years of general engineering experience. Give complete statement of experience and earliest date available. Submit sample of work, if possible. Initial salary about $175.00 per month. P-970, Eng. News-Record, Old Colony Bldg., Chicago, Ill.

RESOURCEFUL master mechanic needed for hydro-electric construction work in South America; must speak Spanish. P-996, Eng. News-Record, Real Estate Trust Bldg., Philadelphia, Pa.

Calif., Stockton—Supervs. San Joaquin Co., improving Hoag Rd. east of Belotta, to C. McLaughlin, Stockton, (street address not available), $8,443; Ashley Rd., Norton Lane Rd. and Central Ave., to C. O. Holden, 433 East Locust St., Lodi, $11,778, $15,433 and $2,484 respectively. Noted Aug. 24.

Industrial Works

PROPOSED WORK

Mass., Millbury—Felters Co., West St., plans 1 story dyehouse, brick and timber. Private plans.

R. I., Providence—Olneyville Realty Co., Inc., 18 Plainfield St., plans 1 story garage and service station, brick and steel, Plainfield St. $40,000. Architect not announced.

N. Y., Auburn—W. J. Henry and others, 128 South St., plan large tool factory, brick and steel, York St. $100,000. Architect not announced.

Industrial Works (Continued)

N. Y., Bemus Point—J. B. White having plans prepared by Johnson & Ford, archts., Fenton Bldg., Jamestown, 2 story, fireproof, garage and auto service building. To exceed **$40,000.**

N. Y., Buffalo—Cleveland Cold Drawn Steel Co., Cleveland, O., has been reorganized and name changed to Buffalo Cold Drawn Steel Co., Inc., and has purchased 3½ acre site, here, for plant, 36,000 ton annually. F. R. Kew, c/o owner, at Buffalo, dir. and production mgr.

N. Y., Buffalo—W. Manard Co., 17 Newell St., plans 2 story, 50 x 100 ft. abattoir, fireproof construction. **$40,000.** Architect not announced.

N. Y., Forks—Live Poultry Transit Co., Bway., Cheektowaga (Buffalo P. O.), plans rebuilding fertilizer and car repair plants, destroyed by fire, here. **$100,000.** Architect not announced

N. Y., Jamestown — Alliance Furniture Co., 615 Allen St., plans 4 story factory addition, brick, with 20,000 sq.ft. floor space. To exceed **$50,000.** Architect not announced.

N. Y., Jamestown—Clark Hardware Co., 13-15 East 3rd St., plans 3 story, 46 x 90 ft. warehouse, brick. To exceed **$40,000.** Architect not announced.

N. Y., Jamestown—Jamestown Lounge Co., 40 Winsor St., plans 6 story, 102 x 104 ft. brick fatcory addition. Architect not announced.

N. Y., New York—Metropolitan Storage Warehouse Corp., 39 West 66th St., soon takes bids 11 story, 75 x 105 ft., brick, steel and concrete warehouse, plain foundation, Amsterdam Ave. **$350,000.** Private plans.

N. Y., Niagara Falls—J. S. Thompson and P. A. Porter, Marine Bank Bldg., Buffalo, plan 1,000,000 h.p. hydroelectric plant at Foster Flats, lower Niagara, here. **$40,000,000.**

N. Y., Sheepshead Bay (Brooklyn P. O.) —Superior Ice Co., Inc., 50 East 42nd St., New York, having plans prepared by W. Mortensen, archt. and engr., 209 West 76th St., New York, brick, steel and rein.-con. plant, Ave. Z and East 17th St., here. **$250,000.**

N. J., Newark—Dept. Streets & Pub. Impvts., City Hall, having plans prepared 2 story, 70 x 150 ft., brick, steel and concrete garage adition, plain foundation, Franklin Ave. **$175,000.** Private plans.

Pa., Brackenridge—Atlantic Bottle Co., Brackenridge, and 90 West Bway., New York, plans to rebuild factory recently destroyed by fire. **$300,000.** Engineer not announced.

Pa., Phila.—T. Bardaro, 57 East Vine St., soon takes bids 2 story, 32 x 90 ft. and 18 x 24 ft., brick and steel garage, plain foundation, 5611 Vine St. **$50,000.** F. N. Greisler, 1035 Walnut St., archt.

Pa., Phila.—C. Wunder, archt., 1415 Locust St., soon takes bids 5 story and basement, 80 x 122 ft. paper factory, rein.-con., brick and steel, plain foundation, 5th and Willows Aves., for Paper Mfg. Co., c/o F. A. O'Neil, 526 Cherry St. **$200,000.**

Pa., Pottstown—R. A. Reiff, 62 Hanover St., soon takes bids 2 story, 60 x 190 ft. and 60 x 125 ft. knitting mill, brick and steel, plain foundation. **$75,000.** J. V. Pooley, 162nd 2nd Ave., Royersford, archt.

Pa., Titusville—Titusville Iron Wks., South Franklin St., plans brick addition, South Washington Ave. Cost between $100,000 and $150,000. Architect not announced.

Ga., Savannah—Western Paper Makers Chemical Co., River Rd., Kalamazoo, Mich., plans paper mill, here. **$500,000.** Architect not announced.

Tenn., Kingsport—Mead Fibre Co. having plans prepared by Management Eng. & Development Co., engrs., c/o owner, large machine paper mill. **$750,000.**

Tenn., Knoxville—Knoxville Power & Light Co., 626 South Gay St., has increased its capital stock from $2,000,000 to $10,000,000 and will use proceeds for additions and improvements to its lines and plants.

Tenn., Parkville (Benton P. O.)—Tennessee Power Co. plans $250,000 bond issue for extensions and improvements to lines and plant. Engineer not announced.

O., Cleveland—Grabler Mfg. Co., 1401 East 40th St., having plans prepared by H. E. Shimmin, archt., 2031 Euclid Ave., 2 story, 60 x 160 ft., brick factory addition. **$60,000.**

O., Cleveland—Van Gastel Cleaning Co., 2420 Cedar Ave., plans 1 and 2 story and basement, brick and steel plant. **$75,000.** H. Van Gastel, mgr. Architect not selected.

ROAD WORK—UTAH

Bids were opened Sept. 5, by State Rd. Comn., Salt Lake City, for constructing 9.04 mi. road from Levan to Chicken Creek Dam, Juab Co., (A) Paxton, Dorrity & Black Kanash, (awarded contract); (B) Nephi Constr. Co., Nephi; (C) Raleigh & Kearney Co. The unit bids were as follows:

	A	B	C
19,300 cu.yd. common excavation	$0.30	$0.35	$0.28
700 cu.yd. solid rock excavation	1.75	2.00	1.70
33,600 cu.yd. borrow excavation	.30	.35	.33
120,000 sq.yd. overhaul, class A	.025	.02	.03
18,900 cu.yd. gravel surfacing, loading	.30	.35	.26
34,100 yd. gravel surfacing, hauling	.40	.50	.48
9.04 mi. gravel surfacing, placing	650.00	595.00	900.00
800 cu.yd. structural excavation	1.00	.50	1.00
22,000 lb. reinforced steel	.02	.03	.02
215 cu.yd. concrete, class A	18.00	15.00	12.50
38 cu.yd. concrete, class B	18.00	15.00	11.00
4,460 lin.ft. guard rail	.25	.40	1.00
528 lin.ft. C. M.pipe, 18 in	.40	.80	.70
152 lin.ft. C. M. pipe, 24 in	.50	.80	.85
84 lin.ft. C. M. pipe, 30 in	.65	1.00	1.00
335 cu.yd. rip.rap	4.50	2.00	4.00
Extended totals	$54,039	$59,296	$59,382

ROAD WORK—ARIZONA

Following are lowest three bids opened Aug. 10, by State Highway Comn., Phoenix, for constructing Holbrook-St. Johns Highway, Federal Aid Project No. 42, (A) C. P. Richards, St. Joseph; (B) G. Winsor and L. Frost, St. Joseph; E. J. Whiting, J. H. Udall, A. Brown and G. Udall, St. Johns. The unit bids were as follows:

	A	B	C
3,335 cu.yd. excavation, roadway (unclassified)	$0.17	$0.25	$0.20
58,270 cu.yd. excavation, borrow, (unclassified)	.14	.15	.15
426 cu.yd. excavation, structures (unclassified)	.90	.50	.90
118 cu.yd. excavation, ditches and channel changes	.14	.20	.25
17,273 cu.yd. gravel surfacing (500 ft. free haul) in place	.42	.40	.40
2,107,306 sta.yd. surfacing, overhaul (122 stas)	.008	.008	.007
62 cu.yd. class "A" concrete	14.00	12.00	15.00
76 cu.yd. class "B" concrete	12.00	12.00	14.00
84 cu.yd. class "C" concrete	10.00	12.00	13.00
12 cu.yd. cement rubble masonry	6.00	5.00	10.00
310 cu.yd. gravel base (type B Fords)	1.50	1.25	2.00
155 cu.yd. selected gravel surfacing (type B Fords)	1.60	1.25	2.00
112 lin.ft. 24 in. C. M. pipe (haul and place)	.40	.75	.40
110 lin.ft. 30 in. C.M. pipe (haul and place)	.50	.75	.40
52 lin.ft. 36 in. C.M. pipe (haul and place)	.60	.75	.40
4,050 lb. reinforcing steel (haul, bend, place)	.025	.05	.02
Extended totals	$36,875	$37,292	$37,725

O., Columbus—Columbus Varnish Co., 264 Cozzens St., having sketches made by Jones & Abernathy, archts. and engrs., Dispatch Annex, 1 story, 100 x 300 ft., brick and steel factory. **$40,000.**

Ind., Clinton—Wabash Electric Co. plans extensions and improvements to lines and plant. **$50,000.**

Ind., Crawfordsville—City plans 1 story brick addition to light and power plant, incl. 200 ft. radial brick stack, etc. **$200,000.** H. C. Carroll, Terminal Bldg., Indianapolis, engr.

Ind., Evansville—General Cigar Co., 2 Upper 2nd St., having plans prepared by A. E. Neucks, archts., Peoples Bank Bldg., 4 story and basement, 75 x 150 ft. factory, brick and timber, Upper 2nd St. **$75,000.**

Ind., Indianapolis—Rockwood Mfg. Co., 1801 English Ave., having plans prepared by Motherhead & Fitton, archts., 540 North Meridian St., 1 story, 100 x 200 ft. and 1 story, 75 x 100 ft. machine shops, both brick and timber, English Ave. **$40,000.**

Ind., Richmond—Consumers Service Co. plans 1 story refinery, brick, will require 5 tanks of 100,000 gal. capacity. **$200,000.** Architect not selected.

Mich., Three Oaks—Warren Featherbone Co. had plans prepared by G. W. Allen, archt., Laporte, Ind., 2 story and basement, 68 x 140 ft. rein.-con. and brick factory, plain foundation. **$45,000.**

Wis., Clyman—Reeseville Canning Co., Reeseville, having plans prepared 3 story, brick and timber, factory and warehouse, plain foundation, here. Private plans.

Wis., Colby—Colby Buick Co., c/o H. J. Cornelius, plans 2 story and basement, 30 ft. high, 50 x 80 ft. garage, rein.-con. and brick, plain foundation. **$40,000.** Architect not selected.

Wis., Crandon — The Vulcan Last Co. plans 2 story, 60 x 120 ft., brick, rein.-con. and steel factory, to replace one recently destroyed by fire. Architect not selected.

Wis., Green Bay—Fairmont Creamery Co., 200 North Bway., having plans prepared by Foeller & Schober, archts., Nicolet Bldg., 1 story, 50 x 95 ft. dairy, incl. new boiler house, brick and rein.-con., plain foundation. **$50,000.**

Wis., Jefferson — Ft. Atkinson Canning Co. plans 2 story, 60 x 100 ft. warehouse and factory, brick and rein.-con., plain foundation. **$60,000.** J. Hagemann, pres. Architect not selected.

OFFICIAL PROPOSALS

Bids: Oct. **10.**

Road Improvement

Bradley Beach, N. J.

Sealed proposals will be received by the Board of Commissioners of the Borough of Bradley Beach, at the Borough Hall in the Borough of Bradley Beach, Monmouth, N. J., for grading, graveling, paving, and otherwise improving Ocean Avenue in said Borough, in accordance with Plans and Specifications prepared by Niart Rogers, Borough Engineer.

Bids will be received until eight o'clock P.M., on the 10th day of October, A. D. 1922.

All bids must be addressed to the City Clerk, endorsed on the envelope, "Bid For Paving Ocean Avenue."

Each bid must be accompanied by a certified check in the amount of ten (10) per cent of the total amount bid for the entire work stated in the Proposal, said check to be made payable to the Borough of Bradley Beach, and to be accompanied by a certificate from a surety company stating that said Surety Company will provide the bidder with the required bonds.

Specifications and plans can be obtained of the Borough Clerk upon deposit of Ten Dollars, which amount will be refunded upon the return of same in good serviceable condition.

No contract for said work will be awarded until the same has been approved by the Board of Chosen Freeholders of the County of Monmouth, N. J.

The Commissioners reserve the right to reject any and all bids, to waive any informalities; and also to award separate contracts for any portion or portions of any or all of said work.

FREDERIC P. REICHEY,
Borough Clerk.

NIART ROGERS,
Borough Engineer.
Dated: Sept. 26, 1922.

Bids: Oct. 24.

Highway Work

Albany, N. Y.

Sealed proposals will be received by the undersigned at their office, No. 55 Lancaster Street, Albany, N. Y., at one o'clock P. M., on Tuesday the 24th day of October, 1922 for the improvement of highways in the following counties:

HAMILTON	(one highway: 3.57)
ORANGE	(one highway: 3.71)
SARATOGA	(one highway: 2.67)
SUFFOLK	(two highways: 2.41 & 0.09)

ALSO FOR THE RECONSTRUCTION OF THE FOLLOWING:

BROOME	(one contract: 2.27)
CHEMUNG	(one contract: 3.00)
CLINTON	(one contract: 3.19)
OTSEGO	(one contract: 2.00)
STEUBEN	(one contract: 2.50)
SUFFOLK	(one contract: 2.36)
WESTCHESTER	(one contract: 2.67)

Maps, plans, specifications and estimates may be seen and proposal forms obtained at the office of the Commission in Albany, N. Y., and also at the office of the division engineers in whose division the roads are to be improved or reconstructed. The addresses of the division engineers and the counties in which they are in charge will be furnished upon request.

The especial attention of bidders is called to "Geueral Information for Bidders" in the itemized proposal, specifications and contract agreement.

HERBERT S. SISSON,
Commissioner,
State Commission of Highways.
J. C. FINCH, Secretary.

OFFICIAL PROPOSALS

Bids: Oct. 20.

Bulkhead, Boardwalk, Grading, etc.

Laurence Harbor, N. J.

The Laurence Harbor Heights Co. will receive bids for construction of bulkhead, boardwalk, grading, etc., at the office of Morrisey & Walker, Laurence Harbor, Middlesex Co., N. J., on Friday, October 20th, 1922, at 2 o'clock p.m., plans and specifications may be obtained from Herbert O. Todd, Civil Engineer, 51 Valley Drive, Atlantic Highlands, N. J. Make Plans Accessible to Distant Bidders

Plans and specifications for inspection by distant bidders may be filed at any of *Engineering News-Record* offices (without charge). Or a sufficient supply may be deposited at such of our offices as seem desirable, subject to your usual requirements in the matter of deposits, etc. (We assume full responsibility for return of plans or deposits). Therefore, Contractors in all parts of the country can bid with equal convenience on contracts advertised in *Engineering News-Record*.

Bids: Oct. 24.

Concrete Water Reservoir

Albuquerque, N. M.

Sealed proposals will be received at the office of the City Clerk of the City of Albuquerque, New Mexico, until 2:00 o'clock p.m. on Tuesday, the 24th day of October, 1922, for constructing a certain reinforced concrete water reservoir for the City of Albuquerque, New Mexico. Each bidder will be required to deposit with the City Clerk to the credit of the City of Albuquerque without endorsement a certified check of deposit in the sum of ten per cent of the total amount bid, as a guaranty that the bidder will enter into contract and execute all bonds and guaranty in the forms provided within ten days after the notice of the award of the contract to him.

Instructions to bidders, proposal and contract forms, plans and specifications are on file at the office of the City Engineer, City Hall, Albuquerque, New Mexico. Copies of plans and specifications may be secured from the City Engineer on and after October 5th, 1922, upon deposit of $15.00, to be returned to the contractor upon submission of a bona fide bid on the work with plans and specifications, or upon returning plans and specifications intact prior to the date of receiving bids. Otherwise the deposit will be forfeited to the City of Albuquerque.

The City of Albuquerque reserves the right to reject any or all bids.

B. H. CALKINS, City Manager.
FRANK KIMBALL, City Engineer.
IDA V. MALONE, City Clerk.

OFFICIAL PROPOSALS

Bids: Oct. 31.

Building, Delivering and Erecting Steam Pumps

(HEMPHILL PUMPING STATION)

Atlanta, Ga.

Sealed proposals for building, delivering and erecting 15 and 30 M.G.D. Steam Turbine Driven Centrifugal Pumps and 15 M.G.D. Cross Compound Pumping Engines for the City of Atlanta, Georgia, will be received by the Purchasing Agent of the City of Atlanta at the City Hall until 2:30 p.m. on the 31st day of October, 1922.

The work will consist of building, delivering and erecting complete with all accessories, one or more Steam Pumps on foundations erected by the City of Atlanta in the Hemphill Pumping Station. The sizes and type of pumps will be determined after receiving bids.

Each proposal must be accompanied by a certified check payable to the City of Atlanta, in an amount equal to five (5) per cent of the bid, as a guarantee that the contract will be entered into if awarded. A bond of one hundred (100%) per cent of the contract price will be required.

Plans and specifications are on file at the office of the General Manager of the Atlanta Water Works, City Hall, Atlanta, Georgia. P. H. Norcross, Consulting Engineer, 1404 Candler Building, Atlanta, Georgia, and with the Engineering News-Record, New York City.

Bidders may obtain copies of the specifications from the Purchasing Agent by enclosing check for twenty-five dollars ($25.00) payable to the City of Atlanta, and to be held until return of specifications in good condition. The City reserves the right to reject any and all bids.

No proposal will be entertained unless made on the form, and sealed in the envelope furnished by the City of Atlanta.

Purchasing Agent, City of Atlanta, Ga.

Bids: Oct. 10.

Reinforced Concrete Pavement, Curb and Storm Water Sewer

Sag Harbor, N. Y.

Sealed proposals will be received and opened publicly by the Trustees of the village of Sag Harbor at the Municipal Building, Sag Harbor, New York, at 12 noon on Oct. 10, 1922, for the construction of approximately 1.14 miles of reinforced concrete pavement; 2,640 lin.ft. concrete curb; storm water sewers as follows: 540 lin.ft. 12-in. sewer, 1,830 lin.ft. 15-in. sewer, and 1,270 lin.ft. 24-in. sewer.

Plans, specifications and proposals may be seen at the office of the village clerk and at the office of the engineer. Copies thereof may be obtained of the engineer upon the payment of $15.00 per set to cover cost of reproduction and mailing, one-half of which will be refunded upon the return of said copies in good order.

Special attention of the bidder is called to sheet in proposal forms entitled "Information for Bidders."

All bids are to be accompanied by certified check equal to 5 per cent of the total amount of bid.

The right is reserved to reject any and all bids.

MORLEY B. LEWIS,
Village President.
H. F. BISHOP,
Construction Engineer,
Westhampton Beach, N. Y.

Bids: Oct. 16.

Road Work

Perth Amboy, N. J.

Notice is hereby given that sealed bids will be received by the Board of Aldermen of the City of Perth Amboy, New Jersey, for the construction of the following extension to:

Route No. 4—Section No. 19, Amboy Avenue, Perth Amboy, Middlesex County; estimated amount of excavation unclassified is 39,088 cubic yards; of sheet asphalt surface (Grade N. A. 1) on an eight (8) inch reinforced Portland Cement Concrete Foundation is 23.943 square yards.

Bids will be received in the meeting room of the Board of Aldermen at the City Hall, Perth Amboy on Monday, October 16, 1922, at 8.30 p.m., Standard Time, and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of Morgan F. Larson, City Engineer, Perth Amboy, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to Morgan F. Larson, City Engineer, Perth Amboy, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the State Highway 1922 specifications, same to be enclosed in sealed special addressed envelopes bearing the name and address of the bidder and the name and section of the Route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the City of Perth Amboy for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500.00 or more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each Bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the Board of Aldermen.
ARTHUR E. GRAHAM,
City Clerk.

Bids: Oct. 31.

Building, Delivering and Erecting Steam Pumps

(CHATTAHOOCHEE RIVER PUMPING STATION)

Atlanta, Ga.

Sealed proposals for building, delivering and erecting 15 and 30 M.G.D. Steam Turbine Driven Centrifugal Pumps and 15 M.G.D. Cross Compound Pumping Engines for the City of Atlanta, Georgia, will be received by the Purchasing Agent of the City of Atlanta at the City Hall until 2:30 p.m. on the 31st day of October, 1922.

The work will consist of building, delivering and erecting complete with all accessories, one or more Steam Pumps on foundations erected by the City of Atlanta in the Chattahoochee River Pumping Station. The sizes and type of pumps will be determined after receiving bids.

Each proposal must be accompanied by a certified check payable to the City of Atlanta, in an amount equal to five (5) per cent of the bid, as a guarantee that the contract will be entered into if awarded. A bond of one hundred (100%) per cent of the contract price will be required.

Plans and specifications are on file at the office of the General Manager of the Atlanta Water Works, City Hall, Atlanta, Georgia, P. H. Norcross, Consulting Engineer, 1404 Candler Building, Atlanta, Georgia, and with the Engineering News-Record, New York City.

Bidders may obtain copies of the specifications from the Purchasing Agent by enclosing check for twenty-five dollars ($25.00) payable to the City of Atlanta, and to be held until return of specifications in good condition. The City reserves the right to reject any and all bids.

No proposal will be entertained unless made on the form, and sealed in the envelope furnished by the City of Atlanta.

Purchasing Agent, City of Atlanta, Ga.

Bids: Oct. 17.

Melbourne,
Victoria, Australia.

Bids: Nov. 14.

Pumping Machinery

Newport, Ky.

Sealed proposals will be received by the Board of Commissioners of the City of Newport, Kentucky, at the office of said Board in City Hall, until 11 a.m. o'clock on Tuesday, the 14th day of November, 1922.

Bids will be received for Steam and Electric Driven deep well pumping machines of six million (6,000,000) gallons capacity per 24 hours, to be furnished and erected complete for operation in the pumping station of the Newport, Kentucky Water Works in accordance with the specifications for the work.

Each bid shall be accompanied by a cash deposit or a certified check in the sum of ten (10) per cent of the price made in the proposal. Checks to be made payable to the City of Newport, Kentucky, or order.

Said deposit to be made as a guarantee of good faith that the party making the proposal will within ten (10) days if the contract is awarded to him, execute the same with approved surety.

If the bidder fails to execute the contract after the work has been awarded to him, such bidder shall forfeit the sum so deposited.

Envelopes having the bids enclosed should be plainly indorsed "Proposals for Pumping Machines," and addressed to Thos. A. McGeough, Commissioner of Public Property, Newport, Kentucky.

Copies of Specifications will be furnished bidders on or after October 10th, 1922, upon application to the said Commissioner, or the Consulting Engineer.

The Commissioners reserve the right to reject any and all bids.

The City of Newport, Kentucky.
By THOS. A. McGEOUGH.
Commissioner of Public Property.
GEORGE HORNUNG,
Consulting Engineer,
Wool-Sack Building,
Newport, Kentucky.

OFFICIAL PROPOSALS

Bids: Oct. 16.

Construction of Sewer System

Ellsworth, Wis.

Proposals for the construction of a sewerage system and appurtenances will be received by the Village Board of the Village of Ellsworth, Wis., acting as a Board of Public Works, of the said Village up to 8 p.m. on Oct. 16th, 1922, and will be publicly opened and considered immediately thereafter. This work comprises approximately the following quantities:

17,000 ft 8 in. sewer 5-15 ft. deep
4,650 ft. 10 in. sewer 5-13 ft. deep
4,250 ft. 12 in. sewer 5-13 ft. deep
81 ft. Manholes
2 ft. Lampholes
3 ft. Imhoff Tanks, sludge beds, intermittent filters and accessories.

Plans and specifications may be seen at the office of the Village Clerk and at the office of the Engineers. Copies thereof may be obtained of the Engineers upon the payment of $15.00 per set to cover the cost of reproduction and mailing, ½ of which will be refunded upon their return in good order.

No proposal will be considered unless sealed and marked on the outside with the name of the bidder and a notation of the nature of the work for which bid is made, and filed with the Village Clerk.

Bidders must accompany their bids by a bond with sureties executed on the part of the bidder, which sureties shall justify as to their responsibility, and by their several affidavits show that they are worth in the aggregate at least the amount mentioned in the contract in property not by law exempt from execution, or in lieu of such bond, bidders may accompany their bid with a certified check equal to five per cent of the bid and agree to have inserted in the contract a provision for the retention by the Village of twenty per cent of the estimate made from time to time.

Proposals must be submitted on the blank forms provided by the Engineers, free of charge and must be made on the basis of cash payment for the work. The successful bidder may be required to give bond in the full amount of the contract.

Special attention of the bidders is called to the "Instructions to Bidders" in the proposal form. Bidders are to understand that construction is to commence May 1, 1923.

The right is reserved to reject any or all bids.

Dated at Ellsworth, Wis., this 25th day of Sept., 1922.

R. N. CLAPP,
Village President.

St. Paul, Minn.

Bids: Oct. 7.

Bridge Repairs

Trenton, N. J.

Sealed proposals will be received by the Joint Commission for the Elimination of Toll Bridges over the Delaware River, between New Jersey and Pennsylvania, until noon Saturday, October 7th, 1922, at the State House, Trenton, New Jersey, for the repairs to the bridge over the Delaware River between Milford, Pike County, Pennsylvania and Montague Township, Sussex County, New Jersey.

Proposals must be submitted on the form furnished by the Commission and accompanied by a certified check for the amount of $800, made payable to the Treasurer of the Joint Commission, as a guaranty of good faith.

Plans, specifications and estimates of the quantities are on file at the office of Louis Focht, Engineer, at 125 West State Street, Trenton, New Jersey; this being the address to which the bids are to be sent.

All bids are to be submitted in a sealed envelope marked, "Proposal for repairs to the bridge at Milford, Pike County, Pa."

The right is reserved to reject any or all bids and to waive any informality in the bids received.

LOUIS FOCHT,
Engineer to the Joint Commission.

The right is reserved to reject any or all bids.

A. G. MOFFAT,
Secretary.

GEO. G. EARL,
General Superintendent.
Aug. 10, 1922.

A Bonding Company's Suggestion to Official Proposal Advertisers

"A large part of our contract bond business is submitted to us by wire, and I am a constant reader of the Official Proposals in order to find out the size and nature of the work that is referred to in the bond application. Very frequently I am unable to get any clear idea of what the advertisers are asking bids on, and of course the prospective bidder or contractor is also at a loss to know what kind of a job is being advertised.

"Traveling expenses are heavy at the present time, and contractors pay out considerable sums during the course of a year in investigating prospective contracts. This of course is a large charge that the owners eventually pay, and anything that will reduce the general overhead of contract work will eventually be to the advantage of the owner.

"One way to reduce this overhead is to word the advertisement so that the contractor sitting in his office will know whether or not he should investigate and prepare a bid on the proposed work."

Bids: Oct. 13th.

Repavement

Lawrence, N. Y.

Sealed proposals for furnishing all labor and materials necessary for the repavement of a portion of Central Ave., Lawrence, Long Island, consisting of relaid brick gutters, and (a) Asphalt Blocks, or (b) Sheet Asphalt, or (c) Warrenite for the main pavement.

Albany, N. Y.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Tuesday, October 31st, 1922, at which place and hour they will be publicly opened and read, for the construction of Barge canal terminals pursuant to the provisions of Chapter 746 of the Laws of 1911, and amendatory laws, and Chapter 402 of the Laws of 1920, as follows:

TERMINAL CONTRACT NO. 91.

For paving a portion of the terminal site at Hallets Cove, New York City.

Contract plans, sheets 1 to 3 inclusive.

Plans may be seen and detailed specifications, engineers' estimates of quantities, proposal blanks, form of contract and bonds required and other information for proposers may be had at the office of the Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y., at the office of the Assistant Superintendent of Public Works for the Western Division at Rochester, N. Y., at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c.) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank or trust company in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bonds, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposits of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the state for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provide suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.

September 28, 1922.

Bids: Oct. 31.

Hospital Construction

New York, N. Y

Sealed proposals for Construction, Heating, Sanitary and Electric Work, for Central Heating and Lighting Plant, Kitchen and Dining Room Building and Buildings for Chronic Patients (North and South), and Construction of Tunnels at the Creedmoor Division, Brooklyn State Hospital, Creedmoor, Borough of Queens, Long Island, N. Y., will be received by the State Hospital Commission, Room 1046, 25 Broadway, New York City, N. Y., until 12 o'clock noon (Standard Time), on Tuesday, October 31st, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractors to whom the awards are made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contracts within thirty (30) days after official notice of award of contracts and in accordance with the terms of Specifications Nos. 3979, 3980, 3981, 3982, 3983, 3984, 3985, 3986, 3987, 3988, 3989, 3990 and 3995. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the Brooklyn State Hospital, Brooklyn, N. Y., at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon the deposit of a certified check in the sum of $25.00 made payable to the State of New York for each set of plans and specifications, which check will be returned if plans and specifications are returned in good condition to the State Architect, L. F. Pilcher, Capitol, Albany N. Y.

L. M. FARRINGTON,
Secretary, State Hospital Commission.
Dated: September 21, 1922.

Bids: Oct. 16.

Sewer Work

Hackensack, N. J.

The Hackensack Improvement Commission, the governing body of the City of Hackensack, Bergen County, New Jersey, requests proposals for the following work, to wit:

Contract No. 4—For the construction of about 4,600 linear feet of eight (8) inch vitrified pipe sewers, about 3,400 linear feet of twelve (12), eighteen (18), twenty (20), twenty-two (22), twenty-four (24) and twenty-seven (27) inch vitrified pipe sewers, 1360 linear feet of circular concrete sewers and 2,500 linear feet of egg shaped concrete sewers, together with manholes, catchbasins, and other works appurtenant thereto.

The foregoing work is more particularly described and set forth in the plans and specifications on file with Lemuel Lozier, Engineer of the Commission and with the Clerk of the Commission.

The plans and specifications, information for bidders, forms of proposals and contracts, forms of bonds required and other information can be seen at the office of Lemuel Lozier, Engineer of the Commission, Room 3, Bank Building, Main and Mercer Streets, Hackensack, New Jersey; copies of such plans and specifications may be obtained by bidders on making a deposit of $100.00, which deposit will be refunded upon the return of the plans and specifications in good condition.

The contract will be let to the lowest responsible bidder, subject to the right of the Commission to reject any and all bids.

All bids must be made on the form of proposal to be obtained from the Engineer of the Commission, and must give the prices both in writing and in figures, and must give such other information and be signed in the manner indicated on the form of proposal. Each bid submitted for Contract No. 4 must be accompanied by a certified check for $5,000.00, payable to the Hackensack Improvement Commission.

Checks of the unsuccessful bidders will be returned immediately upon the award of the contract. The check of the successful bidder will be returned to the bidder upon the execution of the contract and the furnishing of the bond required, within ten days after the date of the award thereof, or within such extended time as may be determined by the Commission. In case of failure to execute the required contract, and furnish the required bond within such time, such check shall be forfeited to the Hackensack Improvement Commission as liquidated damages.

The proposals herein required for Contract 4 shall be presented to the Hackensack Improvement Commission, at the Municipal Building, 346 State Street, Hackensack, Bergen County, New Jersey, on Monday, the sixteenth (16) day of October, 1922, at 8 p.m. Standard Time.

No bids will be received prior to said hour and none thereafter.

The proposals shall be submitted in sealed envelopes or packages.

The proposals shall be endorsed as follows: "Proposal for sewers Contract N. 4."

The Hackensack Improvement Commission.
By SPENCER D. BALDWIN, Mayor.
WILLIAM SCHAFF, Clerk.

National Publicity Offers a Two-Fold Advantage

Giving calls for bids National publicity opens the way for additional and possibly lower offers from outside bidders to whom work can be let, if desired.

Then too, local contractors, seeing your contracts advertised Nationally will figure closer, realizing that the field of competitors for the work is greatly enlarged.

An advertisement printed in the Official Proposal Columns of *Engineering News-Record* brings the contract to the attention of not only local bidders but, in addition, any others who might be interested.

Bids: Oct. 10.

Concrete Structures: Filter Equipment and Brick Filter House

Greensboro, N. C.

Proposals will be received by the City Council of Greensboro, North Carolina, until 12 o'clock M. Tuesday, October 10th, 1922, for building a Filtration plant and appurtenances.

The work includes the construction and equipment of a six million gallon filter plant, the construction of a coagulation basin with dividing wall, capacity 1,148,000 gallons, and the construction of a mixing chamber. The principal quantities involved are:

8,000 cubic yards of earth excavation.
1,900 cubic yards of concrete.
225,00 pounds of reinforcing steel.
The equipment of six one-million gallon filter units.
80,000 brick laid in filter house walls.
Steel wash water tank of 70,000 gallons capacity.
1,000 GPM motor-operated pump.
Piping, valves, and miscellaneous items.

Plans will be on file and may be seen at the office of the City Manager, Greensboro, N. C., or at the office of The Ludlow Engineers, Winston-Salem, N. C., after September 15th. After that date copies of the Specifications, Bid Blank, and Contract may be obtained from the Engineers or City Manager. For the convenience of prospective bidders, the Engineers will furnish copies of the plans upon application accompanied by a check for ten ($10.00) dollars to cover the cost, or separate prints at one ($1.00) dollar each.

Each bid must be accompanied by a certified check in the sum of $5,000, or 5% of the amount of partial bids.

Proposals will be opened publicly with the usual rights reserved.

P. C. PAINTER,
City Manager.
J. L. LUDLOW,
Consulting Engineer.

Bids: Oct. 23.

Sewerage System

Dover, N. J.

The Board of Aldermen and the Board of Sewerage of the Town of Dover, N. J., will receive, at a joint meeting to be held on the 23rd day of October, 1922, at 2 p.m., at the Council Chambers in the Municipal Building, North Sussex Street, Dover, N. J., sealed proposals for furnishing materials and doing all work required for the construction of sewers and appurtenances.

The work includes 25.49 miles of 8 inch to 20 inch sewer, 32 tons cast iron pipe, 600 manholes, and 12,000 cu.yds. rock, and other work incidental thereto.

Plans may be seen and specifications and forms of proposals obtained at the office of the Clerk of the Town of Dover, Municipal Building, or Secretary of the Board of Sewerage, 9 South Sussex Street, in Dover, N. J., or at the office of Clyde Potts, Consulting Engineer, 30 Church Street, New York City.

Plans and specifications may be taken away upon the payment of fifteen dollars ($15.00), the same to be refunded if the plans are returned within twenty (20) days in good condition.

Each bid must be accompanied by a certified check for not less than 10% of the amount of the bid, payable to the order of the Board of Sewerage of the Town of Dover.

The Mayor and Board of Aldermen and the Board of Sewerage of the Town of Dover reserve the right to reject any and all proposals and to waive any informality in the proposals received and to accept any proposal which they deem to be most favorable to the interests of the Town.

WM. H. HOCKING,
Mayor.
EDWARD KELLY,
Pres. Board of Sewerage.
JOS V. BAKER,
Town Clerk.
MICHAEL F. MULLEN,
Clerk of Board of Sewerage.

Bids: Oct. 17.

Storm Sewers

Laredo, Texas.

Sealed proposals will be received by L. Villegas, Mayor of Laredo, Texas, until Tuesday, October the 17th, 1922, at 5:00 o'clock p.m., for furnishing materials and constructing storm sewers and appurtenances.

The approximate quantities are as follows:

Manholes	33
12" Standard vitrified pipe	3,560 ft.
15" " " "	2,064 "
18" " " "	3,148 "
21" " " "	1,536 "
24" " " "	5,358 "

Earth excavation, 12.200 cu. yards.
Reinforced concrete, 15 cu. yards.

Each bid will be accompanied by a certified check for five hundred ($500) dollars drawn in favor of the City Treasurer of Laredo, Texas. Plans and specifications may be seen at the office of S. F. Crecelius, Civil Engineer, Puig Building, Laredo, Texas, after October the 5th, 1922.

The City reserves the right to reject any or all of the bids.

L. VILLEGAS,
Mayor.

Bids: Oct. 9.

Street Improvement

Laurel, Miss.

Sealed proposals will be received by the Mayor and Board of Commissioners of the City of Laurel, Mississippi, until two o'clock P.P., on the 9th day of October, 1922, at the office of the City Clerk of said City, for constructing approximately:

19,865 sq.yds. brick pavement with concrete foundation.
16,160 sq.yds. gravel surfacing.
20,243 lin.ft. combined curb and gutter.
4,000 sq.yds. concrete sidewalk.
with all appurtenances thereto.

Plans and profiles may be seen and specifications and proposal forms may be obtained at the office of the City Clerk of the City of Laurel, Mississippi.

J. H. PACE,
Street Commissioner.

Bids: Oct. 19.

Wanaque Aqueduct—Great Notch Tunnel Contract 3—(Unit Price)

Newark, N. J.

Sealed proposals will be received from 12 o'clock noon to 12:15 o'clock P.M. (Eastern Standard Time) on Thursday, October 19, 1922, by the North Jersey District Water Supply Commission of the State of New Jersey, in its office, Room 412, 20 Clinton Street, Newark, New Jersey, and publicly opened and read at the last named hour, for the performing of all necessary work required in the carrying out of the contract for the construction of Great Notch tunnel and approaches.

The work will include the excavation and concrete lining of a 7-foot tunnel 9,100 feet in length and the construction of about 5,000 feet of 7-foot concrete aqueduct in open cut and various appurtenant structures.

A pamphlet containing the information for bidders, form for proposal, form of contract, specifications and drawings may be examined at the office of the Commission and may be obtained at said office upon deposit of $10.00, which deposit will be repaid upon the return of the pamphlet within 30 days.

All bids shall be made on the blank form supplied by the Commission, which provides for a detailed statement as to the bidder's experience and resources as well as the prices for which he will execute the respective items of work.

Proposals must be accompanied by the consent in writing of a surety company qualified to do business in New Jersey, binding itself that if the contract be awarded to the person making the proposal, the said surety company will become surety for the faithful performance of the said contract in an amount equal to 50 per cent of the contract price.

All bids must be accompanied by a certified check for fifty thousand dollars as a guarantee for the good faith of the bidder. Checks of unsuccessful bidders will be returned within 15 days, that of the successful bidder upon the execution of contract and bond.

The Commission reserves the right to reject all proposals or any proposal which may be informal, or the acceptance of which would be, in the judgment of the Commission for the reasons as suggested in "Information for Bidders," or for any other reason, detrimental to the interests of the municipalities for which the work is to be done.

By order of the North Jersey District Water Supply Commission of the State of New Jersey.

LAURENT J. TONNELE,
Chairman.
Attest: EDMOND TYLER,
Secretary.
ARTHUR H. PRATT,
Chief Engineer.
MORRIS R. SHERRERD,
Consulting Engineer.

Bids: Oct. 24.

Sewage Disposal Plant

Albuquerque, N. M.

Sealed proposals will be received at the office of the City Clerk of the City of Albuquerque, New Mexico, until 2:00 o'clock p.m. on Tuesday, the 24th day of October, 1922, for constructing a certain sewage disposal plant for the City of Albuquerque, New Mexico. Each bidder will be required to deposit with the City Clerk to the credit of the City of Albuquerque without endorsement a certified check of deposit in the sum of ten per cent of the total amount bid, as a guaranty that the bidder will enter into contract and execute all bonds and guaranty in the forms provided within ten days after the notice of award of contract to him.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. Instructions to bidders, proposal and contract forms, plans and specifications are on file at the office of the City Engineer, City Hall, Albuquerque, New Mexico. Copies of plans and specifications may be secured from the city engineer on or after October 5th, 1922, upon deposit of $50.00, to be returned to contractor upon submission of a bona fide bid on the work with plans and specifications, or upon returning plans and specifications intact prior to the date of receiving bids. Otherwise the deposit will be forfeited to the City of Albuquerque.

The City of Albuquerque reserves the right to reject any or all bids.

B. H. CALKINS, City Manager.
FRANK KIMBALL, City Engineer.
IDA V. MALONE, City Clerk.

Contractors Everywhere Read These Advertisements

to see where bids are desired on contracts suited to their available plant and organization. The suggestion is therefore made to advertisers that they word their advertisements so that the contractor will get a good idea of the size and kind of work to be let, and perhaps the plant needed. This should result in an increased number of desirable bidders.

Bids: Oct. 11.

Laundry Equipment

Utica, N. Y.

Sealed proposals for Additional Laundry Equipment at the Utica State Hospital, Utica, N. Y., will be received by the State Hospital Commission, Capitol, Albany, N. Y., until 3 o'clock p.m. (Standard Time) on Wednesday, October 11, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractor to whom the award is made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contract within thirty (30) days after official notice of award of contract and in accordance with the terms of Specification No. 3939. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the Utica State Hospital, Utica, N. Y.; at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, L. F. Pilcher, Capitol, Albany, N. Y.

Bids: **Nov. 1.**

Hospital

Irvington, N. J.

Sealed proposals for furnishing all the necessary labor and materials for the erection and completion of the new Irvington Hospital, will be received by the Board of Commissioners of the Town of Irvington, N. J., and will be publicly opened and read at a meeting of the said Board of Commissioners to be held in the Town Hall, Irvington, N. J., at 8 p.m., Wednesday, November 1st, 1922 (standard time).

The building will be located on the southeast corner of Chancellor Avenue and Park Place, Irvington, N. J.

Proposals will be received for the following:

Item No. 1. Mason work; carpenter work; iron and steel work; sheet metal and roofing work; glazing; painting; elevator and dumb waiter.
Item No. 2. Plumbing and gas fitting.
Item No. 3. Heating and ventilating.
Item No. 4. Electrical work.

Contractors may bid on any or all items, but separate bids must be submitted for each item.

Each proposal must be accompanied by a certified check for 5 per cent of the amount of such bid, payable to the order of the Board of Commissioners of the Town of Irvington, N. J., or a bid bond in the amount of 5 per cent of such estimate, issued by a surety company approved by the said board, and authorized to conduct business in the state of New Jersey. The successful bidder will be required to furnish the said board within ten days of the award of the contract by the said Board of Commissioners, a bond executed by an approved surety company in the sum of one hundred per centum (100%) of the amount of said contract, conditioned on the faithful performance of the contract.

Should the bidder refuse or neglect to sign the said contract and furnish the said bond within ten days after notification from the Board of Commissioners that the contract has been awarded to him, he shall agree to forfeit the certified check accompanying the bid, or the amount of the bid bond, and said amount shall become the property of the Board of Commissioners.

Plans and specifications of items No. 1 and No. 2 may be seen at the office of Jos. B. Allen, Architect, 1091 Sanford Ave., Irvington, N. J., and of items No. 3 and No. 4 at the office of Runyon and Carey, Engineers, 843 Broad Street, Newark, N. J., between the hours of 9.30 a.m. and 4.30 p.m. and copies may be obtained from them by depositing the sum of twenty-five dollars ($25), which will be returned after bids are received and on return of the plans and specifications.

Any contractor obtaining plans and specifications and not submitting a bid must forfeit his deposit.

The Board of Commissioners reserves the right to waive informalities and to accept or reject any or all bids.

All proposals must comply in all respects with the instructions and general conditions forming a part of the specifications.

Each contractor shall state in his proposal the time he will require for completing the work and shall guarantee completion in such time.

Each proposal must be enclosed in a sealed envelope properly endorsed with the name of the bidder and marked "Proposal for erection of Irvington Hospital." and must state the kind of work for which the proposal is submitted.

HENRY P. BEDFORD,
Director Parks and Public Property.
W. H. JAMOUNEAU,
Town Clerk,

PROSPOSALS FOR LEVEE WORK.—Office of the Secretary, Mississippi River Commission, 1311 International Life Building, St. Louis, Mo.—Sealed proposals will be received here until 11 a. m. Oct. 11, 1922, for constructing about 545,000 cubic yards of earthwork by the hydraulic method in the Bay Island Drainage and Levee District No. 1, Ill. Further information on application.

TREASURY DEPARTMENT, Supervising Architect's Office, Washington, D. C., Sept. 29, 1922.—Sealed proposals will be opened in this office at 3 p.m., Oct. 27, 1922, for extension to workroom, mailing vestibule, etc., United States Post Office, Rochester, Minn. Drawings and specification may be obtained from the Custodian at the building, or at this office, in the discretion of the Supervising Architect. Jas. A. Wetmore, Acting Supervising Architect.

COMMISSIONERS, D. C., Washington, October 6, 1922. Sealed proposals for constructing about eight hundred ninety feet of sewer will be received at Room 509, District Building, until 2 o'clock p.m., October 20, 1922. For detailed information, apply to Room 427, District Building. CUNO H. RUDOLPH, JAMES F. OYSTER, CHARLES KELLER, Commissioners, D. C.

U. S. ENGINEER OFFICE, PROVIDENCE, R. I. Sealed proposals will be received here until 12 o'clock noon, Oct. 23, 1922, and then opened, for dredging in New Haven Harbor, Conn. Further information on application.

U. S. ENGINEER OFFICE, NASHVILLE, TENN.—Sealed proposals will be received here until 11 a.m., Oct. 23, 1922, and then opened, for 3 steel dump scows. Further information on application.

SEALED PROPOSALS, indorsed "Proposals for Buildings, Tupper Lake, N. Y., Specifications No. 4710," will be received at the Bureau of Yarks and Docks, Navy Department, Washington, D. C., until 11 o'clock a.m., October 11, 1922, and then and there publicly opened, for buildings at the U. S. Veterans' Bureau Hospital, Tupper Lake, N. Y. The work will include plain and reinforced concrete; artificial stone; hollow tile and brick work; wood framing, sash, doors and finish; plaster and metal lath; slate, promenade tile and tin roofing; sheet metal work; interior marble and tile work; steel sash; steel covered doors; miscellaneous metal work; composition flooring; linoleum; fire escapes; hardware; painting and glazing; electrically and hand-operated dumbwaiters; plumbing; heating; electric light and power; telephones; call bells. Drawings and Specification No. 4710 may be obtained on application to the Bureau of Yards and Docks. Deposit of a check or postal money order for $100, payable to the Chief of the Bureau of Yards and Docks, is required as security for the safe return of the drawings and specification. L. E. GREGORY, Chief of Bureau, September 14, 1922.

U. S. GOVERNMENT

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., Sept. 18, 1922. Sealed prosposals will be opened in this office at 3 p.m. Oct. 16, 1922, for construction (except mechanical equipment) of an Infirmary Group (four brick and concrete buildings two and three stories, with a total ground area of 44,600 square feet) for the United States Veterans' Hospital, at Chelsea, N. Y. Drawings and specifications may be obtained at this office in the discretion of the Supervising Architect. Proposals will be considered only from individuals, firms, or corporations possessing satisfactory financial and technical ability, equipment, and organization to insure speedy completion of the contract, and who have established a record for expedition on contracts of similar character and magnitude. Before drawings and specifications are forwarded to prospective bidders, applicants must cite at least one specific instance where a record for speed has been established on a job of equivalent magnitude, giving date of award of contract, amount of contract, specified time for completion and date of actual completion. The fact that any concern obtains a set of the plans and specifications from any source whatever and submits a bid shall not constitute a waiver of the foregoing stipulations. JAS. A. WETMORE, Acting Supervising Architect.

PROPOSAL FOR PIER REMOVAL, ETC.—U. S. Engineer Office, Room 1201, 537 South Dearborn Street, Chicago, Illinois. Sealed proposals for pier removal, dredging, etc., in Calumet Harbor, Illinois, will be received here until 10 a.m., October 24, 1922, and then opened. Further information on application.

SEALED PROPOSALS for insulating 6 in. and 8 in. Sewer Lines at Picatinny Arsenal, Dover, N. J., will be received and publicly opened at 11 a.m., Oct. 11, 1922, at Constructing Quartermaster's Office, Room 510, 39 Whitehall St., N. Y. City, N. Y. Information at above address.

U. S. ENGINEER OFFICE, BUFFALO, N. Y.—Sealed proposals will be received here until 11 a.m., October 30, 1922, and then opened for constructing stone-concrete superstructure on breakwater, Buffalo Harbor, N. Y. Further information on application.

OFFICIAL PROPOSALS

Bids: Oct. 31.

Building, Delivering and Erecting Steam Pumps

(HEMPHILL PUMPING STATION)

Atlanta, Ga.

Sealed proposals for building, delivering and erecting 15 and 30 M.G.D. Steam Turbine Driven Centrifugal Pumps and 15 M.G.D. Cross Compound Pumping Engines for the City of Atlanta, Georgia, will be received by the Purchasing Agent of the City of Atlanta at the City Hall until 2:30 p.m. on the 31st day of October, 1922.

The work will consist of building, delivering and erecting complete with all accessories, one or more Steam Pumps on foundations erected by the City of Atlanta in the Hemphill Pumping Station. The sizes and type of pumps will be determined after receiving bids.

Each proposal must be accompanied by a certified check payable to the City of Atlanta, in an amount equal to five (5) per cent of the bid, as a guarantee that the contract will be entered into if awarded. A bond of one hundred (100%) per cent of the contract price will be required.

Plans and specifications are on file at the office of the General Manager of the Atlanta Water Works, City Hall, Atlanta, Georgia. P. H. Norcross, Consulting Engineer, 1404 Candler Building, Atlanta, Georgia, and with the Engineering News-Record, New York City.

Bidders may obtain copies of the specifications from the Purchasing Agent by enclosing check for twenty-five dollars ($25.00) payable to the City of Atlanta, and to be held until return of specifications in good condition. The City reserves the right to reject any and all bids.

No proposal will be entertained unless made on the form, and sealed in the envelope furnished by the City of Atlanta.

Purchasing Agent, City of Atlanta, Ga.

Bids: Oct. 17.

Cast Iron Pipes

Canandaigua, N. Y.

Sealed proposals will be received by the Board of Public Works at its office in the City Hall, Canandaigua, N. Y., until eight o'clock P.M., October 17th, 1922, for the furnishing of eight hundred and sixty-five tons (865) of sixteen (16) inch Class C cast iron pipe and twenty-three (23) tons of twelve (12) inch Class C cast iron pipe and five (5) tons of cast iron specials. All pipes and specials to be manufactured in accordance with American Water Works Association specifications.

Proposals must be enclosed in plain sealed envelopes and marked "Proposal for Furnishing Cast Iron Pipe."

Copies of the specifications may be obtained at the office of the City Clerk, City Hall, Canandaigua, N. Y., or at the office of W. S. Lozier, Consulting Engineer, 321 Cutler Bldg., Rochester, N. Y.

Bids must be accompanied by a certified check for two thousand ($2,000) dollars payable to the Treasurer of the City of Canandaigua. In case of failure or neglect to enter into the contract or furnish the necessary bond within the time specified the certified check will be forfeited to the City of Canandaigua. A performance bond to the sum of fifty (50) per cent of the contract will be required.

The Board reserves the right to reject any and all bids or to accept any bid which it deems most favorable to the interests of the city.

BOARD OF PUBLIC WORKS.

Maps, plans, specifications and estimates may be seen and proposal forms obtained at the office of the Commission in Albany, N. Y., and also at the office of the division engineers in whose division the roads are to be improved or reconstructed. The addresses of the division engineers and the counties in which they are in charge will be furnished upon request.

The especial attention of bidders is called to "Geueral Information for Bidders" in the itemized proposal, specifications and contract agreement.

HERBERT S. SISSON.
Commissioner.
State Commission of Highways.
J. C. FINCH, Secretary.

OFFICIAL PROPOSALS

Bids: Oct. 24.

Sewage Disposal Plant

Albuquerque, N. M.

Sealed proposals will be received at the office of the City Clerk of the City of Albuquerque, New Mexico, until 2:00 o'clock p.m. on Tuesday, the 24th day of October, 1922, for constructing a certain sewage disposal plant for the City of Albuquerque, New Mexico. Each bidder will be required to deposit with the City Clerk to the credit of the City of Albuquerque without endorsement a certified check of deposit in the sum of ten per cent of the total amount bid, as a guaranty that the bidder will enter into contract and execute all bonds and guaranty in the forms provided within ten days after the notice of award of contract to him.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. Instructions to bidders, proposal and contract forms, plans and specifications are on file at the office of the City Engineer, City Hall, Albuquerque, New Mexico. Copies of plans and specifications may be secured from the city engineer on or after October 5th, 1922 upon deposit of $50.00, to be returned to contractor upon submission of a bona fide bid on the work with plans and specifications, or upon returning plans and specifications intact prior to the date of receiving bids. Otherwise the deposit will be forfeited to the City of Albuquerque.

The City of Albuquerque reserves the right to reject any or all bids.

B. H. CALKINS, City Manager.
FRANK KIMBALL, City Engineer.
IDA V. MALONE, City Clerk.

Bids: Oct. 24.

Concrete Water Reservoir

Albuquerque, N. M.

Sealed proposals will be received at the office of the City Clerk of the City of Albuquerque, New Mexico, until 2:00 o'clock p.m. on Tuesday, the 24th day of October, 1922, for constructing a certain reinforced concrete water reservoir for the City of Albuquerque, New Mexico. Each bidder will be required to deposit with the City Clerk to the credit of the City of Albuquerque without endorsement a certified check of deposit in the sum of ten per cent of the total amount bid, as a guaranty that the bidder will enter into contract and execute all bonds and guaranty in the forms provided within ten days after the notice of the award of the contract to him.

Instructions to bidders, proposal and contract forms, plans and specifications are on file at the office of the City Engineer, City Hall, Albuquerque, New Mexico. Copies of plans and specifications may be secured from the City Engineer on and after October 5th, 1922, upon deposit of $15.00, to be returned to the contractor upon submission of a bona fide bid on the work with plans and specifications, or upon returning plans and specifications intact prior to the date of receiving bids. Otherwise the deposit will be forfeited to the City of Albuquerque.

The City of Albuquerque reserves the right to reject any or all bids.

B. H. CALKINS, City Manager.
FRANK KIMBALL, City Engineer.
IDA V. MALONE, City Clerk.

OFFICIAL PROPOSALS

Bids: Nov. 1.

Construction of Power House

Albany, N. Y.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Wednesday, November 1st, 1922, at which place and hour they will be publicly opened and read, for the development of canal water power pursuant to the provisions of Chapter 532 of the Laws of 1922, as follows:

CONTRACT B-3—VISCHER FERRY POWER HOUSE

For constructing a power house and work incidental thereto, at Vischer Ferry dam, County of Saratoga.

Sheets 1-15, inclusive.

Plans may be seen and detailed specifications, engineer's estimate of quantities, proposal blanks, forms of contract and bonds required, and other information for proposers, may be had at the office of the Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works for the Eastern Division, Wedgeway Building,, Schenectady, N. Y.; at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y.; at the office of the Assistant Superintendent of Public Works for the Western Division, at Rochester, N. Y.; at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c.) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bond, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time, in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposit of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the state for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provide suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner, if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.
October 7th, 1922.

OFFICIAL PROPOSALS

Bids: Nov. 2.

Sewer Tunnel

Tulsa, Okla.

Approximate size 14½ x 15½ feet. Bond issue $900,000. Estimates payable in cash. Certified bidding check five per cent.

Plans and profiles, etc., may be secured from City Engineer, upon deposit of $25, which will be refunded to all parties submitting a bona fide bid.

CHARLES SCHULTZ,
City Engineer.

W. W. HORNER,
Consulting Engineer,
St. Louis, Mo.

South Nyack,
New York
Saved $2,642.20

Through advertising for bids on a paving contract in *Engineering News-Record.*

This publicity in these Official Proposal Columns is a mighty profitable investment for any community.

It Costs so little, too.

Bids: Oct. 21.

Stone Jetties, Seawalls, etc.

Longport, N. J.

Sealed proposals for the construction or extension of stone or slag jetties or stone sea walls; the placing of stone along the toe of the seawall; the furnishing of stone or slag and placing same in floats and placing floats in position; and the construction of a bulkhead, or any or all of them, on the Atlantic Ocean, in the Borough of Longport, County of Atlantic, State of New Jersey, will be received by the Board of Commissioners of the Borough of Longport, at 3:00 o'clock in the afternoon, October 21, 1922, during a regular meeting of said Board of Commissioners, at the Commission Chamber, Borough Hall, Longport, N. J.; said bids to be opened and read in public at the aforesaid time and place.

Plans, specifications and form of bid, certificate of surety, contract and bond, covering proposed work, are on file in the office of the Borough Clerk, at Borough Hall, Longport, N. J., where they may be inspected during business hours. Any prospective bidder will be furnished with a complete set of the plans and specifications of the proposed work in consideration of a deposit of $10.00 and such deposit will be refunded if both plans and specifications are returned in good condition on or before October 21, 1922. Each bid must be made on the standard proposal form in the manner required by the specifications, must be enclosed in a sealed envelope marked "Proposals for Construction of Stone Jetties or Stone Seawalls, etc., or any or all of them, at Longport, N. J., to be opened at 3:00 P.M., October 21, 1922, and with the certificate of surety properly filled in, and shall be enclosed in another envelope addressed to William S. Gilmore, Borough Clerk, Borough Hall, Longport, N. J. These envelopes must not be marked in any other manner. Each bid must be accompanied by a certified check payable to the Director of Revenue and Finance, or cash, in the amount of $1,000.00 and no bid will be received after the hour fixed for receipt of bids.

A contract will be awarded, if awarded at all, within one month of the date of receiving bids.

The right is reserved to reject any or all bids.

By order of the Board of Commissioners of the Borough of Longport, N. J.

WILLIAM S. GILMORE,
Borough Clerk.

OFFICIAL PROPOSALS

Bids: Oct. 31.

Barge Canal Terminals

Albany, N. Y.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Tuesday, October 31st, 1922, at which place and hour they will be publicly opened and read, for the construction of Barge canal terminals pursuant to the provisions of Chapter 746 of the Laws of 1911, and amendatory laws, and Chapter 402 of the Laws of 1920, as follows:

TERMINAL CONTRACT NO. 91.

For paving a portion of the terminal site at Hallets Cove, New York City.

Contract plans, sheets 1 to 3 inclusive.

Plans may be seen and detailed specifications, engineers' estimates of quantities, proposal blanks, form of contract and bonds required and other information for proposers may be had at the office of the Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y., at the office of the Assistant Superintendent of Public Works for the Western Division at Rochester, N. Y., at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c.) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank or trust company in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bonds, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposits of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the state for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provide suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.

September 28, 1922.

OFFICIAL PROPOSALS

Bids: Oct. 24.

Road Work

Trenton, N. J.

Notice is hereby given that sealed bids will be received by the State Highway Commission of New Jersey for the construction of the followin:

Route No. 4, Section No. 7-A, New Gretna Alternate, Burlington County; estimated amount of gravel surface eight (8) inches thick is 13,618 square yards.

Bids will be received at the office of the State Highway Commission at the Broad Street Bank Building, Trenton, New Jersey, on Tuesday, October 24, 1922, at 11:00 A.M. and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to the State Highway Department, 9th floor, Broad Street Bank Building, Trenton, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1922 specifications, same to be enclosed in sealed special addressed envelopes bearing the name and address of bidder and the name and section of the Route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the State of New Jersey for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500.00 or more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Oct. 25.

The right is reserved to reject any or all bids.

October 12th, 1922.

A. G. MOFFAT,
Secretary.

GEO. G. EARL,
General Superintendent.

A Bonding Company's Suggestion to Official Proposal Advertisers

"A large part of our contract bond business is submitted to us by wire, and I am a constant reader of the Official Proposals in order to find out the size and nature of the work that is referred to in the bond application. Very frequently I am unable to get any clear idea of what the advertisers are asking bids on, and of course the prospective bidder or contractor is also at a loss to know what kind of a job is being advertised.

"Traveling expenses are heavy at the present time, and contractors pay out considerable sums during the course of a year in investigating prospective contracts. This of course is a large charge that the owners eventually pay, and anything that will reduce the general overhead of contract work will eventually be to the advantage of the owner.

"One way to reduce this overhead is to word the advertisement so that the contractor sitting in his office will know whether or not he should investigate and prepare a bid on the proposed work."

Bids: Oct. 17.

Highway Work

Harrisburg, Pa.

Pennsylvania State Highway Department, Harrisburg, Pa. Sealed proposals will be received at the State Capitol until 10 a.m., October 17, 1922, when bids will be publicly opened and scheduled and contract awarded as soon thereafter as possible for the reconstruction of 30 miles of Reinforced Concrete, 18 miles of either Bituminous on a Concrete Foundation or Reinforced Concrete and 1 mile of Bituminous Macadam Pavement; also for the erection of a Reinforced Concrete Bridge. Bidding blanks and specifications may be obtained free, and plans upon payment of $2.50 per set, upon application to State Highway Department, Harrisburg. No refund for plans returned. They also can be seen at office of State Highway Department, Harrisburg, 1001 Chestnut Street, Philadelphia, and 119 Federal Street, N. S., Pittsburgh, Pa. GEORGE H. BILES, Assistant State Highway Commissioner.

OFFICIAL PROPOSALS

Bids: Oct. 31.

Hospital Construction

New York, N. Y.

Sealed proposals for Construction, Heating, Sanitary and Electric Work, for Central Heating and Lighting Plant, Kitchen and Dining Room Building and Buildings for Chronic Patients (North and South), and Construction of Tunnels at the Creedmoor Division, Brooklyn State Hospital, Creedmoor, Borough of Queens, Long Island, N. Y., will be received by the State Hospital Commission, Room 1046, 25 Broadway, New York City, N. Y., until 12 o'clock noon (Standard Time), on Tuesday, October 31st, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractors to whom the awards are made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contracts within thirty (30) days after official notice of award of contracts and in accordance with the terms of Specifications Nos. 3979, 3980, 3981, 3982, 3983, 3984, 3985, 3986, 3987, 3988, 3989, 3990 and 3995. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the Brooklyn State Hospital, Brooklyn, N. Y., at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon the deposit of a certified check in the sum of $25.00 made payable to the State of New York for each set of plans and specifications, which check will be returned if plans and specifications are returned in good condition to the State Architect, L. F. Pilcher, Capitol, Albany N. Y.

L. M. FARRINGTON,
Secretary, State Hospital Commission.

Dated: September 21, 1922.

Bids: Oct. 24.

Bridge Repairs

Trenton, N. J.

Notice is hereby given that sealed bids will be received by the State Highway Commission of New Jersey for the following:—

For repairs to bridge over Barnegat Bay from Seaside Heights to Island Heights, in the Municipality of Dover, County of Ocean.

Bids for the above will be received at the office of the State Highway Commission, Broad St. Bank Building, Trenton, N. J., on October 24th, 1922, at 11:00 A.M., and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond form for the proposed work are on file in the office of Mr. John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J., and may be inspected by prospective bidders. Plans will be furnished on deposit of ten ($10.00) dollars, for doing this work upon application to Mr. John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids must be made on the standard proposal form in the manner designated therein and as required by the specifications for this work; same to be enclosed in sealed special addressed envelopes, bearing the name and address of bidder and the work bid upon on the outside, and must be accompanied by a certified check drawn to the order of the State Treasurer for not less than ten (10%) per cent of the amount of the bid, provided the said certified check shall not be less than $500.00 nor more than $20,000 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelope will be furnished on application to Mr. John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a Surety Company duly authorized to do business in this State, stating that such Surety Company will provide said bidder with a bond in such sum as is required in and in accordance with the specifications, conditioned for the faithful performance of the provisions of the contract and specifications.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Air Compressor and Tools

Memphis, Tenn.

The Memphis Artesian Water Department will receive bids at its offices, 105-107 North Second Street, Memphis, Tennessee, up until 1 P.M., Tuesday, October 17th, 1922, for furnishing delivered f. o. b. Memphis, Tennessee, one Portable Gasoline Engine Driven Air Compressor mounted on trucks of steel construction, together with tools, etc. Bids will be submitted on machines of sizes listed below:

Portable Air Compressor Piston Displacement approximately 80 cubic feet of air per minute.

Portable Air Compressor Piston Displacement 100 to 120 cubic feet of air per minute.

Portable Air Compressor Piston Displacement 160 to 210 cubic feet of air per minute.

Only one machine will be purchased, the Commissioners reserving the right to determine the size of such machine after bids are opened. Bidders to submit prices based on machines constructed in accordance with their standard specifications, copy of such specifications, together with full information regarding the operation of machines, to accompany bids.

TOOLS—SUBMIT UNIT PRICES.

4 Pneumatic Hammers, 2 inch stroke;
4 Sets Lead Corking Tools, for use with above hammers;
8 Diamond Point Chisels, for use with above hammers;
4 50 ft. sections plain and wire wrapped hose of necessary size for use with above tools, each length coupled complete;
3 Reamers for tamping back fill in pipe trenches;
4 50 ft. sections of plain and wire wrapped hose of necessary size for use with above tools, each length coupled complete.

The right is reserved to accept the machine best adapted to local conditions, regardless of price. Time of delivery will be given due consideration. All bids may be rejected at the pleasure of the Commission.

Address proposals to Board of Water Commissioners, Memphis Artesian Water Department, Memphis, Tennessee; mark "Bid on Air Compressor."

JAMES SHEAHAN,
Acting General Superintendent.

OFFICIAL PROPOSALS

Bids: Nov. 29.

Filtration Plant and Reservoir

San Juan, Porto Rico.

Sealed proposals for the furnishing of all labor and material for the construction of a 8,000,000 gals. filtration plant and a 10,500,000 gals. filtered water concrete reservoir for the City of San Juan will be received in the office of the Commissioner of Public Service until November 29, 1922, at 10 A.M.

All plans, specifications, instruction to bidders, blanks, forms for proposals and all other information may be obtained at the office of the City Commissioner of Public Works at San Juan, Porto Rico.

The right is reserved to reject any and all bids.

MARTIN TRAVIESO,
Commissioner of Public Service.

Thank You,
Mr. Ferguson

"We just let contracts for approximately 25 miles of road construction yesterday and I attribute to a great extent the large number of bidders we had to the Publicity we received through the *News-Record.*"

Very truly yours,
Angus Ferguson, Ch. Engr.,
Traylor County Road Department
Grafton, W. Va.

Bids: Oct. 21.

Water System

Mayfield, N. Y.

Sealed proposals for furnishing all labor and materials for the construction of water system for the Village of Mayfield, New York, will be received the 21st day of October, 1922, at the office of the Village Clerk of such village, until two o'clock P.M. of that day, at which time and place, all proposals will be opened and read.

The work includes the following approximate quantities:

17,000 lin.ft. trench excavation and backfill.
3 miles water pipe.
5 tons C. I. specials.
34 hydrants.
18 gate valves.
125 cu.yd. concrete.
1,750 ft. vitrified pipe.
Pump house superstructure.

Each proposal shall be accompanied by a certified check or New York draft, payable to the Village Treasurer, for the sum of $2,500.00, and the successful contractor for the construction of the work, will be required to give a bond with some satisfactory surety company authorized to do business in the state of New York, as surety, in the penalty of fifty per cent of the amount of the bid, both the form of the bond and surety to be satisfactory to the Board of Trustees.

Plans and specifications, approximate quantities and proposal forms upon which the bids must be submitted, may be seen at the office of the Board of Trustees. Copies of the specifications and proposal forms may be had upon application to the Engineer.

A charge of five dollars ($5.00) will be made for a set of plans and specifications which may be obtained from the Engineer. This amount to be returned upon receipt of plans in good condition.

The Board of Trustees reserves the right to reject any or all bids.

All proposals shall be addressed "Board of Trustees," Mayfield, New York, and shall be endorsed with the name and address of the bidder, and marked "Proposal for Water System."

No proposal will be allowed to be withdrawn after it has been deposited with or received by the Board of Trustees.

For all information, address the Clerk of the Board of Trustees, or the Engineer.

MORRELL VROOMAN, Engineer,
Gloversville, New York.
FRED J. WARNER, Clerk.

Intelligent Service that Brings Unusual Results.
SWART
Contract Bonds
Compensation Insurance
92 William St., New York

Why?

WHY do Government regulations specify that contracts for construction, equipment and supplies over a certain minimum amount **must** be advertised?

WHY do the laws of most States and Municipalities specify the same thing?

WHY do so many private corporations advertise **their** big contracts?

WHY do Consulting Engineers, Architects, and others recommend and endorse the advertising of Contracts To Be Let?

And—

WHY are 90% of the advertisements on which **real national competition** is desired published in ENGINEERING NEWS-RECORD?

In the answers to the foregoing questions you will find unquestionable proof that

1—**Advertised Contracts** are the accepted form of public letting to insure the awarding of contracts free of prejudice.

2—**Advertised Contracts** guarantee the greatest possible saving through maximum competition and that—

3—ENGINEERING NEWS-RECORD is universally recognized as the **one** dominant medium of **national** circulation for advertising Contracts To Be Let.

Are your contracts advertised?
Are they advertised in Engineering News-Record?
If not—WHY?

OFFICIAL PROPOSALS

Bids: Oct. 31.

Construction of Viaduct

Trenton, N. J.

On Tuesday, the 31st day of October, 1922, at 2:30 o'clock in the afternoon, at its regular place of meeting, in the Court House, Trenton, New Jersey, the Board of Chosen Freeholders of the County of Mercer will receive proposals:

For performing all work and labor and furnishing all the materials, tools and equipment necessary or incident to the construction and completion of a through plate girder viaduct containing a vertical lift span of the wire-rope type, over the Delaware and Raritan Canal and the Pennsylvania Railroad at Olden Avenue in Trenton, Mercer County, New Jersey, to be known as the "Olden Avenue Viaduct," in accordance with plans and specifications prepared by J. A. L. Waddell, and on file in his office, 35 Nassau Street, New York City, or in the office of the Mercer County Engineer at the Court House, Trenton, New Jersey, to which bidders are particularly referred for detailed information and for necessary proposal forms. Copies of plans and specifications may be obtained at either of the above named offices upon deposit of Ten Dollars ($10.00).

The length of steel viaduct is 400 feet including the lift span of 75 feet. Revision of the approaches brought about by a slight raise of grade, includes a small amount of embankment, pavement, sidewalk, and concrete railing. The total length of approaches is 400 feet.

The approximate quantities of the principal items are as follows:

600 tons of structural steel.
50 tons of reinforcing rods.
2,000 cu.yds. of excavation.
2,000 cu.yds. of all classes of concrete.
75,000 lbs. of machinery, cables, sheaves, etc.

Bidders' attention is called particularly to the fact that the specifications provide for a bonus of Twenty Dollars ($20.00) for each any every day that the work is completed in advance of the specified time of completion, and a penalty of the same amount per day for delay in completing the work. The entire work is to be completed within eleven (11) months after the execution of the contract.

Each bid must be accompanied by the written proposal of a surety company fulfilling the requirements of section 507, chapter, 185, laws of 1918, and the form of bond required will be substantially as described in chapter 75 of the laws of 1918. The amount of the bond required will be the full amount of the contract price. Each proposal must also be accompanied by cash or a certified check, in the amount of Ten Thousand Dollars ($10,000.00) payable to the order of Edgar G. Weart, County Treasurer, and deposited upon condition that as against the successful bidder the same will be retained by the county as liquidated damages should he fail to execute a valid contract and furnish an acceptable surety company bond within seven days from the awarding of the contract.

The right is reserved to reject any or all bids and to waive any immaterial defect or informality in any bid should it be deemed to the interest of the county to do so.

CHARLES H. REICHERT,
Director of Dept. of Bridges.

Bids: Oct. 23.

Cleaning Out, Repair and Extension of Drainage Ditches

Terre Haute, Ind.

Notice is hereby given that the undersigned, Construction Commissioner, by virtue of an order of the Superior Court of Vigo County, Indiana, made and entered in cause number 19951 on the docket of said Court entitled "In the matter of the Cleaning Out, Repair and Extension of Cox Ditch Number Two (2) in Nevins and Otter Creek Townships, Vigo County, Indiana, and the Swope Ditch in Otter Creek Township, Vigo County, Indiana," will, on the 23rd day of October, 1922, at the office of said Construction Commissioner, Room 19 National Block, 6th and Wabash Avenue, Terre Haute, Indiana, receive sealed bids for the construction of the work described in the report of the Drainage Commissioners in said cause. Said bids will be accepted at any time prior to three o'clock P.M. on said 23rd day of October, 1922.

Said work is situated in Nevins and Otter Creek Townships of Vigo County, Indiana, and consist of the widening and deepening of said Cox Ditch Number Two (2) and widening and deepening of said The Swope Ditch, and the extension of same to their outlet at Otter Creek in said Vigo County. Said work must be completed in strict accordance with the plans, specifications and profiles for same included in the Report of the Drainage Commissioners in said cause and now on file in the office of the Clerk of the Superior Court of Vigo County, Indiana, and also on file in the office of the Construction Commissioner, open to the inspection of prospective bidders.

The excavation required by said plans and specifications is 52,700 feet in length, containing 139,075 cubic yards of material to be excavated. Said work must be done by machines capable of traveling along and operating from the sides of the ditch, but not entering same, preferabfly a Caterpillar Drag Line. Work must be begun within ten (10) days after the sale of the bonds for raising the necessary funds for the construction of said work, and must be completed within 250 days from the date of commencement of said work.

Bidders will be required to file with their bids a bond payable to the State of Indiana with surety to be approved by said Construction Commissioner, in a sum equal to the amount of the bid, conditioned for the faithful performance and execution of the said work and the payment of labor and material used in said work and the payment of all damages occasioned by his nonfulfillment of said contract, as provided by law.

The contract for said work will be awarded to the lowest and best bidder therefor.

The Construction Commissioner reserves the right to reject any bid where the bidder is unable to show to said Construction Commissioner that he has the necessary equipment, in good mechanical condition, to perform the work in the manner required by the plans and specifications therefor; and to reject any or all bids.

FRED RUSH,
Construction Commissioner.

October 6, 1922.

U. S. GOVERNMENT

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., Oct. 6, 1922.—Sealed proposals will be opened in this office at 3 P.M., Nov. 1, 1922, for construction (including Mechanical Equipment) of a one story laundry building covering 5,130 square feet, for the United States Veterans' Hospital at the Bronx, New York, N. Y., to be completed within four months from award of contract. Drawings and specifications may be obtained at this office in the discretion of the Supervising Architect. Proposals will be considered only from individuals, firms, or corporations possessing satisfactory financial and technical ability, equipment, and organization to insure speedy completion of the contract, and who have established a record for expedition on contracts of similar character and magnitude. Before drawings and specifications are forwarded to prospective bidders, applicants must cite at least one specific instance where a record for speed has been established on a job of equivalent magnitude, giving date of award of contract, amount of contract, specified time for completion and date of actual completion. The fact that any concern obtains a set of the plans and specifications from any source whatever and submits a bid shall not constitute a waiver of the foregoing stipulations. Jas. A. Wetmore, Acting Supervising Architect.

U. S. ENGINEER OFFICE, MILWAUKEE, WIS., Sept. 30, 1922. Sealed proposals will be received here until 2 p.m., Nov. 6, 1922, and then opened, for constructing pile pier, removing old timber-crib pier, and dredging at Racine Harbor, Wis. Further information on application.

U. S. ENGINEER OFFICE, BUFFALO, N. Y.—Sealed proposals will be received here until 11 a.m., November 6, 1922, and then opened, for construction of three 400-cu.yd. steel dump scows. Further information on application.

U. S. ENGINEER OFFICE, PROVIDENCE, R. I. Sealed proposals will be received here until 12 o'clock noon, Oct. 23, 1922, and then opened, for dredging in New Haven Harbor, Conn. Further information on application.

U. S. GOVERNMENT

COMMISSIONERS, D. C., Washington, October 9, 1922. Sealed proposals for furnishing and installing the following equipment in the new Eastern High School, Washington, D. C., will be received at Room 509, District Building, until 2 P.M., Oct. 24, Oct. 30, Nov. 13 and Nov. 21, 1922. Chemistry, physics, biology and general science laboratories equipment; pupils' desks, chairs, window shades, flags, lantern screens, paper-baler, typewriters, calculators, bookkeeping and changing machines, lanterns, maps, phonographs, pianos, safe, fire extinguishers, moving picture machine, motor generator set, pressure and vacuum pump, lawn mowers, equipment and supplies for sick room, art metal room, conservatory and janitor's rooms; specifications now available. Wood working shop equipment; cabinet work, miscellaneous class rooms, office and library furniture; furniture and equipment for domestic science, art and art metal departments; lockers; specifications available October 16, 1922. Gymnasium, laundry, lunch room and kitchen, and print shop equipment; specifications available October 30, 1922. Stage, auditorium, rifle range and miscellaneous equipment; specifications available November 8, 1922. A deposit of $10.00 required to insure the return of both plans and specifications and a deposit of $5.00 for specifications only. For detailed information apply at Room 427, District Building. CUNO H. RUDOLPH, JAMES F. OYSTER, CHARLES KELLER, Commissioners, D. C.

TREASURY DEPARTMENT, Supervising Architect's Office, Washington, D. C., Sept. 29, 1922.—Sealed proposals will be opened in this office at 3 p.m., Oct. 27, 1922, for extension to workroom, mailing vestibule, etc., United States Post Office, Rochester, Minn. Drawings and specification may be obtained from the Custodian at the building, or at this office, in the discretion of the Supervising Architect. Jas. A. Wetmore, Acting Supervising Architect.

U. S. ENGINEER OFFICE, NASHVILLE, TENN.—Sealed proposals will be received here until 11 a.m., Oct. 23, 1922, and then opened, for 3 steel dump scows. Further information on application.

PROPOSAL FOR PIER REMOVAL, ETC.—U. S. Engineer Office, Room 1201, 537 South Dearborn Street, Chicago, Illinois. Sealed proposals for pier removal, dredging, etc., in Calumet Harbor, Illinois, will be received here until 10 a.m., October 24, 1922, and then opened. Further information on application.

U. S. ENGINEER OFFICE, BUFFALO, N. Y.—Sealed proposals will be received here until 11 a.m., October 30, 1922, and then opened for constructing stone-concrete superstructure on breakwater, Buffalo Harbor, N. Y. Further information on application.

U. S. ENGINEER OFFICE, PROVIDENCE, R. I. Sealed proposals will be received here until 12 o'clock, noon, Oct. 30, 1922, and then opened for maintenance dredging in Milford Harbor, Conn. Further information on application.

PROPOSALS FOR CONSTRUCTION.—Office of Constructing Quartermaster, Fitzsimons General Hospital, Fitzsimons, Colo. Sealed proposals will be received here until 10 A.M., Nov. 1, 1922, and then opened for Alterations and Additions to Professional Services Bldg., Women's Ward, Female Help Dormitory and the Construction of Bachelor Officers' Quarters, Nurses' Quarters, Heliotherapy Platforms and all necessary utilities. Plans and specifications can be obtained at this office upon deposit of $25.00.

PROPOSALS FOR CONCRETE CAISSON BREAKWATER. — U. S. Engineer Office, Room 1201, 537 South Dearborn Street, Chicago, Illinois.—Sealed proposals for constructing concrete caisson breakwater at Indiana Harbor, Indiana, will be received here until 10 a.m., November 6, 1922, and then opened. Further information on application.

Important

Original letters of recommendation or other papers of value should not be enclosed to unknown correspondents — send copies.

POSITIONS VACANT

SALES engineer to handle reinforcing steel and allied products in the state of Connecticut; must be able to estimate; man now residing in Connecticut preferred. State age, experience and salary expected. P-95, Eng. News-Record, Old Colony Bldg., Chicago, Ill.

POSITIONS VACANT

STRUCTURAL steel draftsmen, beginners and men for advanced positions wanted. Worden Allen Company, P. O. Box 1595, Milwaukee, Wisconsin.

SQUAD leaders and checkers wanted for office building; experienced men on fabricated shop drawings only. P-84, Eng. News-Record.

WANTED several good draftsmen familiar with cement plant work, also men experienced in steel and reinforced concrete design. Apply, stating experience and salary desired, Richard K. Meade & Co., 11 E. Fayette St., Baltimore, Md.

WANTED—Structural steel detailers for bridges and buildings; permanent positions. St. Louis Structural Steel Co., St. Louis, Mo.

WANTED detailers and checkers of structural steel for buildings. Apply Richmond Structural Steel Co., Richmond, Va.

WANTED—Good structural detailers and checkers accustomed to light building and transmission tower work. Address Bancroft-Jones Corporation, 11 Hubbard Street, Buffalo, N. Y.

EMPLOYMENT AGENCIES

NOTICE, state road contractors: Fifty or more Italian laborers, all with long experience on state road work. They are willing to go to work in the South for the winter time; pay their own fares. For further information write to Dominick Labor Agency, Syracuse, N. Y.

LEARN TO STAND ALONE
CONFIDENCE IS THE RESULT OF KNOWLEDGE

There is plenty of room at the top of the field for highly trained men with vision, and the ability to successfully execute important work. There have never been too many men of high calibre available.

You hope for a place at the top some day, or you should. And if you are now just an average engineer or draftsman, there is no question that you need the training the Wilson Engineering Courses are giving to progressive men everywhere—real practical work that will enable you to master any problem in structural engineering.

Analyze yourself honestly. Are you getting ahead as rapidly as you hoped? What about your salary? Can you afford to stop studying and be satisfied with the comparatively little experience offered by your present work?

Why do you suppose graduate engineers—some having many years experience—make up almost 95 per cent of the Wilson students? And why do the Wilson students represent over 150 of the best technical schools in the world? There must be a reason, don't you think so?

Wilson Courses (By Mail) have been called by an enthusiast "An oasis in a desert of haphazard information." A system of intensive training in

Structural Steel Designing.
Reinforced Concrete Engineering.
Structural Drafting.
Bridges: Steel and Concrete.

Preparation for enrollment technical education; high school mathematics or their equivalent.

Tenn., Nashville — Rein.-con. viaduct on Meridian St., from Foster-Creighton Co., Fourth and First Natl. Bank Bldg., $206,244; east and west approaches to Church St. viaduct, from Gould Contg. Co., Independent Life Bldg., $186,193. Noted Aug. 3.

Mich., Lansing—J. A. Parsons, city clk., opened bids 565 ft. rein.-con. bridge incl. 7 concrete girders and 3 concrete arches, from Koss Constr. Co., 2818 5th Ave., Des Moines, Ia., $139,000, J. R. Rusche, Grand Rapids, $159,800, Baer Constr. Co., Gildner Hotel, Grand Haven, $161,000. Noted Sept. 28.

Ia., Centerville—Appanoose Co. opened bids for one 110 ft. and one 120 ft. high truss steel span bridge, 30 rein.-con. box culverts, from Alexander & Higbie, 2733 6th Ave., Des Moines, all work, $48,918; F. E. Marsh & Co., Jefferson, trusses only, $31,900; Iowa Bridge Co., 1263 East 19th St., Des Moines, $49,800. Engrs. est. $50,000.

Ia., Washington—Supervs. Washington Co., opened bids 322 ft. structural steel deck truss bridge, one 100 ft. and two 70 ft. main spans, two 40 ft. approach spans, over English River near Kalona, from Iowa Bridge Co., 1263 East 19th St., Des Moines, $29,999; F. E. Marsh & Co., Jefferson, $32,329; Ritzinger Constr. Co., Sigourney, $32,800. Engrs. est. $30,000.

Bridges (Continued)

CONTRACTS AWARDED

Mass., Cambridge—City, 68 ft. rein.-con. bridge, 58 ft. wide, over Broad Canal, to W. L. Miller Co., 171 Alford St., Charlestown, $37,222.

N. Y., White Plains — Westchester Co., Court House, rein.-con. arch bridge over Croton River at site of present Van Cortlandt Bridge, on Albany Post Rd. between towns of Cortlandt and Ossining, to O. B. S. Co., 5623 Kingsessing Ave., Phila., $159,462. Noted Sept. 21.

Fla., Ft. Lauderdale — Comrs. Broward Co., steel swing drawbridge, Warren girder, short arm draw, 550 ft. clear channel width, near Dania, 1,200 cu.yd. earth approach and fill, 400 lin.ft. creosoted timber retaining wall, to Champion Bridge Co., Wilmington, O., $17,981. Noted Aug. 17.

Alabama—State Hy. Dept., Montgomery concrete bridges, girder type, on Huntsville-Guntersville Rd., Madison Co., to Stanley & Singer Constr. Co., Lafayette, $54,618. Noted Oct. 5.

O., Toledo—W. T. Jackson, dir. Pub. Serv., bridge over Swan Creek in line of Hawley St., to A. Bentley & Sons Co., 201 Belmont Ave., $59,720. Noted Sept. 7.

Ia., Cherokee—Supervs. Cherokee Co., to G. Gardner, Sheldon, 4 box culverts $1,416; Deloit Bridge Co., Denison, one I-beam span and one high truss bridge, consisting of three 100 ft. spans, $40,000

Idaho, Lucile—State Hy. Dept., 202 Pioneer Bldg., Lewiston, steel truss bridge, three 60 ft. spans, here, to Beacon Constr. Co., Ogden, Utah, (street address not available) $24,909.

Idaho, Spaulding—Director Bureau Highways, Boise, 500 ft. bridge, two 50 ft. and two 200 ft. spans, on Federal Aid Project 57, here, 492,000 lb. steel, 21,000 lb. reinforcing steel, 580 cu.yd. concrete, etc., to Security Bridge Co., 502 North 32nd St., Billings, Mont., $69,800.

Calif., Stockton—Constructing bridge on Center St. over Mormon Channel, (complete, allowing railroad companies to keep traffic in continuous operation), to Davis-Heller-Pearce, Delta Bldg., $45,500. Noted Oct. 12.

Dams

PROPOSED WORK

Wis., St. Croix Falls—St. Croix Falls Impvt. Co. making plans 2 rein.-con. and steel dams, with gate hoists, across St. Croix River. $25,000. Private plans.

Railways

PROPOSED WORK

Florida—Florida East Coast Ry., St. Augustine, plans 120 mi. road through everglades from Miami to Okeechobee. H. N. Rodenbaugh, St. Augustine, ch. engr.

Tennessee—See "Industrial Works" under Memphis.

Wisconsin — Madison Street Ry. Co., 1301 Williamson St., Madison, plans extending street car track on Monroe and East Johnson Sts. $25,000. D. Montgomery, mgr.

Washington — See "Industrial Works" under Yakima.

California—Atchison, Topeka & Santa Fe R.R. Co., Railway Exch. Bldg., Chicago, plans 13 mi. standard gauge line from El Segundo on Rodondo Branch, to Los Angeles Harbor also 6 mi. spur track to serve Los Angeles and harbor district. C. F. W. Felt, ch. engr.

BIDS DESIRED

New York—Oct. 26, by Transit Comn., 49 Lafayette St., constructing Sect. 3 of Route 52, part of Rapid Transit R.R., Flushing Route, in Boro of Queens. G. McAneny, chn.

Excavation, Drainage, Irrigation

PROPOSED WORK

Ind., Warsaw — Kosciusko Co. plans dredging Tippecanoe River from Warsaw to county line, about 27 mi., 1,394,000 cu.yd. earth excav. $350,000. S. S. Boggs, Warsaw, engr.

WATER MAINS—CLEVELAND, OHIO

Following are lowest bids opened Sept. 29, by Dept. Pub. Utilities, Div. of Water, for furnishing and laying Wade Park Ave. raw water mains, Baldwin-Fairmount Project, Contr. No. 16, (A) P. F. Connolly Co., 313 Commonwealth Bldg., (awarded contract), (B) Martin, McDace, 1452 West 98th St.; (C) **T. A. Gillespie**, 7 Dey St., New York.

	A	B	C
26,800 cu.yd. excavation and backfilling	$3.49	$3.60	$3.75
5 M.Ft.B.M. lumber and wooden sheeting left in place	50.00	50.00	30.00
10,400 lin.ft. furnishing and laying 60-in. cast iron, bell and spigot pipe line.	36.49	36.00	
Alternate for item 3—furnishing and laying 63-in. riveted steel pipe line.	24.10	20.00	
Alternate for item 3—furnishing and laying 60-in. lock bar or similar steel pipe line	23.09		24.00
2,180 lin.ft. furnishing and laying 48-in. cast iron, bell and spigot pipe line	26.24	28.25	29.75
Setting three 48-in. gate valves, furnished by the City	100.00	250.00	75.00
Setting two 36-in. gate valves, furnished by the City	100.00	200.00	50.00
Setting 6-in. automatic air valves, furnished by the City	100.00	100.00	25.00
40 cu.yd. brick masonry	30.00	25.00	45.00
*20 cu.yd. concrete masonry	20.00	25.00	15.00
1,000 lb. steel reinforcement and miscellaneous wrought iron	.10	.07	.04
680 lin.ft. furnishing and laying 15-in. D.S. vitrified pipe drains	4.00	6.00	4.00
200 lin.ft. furnishing and laying 12-in. vitrified pipe drains	3.00	5.00	3.00
300 lin.ft. furnishing and laying 6-in. vitrified pipe drains	1.50	3.00	2.50
5 furnishing and setting 3-in. brass drains, and setting 3-in. valves and valve boxes, furnished by the City, complete	60.00	50.00	20.00
3 furnishing and setting 2-in. brass drains; and setting 2-in. valves and valve boxes, furnished by the City, complete	50.00	50.00	20.00
75 lin.ft. furnishing and laying 3-in. galvanized iron pipe	2.00	1.50	2.00

OFFICIAL PROPOSALS

Bids: Oct. 24.

Road Work

Trenton, N. J.

Notice is hereby given that sealed bids will be received by the State Highway Commission of New Jersey for the construction of the followin:

Route No. 4, Section No. 7-A, New Gretna Alternate, Burlington County; estimated amount of gravel surface eight (8) inches thick is 13,618 square yards.

Bids will be received at the office of the State Highway Commission at the Broad Street Bank Building, Trenton, New Jersey, on Tuesday, October 24, 1922, at 11:00 A.M. and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond for the proposed work are on file in the office of the State Highway Department, Trenton, New Jersey, and may be inspected by prospective bidders. Plans will be furnished on deposit of Ten Dollars ($10.00) upon application to the State Highway Department, 9th floor, Broad Street Bank Building, Trenton, New Jersey. Bids must be made on the standard proposal forms in the manner designated therein and as required by the 1922 specifications, same to be enclosed in sealed special addressed envelopes bearing the name and address of bidder and the name and section of the Route on the outside, and must be accompanied by a certified check drawn to the order of the Treasurer of the State of New Jersey for not less than ten per cent (10%) of the amount of the bid, provided that said certified check shall not be less than $500.00 or more than $20,000.00 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelopes will be furnished on application. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a surety company duly authorized to do business in this State, stating that such surety company will provide said bidder with a bond in such sum as is required in and in accordance with the provisions of said specifications, conditioned for the faithful performance of the provisions of the contract and specifications. Each bidder must also accompany his bid with a Statement of Equipment properly filled out.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Nov. 2.

Sewer Tunnel

Tulsa, Okla.

Sealed proposals will be received by the Board of Commissioners of the City of Tulsa, Oklahoma, until five o'clock P.M., November 2nd, 1922, for the construction of a Storm Sewer 5,700 feet long, 5,100 feet of which will be in tunnel cut. Approximate size 14½ x 15½ feet. Bond issue $900,000. Estimates payable in cash. Certified bidding check five per cent.

Plans and profiles, etc., may be secured from City Engineer, upon deposit of $25, which will be refunded to all parties submitting a bona fide bid.

CHARLES SCHULTZ,
City Engineer.

W. W. HORNER,
Consulting Engineer,
St. Louis, Mo.

OFFICIAL PROPOSALS

Bids: Oct. 24.

Highway Work

Albany, N. Y.

Y., and also at the office of the division engineers in whose division the roads are to be improved or reconstructed. The addresses of the division engineers and the counties in which they are in charge will be furnished upon request.

The especial attention of bidders is called to "Geueral Information for Bidders" in the itemized proposal, specifications and contract agreement.

HERBERT S. SISSON,
Commissioner,
State Commission of Highways.
J. C. FINCH, Secretary.

Bids: Oct. 24.

Sewage Disposal Plant

Albuquerque, N. M.

Sealed proposals will be received at the office of the City Clerk of the City of Albuquerque, New Mexico, until 2:00 o'clock p.m. on Tuesday, the 24th day of October, 1922, for constructing a certain sewage disposal plant for the City of Albuquerque, New Mexico. Each bidder will be required to deposit with the City Clerk to the credit of the City of Albuquerque without endorsement a certified check of deposit in the sum of ten per cent of the total amount bid, as a guaranty that the bidder will enter into contract and execute all bonds and guaranty in the forms provided within ten days after the notice of award of contract to him.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. Instructions to bidders, proposal and contract forms, plans and specifications are on file at the office of the City Engineer, City Hall, Albuquerque, New Mexico. Copies of plans and specifications may be secured from the city engineer on or after October 5th, 1922, upon deposit of $50.00, to be returned to contractor upon submission of a bona fide bid on the work with plans and specifications, or upon returning plans and specifications intact prior to the date of receiving bids. Otherwise the deposit will be forfeited to the City of Albuquerque.

The City of Albuquerque reserves the right to reject any or all bids.

B. H. CALKINS, City Manager.
FRANK KIMBALL, City Engineer.
IDA V. MALONE, City Clerk.

Plans may be seen in the Raleigh office or in the offices of the District Engineers.

Bridge plans may be obtained from the State Highway Commission at Raleigh N. C., upon payment of five ($5.00) dollars per set.

The right is reserved to reject any or all bids.

By order of the North Carolina State Highway Commission.

Bids: Oct. 24.

Concrete Water Reservoir

Albuquerque, N. M.

Sealed proposals will be received at the office of the City Clerk of the City of Albuquerque, New Mexico, until 2:00 o'clock p.m. on Tuesday, the 24th day of October, 1922, for constructing a certain reinforced concrete water reservoir for the City of Albuquerque, New Mexico. Each bidder will be required to deposit with the City Clerk to the credit of the City of Albuquerque without endorsement a certified check of deposit in the sum of ten per cent of the total amount bid, as a guaranty that the bidder will enter into contract and execute all bonds and guaranty in the forms provided within ten days after the notice of the award of the contract to him.

Instructions to bidders, proposal and contract forms, plans and specifications are on file at the office of the City Engineer, City Hall, Albuquerque, New Mexico. Copies of plans and specifications may be secured from the City Engineer on and after October 5th, 1922, upon deposit of $15.00, to be returned to the contractor upon submission of a bona fide bid on the work with plans and specifications, or upon returning plans and specifications intact prior to the date of receiving bids. Otherwise the deposit will be forfeited to the City of Albuquerque.

The City of Albuquerque reserves the right to reject any or all bids.

B. H. CALKINS, City Manager.
FRANK KIMBALL, City Engineer.
IDA V. MALONE, City Clerk.

Bids: Oct. 31.

Hospital Construction

New York, N. Y.

Sealed proposals for Construction, Heating, Sanitary and Electric Work, for Central Heating and Lighting Plant, Kitchen and Dining Room Building and Buildings for Chronic Patients (North and South), and Construction of Tunnels at the Creedmoor Division, Brooklyn State Hospital, Creedmoor, Borough of Queens, Long Island, N. Y., will be received by the State Hospital Commission, Room 1046, 25 Broadway, New York City, N. Y., until 12 o'clock noon (Standard Time), on Tuesday, October 31st, 1922, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent (5%) of the amount of proposal. The contractors to whom the awards are made will be required to furnish surety company bond in the sum of fifty per cent (50%) of the amount of contracts within thirty (30) days after official notice of award of contracts and in accordance with the terms of Specifications Nos. 3979, 3980, 3981, 3982, 3983, 3984, 3985, 3986, 3987, 3988, 3989, 3990 and 3995. The right is reserved to reject any or all bids. Drawings and specifications may be examined at the Brooklyn State Hospital, Brooklyn, N. Y., at the New York Office of the Department of Architecture, Room 1058, 25 Broadway, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings, specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon the deposit of a certified check in the sum of $25.00 made payable to the State of New York for each set of plans and specifications, which check will be returned if plans and specifications are returned in good condition to the State Architect, L. F. Pilcher, Capitol, Albany N. Y.

L. M. FARRINGTON,
Secretary, State Hospital Commission.
Dated: September 21, 1922.

Bids: Oct. 24.

Bridge Repairs

Trenton, N. J.

Notice is hereby given that sealed bids will be received by the State Highway Commission of New Jersey for the following:—

For repairs to bridge over Barnegat Bay from Seaside Heights to Island Heights, in the Municipality of Dover, County of Ocean.

Bids for the above will be received at the office of the State Highway Commission, Broad St. Bank Building, Trenton, N. J., on October 24th, 1922, at 11:00 A.M.. and opened and read immediately thereafter.

Drawings, specifications and form of bid, contract and bond form for the proposed work are on file in the office of Mr. John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J., and may be inspected by prospective bidders. Plans will be furnished on deposit of ten ($10.00) dollars, for doing this work upon application to Mr. John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids must be made on the standard proposal form in the manner designated therein and as required by the specifications for this work; same to be enclosed in sealed special addressed envelopes, bearing the name and address of bidder and the work bid upon on the outside, and must be accompanied by a certified check drawn to the order of the State Treasurer for not less than ten (10%) per cent of the amount of the bid, provided the said certified check shall not be less than $500.00 nor more than $20,000 and be delivered at the above place on or before the hour named. Copies of the standard proposal form and special addressed envelope will be furnished on application to Mr. John L. Vogel, Bridge Engineer, 772 Broad St., Newark, N. J. Bids not enclosed in special envelopes will be considered informal and will not be opened.

Each bidder must accompany his bid with a certificate from a Surety Company duly authorized to do business in this State, stating that such Surety Company will provide said bidder with a bond in such sum as is required in and in accordance with the specifications, conditioned for the faithful performance of the provisions of the contract and specifications.

By order of the State Highway Commission.

A. LEE GROVER,
Chief Clerk.

Bids: Nov. 1.

Construction of Power House

Albany, N. Y.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Wednesday, November 1st, 1922, at which place and hour they will be publicly opened and read, for the development of canal water power pursuant to the provisions of Chapter 532 of the Laws of 1922, as follows:

CONTRACT B-3—VISCHER FERRY POWER HOUSE

For constructing a power house and work incidental thereto, at Vischer Ferry dam, County of Saratoga.

Sheets 1-15, inclusive.

Plans may be seen and detailed specifications, engineer's estimate of quantities, proposal blanks, forms of contract and bonds required, and other information for proposers, may be had at the office of the Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works for the Eastern Division, Wedgeway Building,, Schenectady, N. Y.; at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y.; at the office of the Assistant Superintendent of Public Works for the Western Division, at Rochester, N. Y.; at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c.) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bond, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time, in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposit of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the state for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provide suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner, if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.
October 7th, 1922.

Bids: Oct. 31.

Barge Canal Terminals

Albany, N. Y.

Sealed proposals will be received by the undersigned at his office in the Capitol at Albany, N. Y., until twelve o'clock noon of Tuesday, October 31st, 1922, at which place and hour they will be publicly opened and read, for the construction of Barge canal terminals pursuant to the provisions of Chapter 746 of the Laws of 1911, and amendatory laws, and Chapter 402 of the Laws of 1920, as follows:

TERMINAL CONTRACT NO. 91.

For paving a portion of the terminal site at Hallets Cove, New York City.

Contract plans, sheets 1 to 3 inclusive.

Plans may be seen and detailed specifications, engineers' estimates of quantities, proposal blanks, form of contract and bonds required and other information for proposers may be had at the office of the Superintendent of Public Works at Albany, N. Y., at the office of the Assistant Superintendent of Public Works for the Middle Division at Syracuse, N. Y., at the office of the Assistant Superintendent of Public Works for the Western Division at Rochester, N. Y., at the offices of the Superintendent of Public Works, Erie Basin Terminal, Buffalo, N. Y., and Terminal Warehouse, Pier 6, East River, New York City.

Blueprint copies of plans will be furnished by the State Engineer and Surveyor upon the receipt at his office in the Telephone Building, Albany, N. Y., of payment at the rate of fifteen cents (15c.) per sheet. Refund will not be made for any blueprints which may be returned.

Monthly estimates will be paid of ninety per centum (90 per cent) of the work done at the contract price. Every proposal for said work must be accompanied by a money deposit in the form of a draft or certified check upon some good banking institution in the city of Albany or New York, issued by a national or state bank or trust company in good credit within the state and payable at sight to the Superintendent of Public Works for five per centum (5 per cent) of the amount of the proposal.

The person whose proposal shall be accepted will be required to execute a contract and furnish bonds within ten days from the date of notice of award delivered to him or them in person or mailed to the address given in the proposal.

Upon execution of the contract and approval of bonds, the certified check or draft will be returned to the proposer unless the same shall have been presented for collection prior to such time in which case the amount of the deposit will be refunded by the Superintendent of Public Works.

The deposits of bidders other than the one to whom the award of contract shall be made will be returned immediately after the award has been made.

The bond required for the faithful performance of the contract shall be in such sum as shall be fixed by the Superintendent of Public Works, which sum shall not be less than twenty per centum (20 per cent) of the estimated cost of the work, according to the contract price, and an additional bond known as the labor bond, in the sum of ten per centum (10 per cent) of the amount of the estimated cost of the work according to the contract price, will be required as security that the contractor will pay in full at least once in each month all laborers employed by him upon the work specified to be done in the contract.

In the event that more than one surety company is offered as surety on said bonds co-insurance only will be accepted.

Each proposal must be addressed to the Superintendent of Public Works, Albany, N. Y., and must be endorsed on the envelope with the name of the construction for which the proposal is made.

Award, if made, will be made to the person or persons whose proposal shall be lowest in cost to the state for doing the work, and which shall comply with all provisions required to render it formal. Before any award shall be made the lowest bidder will be required to satisfy the Superintendent of Public Works of his ability to provide suitable equipment and materials for the proper performance of the work.

The right is reserved to reject all proposals and readvertise and award the contract in the regular manner if, in the judgment of the undersigned, the interests of the state will be enhanced thereby.

CHARLES L. CADLE,
Superintendent of Public Works.

September 28, 1922.

OFFICIAL PROPOSALS

Bids: Nov. 1.

Hospital

Irvington, N. J.

Sealed **proposals for furnishing all the** necessary labor and materials for the erection and completion of the new Irvington Hospital, will be received by the Board of Commissioners of the Town of Irvington, N. J., and will be publicly opened and read at a meeting of the said Board of Commissioners to be held in the Town Hall, Irvington, N. J., at 8 p.m., Wednesday, November 1st, 1922 (standard time).

The building will be located on the southeast corner of Chancellor Avenue and Park Place, Irvington, N. J.

Proposals will be received **for the following**:

Item No. 1. Mason work; carpenter work; iron and steel work; sheet metal and roofing work; glazing; painting; elevator and dumb waiter.

Item No. 2. Plumbing and gas fitting.

Item No. 3. Heating and ventilating.

Item No. 4. Electrical work.

Contractors may bid on any or all items, but separate bids must be submitted for each item.

Each proposal must be accompanied by a certified check for 5 per cent of the amount of such bid, payable to the order of the Board of Commissioners of the Town of Irvington, N. J., or a bid bond in the amount of 5 per cent of such estimate, issued by a surety company approved by the said board, and authorized to conduct business in the state of New Jersey. The successful bidder will be required to furnish the said board within ten days of the award of the contract by the said Board of Commissioners, a bond executed by an approved surety company in the sum of one hundred per centum (100%) **of the amount** of said contract, conditioned **on the faithful** performance of the **contract.**

Should the bidder refuse **or neglect** to sign the said contract and **furnish** the said bond within ten days after notification from the Board of **Commissioners** that the contract has been awarded to **him**, he shall agree to forfeit the certified **check** accompanying the bid, or the amount **of** the bid bond, and said amount shall **become** the property of the Board of **Commissioners.**

Plans and specifications of **items** No. 1 and No. 2 may be seen at the office of Jos. B. Allen, Architect, 1091 Sanford Ave., Irvington, N. J., and of items No. 3 and No. 4 at the office of Runyon and Carey, Engineers, 843 Broad Street, Newark, N. J., between the hours of 9.30 a.m. and 4.30 p.m. and copies may be obtained from them by depositing the sum of twenty-five dollars ($25), which will be returned after bids are received and on return of the plans and specifications.

Any contractor obtaining plans and specifications and not submitting a bid must forfeit his deposit.

The Board of Commissioners reserves the right to waive informalities and to **accept** or reject any or all bids.

All proposals must comply in all **respects** with the instructions and general **conditions** forming a part of the **specifications.**

Each contractor shall state in his proposal the time he will require for completing the work and shall guarantee completion in such time.

Each proposal must be enclosed **in a** sealed envelope properly endorsed with **the** name of the bidder and marked "Proposal for erection of Irvington Hospital," **and** must state the kind of work for which the proposal is submitted.

HENRY P. BEDFORD,
Director Parks **and Public Property.**
W. H. JAMOUNEAU,
Town Clerk,
Irvington, N. J.
October, 1922.

Bids: Dec. 1.

Cast Iron Pipe and Castings

San Juan, Porto Rico.

Sealed proposals for the furnishing of about 20,020 tons of cast iron pipe and of 250 tons of special castings, or its equivalent in steel pipe and specials, delivered at San Juan, Porto Rico, for the City of San Juan, will be received in the office of the Commissioner of Public Service until December 1, 1922, at 10 a.m.

All plans, specifications, instruction to bidders, blanks, forms for proposals and all other information may be obtained at the office of the City Commissioner of Public Works at San Juan, Porto Rico.

The right is reserved to reject any and all bids.

MARTIN TRAVIESO,
Commissioner of Public Service.

OFFICIAL PROPOSALS

Bids: **Oct. 31.**

Construction of Viaduct

Trenton, N. J.

On Tuesday, the 31st day of October, 1922, at 2:30 o'clock in the afternoon, at its regular place of meeting, in the Court House, Trenton, New Jersey, the Board of Chosen Freeholders of the County of Mercer will receive proposals:

For performing all work and labor and furnishing all the materials, tools and equipment necessary or incident to the construction and completion of a through plate girder viaduct containing a vertical lift span of the wire-rope type, over the Delaware and Raritan Canal and the Pennsylvania Railroad at Olden Avenue in Trenton, Mercer County, New Jersey, to be known as the "Olden Avenue Viaduct," in accordance with plans and specifications prepared by J. A. L. Waddell, and on file in his office, 35 Nassau Street, New York City, or in the office of the Mercer County Engineer at the Court House, Trenton, New Jersey, to which bidders are particularly referred for detailed information and for necessary proposal forms. Copies of plans and specifications may be obtained at either of the above named offices upon deposit of Ten Dollars ($10.00).

The length of steel viaduct is 400 feet including the lift span of 75 feet. Revision of the approaches brought about by a slight raise of grade, includes a small amount of embankment, pavement, sidewalk, and concrete railing. The total length of approaches is 400 feet.

The approximate quantities **of the principal** items are as follows:

600 tons of structural steel.
50 tons of reinforcing rods.
2,000 cu.yds. of excavation.
2,000 cu.yds. of all classes **of concrete.**
75,000 lbs. of machinery, cables, **sheaves,** etc.

Bidders' attention is called particularly to the fact that the specifications **provide for a** bonus of Twenty Dollars ($20.00) **for each** any every day that the work is completed in advance of the specified time **of** completion, and a penalty of the same amount per day for delay in completing the work. The entire work is to be completed within eleven (11) months after the execution of the contract.

Each bid must be accompanied by the written proposal of a surety company fulfilling the requirements of section 507, chapter, 185, laws of 1918, and the form of bond required will be substantially as described in chapter 75 of the laws of 1918. The amount of the bond required will be the full amount of the contract price. Each proposal must also be accompanied by **cash** or a certified check, in the amount of Ten Thousand Dollars ($10,000.00) payable to the order of Edgar G. Weart, County Treasurer, and deposited upon condition that as against the successful bidder the same will be retained by the county as liquidated damages should he fail to execute a valid contract and furnish an acceptable surety company bond within seven days from the awarding of the contract.

The right is reserved to reject any or all bids and to waive any immaterial defect or informality in any bid should it be deemed to the interest of the county to do so.

CHARLES H. REICHERT,
Director of Dept. of Bridges.

Bids: Nov. 7.

Sewage Disposal

Miami, Fla.

Sealed **proposals will be received by the** Commission of the City of Miami, Florida, at their **regular meeting, November the 7th,** 1922, until 9 a.m., for furnishing:

1 Motor driven sewage screen, including motors and necessary equiqment; capacity 2100 gallons per minute.

2 Motor driven centrifugal pumps, including motors and necessary equipment; capacity 2100 gallons per minute, **against** total head **of 30 feet.**

2400 feet 16 inch Class B Cast Iron Pipe.

Each proposal must be accompanied by a certified check for 2½ per cent of the amount of the bid, or by bidders bond, to insure the execution of the contract as provided by Section 56 of the City Charter.

The Commission of the City of Miami reserves the right to reject any or all bids.

Detailed specifications and bidders blank form can be obtained from Chas. W. Murray, Director of Public Service, upon deposit of $10.00, this deposit to be returned to those submitting a bona fide bid.

F. H. WHARTON,
City Manager.

OFFICIAL PROPOSALS

Bids: Oct. 31.

Bids: Nov. 17.

Road Work

Tampa, Fla.

Sealed proposals will be received by the Board of County Commissioners of Hillsborough County, Florida, until 11.00 a.m., on November 17th, 1922, for the construction of approximately one hundred and sixty (160) miles of nine (9) and fifteen (15) foot roads, to be paved with either brick, asphalt, block, sheet asphalt, asphaltic concrete, cement concrete, or bituminous macadam, as set forth in the specifications.

Specifications may be obtained on application from the Clerk of the Circuit Court of Hillsborough County, at Tampa, Florida. A deposit of $5.00 will be required for specifications.

A certified check or bidder's bond executed by a reputable bonding company authorized to do business in the State of Florida, in the sum of Five (5%) per cent of bid must be attached up to a bid of Five Hundred Thousand ($500,000.00) Dollars. Any contractor bidding on more than amount of work up to and including the total project may make a check or bidder's bond for only Twenty-Five Thousand ($25,000.00) Dollars, payable to Charles T. Friend, Chairman of the Board of County Commissioners. A bond must be submitted with each proposal.

Bidders may submit proposals on each road separately or on the combined project as a whole, it being understood, however, that the Board reserves the right to award this work as they deem best, either separately or as a whole.

The right is reserved to select the type of curbing and paving for each road and to reject any or all bids.

Bids will also be received for road building materials; such materials to conform to the requirements as set forth in the construction specifications. A certified check or bidder's bond must accompany each proposal for materials, payable to Charles T. Friend, Chairman of the Board of County Commissioners, for the sum of One Thousand ($1,000.00) Dollars. The right is reserved to reject any and all bids. Address all bids to C. T. Friend, Chairman Board of County Commissioners, Tampa, Florida.

CHARLES T. FRIEND,
Chairman Board of County Commissioners.
Date, October 13th, 1922.

Bids: Nov 7

Bridge

Vicksburg, Miss.

Sealed alternate bids will be received by the Board of Supervisors of Warren County, Miss., at the office of the Chancery Clerk until 12 o'clock noon, Tuesday, November 7th, 1922, and at that time publicly opened for a bridge over Big Black River on the South Scenic Highway 4 miles south of Yokena, Miss., on the Mississippi River Scenic Highway between Vicksburg and Port Gibson.

The principal items of work are as follows, approximately:

628.26	Cu.Yds. Class "A" Concrete.
9,640	Lbs. Steel Reinforcing.
158,000	Lbs. Structural Steel.
301.3	Sq.Yds. Asphalt Paving.
347	Lin.Ft. Gas Pipe Railing.
206,800	Ft. B.M. Creosoted Lumber.
10,600	Ft. B.M. Untreated Lumber.
13,000	Lin.Ft. Creosoted Piling.
2,000	Lin.Ft. Untreated Piling.
257	Cu.Yds. Gravel Ballast.

and for all materials in connection with said work.

Plans and specifications are on file in the office of the Chancery Clerk, Vicksburg, Miss., and at the office of the Warren County Highway Engineer. On the receipt of check for $5.00, Contractors will be furnished with a set of plans and Bidder's Blank.

Any additional information may be secured from H. R. Rhodes, County Highway Engineer, Vicksburg, Miss. The right to reject any or all bids is reserved.

Cash or certified check for $3,000.00 made payable to the Board of Supervisors of Warren County, must accompany each bid as evidence of good faith and as a guarantee that if awarded the contract, the bidder will execute the contract and give bond as required.

By order of the Board of Supervisors.

J. G. SHERARD,
Chancery Clerk.

Bids: Nov. 2.

Grading

Newton, N. J.

Notice is hereby given that sealed bids will be received by The County of Sussex for the grading of Lakeside Boulevard in the Boro of Hopatcong in the County of Sussex. Estimated amount of excavation 16,453 cu.yds. and opened and read in public at the Freeholders Office, Newton, N. J. on November 2, 1922, at 11:30 A. M.

Drawings, specifications and forms of bid, contract and bond for the proposed work, prepared by Harvey Snook, County Engineer, and approved by the Board of Chosen Freeholders of the County of Sussex have been filed in the office of said Engineer at Newton, N. J. and may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the specifications and blue prints of the drawings by the Engineer on proper notice and payment of cost of preparation. Bids must be made on the standard proposal forms in the manner designated therein and required by the Specifications, must be enclosed in sealed envelopes, bearing the name and address of the bidder and name of the road on the outside addressed to The County of Sussex, Newton, N. J. and must be accompanied by a bonding Company's Certificate and a certified check for not less than 10% of the amount bid and be delivered at the place and on the hour above named. The standard proposal form is attached to the specifications, copies of which will be furnished on application to the Engineer.

By order of The County of Sussex.

WILLIAM S. VOUGHT,
Clerk

OFFICIAL PROPOSALS

Bids: Nov 4.

Drainage Work

Bolton, N. C.

Notice is hereby given that sealed proposals for repair and improvement of the main ditch of Columbus County Drainage District No. 2, will be received until twelve o'clock noon, Eastern Standard time, November 4, 1922, at the office of the Board of Drainage Commissioners, Bolton, N. C.

The work to be performed consists of removing earth from the main ditch for a distance of approximately three miles, between laterals D and G, by means of a drag line. Earth to be deposited on one side.

The yardage of earth to be removed is approximately 168,000 cubic yards. The date of completion to be five months from date of awarding contract.

A certified check in the amount of $2,000,00 payable to the Board of Drainage Commissioners of Columbus County Drainage District No. 2, must accompany each proposal. Checks of unsuccessful bidders will be returned within ten days of awarding of the contract.

The said board reserves the right to reject any or all bids. Plans and specifications are on file at the office of the Board, Bolton, N. C. or same will be mailed upon application when same is accompanied by a deposit of $10.00, which will be refunded if plans are returned in good condition.

By order of the Board of Drainage Commissioners, Columbus County Drainage District No. 2.

G. T. MEYER, Secretary.

Bids: Oct. 26.

Street Paving

Augusta, Ga.

Sealed proposals will be received by the Streets and Drains Committee of The City Council of Augusta, Georgia, until 12 o'clock (noon), at the City Hall, Thursday, October 26, 1922, and at that time and place publicly opened, for paving Greene Street, from East Boundary to Fifteenth Street. Approximate quantities as follows:

89,000.00	square yards of pavement.
11,500.00	lineal feet re-set curb.
1,500.00	lineal feet new granite curb.
900.00	lineal feet marginal curb.
31,000.00	cubic yards excavation.
42,000.00	lineal feet 30" x 6" gutter.

Proposal form, plans and specifications may be obtained from the undersigned by depositing the sum of $10.00, which will be refunded upon the return of the plans and specifications.

As a guarantee that the bidder will execute the contract if awarded, all bids must be accompanied with a certified check in favor of The City Council of Augusta, in five per cent (5%) of the total amount bid.

Address all bids to J. W. Westmoreland, Clerk of Council, marking on envelope "Proposal for paving Greene Street, from East Boundary to Fifteenth Street, Augusta, Ga."

The City reserves the right to reject any and all bids.

W. H. WISE,
City Engineer and Commissioner of Public Works.

OFFICIAL PROPOSALS

Bids: Nov. 14.

Yellow River Bridge

Milton, Fla.

Sealed proposals for constructing the Yellow River Bridge on the Milton-Camp Walton Road about eight miles southeast of Milton and located within the Florida National Forest, State of Florida, County of Santa Rosa, will be received by the Board of County Commissioners of Santa Rosa County at the County Court House, Milton, Florida, until twelve (12) o'clock M., on the 14th day of November, 1922 at which time and place they will be publicly opened and read. The right is reserved to reject any and all bids, and none will be considered except those from contractors ascertained to be experienced and responsible.

The length of the project to be constructed is approximately 0.873 miles, and the principal items of work are approximately as follows: Clearing 6 acres, the construction of about 4,450 feet of untreated timber trestle of 10-ft. roadway with four turnouts, and the installation of two old 80 ft. steel spans over the channel. The steel spans shall be shipped from the site where they are now in use over the Yellow River on the County Road between Milton and Holley about nine and one-half miles upstream from the proposed bridge site. The right to cut timber for use in the construction of this bridge from National Forest land will be granted to the contractor, as stated under the section of the Specifications entitled "Government Stumpage."

Alternate bids will be received upon piles of creosoted pine timber in lieu of red cypress of juniper herein specified.

The work embraced in this contract shall be completed with in 200 weather working days (page 11), following the execution of the contract by the Board of County Commissioners.

The contract form and the maps, plans specifications and estimates of quantities may be examined by responsible contractors at the following addresses:

(Extra copies of plans, etc., are available upon deposit of $10.00 at the first named office only).

Office of Clerk of Board of County Commissioners, Milton, Fla.

U. S. Bureau of Public Roads, Room 917, Bell Bldg., Montgomery, Ala.

All proposals must be made on forms and in accordance with instructions forming a part of the specifications above referred to, and must be accompanied by a proposal guarantee in an amount at least equal to five (5) per cent of the total amount of the proposal.

C. H. OVERMAN,
County Engineer
Santa Rosa County, Florida.

Bids: Oct 30.

Southwest Trunk Sewer

Owosso, Mich

Sealed proposals will be received by the Clerk of the City of Owosso, Michigan, up to 7:30 o'clock p.m. Central Standard Time of the 30th day of October, 1922, for the construction of approximately 4707 lineal feet of combination main drain and main house sewer with manholes, inlets and other appurtenances.

The plans and specifications under which the work is to be done may be examined at the office of the City Clerk, Owosso, Michigan, or at the office of the Engineers Ann Arbor, Michigan, and copies of the plans and specifications may be obtained by making a deposit of five dollars which will be refunded upon their return in good condition.

A certified check for a sum not less than 5 per cent of the amount of the proposal will be required with each proposal.

The right to reject any or all proposals, and the right to waive defects in proposals will be reserved by the City.

B. K. LUCAS, City Clerk.

Bids: Nov. 9.

School Building

Trenton, N. J.

Sealed proposals for the complete construction of a new Elementary and Intermediate Public School Building will be received by the Board of Education of Trenton, in the county of Mercer, at the meeting room of the board in the Administration Building, No. 9 South Stockton Street, Trenton, New Jersey, at 8:30 o'clock p.m., Eastern Standard Time, on Thursday, the 9th day of November, 1922, at which place and time all bids received will be unsealed and the contents publicly announced. No bids will be received previous to the time designated, and none will be received thereafter.

All bids shall be presented to the board at the place and time mentioned by the parties bidding, or their agents when called for by the president of the board.

Bids for the general construction for the heating and ventilating, for the plumbing, and for the electrical work, will be taken separately.

A certified check for five (5%) per cent of the amount of the bid must accompany each proposal, made payable to the Board of Education of the city of Trenton, to be treated is liquidated damages in case the bidder receiving the award shall fail to execute a contract and furnish the required bond, within ten days after notification of the acceptance of their bid.

The Board of Education reserves the right to reject any or all bids, or to waive defects or informalities in any bid if it be deemed to the interest of the city so to do.

Copies of the plans and specifications will be on file at the office of the secretary of the Board of Education, in the Administration Building, for the purpose of estimating.

A limited number of copies of the plans and specifications will be loaned to the prospective bidders on deposit of a certified check drawn to the order of the Board of Education, Trenton, New Jersey, in the sum of $25.00. These plans and specifications may be obtained by application to the architect. Ernest Sibley, Edgewood Lane and Bluff Road, Palisade, New Jersey, or from Wm. Slack & Son, associate architects, 144 East State Street, Trenton, New Jersey. Deposits will be forfeited unless plans and specifications are returned to the architects within ten days after bids are opened.

(Signed),
ROBERT C. BELLVILLE,
Secretary, for the Board of Education,
City of Trenton, N. J.
Dated Oct. 16, 1922.

Bids: Oct. 30.

OFFICIAL PROPOSALS

Bids: Nov. 2.

Wells and Water Main

Nokomis, Ill.

Sealed proposals will be received by the City Council of the City of Nokomis, Illinois, until 7 p.m., Thursday, November 2, 1922, and then publicly opened and read, for furnishing all material and labor for the construction of the following work:

4 Wells, 10 inches in diameter and 40 ft. deep, including screens, suction line, fittings and manholes.

4,300 feet of 8 inch Class B water main, with hydrants, valves, etc., complete in place.

Separate bids will be received on the wells and on the mains.

Each proposal must be accompanied by a certified check for not less than 10% of the bid and the successful bidder will be required to furnish a bond for the amount of the contract.

Payment for the work will be made in cash.

Plans and specifications are on file at the office of the City Clerk at Nokomis, Illinois, or they may be obtained from the Engineers, Taylor & Woltmann, 428 Unity Bldg., Bloomington, Illinois. A charge of $3.00 will be made for each set.

The right is reserved to reject any or all bids.

FRANK KROEGER, JR.,
Mayor.
WM. BOTE,
City Clerk.

Contractors Everywhere Read These Advertisements

to see where bids are desired on contracts suited to their available plant and organization. The suggestion is therefore made to advertisers that they word their advertisements so that the contractor will get a good idea of the size and kind of work to be let, and perhaps the plant needed. This should result in an increased number of desirable bidders.

U. S. GOVERNMENT

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., Oct. 6, 1922.—Sealed proposals will be opened in this office at 3 P.M., Nov. 1, 1922, for construction (including Mechanical Equipment) of a one story laundry building covering 5,130 square feet, for the United States Veterans' Hospital at the Bronx, New York, N. Y., to be completed within four months from award of contract. Drawings and specifications may be obtained at this office in the discretion of the Supervising Architect. Proposals will be considered only from individuals, firms, or corporations possessing satisfactory financial and technical ability, equipment, and organization to insure speedy completion of the contract, and who have established a record for expedition on contracts of similar character and magnitude. Before drawings and specifications are forwarded to prospective bidders, applicants must cite at least one specific instance where a record for speed has been established on a job of equivalent magnitude, giving date of award of contract, amount of contract, specified time for completion and date of actual completion. The fact that any concern obtains a set of the plans and specifications from any source whatever and submits a bid shall not constitute a waiver of the foregoing stipulations. Jas. A. Wetmore, Acting Supervising Architect.

U. S. ENGINEER OFFICE, MILWAUKEE, WIS., Sept. 30, 1922. Sealed proposals will be received here until 2 p.m., Nov. 6, 1922, and then opened, for constructing pile pier, removing old timber-crib pier, and dredging at Racine Harbor, Wis. Further information on application.

U. S. GOVERNMENT

U. S. ENGINEER OFFICE, BUFFALO, N. Y.—Sealed proposals will be received here until 11 a.m., November 6, 1922, and then opened, for construction of three 400-cu.yd. steel dump scows. Further information on application.

U. S. ENGINEER OFFICE, PROVIDENCE, R. I. Sealed proposals will be received here until 12 o'clock noon, Oct. 23, 1922, and then opened, for dredging in New Haven Harbor, Conn. Further information on application.

SEALED PROPOSALS, indorsed "Proposals for Refrigerating Equipment, Tupper Lake, N. Y. Specification No. 4720," will be received at the Bureau of Yards and Docks, Navy Department, Washington, D. C., until 11 o'clock a.m., November 15, 1922, and then and there publicly opened, for refrigerating and ice-making equipment, using as refrigerant any satisfactory substance, except ammonia, and consisting of two motor-driven compressors, condensers, liquid receiver, two motor-driven brine pumps, a combination freezing and brine cooling tank with expansion coils, a water-precooler tank with coils, two charcoal filters, brine agitator, water agitating system by compressed air, automatic can filler, hand operated can hoist, automatic can dump and ice chute, ice cans, oil and scale traps, piping and other accessories; and for cold storage rooms with insulation for eight compartments including doors, floors and equipment for the storage and handling of goods in the subsistence building at the U. S. Veterans' Hospital, Tupper Lake, N. Y. Drawings and specification No. 4720 may be obtained on application to the Bureau of Yards and Docks. Deposit of a check or postal money order for $10, payable to the Chief of the Bureau of Yards and Docks, is required as security for the safe return of the drawings and specification. R. E. BAKENHUS, Acting Chief of Bureau, October 6, 1922.

SEALED PROPOSALS, indorsed "Proposals for Boiler Plant Equipment and Steam Distribution, Tupper Lake, N. Y., Specification No. 4719," will be received at the Bureau of Yards and Docks, Navy Department, Washington, D. C., until 11 o'clock a.m., November 15, 1922, and then and there publicly opened, for Mechanical equipment, piping and an outside steam distributing system consisting of brick settings on concrete foundations for 5 water tube boilers, side-feed mechanical stokers with extension furnaces, smoke flue, feed water heater, storage tank, feed water and vacuum pumps, combined twin pump and receiver, drip traps, an incinerator plant equipped with two incinerators and hot water heating and sterilizing equipment and complete piping systems for all equipment; the installation of 5 marine type water tube boilers furnished by the Government, and an outside steam distribution system including condensate and vacuum return lines; all at the U. S. Veterans' Hospital, Tupper Lake, N. Y. Drawings and Specification No. 4719 may be obtained on application to the Bureau of Yards and Docks. Deposit of a check or postal money order for $20, payable to the Chief of the Bureau of Yards and Docks, is required as security for the safe return of the drawings and specification. R. E. BAKENHUS, Acting Chief of Bureau, October 5, 1922.

SEALED PROPOSALS will be received and publicly opened by the Director of the U. S. Veterans Bureau in the office of the Quartermaster General, 2306 Munitions Building, Washington, D. C., at 11:00 A.M., November 14, 1922, for the construction of a 400 bed neuro-psychiatric hospital at Camp Sherman, Chillicothe, Ohio. Work will include construction of twenty-two buildings, built of reinforced concrete and brick, complete with water, lighting, heating and sewer systems, roads and walks. Plans and specifications may be obtained after October 14, upon deposit of $100, from the Quartermaster General, 2312 Munitions Building, Washington, D. C., or from the Constructing Quartermaster, Chillicothe, Ohio. One set of plans and specifications will be on exhibition at each of the following stations: Constructing Quartermaster, 39 Whitehall Street, New York City, Constructing Quartermaster, Scott Field, Belleville, Illinois; Quartermaster Supply Officer, Chicago General Intermediate Depot, 1819 West Pershing Road, Chicago, Illinois.

Further information on application.

PROPOSAL FOR PIER REMOVAL, ETC.—U. S. Engineer Office, Room 1201, 537 South Dearborn Street, Chicago, Illinois. Sealed proposals for pier removal, dredging, etc., in Calumet Harbor, Illinois, will be received here until 10 a.m., October 24, 1922, and then opened. Further information on application.

U. S. ENGINEER OFFICE, PROVIDENCE, R. I. Sealed proposals will be received here until 12 o'clock, noon, Oct. 30, 1922, and then opened for maintenance dredging in Milford Harbor, Conn. Further information on application

U. S. ENGINEER OFFICE, BUFFALO, N. Y.—Sealed proposals will be received here until 11 a.m., October 30, 1922, and then opened for constructing stone-concrete superstructure on breakwater, Buffalo Harbor, N. Y. Further information on application.

POSITIONS VACANT

EMPLOYMENT

POSITIONS WANTED

POSITIONS VACANT

ASSISTANT engineer wanted, experienced in survey work. Must be a good draughtsman, college graduate preferred. Salary $150.00 per month. State experience, when available and give referencs. P-138, Eng. Nws-Record.

ESTIMATOR. Well established Cleveland Construction Co. expanding their operations have an opening for an experienced estimator familiar with general contracting, should be in position to make small investment with services. Opportunity for ambitious man to get started in his own business and in short time work into worthwhile income. P-149, Eng. News-Record, Leader-News Bldg., Cleveland, Ohio.

EXPERIENCED estimator wanted, fully acquainted with taking off quantities for all types of buildings. Reinforced concrete especially. State experience and salary expected. Information confidential. P-137, Eng. News-Record.

DRAFTSMEN, experienced, wanted for structural steel buildings; apply by mail only, giving age, nationality, education, experience and salary expected. Post & McCord, 101 Park Ave., New York.

DRAFTSMEN, experienced on bridge, structural or reinforced concrete. give details, experience, education and salary desired. P-111, Eng. News-Record.

DRAFTSMAN, must be expert letterer for general drawing and map work in office of consulting engineer of large railroad system. Apply by letter stating nationality, age, education, experience and salary desired. P-132, Eng. News-Record.

Construction Men

Learn "Line" and "Grade" by Actual Practice.

Level, Transit, and Plane Table Work.
"Running" of Farm, Stadia, Highway and Railroad Surveys.

Estimating

Day and evening courses. Booklet.

The Pan-American Engineering School
39 West 17th St., New York City

POSITIONS VACANT

FIRST class structural **steel detailers** and checkers with **experience on mill buildings**, office buildings, etc. Position in Pittsburgh district. State experience and salary desired. P-525, Eng. News-Record, Leader-News Bldg., Cleveland, Ohio.

FOREMAN wanted, experienced on sewer and rock work, one who can produce results and is not afraid of work; no other need apply. State age, salary expected and experience in first letter. Position open now. R. F. Relly Contracting Co., Brownville, N. Y.

ORNAMENTAL iron **draftsman, familiar** with the designing and **detailing** of all kinds of ornamental and miscellaneous iron work for buildings. Apply by letter, stating experience, references and salary desired, to James McKinney & Son, 925 Broadway, Albany, N. Y.

SALES engineer; headquarters probably New York City; salary and travelling expenses; preferably one having had sewer design and construction experience. State experience and salary desired. P-115, Eng. News-Record, Leader-News Bldg., Cleveland, Ohio.

POSITIONS VACANT

SALES engineer to represent well-known manufacturer of material handling machinery in Chicago district. Products consist of wagon loaders, portable belt conveyors, clamshell buckets and water front and railroad unloading machinery; commission arrangement desired. State experience, age and qualifications. P-116, Eng. News-Record.

STRUCTURAL steel detailers for buildings and bridges and general structural work. Must be able to produce results. State in application, age, nationality, education, experience, salary expected, date available. Pittsburgh District. P-135, Eng. News-Record, Real Estate Trust Bldg., Phila., Pa.

STRUCTURAL engineer wanted at once to take charge of structural department of 15 to 25 men in architects office. Must have had wide experience in architectural engineering including designing and checking of all types of steel and concrete structures as well as executive direction of staff. Location Detroit, Michigan. State full details including salary requirements in first letter. P-134, Eng. News-Record, Leader-News Bldg., Cleveland, Ohio.

HIGHER ENGINEERING
(BY MAIL)

Intensive Reinforced Training for Young Engineers

Reinforced Concrete Engineering
Steel Designing, (Estimating)
Bridges, Steel and Concrete.

Wilson Courses provide the practice that every young engineer so badly needs after he leaves college. They duplicate actual designing just as it is done in first-class structural designing offices. They are actual experience work, meant to round out your education. Only high-grade men are enrolled for this work.

Get our free literature, if you are ambitious, and want that ideal course.

WILSON ENGINEERING CORPORATION
10 Broadway, Hanover, Mass.
